FOREWORD

This volume of legislation and related material is part of a five volume set of laws and related material frequently referred to by the Committees on Foreign Relations of the Senate and International Relations of the House of Representatives, amended to date and annotated to show pertinent history or cross references.

Volumes I (A and B), II, III and IV contain legislation and related material and are republished with amendments and additions on a regular basis. Volume V, which contains treaties and related material, will be revised as necessary.

We wish to express our appreciation to Dianne E. Rennack and C. Winston Woodland of the Foreign Affairs, Defense, and Trade Division of the Congressional Research Service of the Library of Congress who prepared volume I–A of this year's compilation.

Richard G. Lugar,
Chairman, Committee on Foreign Relations.

Henry J. Hyde,
Chairman, Committee on International Relations.

February 28, 2005.
EXPLANATORY NOTE

The body of statutory law set out in this volume was in force, as amended, at the end of 2004.
This volume sets out “session law” as originally enacted by Congress and published by the Archivist of the United States as “slip law” and later in the series United States Statutes at Large (as subsequently amended, if applicable). Amendments are incorporated into the text and distinguished by a footnote. Session law is organized in this series by subject matter in a manner designed to meet the needs of the Congress.

Although laws enacted by Congress in the area of foreign relations are also codified by the Law Revision Counsel of the House of Representatives, typically in title 22 United States Code, those codifications are not positive law and are not, in most instances, the basis of further amendment by the Congress. Cross references to the United States Code are included as footnotes for the convenience of the reader.

All Executive orders and State Department delegations of authority are codified and in force as of February 1, 2005.
Corrections may be sent to Dianne E. Rennack at Library of Congress, Congressional Research Service, Washington D.C., 20540-7460, or by e-mail at drennack@crs.loc.gov.

a. The Foreign Assistance Act of 1961, as Amended

* NOTE.—The Foreign Assistance Act will be referred to as the FA Act and "this Act."
Foreign Assistance Act of 1961 (P.L. 87-195)

AN ACT To promote the foreign policy, security, and general welfare of the United States by assisting peoples of the world in their efforts toward economic development and internal and external security, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as “The Foreign Assistance Act of 1961.”

PART I

Chapter 1—Policy; Development Assistance Authorizations

Sec. 101. General Policy.—(a) The Congress finds that fundamental political, economic, and technological changes have resulted in the interdependence of nations. The Congress declares that the individual liberties, economic prosperity, and security of the people of the United States are best sustained and enhanced in a community of nations which respect individual civil and economic rights and freedoms and which work together to use wisely the world’s limited resources in an open and equitable international economic system. Furthermore, the Congress reaffirms the traditional humanitarian ideals of the American people and renews its commitment to assist people in developing countries to eliminate hunger, poverty, illness, and ignorance.

Therefore, the Congress declares that a principal objective of the foreign policy of the United States is the encouragement and sustained support of the people of developing countries in their efforts to acquire the knowledge and resources essential to development and to build the economic, political, and social institutions which will improve the quality of their lives.

United States development cooperation policy should emphasize five principal goals:

(1) the alleviation of the worst physical manifestations of poverty among the world’s poor majority;

(2) the promotion of conditions enabling developing countries to achieve self-sustaining economic growth with equitable distribution of benefits;

(3) the encouragement of development processes in which individual civil and economic rights are respected and enhanced;

(4) the alleviation of the worst physical manifestations of poverty among the world’s poor majority;

(5) the promotion of conditions enabling developing countries to achieve self-sustaining economic growth with equitable distribution of benefits;
(4) the integration of the developing countries into an open and equitable international economic system; and

(5) the promotion of good governance through combating corruption and improving transparency and accountability.

The Congress declares that pursuit of these goals requires that development concerns be fully reflected in United States foreign policy and that United States development resources be effectively and efficiently utilized.

(b) Under the policy guidance of the Secretary of State, the agency primarily responsible for administering this part should have the responsibility for coordinating all United States development-related activities.

**Sec. 102. Development Assistance Policy.** — (a) The Congress finds that the efforts of developing countries to build and maintain the social and economic institutions necessary to achieve self-sustaining growth and to provide opportunities to improve the quality of life for their people depend primarily upon successfully marshaling their own economic and human resources. The Congress recognizes that the magnitude of these efforts exceeds the resources of developing countries and therefore accepts that there will be a long-term need for wealthy countries to contribute additional resources for development purposes. The United States should take the lead in concert with other nations to mobilize such resources from public and private sources.

Provision of development resources must be adapted to the needs and capabilities of specific developing countries. United States assistance to countries with low per capita incomes which have limited access to private external resources should primarily be provided on concessional terms. Assistance to other developing countries should generally consist of programs which facilitate their access to private capital markets, investment, and technical skills, whether directly through guarantee or reimbursable programs by

6The responsibilities of the Agency mentioned in this subsection were transferred to the Director of IDCA, pursuant to sec. 6 of Reorganization Plan No. 2 of 1979 (establishing IDCA). The responsibilities of the Secretary of State, insofar as they relate to policy guidance other than foreign policy guidance, were also transferred to the Director. Subsequently, the Reorganization Plan No. 2 of 1979 ceased to be effective with enactment of the Foreign Affairs Reform and Restructuring Act of 1998, pursuant to sec. 1422(a)(1) (division G of Public Law 105–277; 112 Stat. 2681).

7Sec. 101 of the International Development and Food Assistance Act of 1978 (92 Stat. 927) struck out sec. 102, which concerned a statement of policy, and added a new sec. 102.

8The Administrator of the Agency for International Development, appointed pursuant to sec. 624(a) of the Foreign Assistance Act of 1961 (22 U.S.C. 2384(a)), shall report to and be under the direct authority and foreign policy guidance of the Secretary of State.

the United States Government or indirectly through callable capital provided to the international financial institutions.

Bilateral assistance and United States participation in multilateral institutions shall emphasize programs in support of countries which pursue development strategies designed to meet basic human needs and achieve self-sustaining growth with equity. The Congress declares that the principal purpose of United States bilateral development assistance is to help the poor majority of people in developing countries to participate in a process of equitable growth through productive work and to influence decisions that shape their lives, with the goal of increasing their incomes and their access to public services which will enable them to satisfy their basic needs and lead lives of decency, dignity, and hope. Activities shall be emphasized that effectively involve the poor in development by expanding their access to the economy through services and institutions at the local level, increasing their participation in the making of decisions that affect their lives, increasing labor-intensive production and the use of appropriate technology, expanding productive investment and services out from major cities to small towns and rural areas, and otherwise providing opportunities for the poor to improve their lives through their own efforts. Participation of the United States in multilateral institutions shall also place appropriate emphasis on these principles.

(b) Assistance under this chapter should be used not only for the purpose of transferring financial resources to developing countries, but also to help countries solve development problems in accordance with a strategy that aims to insure wide participation of the poor in the benefits of development on a sustained basis. Moreover, assistance shall be provided in a prompt and effective manner, using appropriate United States institutions for carrying out this strategy. In order to achieve these objectives and the broad objectives set forth in section 101 and in subsection (a) of this section, bilateral development assistance authorized by this Act shall be carried out in accordance with the following principles:

(1) Development is primarily the responsibility of the people of the developing countries themselves. Assistance from the United States shall be used in support of, rather than substitution for, the self-help efforts that are essential to successful development programs and shall be concentrated in those countries that take positive steps to help themselves. Maximum effort shall be made, in the administration of this part, to stimulate the involvement of the people in the development process through the encouragement of democratic participation in private and local governmental activities and institution building appropriate to the requirements of the recipient countries.

(2) Development planning must be the responsibility of each sovereign country. United States assistance should be administered in a collaborative style to support the development goals chosen by each country receiving assistance.

(3) United States bilateral development assistance should give high priority to undertakings submitted by host governments which directly improve the lives of the poorest of their people and their capacity to participate in the development of
their countries, while also helping such governments enhance
their planning, technical, and administrative capabilities needed
to insure the success of such undertakings.

(4) Development assistance provided under this chapter shall
be concentrated in countries which will make the most effective
use of such assistance to help satisfy basic human needs of
poor people through equitable growth, especially in those coun-
tries having the greatest need for outside assistance. In order
to make possible consistent and informed judgments in this re-
spect, the President shall assess the commitment and progress
of countries in moving toward the objectives and purposes of
this chapter by utilizing criteria, including but not limited to
the following:

(A) increase in agricultural productivity per unit of land
through small-farm, labor-intensive agriculture;
(B) reduction of infant mortality;
(C) control of population growth;
(D) promotion of greater equality of income distribution,
including measures such as more progressive taxation and
more equitable returns to small farmers;
(E) reduction of rates of unemployment and under-
employment; 8
(F) increase in literacy; and
(G) progress in combating corruption and improving
transparency and accountability in the public and private
sector.

(5) United States development assistance should focus on
critical problems in those functional sectors which affect the
lives of the majority of the people in the developing countries;
food production and nutrition; rural development and genera-
tion of gainful employment; population planning and health;
environment and natural resources; education, development
administration, and human resources development; and energy
development and production.9

(6) United States assistance shall encourage and promote the
participation of women in the national economies of developing
countries and the improvement of women’s status as an impor-
tant means of promoting the total development effort.

(7) United States bilateral assistance shall recognize that the
prosperity of developing countries and effective development ef-
forts require the adoption of an overall strategy that promotes
the development, production, and efficient utilization of en-
ergy and, therefore, consideration shall be given to the full
implications of such assistance on the price, availability, and con-
sumption of energy in recipient countries.

(8) United States cooperation in development should be car-
rried out to the maximum extent possible through the private
sector, including those institutions which already have ties in

---

8Sec. 203(b)(1) of the International Anti-Corruption and Good Governance Act of 2000 (title II of Public Law 106-309; 114 Stat. 1092) struck out “and” at the end of subpara. (E), replaced a period at the end of subpara. (F) with “; and”, and added a new subpara. (G).

9The reference to energy development and production was added by sec. 104(a) of the International Development Cooperation Act of 1979 (Public Law 96-53; 93 Stat. 360).
the developing areas, such as educational institutions, cooperatives, credit unions, free labor unions, and private and voluntary agencies.

(9) To the maximum extent practicable, United States private investment should be encouraged in economic and social development programs to which the United States lends support.

(10) Assistance shall be planned and utilized to encourage regional cooperation by developing countries in the solution of common problems and the development of shared resources.

(11) Assistance efforts of the United States shall be planned and furnished to the maximum extent practicable in coordination and cooperation with assistance efforts of other countries, including the planning and implementation of programs and projects on a multilateral and multidonor basis.

(12) United States bilateral development assistance should be concentrated on projects which do not involve large-scale capital transfers. However, to the extent that such assistance does involve large-scale capital transfers, it should be furnished in association with contributions from other countries working together in a multilateral framework.

(13) United States encouragement of policy reforms is necessary if developing countries are to achieve economic growth with equity.

(14) Development assistance should, as a fundamental objective, promote private sector activity in open and competitive markets in developing countries, recognizing such activity to be a productive and efficient means of achieving equitable and long-term economic growth.

(15) United States cooperation in development should recognize as essential the need of developing countries to have access to appropriate technology in order to improve food and water, health and housing, education and employment, and agriculture and industry.

(16) United States assistance should focus on establishing and upgrading the institutional capacities of developing countries in order to promote long-term development. An important component of institution building involves training to expand the human resource potential of people in developing countries.

(17) Economic reform and development of effective institutions of democratic governance are mutually reinforcing. The successful transition of a developing country is dependent upon the quality of its economic and governance institutions. Rule of law, mechanisms of accountability and transparency, security of person, property, and investments, are but a few of the critical governance and economic reforms that underpin the sustainability of broad-based economic growth. Programs in support of such reforms strengthen the capacity of people to hold power and responsibility.
their governments accountable and to create economic opportunity.

(c) The Congress, recognizing the desirability of overcoming the worst aspects of absolute poverty by the end of this century by, among other measures, substantially lowering infant mortality and birth rates, and increasing life expectancy, food production, literacy, and employment, encourages the President to explore with other countries, through all appropriate channels, the feasibility of a worldwide cooperative effort to overcome the worst aspects of absolute poverty and to assure self-reliant growth in the developing countries by the year 2000.

NOTE.—Prior to fiscal year 1992, Congress appropriated funds for each of the Development Assistance functional accounts authorized in sections 103 through 106 of the Foreign Assistance Act of 1961. For fiscal year 1992 through fiscal year 1995, however, Congress made appropriations in one lump sum for all programs within sections 103 through 106, with the exception of “Population, Development Assistance”. In fiscal year 1996, Congress made appropriations in one lump sum for Development Assistance. Since fiscal year 1997, Congress has made appropriations to two development accounts: “Development Assistance” and “Child Survival and Disease Programs Fund”. In fiscal year 2005, the latter account is referred to as the “Child Survival and Health Programs Fund”.
For fiscal year 2005, for the provisions of sections 103, 105, 106, and 131, and chapter 10 of part I of the Foreign Assistance Act of 1961 (Development Assistance and Development Fund for Africa), Congress appropriated $1,460,000,000, to remain available until September 30, 2006. Congress also appropriated $1,550,000,000 in fiscal year 2005, to remain available until September 30, 2006, for child survival, reproductive health/family planning, assistance to combat tropical and other infectious diseases, and related activities. Congress also appropriated $70,000,000 for international disaster and famine assistance, to remain available until expended, in the Department of Defense Appropriations Act, 2005 (Public Law 108–287; 118 Stat. 1010).

Sec. 103. Agriculture, Rural Development, and Nutrition.—(a)(1) In recognition of the fact that the great majority of the people of developing countries live in rural areas and are dependent on agriculture and agricultural-related pursuits for their livelihood, the President is authorized to furnish assistance, on
such terms and conditions as he may determine, for agriculture, rural development, and nutrition—

(A) to alleviate starvation, hunger, and malnutrition;
(B) to expand significantly the provision of basic services to rural poor people to enhance their capacity for self-help; and
(C) to help create productive farm and off-farm employment in rural areas to provide a more viable economic base and enhance opportunities for improved incomes, living standards, and contributions by rural poor people to the economic and social development of their countries.

(2) There are authorized to be appropriated to the President for purposes of this section, in addition to funds otherwise available for such purposes, $760,000,000 for the fiscal year 1986 and $760,000,000 for the fiscal year 1987. Of these amounts, the President may use such amounts as he deems appropriate to carry out the provisions of section 316 of the International Security and Development Cooperation Act of 1980.

(3) Of the amounts authorized to be appropriated in paragraph (2) for the fiscal year 1987, not less than $2,000,000 shall be available only for the purpose of controlling and eradicating amblyomma variegatum (heartwater) in bovine animals in the Caribbean.

(b)(1) Assistance provided under this section shall be used primarily for activities which are specifically designed to increase the productivity and income of the rural poor, through such means as creation and strengthening of local institutions linked to the regional and national levels; organization of a system of financial institutions which provide both savings and credit services to the poor; stimulation of small, labor-intensive enterprises in rural towns; improvement of marketing facilities and systems; expansion of rural infrastructure and utilities such as farm-to-market roads, water management systems, land improvement, energy, and storage facilities; establishment of more equitable and more secure land tenure arrangements; and creation and strengthening of systems to provide other services and supplies needed by farmers, such as extension, research, training, fertilizer, water, forestry, soil conservation, and improved seed, in ways which assure access to them by small farmers.

(2) In circumstances where development of major infrastructure is necessary to achieve the objectives set forth in this section, assistance for that purpose should be furnished under this chapter in association with significant contributions from other countries working together in a multilateral framework. Infrastructure projects so assisted should be complemented by other measures to ensure that the benefits of the infrastructure reach the poor.

13The authorization figures for fiscal years 1986 and 1987 were added by sec. 302 of the International Security and Development Cooperation Act of 1985 (Public Law 99-83; 99 Stat. 190). Authorizations for recent years included: fiscal year 1975—$500,000,000; fiscal year 1976—$618,000,000; fiscal year 1977—$745,000,000; fiscal year 1978—$580,000,000; fiscal year 1979—$665,231,000; fiscal year 1980—$659,000,000; fiscal year 1981—$713,500,000; fiscal year 1982—$700,000,000; fiscal year 1983—$700,000,000; fiscal year 1984—$725,213,000; fiscal year 1985—no authorization; fiscal years 1986 through 2005—no authorization.

14Sec. 316 of the International Security and Development Cooperation Act of 1980 concerns world hunger and instructs the Director of IDCA to encourage the ongoing work of PVOs to deal with world hunger problems abroad.

15Sec. 1304 of Public Law 99-399 (100 Stat. 898) added para. (3).
(3) The Congress recognizes that the accelerating loss of forests and tree cover in developing countries undermines and offsets efforts to improve agricultural production and nutrition and otherwise to meet the basic human needs of the poor. Deforestation results in increased flooding, reduction in water supply for agricultural capacity, loss of firewood and needed wood products, and loss of valuable plants and animals. In order to maintain and increase forest resources, the President is authorized to provide assistance under this section for forestry projects which are essential to fulfill the fundamental purposes of this section. Emphasis shall be given to community woodlots, agroforestry, reforestation, protection of watershed forests, and more effective forest management.

(c) The Congress finds that the greatest potential for significantly expanding availability of food for people in rural areas and augmenting world food production at relatively low cost lies in increasing the productivity of small farmers who constitute a majority of the agricultural producers in developing countries. Increasing the emphasis on rural development and expanded food production in the poorest nations of the developing world is a matter of social justice and a principal element contributing to broadly based economic growth, as well as an important factor in alleviating inflation in the industrialized countries. In the allocation of funds under this section, special attention shall be given to increasing agricultural production in countries which have been designated as “least developed” by the United Nations General Assembly.

(d) Assistance provided under this section shall also be used in coordination with programs carried out under section 104 to help improve nutrition of the people of developing countries through encouragement of increased production of crops with greater nutritional value; improvement of planning, research, and education with respect to nutrition, particularly with reference to improvement and expanded use of indigenously produced foodstuffs; and the undertaking of pilot or demonstration programs explicitly addressing the problem of malnutrition of poor and vulnerable people. In particular, the President is encouraged—

(1) to devise and carry out in partnership with developing countries a strategy for programs of nutrition and health improvement for mothers and children, including breast feeding; and

(2) to provide technical, financial, and material support to individuals or groups at the local level for such programs.

(e) Local currency proceeds from sales of commodities provided under the Agricultural Trade Development and Assistance Act of 1954 which are owned by foreign governments shall be used whenever practicable to carry out the provisions of this section.

(f) The Congress finds that the efforts of developing countries to enhance their national food security deserves encouragement as a matter of United States development assistance policy. Measures complementary to assistance for expanding food production in developing countries are needed to help assure that food becomes increasingly available on a regular basis to the poor in such coun-

tries. Therefore, United States bilateral assistance under this Act and the Agricultural Trade Development and Assistance Act of 1954, and United States participation in multilateral institutions, shall emphasize policies and programs which assist developing countries to increase their national food security by improving their food policies and management and by strengthening national food reserves, with particular concern for the needs of the poor, through measures encouraging domestic production, building national food reserves, expanding available storage facilities, reducing post-harvest food losses, and improving food distribution.

(g)¹⁷ (1) In order to carry out the purposes of this section, the President may continue United States participation in and may make contributions to the International Fund for Agricultural Development.

(2) Of the aggregate amount authorized to be appropriated to carry out part I of this Act, up to $50,000,000 for fiscal year 1986 and up to $50,000,000 for fiscal year 1987 may be made available, by appropriation or by transfer, for United States contributions to the second replenishment of the International Fund for Agricultural Development.

Sec. 103A.¹¹

Agricultural Research.—Agricultural research carried out under this Act shall (1) take account of the special needs of small farmers in the determination of research priorities, (2) include research on the interrelationships among technology, institutions, and economic, social, environmental,¹⁹ and cultural factors affecting small-farm agriculture, and (3) make extensive use of field testing to adapt basic research to local conditions. Special emphasis shall be placed on disseminating research results to the farms on which they can be put to use, and especially on institutional and other arrangements needed to assure that small farmers have effective access to both new and existing improved technology.

Sec. 104.²⁰

Population and Health.—(a) Findings.—The Congress recognizes that poor health conditions and uncontrolled population growth can vitiate otherwise successful development efforts. Large families in developing countries are the result of complex social and economic factors which change relatively slowly among the poor majority least affected by economic progress, as well as the result of a lack of effective birth control. Therefore, effective family planning depends upon economic and social change as well as the delivery of services and is often a matter of political and reli-

¹⁷Sec. 1001 of the International Security and Development Cooperation Act of 1985 (Public Law 99-83; 99 Stat. 190) amended and restated subsec. (g). Subsec. (g) was originally added by sec. 301(c) of the International Security and Development Cooperation Act of 1981 (Public Law 97-113; 95 Stat. 1532). It previously read as follows: "In order to carry out the purposes of this section, the President may continue to participate in and may provide, on such terms as he may determine, up to $180,000,000 to the International Fund for Agricultural Development. There are authorized to be appropriated to the President for the purposes of this subsection $180,000,000, except that not more than $40,500,000 may be appropriated under this subsection for the fiscal year 1982. Amounts appropriated under this subsection are authorized to remain available until expended."

gious sensitivity. While every country has the right to determine its own policies with respect to population growth, voluntary population planning programs can make a substantial contribution to economic development, higher living standards, and improved health and nutrition.

Good health conditions are a principal element in improved quality of life and contribute to the individual's capacity to participate in the development process, while poor health and debilitating disease can limit productivity.

(b) ASSISTANCE FOR POPULATION PLANNING.—In order to increase the opportunities and motivation for family planning and to reduce the rate of population growth, the President is authorized to furnish assistance, on such terms and conditions as he may determine, for voluntary population planning. In addition to the provision of family planning information and services, including also information and services which relate to and support natural family planning methods, and the conduct of directly relevant demographic research, population planning programs shall emphasize motivation for small families.

(c) ASSISTANCE FOR HEALTH AND DISEASE PREVENTION.—(1) In order to contribute to improvements in the health of the greatest
number of poor people in developing countries, the President is authorized to furnish assistance, on such terms and conditions as he may determine, for health programs. Assistance under this subsection shall be used primarily for basic integrated health services, safe water and sanitation, disease prevention and control, and related health planning and research. The assistance shall emphasize self-sustaining community-based health programs by means such as training of health auxiliary and other appropriate personnel, support for the establishment and evaluation of projects that can be replicated on a broader scale, measures to improve management of health programs, and other services and supplies to support health and disease prevention programs.

(2) Of the funds authorized to be appropriated by subparagraph (A), not more than 7 percent may be used for the administrative expenses of the agency primarily responsible for carrying out this part of this Act in support of activities described in paragraphs (4) and (5).

(F) Funds appropriated under this paragraph are authorized to remain available until expended.

(7)(A) Congress recognizes the growing international problem of tuberculosis and the impact its continued existence has on those nations that had previously largely controlled the disease. Congress further recognizes that the means exist to control and treat tuberculosis, and that it is therefore a major objective of the foreign assistance program to control the disease. To this end, Congress expects the agency primarily responsible for administering this part—

(i) to coordinate with the World Health Organization, the Centers for Disease Control, the National Institutes of Health, and other organizations toward the development and implementation of a comprehensive tuberculosis control program; and

(ii) to set as a goal the detection of at least 70 percent of the cases of infectious tuberculosis, and the cure of at least 85 percent of the cases detected, in those countries in which the agency has established development programs, by December 31, 2010.

(B) There is authorized to be appropriated to the President, $60,000,000 for each of the fiscal years 2001 and 2002 to be used to carry out this paragraph. Funds appropriated under this subparagraph are authorized to remain available until expended.

Sec. 103 of the International Malaria Control Act of 2000 (Public Law 106–570; 114 Stat. 3039; 22 U.S.C. 2151b–1) provided the following:

"SEC. 103. ASSISTANCE FOR MALARIA PREVENTION, TREATMENT, CONTROL, AND ELIMINATION."

"(a) ASSISTANCE.—

(1) IN GENERAL.—The Administrator of the United States Agency for International Development, in coordination with the heads of other appropriate Federal agencies and non-governmental organizations, shall provide assistance for the establishment and conduct of activities designed to prevent, treat, control, and eliminate malaria in countries with a high percentage of malaria cases.

(2) CONSIDERATION OF INTERACTION AMONG EPIDEMICS.—In providing assistance pursuant to paragraph (1), the Administrator should consider the interaction among the epidemics of HIV/AIDS, malaria, and tuberculosis.

(3) DISSEMINATION OF INFORMATION REQUIREMENT.—Activities referred to in paragraph (1) shall include the dissemination of information relating to the development of vaccines and therapeutic agents for the prevention of malaria (including information relating to participation in, and the results of, clinical trials for such vaccines and agents conducted by United States Government agencies) to appropriate officials in such countries.

(b) AUTHORIZATION OF APPROPRIATIONS.—

(1) IN GENERAL.—There are authorized to be appropriated to carry out subsection (a) $50,000,000 for each of the fiscal years 2001 and 2002.

(2) AVAILABILITY.—Amounts appropriated pursuant to the authorization of appropriations under paragraph (1) are authorized to remain available until expended."
In carrying out this paragraph, guidance shall be sought from knowledgeable health professionals from outside the agency primarily responsible for administering this part. In addition to government-to-government programs, activities pursuant to this paragraph should include support for appropriate activities of the types described in this paragraph which are carried out by international organizations (which may include international organizations receiving funds under chapter 3 of this part) and by private and voluntary organizations, and should include encouragement to other donors to support such types of activities.

(B) In addition to amounts otherwise available for such purpose, there are authorized to be appropriated to the President

24 Sec. 304 of the International Security and Development Cooperation Act of 1985 (Public Law 99–83; 99 Stat. 190) replaced an authorization figure of "$25,000,000" with "$25,000,000 for fiscal year 1986 and $25,000,000 for fiscal year 1987". Section 103(b) of Public Law 99–529 (100 Stat. 2010) replaced the $25,000,000 authorization for fiscal year 1987 with an authorization of $75,000,000.

Titles II and V of the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 2005 (Division D of Public Law 108–447; 118 Stat. 2809), provided the following:

"UNITED STATES AGENCY FOR INTERNATIONAL DEVELOPMENT"

project shall ensure that experimental contraceptive drugs and devices and medical procedures are provided only in the context of a scientific study in which participants are advised of potential risks and benefits; and, not less than 60 days after the date on which the Administrator of the United States Agency for International Development determines that there has been a violation of the requirements contained in paragraph (1), (2), (3), or (5) of this proviso, or a pattern or practice of violations of the requirements contained in paragraph (4) of this proviso, the Administrator shall submit to the Committees on Appropriations a report containing a description of such violation and the corrective action taken by the Agency: Provided further, That in awarding grants for natural family planning under section 104 of the Foreign Assistance Act of 1961 no applicant shall be discriminated against because of such applicant’s religious or conscientious commitment to offer only natural family planning; and, additionally, all such applicants shall comply with the requirements of the previous proviso: Provided further, That for purposes of this or any other Act authorizing or appropriating funds for foreign operations, export financing, and related programs, the term ‘motivate’, as it relates to family planning assistance, shall no longer be construed to prohibit the provision, consistent with local law, of information or counseling about all pregnancy options: Provided further, That to the maximum extent feasible, taking into consideration cost, timely availability, and best health practices, funds appropriated in this Act or prior appropriations Acts that are made available for condom procurement shall be made available only for the procurement of condoms manufactured in the United States: Provided further, That information provided about the use of condoms as part of projects or activities that are funded from amounts appropriated by this Act shall be medically accurate and shall include the public health benefits and failure rates of such use.

In the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 2005 (division I of Public Law 108–447; 118 Stat. 2689), see also in title II, paragraph relating to assistance for the independent states of the Former Soviet Union; and in title V, sec. 515, relating to notification requirements; sec. 548, relating to prohibition of payment of certain expenses; sec. 549, relating to Haiti; sec. 560, relating to contribution to United Nations Population Fund;
Sec. 104 Foreign Assistance Act of 1961 (P.L. 87-195)

$25,000,000 for fiscal year 1986 and $75,000,000 for fiscal year 1987 for use in carrying out this paragraph. Amounts appropriated under this subparagraph are authorized to remain available until expended.

(C) Appropriations pursuant to subparagraph (B) may be referred to as the "Child Survival Fund."

(3) The Congress recognizes that the promotion of primary health care is a major objective of the foreign assistance program. The Congress further recognizes that simple, relatively low-cost means already exist to reduce incidence of communicable diseases among children, mothers, and infants. The promotion of vaccines for immunization, and salts for oral rehydration, therefore, is an essential feature of the health assistance program. To this end, the Congress expects the agency primarily responsible for administering this part to set as a goal the protection of not less than 80 percent of all children, in those countries in which such agency has established development programs, from immunizable diseases by January 1, 1991. Of the aggregate amounts made available for fiscal year 1987 to carry out paragraph (2) of this subsection (relating to the Child Survival Fund) and to carry out subsection (c) (relating to development assistance for health), $50,000,000 shall be used to carry out this paragraph.

(4) Relationship to other laws.—Assistance made available under this subsection and sections 104A, 104B, and 104C, and assistance made available under chapter 4 of part II to carry out the purposes of this subsection and the provisions cited in this paragraph, may be made available notwithstanding any other provision of law that restricts assistance to foreign countries, except for the provisions of this subsection, the provisions of law cited in this paragraph, subsection (f), section 634A of this Act, and provisions of law that limit assistance to organizations that support or participate in a program of coercive abortion or involuntary sterilization included under the Child Survival and Health Programs Fund heading in the Consolidated Appropriations Resolution, 2003 (Public Law 108–7).

25 Sec. 305 of the International Security and Development Cooperation Act of 1985 (Public Law 99–83; 99 Stat. 190) added para. (3). Sec. 305(b) of the Act provides that: "Each annual report required by section 634 of the Foreign Assistance Act of 1961 shall describe the progress achieved during the preceding fiscal year in carrying out section 104C(3) of such Act."

26 Sec. 103(a) of Public Law 99–529 (100 Stat. 3010) added the last sentence of para. (3).

(d) **Integration of Assistance Programs.**—(1) Assistance under this chapter shall be administered so as to give particular attention to the interrelationship between (A) population growth, and (B) development and overall improvement in living standards in developing countries, and to the impact of all programs, projects, and activities on population growth. All appropriate activities proposed for financing under this chapter shall be designed to build motivation for smaller families through modification of economic and social conditions supportive of the desire for large families, in programs such as education in and out of school, nutrition, disease control, maternal and child health services, improvements in the status and employment of women, agricultural production, rural development, and assistance to the urban poor, and through community-based development programs which give recognition to people motivated to limit the size of their families. 28 Population planning programs shall be coordinated with other programs aimed at reducing the infant mortality rate, providing better nutrition for pregnant women and infants, and raising the standard of living of the poor.

(2) Since the problems of malnutrition, disease, and rapid population growth are closely related, planning for assistance to be provided under subsections (b) and (c) of this section and under section 103 shall be coordinated to the maximum extent practicable.

(3) Assistance provided under this section shall emphasize low-cost integrated delivery systems for health, nutrition, and family planning for the poorest people, with particular attention to the needs of mothers and young children, using paramedical and auxiliary medical personnel, clinics and health posts, commercial distribution systems, and other modes of community outreach.

(e) **Research and Analysis.**—(1) Health and population research and analysis carried out under this Act shall—

(A) be undertaken to the maximum extent practicable in developing countries by developing country personnel, linked as appropriate with private and governmental biomedical research facilities within the United States;

(B) take account of the special needs of the poor people of developing countries in the determination of research priorities; and

(C) make extensive use of field testing to adapt basic research to local conditions.

(2) The President is authorized to study the complex factors affecting population growth in developing countries and to identify factors which might motivate people to plan family size or to space their children.

(f) **Prohibition on Use of Funds for Abortions and Involuntary Sterilizations.**—(1) None of the funds made available to

SEC. 104B. Assistance to Combat Tuberculosis.

(a) Findings.—Congress makes the following findings:

(1) Congress recognizes the growing international problem of tuberculosis and the impact its continued existence has on those countries that had previously largely controlled the disease.
(2) Congress further recognizes that the means exist to control and treat tuberculosis through expanded use of the DOTS (Directly Observed Treatment Short-course) treatment strategy, including DOTS-Plus to address multi-drug resistant tuberculosis, and adequate investment in newly created mechanisms to increase access to treatment, including the Global Tuberculosis Drug Facility established in 2001 pursuant to the Amsterdam Declaration to Stop TB and the Global Alliance for TB Drug Development.

(b) Policy.—It is a major objective of the foreign assistance program of the United States to control tuberculosis, including the detection of at least 70 percent of the cases of infectious tuberculosis, and the cure of at least 85 percent of the cases detected, not later than December 31, 2005, in those countries classified by the World Health Organization as among the highest tuberculosis burden, and not later than December 31, 2010, in all countries in which the United States Agency for International Development has established development programs.

(c) Authorization.—To carry out this section and consistent with section 104(c), the President is authorized to furnish assistance, on such terms and conditions as the President may determine, for the prevention, treatment, control, and elimination of tuberculosis.

(d) Coordination.—In carrying out this section, the President shall coordinate with the World Health Organization, the Global Fund to Fight AIDS, Tuberculosis, and Malaria, and other organizations with respect to the development and implementation of a comprehensive tuberculosis control program.

(e) Priority to DOTS Coverage.—In furnishing assistance under subsection (c), the President shall give priority to activities that increase Directly Observed Treatment Short-course (DOTS) coverage and treatment of multi-drug resistant tuberculosis where needed using DOTS-Plus, including funding for the Global Tuberculosis Drug Facility, the Stop Tuberculosis Partnership, and the Global Alliance for TB Drug Development. In order to meet the requirement of the preceding sentence, the President should ensure that not less than 75 percent of the amount made available to carry out this section for a fiscal year should be expended for antituberculosis drugs, supplies, direct patient services, and training in diagnosis and treatment for Directly Observed Treatment Short-course (DOTS) coverage and treatment of multi-drug resistant tuberculosis using DOTS-Plus, including substantially increased funding for the Global Tuberculosis Drug Facility.

(2) DOTS-Plus.—The term “DOTS-Plus” means a comprehensive tuberculosis management strategy that is built upon and works as a supplement to the standard DOTS strategy, and which takes into account specific issues (such as use of second line anti-tuberculosis drugs) that need to be addressed in areas where there is high prevalence of multi-drug resistant tuberculosis.
(3) Global Alliance for Tuberculosis Drug Development.—The term “Global Alliance for Tuberculosis Drug Development” means the public-private partnership that brings together leaders in health, science, philanthropy, and private industry to devise new approaches to tuberculosis and to ensure that new medications are available and affordable in high tuberculosis burden countries and other affected countries.

**Sec. 104C.** Assistance to Combat Malaria.

(a) Finding.—Congress finds that malaria kills more people annually than any other communicable disease except tuberculosis, that more than 90 percent of all malaria cases are in sub-Saharan Africa, and that children and women are particularly at risk. Congress recognizes that there are cost-effective tools to decrease the spread of malaria and that malaria is a curable disease if promptly diagnosed and adequately treated.

(b) Policy.—It is a major objective of the foreign assistance program of the United States to provide assistance for the prevention, control, and cure of malaria.

(c) Authorization.—To carry out this section and consistent with section 104(c), the President is authorized to furnish assistance, on such terms and conditions as the President may determine, for the prevention, treatment, control, and elimination of malaria.

(d) Coordination.—In carrying out this section, the President shall coordinate with the World Health Organization, the Global Fund to Fight AIDS, Tuberculosis, and Malaria, the Department of Health and Human Services (the Centers for Disease Control and Prevention and the National Institutes of Health), and other organizations with respect to the development and implementation of a comprehensive malaria control program.

Assistance under this section shall also be provided for advanced education and training of people of developing countries in such disciplines as are required for planning and implementation of public and private development activities.\(^{40}\)

(c)\(^{41}\) **[Repealed—1979]**

\(^{38}\)The authorization figures for fiscal years 1986 and 1987 were added by sec. 306 of the International Security and Development Cooperation Act of 1985 (Public Law 99–83; 99 Stat. 190). Authorizations for recent years include fiscal year 1975—$92,000,000; fiscal year 1976—$89,200,000; fiscal year 1977—$101,800,000; fiscal year 1978—$84,900,000; fiscal year 1979—$126,244,000; fiscal year 1980—$105,000,000; fiscal year 1981—$101,000,000; fiscal year 1982—$103,600,000; fiscal year 1983—$103,600,000; fiscal year 1984—$121,477,000; fiscal year 1985—no authorization; fiscal years 1988 through 2005—no authorization.

\(^{37}\)Sec. 562 of the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 1991 (Public Law 101–513; 104 Stat. 2026), added a new chapter 10 to part I of this Act, providing for long-term development in sub-Saharan Africa, and made conforming amendments by striking out para. designation “(1)” and by striking out para. (2). Para. (2), previously added by sec. 201 of Public Law 99–440 (100 Stat. 1094), formerly read as follows:

```
(2)(A)(i) Of the amounts authorized to be appropriated to carry out this section for the fiscal years 1987, 1988, and 1989, not less than $4,000,000 shall be used in each such fiscal year to finance education, training, and scholarships for the victims of apartheid, including teachers and other educational professionals, who are attending universities and colleges in South Africa. Amounts available to carry out this subparagraph shall be provided in accordance with the provisions of section 802(c) of the International Security and Development Cooperation Act of 1985.

(ii) Funds made available for each such fiscal year for purposes of chapter 4 of part II of this Act may be used to finance such education, training, and scholarships in lieu of an equal amount made available under this subparagraph.
```

\(^{39}\)Sec. 122 of the International Development Cooperation Act of 1979 (Public Law 96–53; 93 Stat. 366) repealed subsec. (c), which authorized funds during fiscal year 1977 and fiscal year 1978 for the southern African student program and the southern African training program.
Sec. 106. Energy, Private Voluntary Organizations, and Selected Development Activities.—(a)(1)(A) The Congress finds that energy development and production are vital elements in the development process, that energy shortages in developing countries severely limit the development process in such countries, that two-thirds of the developing countries which import oil depend on it for at least 90 percent of the energy which their economies require, and that the dramatic increase in world oil prices since 1973 has resulted in considerable economic hardship for many developing countries. The Congress is concerned that the value and purpose of much of the assistance provided to developing countries under sections 103, 104, and 105 are undermined by the inability of many developing countries to satisfy their energy requirements. Unless the energy deficit of the developing countries can be narrowed by more fully exploiting indigenous sources of energy such as oil, natural gas, and coal, scarce foreign exchange will increasingly have to be diverted to oil imports, primarily to the detriment of long-term development and economic growth.

(B) The Congress recognizes that many developing countries lack access to the financial resources and technology necessary to locate, explore, and develop indigenous energy resources.

(C) The Congress declares that there is potential for at least a moderate increase by 1990 in the production of energy for commercial use in the developing countries which are not members of the Organization of Petroleum Exporting Countries. In addition, there is a compelling need for vigorous efforts to improve the available data on the location, scale, and commercial exploitable of potential oil, natural gas, and coal reserves in developing countries, especially those which are not members of the Organization of Petroleum Exporting Countries. The Congress further declares that there are many benefits to be gained by the developing countries and by the United States and other developed countries through expanded efforts to expedite the location, exploration, and development of potential sources of energy in developing countries. These benefits include, but are not limited to, the following:

(i) The world's energy supply would be increased and the fear of abrupt depletion would be lessened with new energy production. This could have a positive impact upon energy prices in international markets as well as a positive effect upon the balance of payments problems of many developing countries.

42 U.S.C. 2151d. Sec. 106, as added by Public Law 94–161 (89 Stat. 849), was amended by sec. 104 of the International Development Cooperation Act of 1979 (Public Law 96–53; 93 Stat. 360) by redesignating subsecs. (a) and (b) as (c) and (d) and by adding new subsecs. (a) and (b). Sec. 304(a) of the International Security and Development Cooperation Act of 1980 (Public Law 96–533; 94 Stat. 3146) substituted the current section heading in lieu of "Technical Assistance, Energy, Research, Reconstruction, and Selected Development Activities": A prior version of sec. 106 (added in 1973 by Public Law 93–189) had also been repealed by Public Law 94–161.

See also the Energy Policy Act of 1992 (Public Law 102–486; 106 Stat. 2776), particularly title XII, as it relates to the export of renewable energy technologies, and title XIII, as it relates to the export of clean coal technology. See Legislation on Foreign Relations Through 2004, vol. IV, sec. C.

43Sec. 304(b) of the International Security and Development Cooperation Act of 1980 (Public Law 96–533; 94 Stat. 3146) redesignated paras. (1), (2), (3), and (4) of subsec. (a) as subparas. (A), (B), (C), and (D), respectively; redesignated subpars. (A), (B), and (C) of former para. (3) as clauses (i), (ii), and (iii), respectively; and added a new para. (2).
Diversification of the world’s supplies of energy from fossil fuels would make all countries, developing and developed, less susceptible to supply interruptions and arbitrary production and pricing policies.

Even a moderate increase in energy production in the developing countries would improve their ability to expand commercial trade, foreign investment, and technology transfer possibilities with the United States and other developed countries.

Assistance for the production of energy from indigenous resources, as authorized by subsection (b) of this section, would be of direct benefit to the poor in developing countries because of the overwhelming impact of imported energy costs upon the lives of the poor and their ability to participate in development.

The Congress also finds that energy production from renewable, decentralized sources and energy conservation are vital elements in the development process. Inadequate access by the poor to energy sources as well as the prospect of depleted fossil fuel reserves and higher energy prices require an enhanced effort to expand the energy resources of developing countries through greater emphasis on renewable sources. Renewable and decentralized energy technologies have particular applicability for the poor, especially in rural areas.

In order to help developing countries alleviate their energy problems by improving their ability to use indigenous energy resources to produce the energy needed by their economies, the President is authorized to furnish assistance, on such terms and conditions as he may determine, to enable such countries to prepare for and undertake development of their energy resources. Such assistance may include data collection and analysis, the training of skilled personnel, research on and development of suitable energy sources, and pilot projects to test new methods of energy production.

The President is authorized to furnish assistance under this chapter for cooperative programs with developing countries in energy production and conservation through research on and development and use of small-scale, decentralized, renewable energy sources for rural areas carried out as integral parts of rural development efforts in accordance with section 103 of this Act. Such programs shall also be directed toward the earliest practicable development and use of energy technologies which are environmentally acceptable, require minimum capital investment, are most acceptable to and affordable by the people using them, are simple and inexpensive to use and maintain, and are transferable from one region of the world to another. Such programs may include research on and the development, demonstration, and application of suitable energy technologies.
energy technologies (including use of wood); analysis of energy uses, needs, and resources; training and institutional development; and scientific interchange.

(c) The agency primarily responsible for administering this part and the Department of Energy shall coordinate with one another, to the maximum extent possible, the planning and implementation of energy programs under this chapter.

(d) The President is authorized to furnish assistance, on such terms and conditions as he may determine, for the following activities, to the extent that such activities are not authorized by sections 103, 104, and 105 of this Act:

(1) programs of technical cooperation and development, particularly the development efforts of United States private and voluntary agencies and regional and international development organizations;

(2) programs of research into, and evaluation of, the process of economic development in less developed countries and areas, into the factors affecting the relative success and costs of development activities, and into the means, techniques, and such other aspects of development assistance as the President may determine in order to render such assistance of increasing value and benefit;

(3) programs of reconstruction following natural or man-made disasters and programs of disaster preparedness, including the prediction of and contingency planning for natural disasters abroad;

(4) programs designed to help solve special development problems in the poorest countries and to make possible proper utilization of infrastructure and related projects funded with earlier United States assistance; and

(5) programs of urban development, with particular emphasis on small, labor intensive enterprises, marketing systems for small producers, and financial and other institutions which enable the urban poor to participate in the economic and social development of their country.

(e) (1) There are authorized to be appropriated to the President for purposes of this section, in addition to funds otherwise available for such purposes, $207,000,000 for fiscal year 1986 and $207,000,000 for fiscal year 1987.

45Sec. 304 of the International Security and Development Cooperation Act of 1980 (Public Law 96–533; 94 Stat. 3146) redesignated subsec. (c) as subsec. (d), amended former subsec. (d) and redesignated it as subsec. (e), and added a new subsec. (c).

46Sec. 104(b)(1) of the International Development Cooperation Act of 1979 (Public Law 96–53; 93 Stat. 360) struck out para. (2), which concerned various programs designed to alleviate energy problems experienced by developing countries, and redesignated paras. (3) through (6) as paras. (2) through (5), respectively.

47Sec. 304(a) of the International Security and Development Cooperation Act of 1981 (Public Law 97–113; 95 Stat. 1533) added the reference to the program of disaster preparedness.

48Sec. 309(b) of the International Security and Development Act of 1985 (Public Law 99–83; 99 Stat. 190) added the authorization figures for fiscal years 1986 and 1987. Authorizations for recent years included the following: fiscal year 1976—$99,550,000; fiscal year 1977—$104,500,000; fiscal year 1978—$105,000,000; fiscal year 1979—$126,244,000; fiscal year 1980—$125,000,000; fiscal year 1981—$140,000,000; fiscal year 1982—$147,200,000; fiscal year 1983—$147,200,000; fiscal year 1984—$160,000,000; fiscal year 1985—no authorization; fiscal years 1988 through 2005—no authorization; fiscal years 1986 through 2005—no authorization.
(2) Amounts appropriated under this section are authorized to remain available until expended.

(f) Of the amounts authorized to be appropriated to carry out this chapter $5,000,000 for fiscal year 1986 and $5,000,000 for fiscal year 1987 shall be used to finance cooperative projects among the United States, Israel, and developing countries.

Sec. 107. Appropriately Technology.—(a) In carrying out activities under this chapter, the President shall place special emphasis on the use of relatively smaller, cost-saving, labor-using technologies that are generally most appropriate for the small farms, small businesses, and small incomes of the poor.

(b) Funds made available to carry out this chapter should be used to the extent practicable for activities in the field of appropriate technology, including support of an expanded and coordinated private effort to promote the development and dissemination of appropriate technology in developing countries.

[Sec. 108. Microenterprise Development Credits. * * * [Transferred and redesignated as sec. 256—2004]]
Sec. 109.52 Transfer of Funds.—Whenever the President determines it to be necessary for the purposes of this chapter, not to exceed 15 per centum of the funds made available for any provision of this chapter may be transferred to, and consolidated with, the funds made available for any other provision of this chapter, and may be used for any of the purposes for which such funds may be used, except that the total in the provision for the benefit of which the transfer is made shall not be increased by more than 25 per centum of the amount of funds made available for such provision. The authority of sections 610(a) and 614(a) of this Act may not be used to transfer funds made available under this chapter for use for purposes of any other provision of this Act except that the authority of such sections may be used to transfer for the purposes of section 667 not to exceed five per centum of the amount of funds made available for section 667(a)(1).54

Sec. 110.55 Cost-Sharing and Funding Limits.—No assistance shall be furnished by the United States Government to a country under sections 103 through 106 of this Act until the country provides assurances to the President, and the President is sat-
isfied, that such country provide at least 25 per centum of the costs of the entire program, project, or activity with respect to which such assistance is to be furnished, except that such costs borne by such country may be provided on an “in-kind” basis.56

Sec. 111.57 Development and Use of Cooperatives.—In order to strengthen the participation of the rural and urban poor in their country’s development, high priority shall be given to increasing the use of funds made available under this Act for technical and capital assistance in the development and use58 of cooperatives in the less developed countries which will enable and encourage greater numbers of the poor to help themselves toward a better life.59

In meeting the requirement of the preceding sentence, specific priority shall be given to the following:60

(1) AGRICULTURE.—Technical assistance to low income farmers who form and develop member-owned cooperatives for farm supplies, marketing and value-added processing.

(2) FINANCIAL SYSTEMS.—The promotion of national credit union systems through credit union-to-credit union technical assistance that strengthens the ability of low income people and micro-entrepreneurs to save and to have access to credit for their own economic advancement.

(3) INFRASTRUCTURE.—The support of rural electric and telecommunication cooperatives for access for rural people and villages that lack reliable electric and telecommunications services.

(4) HOUSING AND COMMUNITY SERVICES.—The promotion of community-based cooperatives which provide employment opportunities and important services such as health clinics, self-help shelter, environmental improvements, group-owned businesses, and other activities.

56 The following phrase, as added by the International Development and Food Assistance Act of 1975 (Public Law 94-161; 89 Stat. 849) and previously appearing at this point, was struck by sec. 112(b)(1) of the International Development and Food Assistance Act of 1978 (Public Law 95-424; 92 Stat. 949): “and except that the President may waive this cost-sharing requirement in the case of a project or activity in a country which the agency primarily responsible for administering part I of this Act determines is relatively least developed based on the United Nations Conference on Trade and Development list of ‘relatively least developed countries’.”

57 22 U.S.C. 2151i. Sec. 111, as added by sec. 2(3) of the FA Act of 1973 (Public Law 93-189), was amended and restated by sec. 308 of Public Law 94-161 (89 Stat. 849). It formerly read as follows: “In order to strengthen the participation of the urban and rural poor in their country’s development, not less than $20,000,000 of the funds made available for the purposes of this chapter shall be available during the fiscal years 1974 and 1975 only for assistance in the less developed countries which will enable and encourage greater numbers of the poor to help themselves toward a better life.”

58 Sec. 107(a) of the International Development and Food Assistance Act of 1977 (Public Law 95-88; 91 Stat. 535) struck out “assistance in the development” and inserted in lieu thereof “technical and capital assistance in the development and use.”

59 A sentence that earmarked funds specifically for technical assistance to carry out the purposes of this section and had previously appeared at this point was repealed by sec. 122 of the International Development Cooperation Act of 1979 (Public Law 96-53; 93 Stat. 366).

60 Sec. 401(c)(2) of the Support for Overseas Cooperative Development Act (Public Law 106-309; 114 Stat. 1097) added this sentence and paras. (1) through (4), Sec. 401(d) of that Act provided the following:

“(d) REPORT.—Not later than 6 months after the date of the enactment of this Act, the Administrator of the United States Agency for International Development, in consultation with the heads of other appropriate agencies, shall prepare and submit to Congress a report on the implementation of section 111 of the Foreign Assistance Act of 1961 (22 U.S.C. 2151i), as amended by subsection (c).”
Sec. 112. Prohibiting Police Training. * * * [Repealed—1974]

Sec. 113. Integrating Women Into National Economies.—
(a) In recognition of the fact that women in developing countries play a significant role in economic production, family support, and the overall development process of the national economies of such countries, this part shall be administered so as to give particular attention to those programs, projects, and activities which tend to integrate women into the national economies of developing countries, thus improving their status and assisting the total development effort.

(b) (1) Up to $10,000,000 of the funds made available each fiscal year under this chapter and chapter 10 of this part shall be used, in addition to funds otherwise available for such purposes, for assistance on such terms and conditions as the President may determine to encourage and promote the participation and integration of women as equal partners in the development process in the developing countries. These funds shall be used primarily to support activities which will increase the economic productivity and income earning capacity of women.

(2) Nothing in this section shall be construed to authorize the establishment of a separate development assistance program for women.

(c) Not less than $500,000 of the funds made available under this chapter for fiscal year 1982 shall be expended on international programs which support the original goals of the United Nations Decade for Women.

Sec. 116. **Human Rights.**—(a) No assistance may be provided under this part to the government of any country which engages in a consistent pattern of gross violations of internationally recognized human rights, including torture or cruel, inhuman, or degrading treatment or punishment, prolonged detention without charges, causing the disappearance of persons by the abduction and clandestine detention of those persons, or other flagrant denial of the right to life, liberty, and the security of person, unless such assistance will directly benefit the needy people in such country.

(b) In determining whether this standard is being met with regard to funds allocated under this part, the Committee on Foreign Relations of the Senate or the Committee on Foreign Affairs of the House of Representatives may require the Administrator primarily responsible for administering part I of this Act to submit in writing information demonstrating that such assistance will directly benefit the needy people in such country, together with a detailed explanation of the assistance to be provided (including the dollar amounts of such assistance) and an explanation of how such assistance will directly benefit the needy people in such country. If either committee or either House of Congress disagrees with the Administrator's justification it may initiate action to terminate assistance to any country by a concurrent resolution under section 617 of this Act.

(b) No assistance may be provided to any government failing to take appropriate and adequate measures, within their means, to protect children from exploitation, abuse or forced conscription into military or paramilitary services.

(c) In determining whether or not a government falls within the provisions of subsection (a) and in formulating development assistance programs under this part, the Administrator shall consider, in consultation with the Assistant Secretary of State for De-
mocracy, Human Rights, and Labor and in consultation with the Ambassador at Large for International Religious Freedom—

(2) specific actions which have been taken by the President or the Congress relating to multilateral or security assistance to a less developed country because of the human rights practices or policies of such country; and

(3) whether the government—

(A) has engaged in or tolerated particularly severe violations of religious freedom, as defined in section 3 of the International Religious Freedom Act of 1998; or

(B) has failed to undertake serious and sustained efforts to combat particularly severe violations of religious freedom (as defined in section 3 of the International Religious Freedom Act of 1998), when such efforts could have been reasonably undertaken.

(d) The Secretary of State shall transmit to the Speaker of the House of Representatives and the Committee on Foreign Relations of the Senate, by February 25 of each year, a full and complete report regarding—

(1) the status of internationally recognized human rights, within the meaning of subsection (a)—

(A) in countries that receive assistance under this part,

and

(B) in all other foreign countries which are members of the United Nations and which are not otherwise the subject of a human rights report under this Act;

(2) wherever applicable, practices regarding coercion in population control, including coerced abortion and involuntary sterilization;

Sec. 127 of the Foreign Relations Authorization Act, Fiscal Years 1988 and 1989 (Public Law 100–204; 101 Stat. 1346) added a new para. (2), and redesignated former para. (2) as para. (3). Subsequently, sec. 201(a) of Public Law 104–319 (110 Stat. 3864) struck out “and” at the

(B) instances of propaganda in government and non-government media that attempt to justify or promote racial hatred or incite acts of violence against Jewish people;

77 Sec. 2216(2) and (3) of the Foreign Relations Authorization Act, Fiscal Years 1998 and 1999 (subdivision B of division G of Public Law 105-277; 112 Stat. 2681), redesignated paras. (3) through (6) as paras. (4) through (7) and added a new para. (3). At the time of enactment of Public Law 105-277, however, no para. (6) was contained in the section. Public Law 105-292 added para. The amendment has been made to the subsequently enacted para. (6), shown here as para. (7).

79 Sec. 6(a)(1) of the Global Anti-Semitism Review Act of 2004 (Public Law 108-332; 118 Stat. 1285) redesignated paras. (8), (9), and (10) as paras. (9), (10), and (11), and added a new para. (8).

(e) The President is authorized and encouraged to use not less than $3,000,000 of the funds made available under this chap-
Para. (2) of subsec. (e) had stated a priority, with supporting guidelines and conditions, for giving grants to “nongovernmental organizations in South Africa promoting political, economic, social, juridical, and humanitarian efforts to foster a just society and to help victims of apartheid.”

Sec. 4(a)(3)(B) of the South African Democratic Transition Support Act of 1993 (Public Law 103–149; 107 Stat. 1505) also repealed subsecs. (f) and (g) of sec. 116, which had been added by sec. 202(b) of Public Law 99–440 (100 Stat. 1095).

Subsec. (f) directed not less than $500,000 under section (e)(2)(A) to be used “for direct legal and other assistance to political detainees and prisoners and their families, including the investigation of the killing of protesters and prisoners, and for support for actions of black-led community organizations to resist, through nonviolent means, the enforcement of apartheid policies”.

Subsec. (g) directed $175,000 each fiscal year to “be used for direct assistance to families of victims of violence such as ‘necklacing’ and other such inhumane acts”, and another $175,000 to “be made available to black groups in South Africa which are actively working toward a multi-racial solution to the sharing of political power in that country through nonviolent, constructive means.”

Sec. 562 of the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 1991 (Public Law 101–513; 104 Stat. 2026), added a new chapter 10 to part I of this Act, providing for long-term development in sub-Saharan Africa, and made a conforming amendment by inserting “, chapter 10 of this part,” here, and text at the end of the first sentence beginning at “or under chapter 10”.

Sec. 501(b) of the International Religious Freedom Act of 1998 (Public Law 105–292; 112 Stat. 2811) inserted “, including the right to free religious belief and practice” after “adherence to civil and political rights”. Subsec. (a) of that sec. provided the following:

SEC. 501. ASSISTANCE FOR PROMOTING RELIGIOUS FREEDOM.

(a) FINDINGS.—Congress makes the following findings:

(1) In many nations where severe violations of religious freedom occur, there is not sufficient statutory legal protection for religious minorities or there is not sufficient cultural and social understanding of international norms of religious freedom.

(2) Accordingly, in the provision of foreign assistance, the United States should make a priority of promoting and developing legal protections and cultural respect for religious freedom.

Sec. 104(a) of the Trafficking Victims Protection Act of 2000 (division A of Public Law 106–396; 114 Stat. 1471) amended and restated subsec. (f). Originally added by sec. 597 of the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 2000 (H.R. 3422, enacted by reference in sec. 1000(a)(2) of Public Law 106–113; 113 Stat. 1535), the subsec. formerly read as follows:

(f) (1) The report required by subsection (d) shall include—

(A) a list of foreign states where trafficking in persons, especially women and children, originates, passes through, or is a destination; and

(B) an assessment of the efforts by the governments of the states described in paragraph (A) to combat trafficking. Such an assessment shall address—

(i) whether government authorities in each such state tolerate or are involved in trafficking activities;

(ii) which government authorities in each such state are involved in anti-trafficking activities;

(iii) what steps the government of each such state has taken to prohibit government officials and other individuals from participating in trafficking, including the investigation, prosecution, and conviction of individuals involved in trafficking;

(iv) what steps the government of each such state has taken to assist trafficking victims;

(v) whether the government of each such state is cooperating with governments of other countries to extradite traffickers when requested;
(A) A description of the nature and extent of severe forms of trafficking in persons, as defined in section 103 of the Trafficking Victims Protection Act of 2000, in each foreign country.

(B) With respect to each country that is a country of origin, transit, or destination for victims of severe forms of trafficking in persons, an assessment of the efforts by the government of that country to combat such trafficking. The assessment shall address the following:

(i) Whether government authorities in that country participate in, facilitate, or condone such trafficking.

(ii) Which government authorities in that country are involved in activities to combat such trafficking.

(iii) What steps the government of that country has taken to prohibit government officials from participating in, facilitating, or condoning such trafficking, including the investigation, prosecution, and conviction of such officials.

(iv) What steps the government of that country has taken to prohibit other individuals from participating in such trafficking, including the investigation, prosecution, and conviction of individuals involved in severe forms of trafficking in persons, the criminal and civil penalties for such trafficking, and the efficacy of those penalties in eliminating or reducing such trafficking.

(v) What steps the government of that country has taken to assist victims of such trafficking, including efforts to prevent victims from being further victimized by traffickers, government officials, or others, grants of relief from deportation, and provision of humanitarian relief, including provision of mental and physical health care and shelter.

(vi) Whether the government of that country is cooperating with governments of other countries to extradite traffickers when requested, or, to the extent that such cooperation would be inconsistent with the laws of such country or with extradition treaties to which such country is a party, whether the government of that country is taking all appropriate measures to modify or replace such laws and treaties so as to permit such cooperation.

(vii) Whether the government of that country is assisting in international investigations of transnational trafficking networks and in other cooperative efforts to combat severe forms of trafficking in persons.

(A) the term ‘trafficking’ means the use of deception, coercion, debt bondage, the threat of force, or the abuse of authority to recruit, transport within or across borders, purchase, sell, transfer, receive, or harbor a person for the purposes of placing or holding such person, whether for pay or not, in involuntary servitude, slavery or slavery-like conditions, or in forced, bonded, or coerced labor;

(B) the term ‘victim of trafficking’ means any person subjected to the treatment described in subparagraph (A)."
Sec. 117 Assistance for Disadvantaged South Africans.

Formerly at 22 U.S.C. 2151o. Sec. 117 was redesignated from "sec. 118" by sec. 301(1) of Public Law 99–529 (100 Stat. 3014), resulting in the creation of two sections 117. Sec. 301(2) of Public Law 99–529 further deleted subsec. (d) of that section, which dealt with tropical forests, and sec. 301(3) of Public Law 99–529 added a new section 118 entitled "Tropical Forests". This section, as added by sec. 113 of Public Law 95–88 (91 Stat. 537) and amended by sec. 110 of Public Law 95–424 (92 Stat. 948) and sec. 307 of the International Security and Development Cooperation Act of 1981 (Public Law 97–113; 95 Stat. 1533). This section previously read as follows:

"Sec. 118. Environment and Natural Resources.—(a) The President is authorized to furnish assistance under this part for developing and strengthening the capacity of less developed countries to protect and manage their environment and natural resources. Special efforts shall be made to maintain and where possible restore the land, vegetation, water, wildlife and other resources upon which depend economic growth and human well-being especially that of the poor.

"(b) In carrying out programs under this chapter, the President shall take into consideration the environmental consequence of development actions."

ment, and in cooperating extensively with developing countries in order to achieve environmentally sound development.

(b) In order to address the serious problems described in subsection (a), the President is authorized to furnish assistance under this part for developing and strengthening the capacity of developing countries to protect and manage their environment and natural resources. Special efforts shall be made to maintain and where possible to restore the land, vegetation, water, wildlife, and other resources upon which depend economic growth and human well-being, especially of the poor.

(c)(1) The President, in implementing programs and projects under this chapter and chapter 10 of this part, shall take fully into account the impact of such programs and projects upon the environment and natural resources of developing countries. Subject to such procedures as the President considers appropriate, the President shall require all agencies and officials responsible for programs or projects under this chapter—

(A) to prepare and take fully into account an environmental impact statement for any program or project under this chapter significantly affecting the environment of the global commons outside the jurisdiction of any country, the environment of the United States, or other aspects of the environment which the President may specify; and

(B) to prepare and take fully into account an environmental assessment of any proposed program or project under this chapter significantly affecting the environment of any foreign country.

Such agencies and officials should, where appropriate, use local technical resources in preparing environmental impact statements and environmental assessments pursuant to this subsection.

(2) The President may establish exceptions from the requirements of this subsection for emergency conditions and for cases in which compliance with those requirements would be seriously detrimental to the foreign policy interests of the United States.

Sec. 118. Tropical Forests.

(a) IMPORTANCE OF FORESTS AND TREE COVER.—In enacting section 103(b)(3) of this Act the Congress recognized the importance of forests and tree cover to the developing countries. The Congress is particularly concerned about the continuing and accelerating alteration, destruction, and loss of tropical forests in developing countries, which pose a serious threat to development and the environment. Tropical forest destruction and loss—

(I) result in shortages of wood, especially wood for fuel; loss of biologically productive wetlands; siltation of lakes, reservoirs, and irrigation systems; floods; destruction of indigenous peoples; extinction of plant and animal species; reduced capacity for food production; and loss of genetic resources; and

Sec. 562 of the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 1991 (Public Law 101–513; 104 Stat. 2026), added a new chapter 10 to part I of this Act, providing for long-term development in sub-Saharan Africa, and made a conforming amendment by inserting “and chapter 10 of this part” here.

(2) can result in desertification and destabilization of the earth’s climate.

Properly managed tropical forests provide a sustained flow of resources essential to the economic growth of developing countries, as well as genetic resources of value to developed and developing countries alike.

(b) PRIORITIES.—The concerns expressed in subsection (a) and the recommendations of the United States Interagency Task Force on Tropical Forests shall be given high priority by the President—

(1) in formulating and carrying out programs and policies with respect to developing countries, including those relating to bilateral and multilateral assistance and those relating to private sector activities; and

(2) in seeking opportunities to coordinate public and private development and investment activities which affect forests in developing countries.

(c) ASSISTANCE TO DEVELOPING COUNTRIES.—In providing assistance to developing countries, the President shall do the following:

(1) Place a high priority on conservation and sustainable management of tropical forests.

(2) To the fullest extent feasible, engage in dialogues and exchanges of information with recipient countries—

(A) which stress the importance of conserving and sustainably managing forest resources for the long-term economic benefit of those countries, as well as the irreversible losses associated with forest destruction, and

(B) which identify and focus on policies of those countries which directly or indirectly contribute to deforestation.

(3) To the fullest extent feasible, support projects and activities—

(A) which offer employment and income alternatives to those who otherwise would cause destruction and loss of forests, and

(B) which help developing countries identify and implement alternatives to colonizing forested areas.

(4) To the fullest extent feasible, support training programs, educational efforts, and the establishment or strengthening of institutions which increase the capacity of developing countries to formulate forest policies, engage in relevant land-use planning, and otherwise improve the management of their forests.

(5) To the fullest extent feasible, help end destructive slash-and-burn agriculture by supporting stable and productive farming practices in areas already cleared or degraded and on lands which inevitably will be settled, with special emphasis on demonstrating the feasibility of agroforestry and other techniques which use technologies and methods suited to the local environment and traditional agricultural techniques and feature close consultation with and involvement of local people.

(6) To the fullest extent feasible, help conserve forests which have not yet been degraded, by helping to increase production on lands already cleared or degraded through support of reforestation, fuelwood, and other sustainable forestry projects and
practices, making sure that local people are involved at all stages of project design and implementation.

(7) To the fullest extent feasible, support projects and other activities to conserve forested watersheds and rehabilitate those which have been deforested, making sure that local people are involved at all stages of project design and implementation.

(8) To the fullest extent feasible, support projects and other activities to conserve forested watersheds and rehabilitate those which have been deforested, making sure that local people are involved at all stages of project design and implementation.

(9) To the fullest extent feasible, support projects and other activities to conserve forested watersheds and rehabilitate those which have been deforested, making sure that local people are involved at all stages of project design and implementation.

(10) To the fullest extent feasible, conserve biological diversity in forest areas by—

(A) supporting and cooperating with United States Government agencies, other donors (both bilateral and multilateral), and other appropriate governmental, intergovernmental, and nongovernmental organizations in efforts to identify, establish, and maintain a representative network of protected tropical forest ecosystems on a worldwide basis;

(B) whenever appropriate, making the establishment of protected areas a condition of support for activities involving forest clearance of degradation; and

(C) helping developing countries identify tropical forest ecosystems and species in need of protection and establish and maintain appropriate protected areas.

(11) To the fullest extent feasible, engage in efforts to increase the awareness of United States Government agencies and other donors, both bilateral and multilateral, of the immediate and long-term value of tropical forests.

(12) To the fullest extent feasible, utilize the resources and abilities of all relevant United States Government agencies.

(13) Require that any program or project under this chapter significantly affecting tropical forests (including projects involving the planting of exotic plant species)—

(A) be based upon careful analysis of the alternatives available to achieve the best sustainable use of the land, and

(B) take full account of the environmental impacts of the proposed activities on biological diversity, as provided for in the environmental procedures of the Agency for International Development.

(14) Deny assistance under this chapter for—

(A) the procurement or use of logging equipment, unless an environmental assessment indicates that all timber harvesting operations involved will be conducted in an en-
environmentally sound manner which minimizes forest destruction and that the proposed activity will produce positive economic benefits and sustainable forest management systems; and

(B) actions which significantly degrade national parks or similar protected areas which contain tropical forests or introduce exotic plants or animals into such areas.

(15) Deny assistance under this chapter for the following activities unless an environmental assessment indicates that the proposed activity will contribute significantly and directly to improving the livelihood of the rural poor and will be conducted in an environmentally sound manner which supports sustainable development:

(A) Activities which would result in the conversion of forest lands to the rearing of livestock.

(B) The construction, upgrading, or maintenance of roads (including temporary haul roads for logging or other extractive industries) which pass through relatively undegraded forest lands.

(C) The colonization of forest lands.

(D) The construction of dams or other water control structures which flood relatively undegraded forest lands.

(d) **PVOs and Other Nongovernmental Organizations.**—Whenever feasible, the President shall accomplish the objectives of this section through projects managed by private and voluntary organizations or international, regional, or national nongovernmental organizations which are active in the region or country where the project is located.

(e) **Country Analysis Requirements.**—Each country development strategy statement or other country plan prepared by the Agency for International Development shall include an analysis of—

1. the actions necessary in that country to achieve conservation and sustainable management of tropical forests, and
2. the extent to which the actions proposed for support by the Agency meet the needs thus identified.

(f)** Annual Report.**—Each annual report required by section 634(a) of this Act shall include a report on the implementation of this section.

90 Sec. 209(e)(3) of the Admiral James W. Nance and Meg Donovan Foreign Relations Authorization Act, Fiscal Years 2000 and 2001 (H.R. 3427, enacted by reference in sec. 1000(a)(7) of Public Law 106–113; 113 Stat. 1536), stated that sec. 3003(a)(1) of Public Law 104–66 (109 Stat. 734) is not applicable to this subsection. Sec. 3003(a)(1) of that Act, as amended, provided that "* * * each provision of law requiring the submittal to Congress (or any committee of the Congress) of any annual, semiannual, or other regular periodic report specified on the list * * * [prepared by the Clerk of the House of Representatives for the first session of the One Hundred Third Congress] shall cease to be effective, with respect to that requirement, May 15, 2000.".

Sec. 119.  
Endangered Species.—(a) The Congress finds the survival of many animal and plant species is endangered by over-hunting, by the presence of toxic chemicals in water, air and soil, and by the destruction of habitats. The Congress further finds that the extinction of animal and plant species is an irreparable loss with potentially serious environmental and economic consequences for developing and developed countries alike. Accordingly, the preservation of animal and plant species through the regulation of the hunting and trade in endangered species, through limitations on the pollution of natural ecosystems, and through the protection of wildlife habitats should be an important objective of the United States development assistance.

(b) In order to preserve biological diversity, the President is authorized to furnish assistance under this part, notwithstanding section 660, to assist countries in protecting and maintaining wildlife habitats and in developing sound wildlife management and plant conservation programs. Special efforts should be made to establish and maintain wildlife sanctuaries, reserves, and parks; to enact and enforce anti-poaching measures; and to identify, study, and catalog animal and plant species, especially in tropical environments.

(c) FUNDING LEVEL.—For fiscal year 1987, not less than $2,500,000 of the funds available to carry out this part (excluding funds made available to carry out section 104(c)(2), relating to the Child Survival Fund) shall be allocated for assistance pursuant to subsection (b) for activities which were not funded prior to fiscal year 1987. In addition, the Agency for International Development shall, to the fullest extent possible, continue and increase assistance pursuant to subsection (b) for activities for which assistance was provided in fiscal years prior to fiscal year 1987.

(d) COUNTRY ANALYSIS REQUIREMENTS.—Each country development strategy statement or other country plan prepared by the Agency for International Development shall include an analysis of—

(1) the actions necessary in that country to conserve biological diversity, and
(2) the extent to which the actions proposed for support by the Agency meet the needs thus identified.

(e) LOCAL INVOLVEMENT.—To the fullest extent possible, projects supported under this section shall include close consultation with and involvement of local people at all stages of design and implementation.

(f) PVOS AND OTHER NONGOVERNMENTAL ORGANIZATIONS.—Whenever feasible, the objectives of this section shall be accomplished through projects managed by appropriate private and voluntary organizations, or international, regional, or national nongovernmental organizations, which are active in the region or country where the project is located.

94 Sec. 302 of Public Law 99–529 (100 Stat. 3017) added subsecs. (c) through (h).
(g) **ACTIONS BY AID.**—The Administrator of the Agency for International Development shall—

1. cooperate with appropriate international organizations, both governmental and nongovernmental;
2. look to the World Conservation Strategy as an overall guide for actions to conserve biological diversity;
3. engage in dialogues and exchanges of information with recipient countries which stress the importance of conserving biological diversity for the long-term economic benefit of those countries and which identify and focus on policies of those countries which directly or indirectly contribute to loss of biological diversity;
4. support training and education efforts which improve the capacity of recipient countries to prevent loss of biological diversity;
5. whenever possible, enter into long-term agreements in which the recipient country agrees to protect ecosystems or other wildlife habitats recommended for protection by relevant governmental or nongovernmental organizations or as a result of activities undertaken pursuant to paragraph (6), and the United States agrees to provide, subject to obtaining the necessary appropriations, additional assistance necessary for the establishment and maintenance of such protected areas;
6. support, as necessary and in cooperation with the appropriate governmental and nongovernmental organizations, efforts to identify and survey ecosystems in recipient countries worthy of protection;
7. cooperate with and support the relevant efforts of other agencies of the United States Government, including the United States Fish and Wildlife Service, the National Park Service, the Forest Service, and the Peace Corps;
8. review the Agency's environmental regulations and revise them as necessary to ensure that ongoing and proposed actions by the Agency do not inadvertently endanger wildlife species or their critical habitats, harm protected areas, or have other adverse impacts on biological diversity (and shall report to the Congress within a year after the date of enactment of this paragraph on the actions taken pursuant to this paragraph);
9. ensure that environmental profiles sponsored by the Agency include information needed for conservation of biological diversity; and
10. deny any direct or indirect assistance under this chapter for actions which significantly degrade national parks or similar protected areas or introduce exotic plants or animals into such areas.

(h) **ANNUAL REPORTS.**—Each annual report required by section 634(a) of this Act shall include, in a separate volume, a report on the implementation of this section.
Sec. 120. Sahel Development Program—Planning.—(a) The Congress reaffirms its support of the initiative of the United States Government in undertaking consultations and planning with the countries concerned, and with other nations providing assistance, with the United Nations, and with other concerned international and regional organizations, toward the development and support of a comprehensive long-term African Sahel development program.

(b) The President is authorized to develop a long-term comprehensive development program for the Sahel and other drought-stricken nations in Africa.

(c) In developing this long-term program, the President shall—
   (1) consider international coordination for the planning and implementation of such program;
   (2) seek greater participation and support by African countries and organizations in determining development priorities; and
   (3) begin such planning immediately.

Sec. 122. **General Authorities.**—(a) In order to carry out the purposes of this chapter, the President is authorized to furnish assistance, on such terms and conditions as he may determine, to countries and areas through programs of grant and loan assistance, bilaterally or through regional, multilateral, or private entities.

(b) The President is authorized to make loans payable as to principal and interest in United States dollars on such terms and conditions as he may determine, in order to promote the economic development of countries and areas, with emphasis upon assisting long range plans and programs designed to develop economic resources and increase productive capacities. The President shall determine the interest payable on any loan. In making loans under this chapter, the President shall consider the economic circumstances of the borrower and other relevant factors, including the capacity of the recipient country to repay the loan at a reasonable rate of interest, except that loans may not be made at a rate of interest of less than 3 per centum per annum commencing not later than ten years following the date on which the funds are initially made available under the loan, during which ten-year period the rate of interest shall not be lower than 2 per centum per annum, nor higher than the applicable legal rate of interest of the country in which the loan is made.

(c) Dollar receipts paid during any fiscal year from loans made under this part or from loans made under predecessor foreign assistance legislation shall be deposited in the Treasury as miscellaneous receipts.

(d) Not to exceed $10,000,000 of the funds made available each fiscal year for the purposes of this chapter may be used for assistance on such terms and conditions as the President may determine, to research and educational institutions in the United States for the purpose of strengthening their capacity to develop and carry out programs concerned with the economic and social development of developing countries.

(e) The President shall establish an interagency Development Loan Committee, consisting of such officers from such agencies of the United States Government as he may determine, which shall, under the direction of the President, establish standards and criteria for lending operations under this chapter in accordance with the foreign and financial policies of the United States. Except in the case of officers serving in positions to which they were appointed by the President by and with the advice and consent of the
Senate, officers assigned to the Committee shall be so assigned by the President by and with the advice and consent of the Senate.

Sec. 123.102 Private and Voluntary Organizations and Cooperatives in Overseas Development.—(a) The Congress finds that the participation of rural and urban poor people in their countries' development can be assisted and accelerated in an effective manner through an increase in activities planned and carried out by private and voluntary organizations and cooperatives. Such organizations and cooperatives, embodying the American spirit of self-help and assistance to others to improve their lives and incomes, constitute an important means of mobilizing private American financial and human resources to benefit poor people in developing countries. The Congress declares that it is in the interest of the United States that such organizations and cooperatives expand their overseas development efforts without compromising their private and independent nature. The Congress further declares that the financial resources of such organizations and cooperatives should be supplemented by the contribution of public funds for the purpose of undertaking development activities in accordance with the principles set forth in section 102 and, if necessary and determined on a case-by-case basis, for the purpose of sharing the cost of developing programs related to such activities.103 The Congress urges the Administrator of the agency primarily responsible for administering this part, in implementing programs authorized under this part, to draw on the resources of private and voluntary organizations and cooperatives to plan and carry out development activities and to establish simplified procedures for the development and approval of programs to be carried out by such private and voluntary organizations and cooperatives as have demonstrated a capacity to undertake effective development activities.104

(b)105 In order to further the efficient use of United States voluntary contributions for development, relief, and rehabilitation of friendly peoples, the President is authorized to use funds made available for the purposes of this chapter and chapter 10 of this part106 to pay transportation charges on shipments by the Amer-

"(f) SHIPMENT OF HUMANITARIAN ASSISTANCE.—During fiscal year 2004 and each fiscal year thereafter, of the amounts made available by the United States Agency for International Development to carry out the provisions of section 123(b) of the Foreign Assistance Act of 1961, funds may be made available to nongovernmental organizations for administrative costs necessary to implement a program to obtain available donated space on commercial ships for the shipment of humanitarian assistance overseas."

ican National Red Cross and by United States voluntary agencies registered with the Agency for International Development.  

(c) Reimbursement under this section may be provided for transportation charges on shipments from United States ports, or in the case of excess or surplus property supplied by the United States from foreign ports, to ports of entry abroad or to points of entry abroad in cases (1) of landlocked countries, (2) where ports cannot be used effectively because of natural or other disturbances, (3) where carriers to a specified country are unavailable, or (4) where a substantial savings in costs or time can be effected by the utilization of points of entry other than ports.  

(d) Where practicable, the President shall make arrangements with the receiving country for free entry of such shipments and for the making available by the country of local currencies for the purpose of defraying the transportation costs of such shipments from the port or point of entry of the receiving country to the designated shipping point of the consignee.  

(e) Prohibitions on assistance to countries contained in this or any other Act shall not be construed to prohibit assistance by the agency primarily responsible for administering this part in support of programs of private and voluntary organizations and cooperatives already being supported prior to the date such prohibition becomes applicable. The President shall take into consideration, in any case in which statutory prohibitions on assistance would be applicable but for this subsection, whether continuation of support for such programs is in the national interest of the United States. If the President continues such support after such date, he shall prepare and transmit, not later than one year after such date, to the Speaker of the House of Representatives and to the chairman of the Committee on Foreign Relations of the Senate a report setting forth the reasons for such continuation.  

(f) For each of the fiscal years 1986 through 1989 funds in an amount not less than thirteen and one-half percent of the ag-
Relatively Least Developed Countries.—(a) Relatively least developed countries (as determined on the basis of criteria comparable to those used for the United Nations General Assembly list of “least developed countries”) are characterized by extreme poverty, very limited infrastructure, and limited administrative capacity to implement basic human needs growth strategies. In such countries special measures may be necessary to insure the full effectiveness of assistance furnished under this part.

(b) For the purpose of promoting economic growth in these countries, the President is authorized and encouraged to make assistance under this chapter available on a grant basis to the maximum extent that is consistent with the attainment of United States development objectives.

(c) (1) The Congress recognizes that the relatively least developed countries have virtually no access to private international capital markets. Insofar as possible, prior assistance terms should be consistent with present grant assistance terms for relatively least developed countries. Therefore, notwithstanding section 620(r) of this Act and section 321 of the International Development and Food Assistance Act of 1975 but subject to paragraph (2) of this subsection, the President on a case-by-case basis, taking into account the needs of the country for financial resources and the commitment of the country to the development objectives set forth in sections 101 and 102—

(A) may permit a relatively least developed country to place amounts, which would otherwise be paid to the United States as payments on principal or interest on liability incurred by
that country under this part (or any predecessor legislation) into local currency accounts (in equivalent amounts of local currencies as determined by the official exchange rate for United States dollars) for use by the relatively least developed country, with the concurrence of the Administrator of the agency primarily responsible for administering this part, for activities which are consistent with section 102; and

(B) may waive interest payments on liability incurred by a relatively least developed country under this part (or any predecessor legislation) if the President determines that that country would be unable to use for development purposes the equivalent amounts of local currencies which could be made available under subparagraph (A).

(2) The aggregate amount of interest waived and interest and principal paid into local currency accounts under this subsection in any fiscal year may not exceed the amount approved for such purpose in an Act appropriating funds to carry out this chapter for that fiscal year, which amount may not exceed the amount authorized to be so approved by the annual authorizing legislation for development assistance programs. Amounts due and payable during fiscal year 1981 to the United States from relatively least developed countries on loans made under this part (or any predecessor legislation) are authorized to be approved for use, in accordance with the provisions of paragraph (1) of this subsection, in an amount not to exceed $10,845,000.115

(3) In exercising the authority granted by this subsection, the President should act in concert with other creditor countries.

(d) The President may on a case-by-case basis waive the requirement of section 110(a) for financial or “in kind” contributions in the case of programs, projects, or activities in relatively least developed countries.

(e) Section 110(b) shall not apply with respect to grants to relatively least developed countries.

Sec. 125.116 Project and Program Evaluation.—(a) The Administrator of the agency primarily responsible for administering this part is directed to improve the assessment and evaluation of the programs and projects carried out by that agency under this chapter. The Administrator shall consult with the appropriate committees of the Congress in establishing standards for such evaluations.

(b)117 * * * [Repealed—1981]

115 This sentence was added by sec. 109 of the International Development Cooperation Act of 1979 (Public Law 96–53; 93 Stat. 363). The authorization figure for fiscal year 1981 was inserted in lieu of the fiscal year 1980 authorization ($18,800,000) by sec. 308 of the International Security and Development Cooperation Act of 1980 (Public Law 96–533; 94 Stat. 3147).

117 Sec. 734(a)(1) of the International Security and Development Cooperation Act of 1981 (Public Law 97–113; 95 Stat. 1560) repealed subsection (b), which required the President to report to Congress on improvements to the evaluation of projects and programs conducted by the international financial institutions and the United Nations Development Program. Such report was submitted on March 26, 1979.
Sec. 126.  Development and Illicit Narcotics Production.  (a) The Congress recognizes that illicit narcotics cultivation is related to overall development problems and that the vast majority of all individuals employed in the cultivation of illicit narcotics reside in the developing countries and are among the poorest of the poor in those countries and that therefore the ultimate success of any effort to eliminate illicit narcotics production depends upon the availability of alternative economic opportunities for those individuals, upon other factors which assistance under this chapter could address, as well as upon direct narcotics control efforts.

(b)(1) In planning programs of assistance under this chapter, and chapter 10 of this part, and under chapter 4 of part II for countries in which there is illicit narcotics cultivation, the agency primarily responsible for administering this part should give priority consideration to programs which would help reduce illicit narcotics cultivation by stimulating broader development opportunities.

(2) The agency primarily responsible for administering this part may utilize resources for activities aimed at increasing awareness of the effects of production and trafficking of illicit narcotics on source and transit countries.

(c) In furtherance of the purposes of this section, the agency primarily responsible for administering this part shall cooperate fully with, and share its expertise in development matters with, other agencies of the United States Government involved in narcotics control activities abroad.

Sec. 127.  Accelerated Loan Repayments.  The Administrator of the agency primarily responsible for administering this part shall conduct an annual review of bilateral concessional loan balances and shall determine and identify those countries whose financial resources make possible accelerated loan repayments. In particular, European countries that were recipients of concessional loans by predecessor agencies to the agency primarily responsible for administering this part shall be contacted to negotiate accelerated repayments. The criteria used by the Administrator in making these determinations shall be established in conjunction with the Committee on Foreign Affairs of the House of Representatives and the Committee on Foreign Relations of the Senate.
Sec. 128.

Targeted Assistance.—(a) The President shall use poverty measurement standards, such as those developed by the International Bank for Reconstruction and Development, and other appropriate measurements in determining target populations for United States development assistance, and shall strengthen United States efforts to assure that a substantial percentage of development assistance under this chapter directly improves the lives of the poor majority, with special emphasis on those individuals living in absolute poverty.

(b) To the maximum extent possible, activities under this chapter that attempt to increase the institutional capabilities of private organizations or governments, or that attempt to stimulate scientific and technological research, shall be designed and monitored to ensure that the ultimate beneficiaries of these activities are the poor majority.

Sec. 129.

Program to Provide Technical Assistance to Foreign Governments and Foreign Central Banks of Developing or Transitional Countries.

(a) Establishment of Program.—

(1) In general.—Not later than 150 days after the date of the enactment of this section, the Secretary of the Treasury, after consultation with the Secretary of State and the Administrator of the United States Agency for International Development, is authorized to establish a program to provide technical assistance to foreign governments and foreign central banks of developing or transitional countries.

(2) Role of Secretary of State.—The Secretary of State shall provide foreign policy guidance to the Secretary to ensure
that the program established under this subsection is effectively integrated into the foreign policy of the United States.

(b) CONDUCT OF PROGRAM.—
   (1) IN GENERAL.—In carrying out the program established under subsection (a), the Secretary shall provide economic and financial technical assistance to foreign governments and foreign central banks of developing and transitional countries by providing advisers with appropriate expertise to advance the enactment of laws and establishment of administrative procedures and institutions in such countries to promote macroeconomic and fiscal stability, efficient resource allocation, transparent and market-oriented processes and sustainable private sector growth.
   (2) ADDITIONAL REQUIREMENTS.—To the extent practicable, such technical assistance shall be designed to establish—
     (A) tax systems that are fair, objective, and efficiently gather sufficient revenues for governmental operations;
     (B) debt issuance and management programs that rely on market forces;
     (C) budget planning and implementation that permits responsible fiscal policy management;
     (D) commercial banking sector development that efficiently intermediates between savers and investors; and
     (E) financial law enforcement to protect the integrity of financial systems, financial institutions, and government programs.
   (3) EMPHASIS ON ANTI-CORRUPTION.—Such technical assistance shall include elements designed to combat anti-competitive, unethical, and corrupt activities, including protection against actions that may distort or inhibit transparency in market mechanisms and, to the extent applicable, privatization procedures.

(c) ADMINISTRATIVE REQUIREMENTS.—In carrying out the program established under subsection (a), the Secretary—
   (1) shall establish a methodology for identifying and selecting foreign governments and foreign central banks to receive assistance under the program;
   (2) prior to selecting a foreign government or foreign central bank to receive assistance under the program, shall receive the concurrence of the Secretary of State with respect to the selection of such government or central bank and with respect to the cost of the assistance to such government or central bank;
   (3) shall consult with the heads of appropriate Executive agencies of the United States, including the Secretary of State and the Administrator of the United States Agency for International Development, and appropriate international financial institutions to avoid duplicative efforts with respect to those foreign countries for which such agencies or organizations provide similar assistance;
   (4) shall ensure that the program is consistent with the International Affairs Strategic Plan and Mission Performance

---

Plan of the United States Agency for International Development;

(5) shall establish and carry out a plan to evaluate the program.

(d) Administrative Authorities.—In carrying out the program established under subsection (a), the Secretary shall have the following administrative authorities:

(1) The Secretary may provide allowances and benefits under chapter 9 of title I of the Foreign Service Act of 1980 (22 U.S.C. 4081 et seq.) to any officer or employee of any agency of the United States Government performing functions under this section outside the United States.

(b) It is further the sense of the Congress (1) that where problems or opportunities are common to two or more countries in a region, in such fields as agriculture, education, transportation, communications, power, watershed development, disease control, and

(b) Any agreement entered into under subsection (a) of this section shall include such terms and conditions as the President deems appropriate to insure, among other things, that all information, products, uses, processes, patents, and other developments obtained or utilized in the development of this prototype plant will be available without further cost to the United States for the use and benefit of the United States throughout the world, and to insure that the United States, its officers and employees have a permanent right to review data and have access to such plant for the purpose of observing its operations and improving science and technology in the field of desalination.

(c) In carrying out the provisions of this section, the President may enter into contracts with public or private agencies and with any person without regard to sections 3648 and 3709 of the Revised Statutes of the United States (31 U.S.C. 529 and 41 U.S.C. 5).

Sec. 220A. Suez Canal. *

Sec. 221. Housing Guaranties.—The Congress recognizes that shelter, including essential urban development services, is...
among the most fundamental of human needs. Shelter for most people in the developing countries consists largely of domestic materials assembled by local labor. While recognizing that most financing for such shelter may come from domestic resources, the Congress finds that carefully designed programs involving United States capital and expertise can increase the availability of domestic financing for improved shelter and related services for low-income people by demonstrating to local entrepreneurs and institutions that providing low-cost shelter can be financially viable. The Congress reaffirms, therefore, that the United States should continue to assist developing countries in marshalling resources for low-cost shelter. Particular attention should be given to programs which will support pilot projects for low-cost shelter or which will have a maximum demonstration impact on local institutions and national policy. The Congress declares that the long run goal of all such programs should be to develop domestic construction capabilities and to stimulate local credit institutions to make available domestic capital and other management and technological resources required for effective low-cost shelter programs and policies.

Sec. 222. Authorization.—(a) To carry out the policy of section 221, the President is authorized to issue guaranties to eligible investors (as defined in section 238(c)) assuring against losses incurred in connection with loans made for projects meeting the criteria set forth in section 221. The total principal amount of guaranties issued under this title or heretofore issued under prior housing guaranty authorities, which are outstanding at any one time, shall not exceed $2,558,000,000. The authority of this section shall...
purposes of part I of the Act: Provided further, That such costs, including the cost of modifying such direct and guaranteed loans, shall be as defined in section 502 of the Congressional Budget Act of 1974, as amended: Provided further, That funds made available by this paragraph may be used for the cost of modifying any such guaranteed loans under this Act or prior Acts, and funds used for such costs shall be subject to the regular notification procedures of the Committees on Appropriations: Provided further, That the provisions of section 107A(d) (relating to general provisions applicable to the Development Credit Authority) of the Foreign Assistance Act of 1961, as contained in section 306 of H.R. 1486 as reported by the House Committee on International Relations on May 9, 1997, shall be applicable to direct loans and loan guarantees provided under this heading.

Sec. 306 of H.R. 1486, as reported by the Committee on International Relations, May 9, 1997 (H.Rept. 105–94), sought to amend the Foreign Assistance Act of 1961 by adding a new sec. 107A to establish the President’s authority to use development credit authority where recipients would otherwise not have access to such credit and that credit would be in keeping with U.S. development purposes. For text, see note at sec. 108 of this Act.

Sec. 222A. 166 Agricultural and Productive Credit and Self-Help Community Development Programs.—(a) It is the sense of the Congress that in order to stimulate the participation of the private sector in the economic development of less-developed countries, the authority conferred by this section should be used to establish pilot programs to encourage private banks, credit institutions, similar private lending organizations, cooperatives, and private nonprofit development organizations to make loans on reasonable terms to organized groups and individuals residing in a community for the purpose of enabling such groups and individuals to carry out agricultural credit and self-help community development projects for which they are unable to obtain financial assistance on reasonable terms. Agricultural credit and assistance for self-help community development projects should include, but not be limited to, material and such projects as wells, pumps, farm machinery, improved seed, fertilizer, pesticides, vocational training, food industry development, nutrition projects, improved breeding stock for farm animals, sanitation facilities, and looms and other handicraft aids.

(b) To carry out the purposes of subsection (a), the agency primarily responsible for administering part I is authorized to issue guaranties, on such terms and conditions as it shall determine, to private lending institutions, cooperatives, and private nonprofit development organizations assuring against loss of not to exceed 50 per centum of the portfolio of such loans made by any lender to organized groups or individuals residing in a community to enable such groups or individuals to carry out agricultural credit and self-help community development projects for which they are unable to obtain financial assistance on reasonable terms. In no event shall the liability of the United States exceed 75 per centum of any one loan.

(c) The total face amount of guaranties issued under this section outstanding at any one time shall not exceed $20,000,000. 170 Not

(4) For the purpose of expediting the consideration and enactment of joint resolutions under this subsection, a motion to proceed to the consideration of any such joint resolution after it has been reported by the appropriate committee shall be treated as highly privileged in the House of Representatives.

(5) In the event that the President suspends the provision of additional loan guarantees under subsection (f) and Congress does not enact a joint resolution pursuant to this subsection, the provision of additional loan guarantees under the program established by this section may be resumed only if the President determines and so reports to Congress that the reasons for the suspension have been resolved or that the resumption is otherwise in the national interest.

(h) Economic Context.—The effective absorption of immigrants into Israel from the republics of the former Soviet Union and Ethiopia within the private sector requires large investment and economic restructuring to promote market efficiency and thereby contribute to productive employment and sustainable growth. Congress recognizes that the Government of Israel is developing an economic strategy designed to achieve these goals, and that the Government of Israel intends to adopt a comprehensive, multi-year economic strategy based on prudent macroeconomic policies and structural reforms. Congress also recognizes that these policies are being designed to reduce direct involvement of the government in the economic system and to promote private enterprise, important prerequisites for economic stability and sustainable growth.

(i) Consultations.—It is the sense of the Congress that, as agreed between the two Governments and in order to further the policies specified in subsection (h), Israel and the United States should continue to engage in consultations concerning economic and financial measures, including structural and other reforms, that Israel should undertake during the pendency of this program to enable its economy to absorb and resettle immigrants and to accommodate the increased debt burden that will result from loans guaranteed pursuant to this section. It is the sense of the Congress that these consultations on economic measures should address progress and plans in the areas of budget policies, privatization, trade liberalization, financial and capital markets, labor markets, competition policy, and deregulation.

(j) Goods and Services.—During the pendency of the loan program authorized under this section, it is anticipated that, in the context of the economic reforms undertaken pursuant to subsections (h) and (i) of this section, Israel's increased population due
to its absorption of immigrants, and the liberalization by the Government of Israel of its trade policy with the United States, the amount of United States investment goods and services purchased for use in or with respect to the country of Israel will substantially increase.

(k) Reports.—The President shall report to Congress by December 31 of each fiscal year until December 31, 1999, regarding the implementation of this section.

(l) Applicability of Foreign Assistance Act Authorities.—Section 223 of the Foreign Assistance Act shall apply to guarantees issued under subsection (a) in the same manner as such section applies to guarantees issued under section 222, except that subsections (a), (e)(1), (g), and (j) of section 223 shall not apply to such guarantees and except that, to the extent section 223 is inconsistent with the Federal Credit Reform Act of 1990, that Act shall apply. Loans shall be guaranteed under this section without regard to sections 221, 222, and 238(c). Notwithstanding section 223(f), the interest rate for loans guaranteed under this section may include a reasonable fee to cover the costs and fees incurred by the borrower in connection with this program or financing under this section in the event the borrower elects not to finance such costs or fees out of loan principal. Guarantees once issued hereunder shall be unconditional and fully and freely transferable.

(m) Terms and Conditions.—

(1) Each loan guarantee issued under this section shall guarantee 100 percent of the principal and interest payable on such loans.

(2) The standard terms of any loan or increment guaranteed under this section shall be 30 years with semiannual payments of interest only over the first 10 years, and with semiannual payments of principal and interest on a level payment basis, over the last 20 years thereof, except that the guaranteed loan or any increments issued in a single transaction may include obligations having different maturities, interest rates, and payment terms if the aggregate scheduled debt service for all obligations issued in a single transaction equals the debt service for a single loan or increment of like amount having the standard terms described in this sentence. The guarantor shall not have the right to accelerate any guaranteed loan or increment or to pay any amounts in respect of the guarantees issued other than in accordance with the original payment terms of the loan. For purposes of determining the maximum principal amount of any loan or increment to be guaranteed under this section, the principal amount of each such loan or increment shall be—

(A) in the case of any loan issued on a discount basis, the original issue price (excluding any transaction costs) thereof; or

(B) in the case of any loan issue on an interest-bearing basis, the stated principal amount thereof.

TITLE VI—MICROENTERPRISE DEVELOPMENT ASSISTANCE 354

SUBTITLE A—Grant Assistance 355

SEC. 251. FINDINGS AND POLICY.

Congress finds and declares the following:

(1) Access to financial services and the development of microenterprise are vital factors in the stable growth of developing countries and in the development of free, open, and equitable international economic systems.

(2) It is therefore in the best interest of the United States to facilitate access to financial services and assist the development of microenterprise in developing countries.

(3) Access to financial services and the development of microenterprises can be supported by programs providing credit, savings, training, technical assistance, business development services, and other financial services.

(4) Given the relatively high percentage of populations living in rural areas of developing countries, and the combined high incidence of poverty in rural areas and growing income inequality between rural and urban markets, microenterprise programs should target both rural and urban poor.

(5) Microenterprise programs have been successful and should continue to empower vulnerable women in the developing world. The Agency should work to ensure that recipients of microenterprise and microfinance development assistance under this title communicate and work with nongovernmental organizations and government organizations to identify and assist victims of trafficking as provided for in section 106(a)(1) of the Trafficking Victims Protection Act of 2000 (22 U.S.C. 7104(a)(1); Public Law 106–386) and women who are victims of or susceptible to other forms of exploitation and violence.

(6) Given that microenterprise programs have been successful in empowering disenfranchised groups such as women, microenterprise programs should also target populations disenfranchised due to race or ethnicity in countries where a strong relationship between poverty and race or ethnicity has been demonstrated, such as countries in Latin America.

354 Sec. 3 of the Microenterprise Results and Accountability Act of 2004 (Public Law 108–484; 118 Stat. 3922) added title VI, secs. 251 through 255. A previous title VI, relating to the Alliance for Progress, was added by the Foreign Assistance Act of 1962 (Public Law 87–565), and repealed by sec. 102(g)(1)(A) of the International Development and Food Assistance Act of 1978 (Public Law 95–424; 92 Stat. 942).

355 Sec. 4(c)(1) of the Microenterprise Results and Accountability Act of 2004 (Public Law 108–484; 118 Stat. 3922) inserted subtitle heading.

SEC. 252. AUTHORIZATION; IMPLEMENTATION; TARGETED ASSISTANCE.

(a) AUTHORIZATION.—The President is authorized to provide assistance on a non-reimbursable basis for programs in developing countries to increase the availability of credit, savings, and other services to microfinance and microenterprise clients lacking full access to capital, training, technical assistance, and business development services, through—

(1) assistance for the purpose of expanding the availability of credit, savings, and other financial and non-financial services to microfinance and microenterprise clients;
(2) assistance for the purpose of training, technical assistance, and business development services for microenterprises to enable them to make better use of credit, to better manage their enterprises, to conduct market analysis and product development for expanding domestic and international sales, particularly to United States markets, and to increase their income and build their assets;
(3) capacity-building for microfinance and microenterprise institutions in order to enable them to better meet the credit, savings, and training needs of microfinance and microenterprise clients; and
(4) policy, regulatory programs, and research at the country level that improve the environment for microfinance and microenterprise clients and institutions that serve the poor and very poor.

(b) IMPLEMENTATION.—

(2) ADDITIONAL PROVISIONS.—

(A) USE OF IMPLEMENTING PARTNER ORGANIZATIONS.—Assistance under this section shall emphasize the use of implementing partner organizations that best meet the requirements of subparagraph (C).

(B) USE OF CENTRAL FUNDING MECHANISMS.—

(i) PROGRAM.—In order to ensure that assistance under this title is distributed effectively and efficiently, the office shall also seek to implement a program of central funding under which assistance is administered directly by the office, including through targeted core support for microfinance and microenterprise networks and other practitioners.

(ii) FUNDING.—Of the amount made available to carry out this subtitle for a fiscal year, not less than $25,000,000 should be made available to carry out clause (i).

(C) EFFICIENCY AND COST-EFFECTIVENESS.—Assistance under this section shall meet high standards of efficiency,
cost-effectiveness, and sustainability and shall especially provide the greatest possible resources to the poor and very poor. When administering assistance under this section, the Administrator shall—

(i) take into consideration the percentage of funds a provider of assistance intends to expend on administrative costs;

(ii) take all appropriate steps to ensure that the provider of assistance keeps administrative costs as low as practicable to ensure the maximum amount of funds are used for directly assisting microfinance and microenterprise clients, for establishing sustainable microfinance and microenterprise institutions, or for advancing the microenterprise development field; and

(iii) give preference to proposals from providers of assistance that are the most technically competitive and have a reasonable allocation to overhead and administrative costs.

(3) APPROVAL OF STRATEGIC PLANS.—With respect to assistance provided under this section, the office shall be responsible for concurring in the microenterprise development components of strategic plans of missions, bureaus, and other offices of the Agency and providing technical support to field missions to help the missions prepare such components.

(c) TARGETED ASSISTANCE.—In carrying out sustainable poverty-focused programs under subsection (a), 50 percent of all microenterprise resources shall be targeted to clients who are very poor. Specifically, until September 30, 2006, such resources shall be used for—

(1) support of programs under this section through practitioner institutions that—

(A) provide credit and other financial services to clients who are very poor, with loans in 1995 United States dollars of—

(i) $1,000 or less in the Europe and Eurasia region;

(ii) $400 or less in the Latin America region; and

(iii) $300 or less in the rest of the world; and

(B) can cover their costs in a reasonable time period; or

(2) demand-driven business development programs that achieve reasonable cost recovery that are provided to clients holding poverty loans (as defined by the regional poverty loan limitations in paragraph (1)(A)), whether they are provided by microfinance institutions or by specialized business development services providers.

SEC. 253. MONITORING SYSTEM.

(a) IN GENERAL.—In order to maximize the sustainable development impact of assistance authorized under section 252(a), the Administrator of the Agency, acting through the Director of the office, shall strengthen its monitoring system to meet the requirements of subsection (b).

(b) REQUIREMENTS.—The requirements referred to in subsection (a) are the following:

\[358\] 22 U.S.C. 2211b.
(1) The monitoring system shall include performance goals for the assistance and expresses such goals in an objective and quantifiable form, to the extent feasible.

(2) The monitoring system shall include performance indicators to be used in measuring or assessing the achievement of the performance goals described in paragraph (1) and the objectives of the assistance authorized under section 252.

(3) The monitoring system provides a basis for recommendations for adjustments to the assistance to enhance the sustainability and the impact of the assistance, particularly the impact of such assistance on the very poor, particularly poor women.

(4) The monitoring system adopts the widespread use of proven and effective poverty assessment tools to successfully identify the very poor and ensure that they receive adequate access to microenterprise loans, savings, and assistance.

SEC. 254. DEVELOPMENT AND CERTIFICATION OF POVERTY MEASUREMENT METHODS; APPLICATION OF METHODS.

(a) DEVELOPMENT AND CERTIFICATION.—

(1) IN GENERAL.—The Administrator of the Agency, in consultation with microenterprise institutions and other appropriate organizations, shall develop no fewer than two low-cost methods for implementing partner organizations to use to assess the poverty levels of their current incoming or prospective clients. The Administrator shall develop poverty indicators that correlate with the circumstances of the very poor.

(2) FIELD TESTING.—The Administrator shall field-test the methods developed under paragraph (1). As part of the testing, institutions and programs may use the methods on a voluntary basis to demonstrate their ability to reach the very poor.

(3) CERTIFICATION.—Not later than April 1, 2005, the Administrator shall, from among the low-cost poverty measurement methods developed under paragraph (1), certify no fewer than two such methods as approved methods for measuring the poverty levels of current, incoming, or prospective clients of microenterprise institutions for purposes of assistance under section 252.

(b) APPLICATION.—The Administrator shall require that, with reasonable exceptions, all implementing partner organizations applying for microenterprise assistance under this title use one of the certified methods, beginning not later than October 1, 2006, to determine and report the poverty levels of current, incoming, or prospective clients.

SEC. 255. ADDITIONAL AUTHORITIES.

Notwithstanding any other provision of law, amounts made available for assistance for microenterprise development assistance under any provision of law other than this title may be provided to further the purposes of this title. To the extent assistance described in the preceding sentence is provided in accordance with such sentence, the Administrator of the Agency shall include, as part of the report required under section 258, a detailed description.

the United States should mobilize the capacities of the United States land-grant universities, other eligible universities, and public and private partners of universities in the United States and other countries, consistent with sections 103 and 103A of this Act, for: (1) global research on problems affecting food, agriculture, forestry, and fisheries; (2) improved human capacity and institutional resource development for the global application of agricultural and related environmental sciences; (3) agricultural development and trade research and extension services in the United States and other countries to support the entry of rural industries into world markets; and (4) providing for the application of agricultural sciences to solving food, health, nutrition, rural income, and environmental problems, especially such problems in low-income, food deficit countries.

The Congress so declares because it finds—

(A) that the establishment, endowment, and continuing support of land-grant universities in the United States by Federal, State, and county governments has led to agricultural progress with and through the private sector in this country and to understanding processes of economic development;

(B) that land-grant and other universities in the United States have demonstrated over many years their ability to cooperate with international agencies, educational and research institutions in other countries, the private sector, and nongovernmental organizations worldwide, in expanding global agricultural production, processing, business and trade, to the benefit of aid recipient countries and of the United States;

(C) that, in a world of growing populations with rising expectations, increased food production and improved distribution, storage, and marketing in the developing countries is necessary not only to prevent hunger and ensure human health and child survival, but to build the basis for economic growth

393 Sec. 2(a)(2)(A) of the Famine Prevention and Freedom From Hunger Improvement Act of 2000 (Public Law 106–373; 114 Stat. 1427) redesignated paras. (1) through (7) as subparas. (A) through (G), respectively. Sec. 2(a)(2)(E) of that Act struck out newly redesignated subparas. (E) and (G), which had read as follows:

"(E) that research, teaching, and extension activities, and appropriate institutional development therefor are prime factors in increasing agricultural production abroad (as well as in the United States) and in improving food distribution, storage, and marketing;

*(G) that universities need a dependable source of Federal funding, as well as other financing, in order to expand, or in some cases to continue, their efforts to assist in increasing agricultural production in developing countries."

394 Sec. 2(a)(2)(B) of the Famine Prevention and Freedom From Hunger Improvement Act of 2000 (Public Law 106–373; 114 Stat. 1427) struck out “in this country” and inserted in lieu thereof “with and through the private sector in this country and to understanding processes of economic development.”

"(B) that land-grant and other universities in the United States have demonstrated over many years their ability to cooperate with international agencies, educational and research institutions in other countries, the private sector, and nongovernmental organizations worldwide, in expanding global agricultural production, processing, business and trade, to the benefit of aid recipient countries and of the United States;"

396 Sec. 2(a)(2)(D) of the Famine Prevention and Freedom From Hunger Improvement Act of 2000 (Public Law 106–373; 114 Stat. 1428) amended and restated subpara. (C). It formerly read as follows:

"(C) that, in a world of growing population with rising expectations, increased food production and improved distribution, storage, and marketing in the developing countries is necessary not only to prevent hunger but to build the economic base for growth, and moreover, that the greatest potential for increasing world food supplies is in the developing countries where the gap between food demand and food supply is the greatest and current yields are lowest."
and trade, and the social security in which democracy and a market economy can thrive, and moreover, that the greatest potential for increasing world food supplies and incomes to purchase food is in the developing countries where the gap between food need and food supply is the greatest and current incomes are lowest;

(D) that increasing and making more secure the supply of food is of greatest benefit to the poorest majority in the developing world;

(E) that, with expanding global markets and increasing imports into many countries, including the United States, food safety and quality, as well as secure supply, have emerged as mutual concerns of all countries;

(F) that research, teaching, and extension activities, and appropriate institutional and policy development therefore are prime factors in improving agricultural production, food distribution, processing, storage, and marketing abroad (as well as in the United States);

(G) moreover, that agricultural research abroad has in the past and will continue in the future to provide benefits for agriculture and the broader economy of the United States and that increasing the availability of food of higher nutritional quality is of benefit to all;

(H) that there is a need to responsibly manage the world’s agricultural and natural resources for sustained productivity, health and resilience to climate variability; and

(I) that universities and public and private partners of universities need a dependable source of funding in order to increase the impact of their own investments and those of their State governments and constituencies, in order to continue and expand their efforts to advance agricultural development in cooperating countries, to translate development into economic growth and trade for the United States and cooperating countries, and to prepare future teachers, researchers, extension specialists, entrepreneurs, managers, and decisionmakers for the world economy.

(b) Accordingly, the Congress declares that, in order to prevent famine and establish freedom from hunger, the following com-

Chapter 6—Central America Democracy, Peace, and Development Initiative

Sec. 461. Statement of Policy.—(a) The Congress finds that—

509 Sec. 22 U.S.C. 2261.
(1) the building of democracy, the restoration of peace, the improvement of living conditions, and the application of equal justice under law in Central America are important to the interests of the United States and the community of American States; and

(2) the interrelated issues of social and human progress, economic growth, political reform, and regional security must be effectively dealt with to assure a democratic and economically and politically secure Central America.

(b)(1) The achievement of democracy, respect for human rights, peace, and equitable economic growth depends primarily on the cooperation and the human and economic resources of the people and governments of Central America. The Congress recognizes that the United States can make a significant contribution to such peaceful and democratic development through a consistent and coherent policy which includes a long-term commitment of assistance. This policy should be designed to support actively—

(A) democracy and political reform, including opening the political process to all members of society;

(B) full observance of internationally recognized human rights, including free elections, freedom of the press, freedom of association, and the elimination of all human rights abuses;

(C) leadership development, including training and educational programs to improve public administration and the administration of justice;

(D) land reform, reform in tax systems, encouragement of private enterprise and individual initiative, creation of favorable investment climates, curbing corruption where it exists, and spurring balanced trade;

(E) the establishment of the rule of law and an effective judicial system; and

(F) the termination of extremist violence by both the left and the right as well as vigorous action to prosecute those guilty of crimes and the prosecution to the extent possible of past offenders.

(2) The policy described in paragraph (1) should also promote equitable economic growth and development, including controlling the flight of capital and the effective use of foreign assistance and adhering to approved programs for economic stabilization and fiscal responsibility. Finally, this policy should foster dialog and negotiations—

(A) to achieve peace based upon the objectives of democratization, reduction of armament, an end to subversion, and the withdrawal of foreign military forces and advisers; and

(B) to provide a security shield against violence and intimidation.

(3) It is the purpose of this chapter to establish the statutory framework and to authorize the appropriations and financing necessary to carry out the policy described in this section.

(c) The Congress finds, therefore, that the people of the United States are willing to sustain and expand a program for economic and military assistance in Central America if the recipient countries can demonstrate progress toward and a commitment to these goals.
Sec. 462. Conditions on Furnishing Assistance.—The President shall ensure that assistance authorized by this Act and the Arms Export Control Act to Central American countries is furnished in a manner which fosters demonstrated progress toward and commitment to the objectives set forth in section 461. Where necessary to achieve this purpose, the President shall impose conditions on the furnishing of such assistance. In carrying out this section, the President shall consult with the Congress in regard to progress toward the objectives set forth in section 461, and any conditions imposed on the furnishing of assistance in furtherance of those objectives.

Sec. 463. Peace Process in Central America.—The Congress—
(1) strongly supports the initiatives taken by the Contadora group and the resulting Document of Objectives which has been agreed to by Costa Rica, El Salvador, Guatemala, Honduras, and Nicaragua and which sets forth a framework for negotiating a peaceful settlement to the conflict and turmoil in the region; and
(2) finds that the United States should provide such assistance and support as may be appropriate in helping to reach comprehensive and verifiable final agreements, based on the Document of Objectives, which will ensure peaceful and enduring solutions to the Central American conflicts.

Sec. 464. Economic Assistance Coordination.—(a) The Congress finds that participation by Central American countries in an effective forum for dialogue on, and the continuous review and advancement of, Central America’s political, economic, and social development would foster cooperation between the United States and Central American countries.
(b) It is the sense of the Congress that—
(1) the President should enter into negotiations with the countries of Central America to establish a Central American Development Organization (hereafter in this section referred to as the “Organization”) to help provide a continuous and coherent approach to the development of the Central American region; and
(2) the establishment of the Organization should be based upon the following principles:
   (A) Participation in the Organization should be open to the United States, other donors, and those Central American countries that commit themselves to, among other things, respecting internationally recognized human rights, building democracy, and encouraging equitable economic growth through policy reforms.
   (B) The Organization should be structured to include representatives from both the public and private sectors, including representatives from the labor, agriculture, and business communities.
   (C) The Organization should meet periodically to carry out the functions described in subparagraphs (D) and (E)
of this paragraph and should be supported by a limited professional secretariat.

(D) The Organization should make recommendations affecting Central American countries on such matters as—

(i) political, economic, and social development objectives, including the strengthening of democratic pluralism and the safeguarding of internationally recognized human rights;

(ii) mobilization of resources and external assistance needs; and

(iii) reform of economic policies and structures.

(E) The Organization should have the capacity for monitoring country performance on recommendations issued in accordance with subparagraph (D) of this paragraph and for evaluating progress toward meeting such country objectives.

(F) To the maximum extent practicable, the United States should follow the recommendations of the Organization in disbursing bilateral economic assistance for any Central American country. No more than 75 percent of such United States assistance in any fiscal year should be disbursed until the recommendations of the Organization for that fiscal year have been made final and communicated to the donor countries. The limitation on disbursements contained in the preceding sentence should apply only to recommendations made final and communicated to donor countries prior to the fourth quarter of such fiscal year. The United States representative to the Organization should urge other donor countries to similarly implement the recommendations of the Organization.

(G) The administrator of the agency primarily responsible for administering part I of this Act, or his designee, should represent the United States Government in the Organization and should carry out his functions in that capacity under the continuous supervision and general direction of the Secretary of State.

(c) Subject to subsection (d)(2), the President is authorized to participate in the Organization.

(d)(1) The administrator of the agency primarily responsible for administering part I of this Act, under the supervision and direction of the Secretary of State, shall prepare a detailed proposal to carry out this section and shall keep the Committee on Foreign Affairs of the House of Representatives and the Committee on Foreign Relations of the Senate fully and currently informed concerning the development of this proposal.

(2) The President shall transmit to the Committee on Foreign Affairs of the House of Representatives and the Committee on Foreign Relations of the Senate a copy of the text of any agreement, which he proposes to sign, that would provide for the establishment of and United States participation in the Organization no less than sixty days prior to his signature. During that sixty-day period there

Sec. 482. Authorization.—To carry out the purposes of section 481, there are authorized to be appropriated to the President $42,500,000 for each of the fiscal years 1974 and 1975, and $40,000,000 for the fiscal year 1976, of which no part may be obligated for or on behalf of any country where illegal traffic in opiates has been a significant problem unless and until the President determines and certifies in writing to the Speaker of the House of Representatives and the chairman of the Committee on Foreign Relations of the Senate that assistance furnished to such country pursuant to the authority in this chapter is significantly reducing the amount of illegal opiates entering the international market, and not to exceed $34,000,000 for the fiscal year 1977. The 1980 amendment, in addition to other changes in subsection (a), struck out a paragraph which had earmarked $16 million for Colombia during fiscal year 1980 for a variety of items used in the interdiction of drug traffic.

Subsec. (a) was further amended and restated when sec. 502(c) of the International Security and Development Cooperation Act of 1981 (Public Law 97–113; 95 Stat. 1539) substituted the authorization levels for fiscal years 1982 and 1983 in lieu of the figure for fiscal year 1981 and deleted a paragraph limiting the fiscal year 1981 U.S. contribution to the U.N. Fund for Drug Abuse Control to $3,000,000 or 50 percent of total contributions, whichever is less.

Subsec. (a) was further amended when sec. 4201 of the International Narcotics Control Act of 1986 (Public Law 100–690; 102 Stat. 4267) set the fiscal year 1989 authorization level and struck out the following:

"(3) Funds authorized to be appropriated by this section for fiscal year 1986 and for fiscal year 1987 may be used for a contribution to the United Nations Fund for Drug Abuse Control only if that organization includes in its crop substitution projects a plan for cooperation with the law enforcement forces of the host country."\(^{548}\)

Congress did not enact an authorization for fiscal year 2005. Sec. 483. Prohibition on Use of Foreign Assistance for Reimbursements for Drug Crop Eradications.—Funds made available to carry out this Act may not be used to reimburse persons whose illicit drug crops are eradicated.

Sec. 484. Requirements relating to Aircraft and other Equipment.

(a) Retention of Title to Aircraft.—

(B) Subparagraph (A) applies to aircraft made available at any time after October 27, 1986 (which was the date of enactment of the International Narcotics Control Act of 1986).

(2) Exceptions.—(A) Paragraph (1) shall not apply to the extent that—

(i) the application of that paragraph with respect to particular aircraft would be contrary to the national interest of the United States; and

(ii) the President notifies the appropriate congressional committees in accordance with the procedures applicable to reprogramming notifications under section 634A.

(B) Paragraph (1) does not apply with respect to aircraft made available to a foreign country under any provision of law that authorizes property that has been civilly or criminally forfeited to the United States to be made available to foreign countries.

(3) Assistance for Leasing of Aircraft.—(A) For purposes of satisfying the requirement of paragraph (1), funds made available for the “Foreign Military Financing Program” under section 23 of the Arms Export Control Act may be used to finance the leasing of aircraft under chapter 6 of that Act.

(B) Section 61(a)(3) of that Act shall not apply with respect to leases so financed; rather the entire cost of any such lease (including any renewals) shall be an initial, one time payment of the amount which would be the sales price for the aircraft if they were sold under section 21(a)(1)(B) or section 22 of that Act (as appropriate).

(C) To the extent that aircraft so leased were acquired under chapter 5 of that Act, funds used pursuant to this paragraph to finance such leases shall be credited to the Special Defense

(a) If any funds authorized to be appropriated for any fiscal year for assistance under this Act are not used for assistance for the country for which those funds were allocated because of the requirements of section 490 or any other provision of law requiring the withholding of assistance for countries that have not taken adequate steps to halt illicit drug production or trafficking, the President shall use those funds for additional assistance for those countries which have met their illicit drug eradication targets or have otherwise taken significant steps to halt illicit drug production or trafficking, as follows:

(1) INTERNATIONAL NARCOTICS CONTROL ASSISTANCE.—Those funds may be transferred to and consolidated with the funds appropriated to carry out this chapter in order to provide additional narcotics control assistance for those countries. Funds transferred under this paragraph may only be used to provide increased funding for activities previously justified to the Congress. (1) has been convicted of a violation of, or a conspiracy to violate, any law or regulation of the United States, a State or the District of Columbia, or a foreign country relating to narcotic or psychotropic drugs or other controlled substances, or

(b) **Construction of Facilities.**—

(1) **Limitation.**—Funds made available to carry out this chapter may not be used for construction of facilities for use by foreign military, paramilitary, or law enforcement forces unless, at least 15 days before obligating funds for such construction, the President notifies the appropriate congressional committees in accordance with procedures applicable to reprogramming notifications under section 634A.

(2) **Exception.**—Paragraph (1) shall not apply to the construction of facilities which would require the obligation of less than $750,000 under this chapter.

SEC. 489. **Reporting Requirements.**

(a) **International Narcotics Control Strategy Report.**—Not later than March 1 of each year, the President shall transmit to the Speaker of the House of Representatives, and to the Com-
mittee on Foreign Relations of the Senate, a report containing the following:

(B) Information on multilateral and bilateral strategies with respect to money laundering pursued by the Department of State, the Department of Justice, the Department of the Treasury, and other relevant United States Government agencies, either collectively or individually, to ensure the cooperation of foreign governments with respect to narcotics-related money laundering and to demonstrate that all United States Government agencies are pursuing a common strategy with respect to major money laundering countries. The report shall include specific detail to demonstrate that all United States Government agencies are pursuing a common strategy with respect to achieving international cooperation against money laundering and are pursuing a common strategy with respect to major money laundering countries, including a summary of United States objectives on a country-by-country basis.

(3) The identity of those countries which are—

Sec. 101(f)(1)(B)(iii) of the International Narcotics Control Corrections Act of 1994 (Public Law 103–447; 108 Stat. 4692) struck out subpara. (B), and redesignated subparas. (C) and (D) as subparas. (B) and (C). Subpara. (B) formerly read as follows:

(B) the significant direct or indirect sources of narcotics and psychotropic drugs and other controlled substances significantly affecting the United States;“.
(A) major illicit drug producing countries or major drug-
transit countries as determined under section 490(h);
(B) major sources of precursor chemicals used in the pro-
duction of illicit narcotics; or
(C) major money laundering countries.

(4) In addition, for each country identified pursuant to para-
graph (3), the following:

(A) A description of the plans, programs, and timetables
adopted by such country, including efforts to meet the ob-

cial of the government of such country engages in, encour-
gages, or facilitates the illicit production or distribution of
such drugs or substances, or the laundering of proceeds
from illegal drug transactions.

graph (3)(A) or (3)(B), a detailed status report, with such infor-
mation as can be reliably obtained, on the narcotic or psycho-
tropic drugs or other controlled substances which are being cul-
tivated, produced, or processed in or transported through such
country, noting significant changes in conditions, such as in-
creases or decreases in the illicit cultivation and manufacture
of and traffic in such drugs and substances.

(6) In addition, for those countries identified pursuant to
paragraph (3)(C)—

(A)(i) Which countries have financial institutions engag-
ing in currency transactions involving international nar-
cotics trafficking proceeds that include significant amounts
of United States currency or currency derived from illegal
drug sales in the United States or that otherwise signifi-
cantly affect the United States;
(ii) which countries identified pursuant to clause (i) have not reached agreement with the United States authorities on a mechanism for exchanging adequate records in connection with narcotics investigations and proceedings; and

(iii) which countries identified pursuant to clause (ii)—

(I) are negotiating in good faith with the United States to establish such a record-exchange mechanism, or

(II) have adopted laws or regulations that ensure the availability to appropriate United States Government personnel and those of other governments of adequate records in connection with narcotics investigations and proceedings.

(B) Which countries—

(i) criminalized narcotics money laundering;

(ii) required banks and other financial institutions to know and record the identity of customers engaging in significant transactions, including the recording of large currency transactions at thresholds appropriate to that country's economic situation;

(2) Information to be Included.—Each report pursuant to this subsection shall—

(A) specify the amount and nature of the assistance provided or to be provided;

(B) include, for each country identified in subsection (a)(3)(A), information from the Drug Enforcement Administration, the Customs Service, and the Coast Guard describing in detail—

(i) the assistance provided or to be provided to such country by that agency, and

(ii) the assistance provided or to be provided to that agency by such country,

with respect to narcotic control efforts during the preceding fiscal year, the current fiscal year, and the next fiscal year; and

(C) list all transfers, which were made by the United States Government during the preceding fiscal year, to a foreign country for narcotics control purposes of any property seized by or otherwise forfeited to the United States Government in connection with narcotics-related activity, including an estimate of the fair market value and physical condition of each item of property transferred.

"(B) include a justification for each country so designated.

"(3) LIMITATION ON ASSISTANCE FOR DESIGNATED COUNTRIES.—In the case of a country identified in a report under paragraph (1) that is also designated under paragraph (2) in the report, United States assistance may be provided to such country in the subsequent fiscal year only if the President determines and reports to the appropriate congressional committees that—

"(A) provision of such assistance to the country in such fiscal year is vital to the national interests of the United States; or

"(B) subsequent to the designation being made under paragraph (2)(A), the country has made substantial efforts—

"(i) to adhere to its obligations under international counternarcotics agreements; and

"(ii) to take the counternarcotics measures set forth in section 489(a)(1) of the Foreign Assistance Act of 1961.

"(4) INTERNATIONAL COUNTERNARCOTICS AGREEMENT DEFINED.—In this section, the term "international counternarcotics agreement" means—

"(A) the United Nations Convention Against Illicit Traffic in Narcotic Drugs and Psychotropic Substances; or

"(B) Notwithstanding paragraphs (1) through (5)(A) of this section, the President may apply the procedures set forth in section 490 (a) through (h) of the Foreign Assistance Act of 1961 during any fiscal year with respect to any country determined to be a major drug transit country or major illicit drug producing country as defined in section 481(e) of the Foreign Assistance Act of 1961.

"(6) STATUTORY CONSTRUCTION.—Nothing in this section supersedes or modifies the requirement in section 489(a) of the Foreign Assistance Act of 1961 (with respect to the Inter-
national Narcotics Control Strategy Report) for the transmittal of a report not later than March 1 of each fiscal year under that section.

(7) TRANSITION RULE.—For funds obligated or expended under this section in fiscal year 2003, the date for submission of the report required by paragraph (1) of this section shall be at least 15 days before funds are obligated or expended.

(8) EFFECTIVE DATE.—This section shall take effect upon the date of enactment of this Act into law and shall remain in effect thereafter unless Congress enacts subsequent legislation repealing such section.

Pursuant to sec. 706, the President submitted the following determination on September 15, 2004 (Presidential Determination No. 2004–47; 69 F.R. 57809):

Pursuant to section 706(1) of the Foreign Relations Authorization Act, Fiscal Year 2003 (Public Law 107–228) (FRAA), I hereby identify the following countries as major drug-transit or major illicit drug producing countries: Afghanistan, The Bahamas, Bolivia, Brazil, Burma, Colombia, Dominican Republic, Ecuador, Guatemala, Haiti, India, Laos, Mexico, Nigeria, Pakistan, Panama, Paraguay, Peru, Venezuela, and Vietnam.

The Majors List applies by its terms to ‘countries’. The United States Government interprets the term broadly to include entities that exercise autonomy over actions or missions that would lead to a decision to place them on the list and, subsequently, to determine their eligibility for certification. A country’s presence on the Majors List is not necessarily an adverse reflection of its economic or counter-narcotics efforts or level of cooperation with the United States. It is consistent with the statutory definition of a major drug-transit or drug-producing country set forth in section 481(e)(5) of the Foreign Assistance Act of 1961, as amended (FAA), one of the reasons that major drug-transit or illicit drug producing countries are placed on the list is the combination of geographical, commercial, and economic factors that allow drugs to transit or be produced despite the concerned government’s most assiduous enforcement measures.

Pursuant to section 706(2)(A) of the FRAA, I hereby designate Burma as a country that has failed demonstrably during the previous 12 months to adhere to its obligations under international counternarcotics agreements and take the measures set forth in section 489(a)(1) of the FAA. Attached to this report is a justification (statement of explanation) for the determination on Burma, as required by section 706(2)(B).

I have removed Thailand from the list of major drug-transit or major illicit drug producing countries. Thailand’s opium poppy cultivation is well below the levels specified in the FRAA; no heroin processing laboratories have been found in Thailand for several years, and Thailand is no longer a significant direct source of illicit narcotic or psychotropic drugs or other controlled substances significantly affecting the United States; nor is it a country through which such drugs or substances are transported.

In contrast to the Government of Haiti’s dismal performance last year under the Aristide regime, the new Interim Government of Haiti (IGOH), headed by Prime minister Latorre, has taken substantive—if limited—counter-narcotics actions in the few months it has been in office. Nevertheless, we remain deeply concerned about the ability of Haitian law enforcement to reorganize and restructure sufficiently to carry out sustained counternarcotics efforts.

The decreased use of MDMA (Ecstasy) among young people in the United States is a hopeful sigh, but we continue to place priority on stopping the threat of club drugs, including MDMA, of which the The Netherlands continues to be the dominant source country. The Government of The Netherlands is an enthusiastic and capable partner, and we commend its efforts. We continue to be concerned, however, by obstacles to mutual legal assistance and extradition from The Netherlands. There is a need to work more deliberately to disrupt the criminal organizations responsible for the production and trafficking of synthetic drugs. Specifically, we urge enhanced use of financial investigation, including full exploitation of anti-money laundering statutes and financial investigators to identify and dismantle trafficking organizations, and to seize and forfeit the assets acquired from the drug trade.

While the vast majority of illicit drugs entering the United States continue to come from South America and Mexico, we remain concerned about the substantial flow of illicit drugs from Canada. I commend Canada for its successful efforts to curb the diversion of precursor chemicals used in methamphetamine production. We are now working intensively with Canadian authorities to address the increase in the smuggling of Canadian-produced marijuana into the United States; however we are concerned the lack of significant judicial sanctions against marijuana industry process criminal groups. Canada has expressed concern to us about the flow of cocaine and other illicit substances through the United States into Canada. United States and Canadian law enforcement personnel have collaborated on a number of investigations that have led to the dismantling of several criminal organizations. The two governments will continue to work closely in the year ahead to confront these shared threats.

Nigeria puts measures in place to increase the effectiveness of the National Drug Law Enforcement Agency and arrested a trafficker wanted by the United States and agreed-upon interdiction targets. However, Nigeria must take significant and decisive action to investigate and prosecute political corruption, which continues to undermine the transparency of government. President Obasanjo took steps to address corruption at the Federal level in Sea Island, Georgia, by entering into a Compact to Promote Transparency and Combat Corruption. Positive transparent measures will in turn benefit Nigeria's anti-narcotics efforts, the rule of law, and all democratic institutions.

Despite good faith efforts on the part of the central Afghanist government, we are concerned about increased opium crop production in the provinces.

We are deeply concerned about heroin and methamphetamine linked to North Korea being trafficked to East Asian countries. We consider it highly likely that state agents and enterprises in North Korea are involved in the narcotics trade. While we know that some opium poppy is cultivated in North Korea, reliable information confirming the extent of opium production is cur-
(1) **Bilaterial Assistance.**—Fifty percent of the United States assistance allocated each fiscal year in the report required by section 653 for each major illicit drug producing country or major drug-transit country\(^{580}\) shall be withheld from obligation and expenditure, except as provided in subsection (b). This paragraph shall not apply with respect to a country if the President determines that its application to that country would be contrary to the national interest of the United States, except that any such determination shall not take effect until at least 15 days after the President submits written notification of that determination to the appropriate congressional committees in accordance with the procedures applicable to reprogramming notifications under section 634A.

(2) **Multilateral Assistance.**—The Secretary of the Treasury shall instruct the United States Executive Director of each multilateral development bank to vote, on and after March 1\(^{581}\) of each year, against any loan or other utilization of the funds of their respective institution to or for any major illicit drug producing country or major drug-transit country (as determined under subsection (h)), except as provided in subsection (b). For purposes of this paragraph, the term “multilateral development bank” means the International Bank for Reconstruction and Development, the International Development Association, the Inter-American Development Bank, the Asian Development Bank, the African Development Bank, and the European Bank for Reconstruction and Development.

(b) **Certification Procedures.**—

(1) **What must be certified.**—Subject to subsection (d), the assistance withheld from a country pursuant to subsection (a)(1) may be obligated and expended, and the requirement of subsection (a)(2) to vote against multilateral development bank assistance to a country shall not apply, if the President determines and certifies to the Congress, at the time of the submission of the report required by section 489(a), that—

(A) during the previous year the country has cooperated fully with the United States, or has taken adequate steps on its own, to achieve full compliance with the goals and objectives established by the United Nations Convention

Sec. 490

Against Illicit Traffic in Narcotic Drugs and Psychotropic Substances; or

(B) for a country that would not otherwise qualify for certification under subparagraph (A), the vital national interests of the United States require that the assistance withheld pursuant to subsection (a)(1) be provided and that the United States not vote against multilateral development bank assistance for that country pursuant to subsection (a)(2).

(2) Considerations Regarding Cooperation.—In making the determination described in paragraph (1)(A), the President shall consider the extent to which the country has—

(A) met the goals and objectives of the United Nations Convention Against Illicit Traffic in Narcotic Drugs and Psychotropic Substances, including action on such issues as illicit cultivation, production, distribution, sale, transport and financing, and money laundering, asset seizure, extradition, mutual legal assistance, law enforcement and transit cooperation, precursor chemical control, and demand reduction;

(B) accomplished the goals described in an applicable bilateral narcotics agreement with the United States or a multilateral agreement; and

(C) taken legal and law enforcement measures to prevent and punish public corruption, especially by senior government officials, that facilitates the production, processing, or shipment of narcotic and psychotropic drugs and other controlled substances, or that discourages the investigation or prosecution of such acts.

(3) Information to Be Included in National Interest Certification.—If the President makes a certification with respect to a country pursuant to paragraph (1)(B), the President shall include in such certification—

(A) a full and complete description of the vital national interests placed at risk if United States bilateral assistance to that country is terminated pursuant to this section and multilateral development bank assistance is not provided to such country; and

(B) a statement weighing the risk described in subparagraph (A) against the risks posed to the vital national interests of the United States by the failure of such country to cooperate fully with the United States in combating narcotics or to take adequate steps to combat narcotics on its own.

(c) Licit Opium Producing Countries.—The President may make a certification under subsection (b)(1)(A) with respect to a major illicit drug producing country, or major drug-transit country, that is a producer of licit opium only if the President determines that such country maintains licit production and stockpiles at levels no higher than those consistent with licit market demand, and has taken adequate steps to prevent significant diversion of its licit
cultivation and production into the illicit markets and to prevent illicit cultivation and production.\textsuperscript{582}

(d) CONGRESSIONAL REVIEW.—Subsection (e) shall apply if, within 30\textsuperscript{583} calendar days after receipt of a certification submitted under subsection (b) at the time of submission of the report required by section 489(a), the Congress enacts a joint resolution disapproving the determination of the President contained in such certification.

(e) DENIAL OF ASSISTANCE FOR COUNTRIES DECERTIFIED.—If the President does not make a certification under subsection (b) with respect to a country or the Congress enacts a joint resolution disapproving such certification, then until such time as the conditions specified in subsection (f) are satisfied—

(1) funds may not be obligated for United States assistance for that country, and funds previously obligated for United States assistance for that country may not be expended for the purpose of providing assistance for that country; and

PART II

Chapter 1—Policy

Sec. 501. Statement of Policy.—The Congress of the United States reaffirms the policy of the United States to achieve international peace and security through the United Nations so that armed force shall not be used except for individual or collective self-defense. The Congress hereby finds that the efforts of the United States and other friendly countries to promote peace and security continue to require measures of support based upon the principle of effective self-help and mutual aid. It is the purpose of this part to authorize measures in the common defense against internal and external aggression, including the furnishing of military assistance, upon request, to friendly countries and international organizations. In furnishing such military assistance, it remains the policy of the United States to continue to exert maximum efforts to achieve universal control of weapons of mass destruction and universal regulation and reduction of armaments, including armed forces, under adequate safeguards to protect complying countries against violation and invasion.

669 Sec. 504(a) of the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 1993 (Public Law 102-391; 106 Stat. 1692), inserted a chapter 12 at the end of Part I, preceding this note, to provide for the Enterprise for the Americas Initiative. Sec. 602(b) of the Jobs Through Exports Act of 1992 (Public Law 102-549; 106 Stat. 3669), struck out this amendment, however, and inserted “Part IV—Enterprise for the Americas Initiative” beginning at sec. 701 of this Act.
670 Sec. 201(a) of the FA Act of 1963 struck out the words “Short Title and” in the chapter heading which formerly read “Short Title and Policy”.
671 22 U.S.C. 2901. Former sec. 502 was designated sec. 501 by sec. 201(a)(1) of the FA Act of 1967 (Public Law 90-137). Former sec. 501, which related to the short title, was repealed by sec. 201(b) of the FA Act of 1963 (Public Law 88-205).
The Congress recognizes that the peace of the world and the security of the United States are endangered so long as hostile countries continue by threat of military action, by the use of economic pressure, and by internal subversion, or other means to attempt to bring under their domination peoples now free and independent and continue to deny the rights of freedom and self-government to peoples and countries once free but now subject to such domination.

It is the sense of the Congress that an important contribution toward peace would be made by the establishment under the Organization of American States of an international military force.

In enacting this legislation, it is therefore the intention of the Congress to promote the peace of the world and the foreign policy, security, and general welfare of the United States by fostering an improved climate of political independence and individual liberty, improving the ability of friendly countries and international organizations to deter or, if necessary, defeat aggression, facilitating arrangements for individual and collective security, assisting friendly countries to maintain internal security, and creating an environment of security and stability in the developing friendly countries essential to their more rapid social, economic, and political progress. The Congress urges that all other countries able to contribute join in a common undertaking to meet the goals stated in this part.

It is the sense of the Congress that in the administration of this part priority shall be given to the needs of those countries in danger of becoming victims of aggression or in which the internal security is threatened by internal subversion inspired or supported by hostile countries.

Finally, the Congress reaffirms its full support of the progress of the members of the North Atlantic Treaty Organization toward increased cooperation in political, military, and economic affairs. In particular, the Congress welcomes the steps which have been taken to promote multilateral programs of coordinated procurement, research, development, and production of defense articles and urges that such programs be expanded to the fullest extent possible to further the defense of the North Atlantic area.

**Sec. 502. Utilization of Defense Articles and Services.**—Defense articles and defense services to any country shall be furnished solely for internal security (including for antiterrorism and nonproliferation purposes), for legitimate self-defense, to...
permit the recipient country to participate in regional or collective arrangements or measures consistent with the Charter of the United Nations, or otherwise to permit the recipient country to participate in collective measures requested by the United Nations for the purpose of maintaining or restoring international peace and security, or for the purpose of assisting foreign military forces in less developed friendly countries (or the voluntary efforts of personnel of the Armed Forces of the United States in such countries) to construct public works and to engage in other activities helpful to the economic and social development of such friendly countries. It is the sense of the Congress that such foreign military forces should not be maintained or established solely for civic action activities and that such civic action activities not significantly detract from the capability of the military forces to perform their military missions and be coordinated with and form part of the total economic and social development effort.

Sec. 502A. The United States shall, in accordance with its international obligations as set forth in the Charter of the United Nations and in keeping with the constitutional heritage and traditions of the United States, promote and encourage increased respect for human rights and fundamental freedoms throughout the world without distinction as to race, sex, language, or religion. Accordingly, a principal goal of the foreign policy of the United States shall be to promote the increased observance of internationally recognized human rights by all countries.

Sec. 502B. Human Rights.—(a)(1) The United States shall, in accordance with its international obligations as set forth in the Charter of the United Nations and in keeping with the constitutional heritage and traditions of the United States, promote and encourage increased respect for human rights and fundamental freedoms throughout the world without distinction as to race, sex, language, or religion. Accordingly, a principal goal of the foreign policy of the United States shall be to promote the increased observance of internationally recognized human rights by all countries.

Sec. 502B. Human Rights.—(a)(1) The United States shall, in accordance with its international obligations as set forth in the Charter of the United Nations and in keeping with the constitutional heritage and traditions of the United States, promote and encourage increased respect for human rights and fundamental freedoms throughout the world without distinction as to race, sex, language, or religion. Accordingly, a principal goal of the foreign policy of the United States shall be to promote the increased observance of internationally recognized human rights by all countries.
(2) Except under circumstances specified in this section, no security assistance may be provided to any country the government of which engages in a consistent pattern of gross violations of internationally recognized human rights. Security assistance may not be provided to the police, domestic intelligence, or similar law enforcement forces of a country, and licenses may not be issued under the Export Administration Act of 1979 for the export of crime control and detection instruments and equipment to a country, the government of which engages in a consistent pattern of gross violations of internationally recognized human rights unless the President certifies in writing to the Speaker of the House of Representatives and the chairman of the Committee on Foreign Relations of the Senate and the chairman of the Committee on Banking, Housing, and Urban Affairs of the Senate (when licenses are to be issued pursuant to the Export Administration Act of 1979), that extraordinary circumstances exist warranting provision of such assistance and issuance of such licenses. Assistance may not be provided under chapter 5 of this part to a country the government of which engages in a consistent pattern of gross violations of internationally recognized human rights unless the President certifies in writing to the Speaker of the House of Representatives and the chairman of the Committee on Foreign Relations of the Senate that extraordinary circumstances exist warranting provision of such assistance.

(3) In furtherance of paragraphs (1) and (2), the President is directed to formulate and conduct international security assistance programs of the United States in a manner which will promote and advance human rights and avoid identification of the United States, through such programs, with governments which deny to their people internationally recognized human rights and fundamental freedoms, in violation of international law or in contravention of the policy of the United States as expressed in this section or otherwise.

(4) In determining whether the government of a country engages in a consistent pattern of gross violations of internationally recognized human rights, the President shall give particular consideration to whether the government—

(A) has engaged in or tolerated particularly severe violations of religious freedom, as defined in section 3 of the International Religious Freedom Act of 1998; or

(B) has failed to undertake serious and sustained efforts to combat particularly severe violations of religious freedom when such efforts could have been reasonably undertaken.

(b) The Secretary of State shall transmit to the Congress, as part of the presentation materials for security assistance programs pro-
posed for each fiscal year, a full and complete report, prepared with the assistance of the Assistant Secretary of State for Democracy, Human Rights, and Labor and with the assistance of the Ambassador at Large for International Religious Freedom, with respect to practices regarding the observance of and respect for internationally recognized human rights in each country proposed as a recipient of security assistance. Wherever applicable, such report shall include consolidated information regarding the commission of war crimes, crimes against humanity, and evidence of acts that may constitute genocide (as defined in article 2 of the Convention on the Prevention and Punishment of the Crime of Genocide and modified by the United States instrument of ratification to that convention and section 2(a) of the Genocide Convention Implementation Act of 1987). Wherever applicable, such report shall include information on practices regarding coercion in population control, including coerced abortion and involuntary sterilization. Such report shall also include, wherever applicable, information on violations of religious freedom, including particularly severe violations of religious freedom (as defined in section 3 of the International Religious Freedom Act of 1998). Wherever applicable, a description of the nature and extent of acts of anti-Semitism and anti-Semitic incitement that occur, including the descriptions of such acts required under section 116(d)(8). Such report shall also include, for each country with respect to which the report indicates that extrajudicial killings, torture, or other serious violations of human rights have occurred in the country, the extent to which the United States has taken or will take action to encourage an end to such practices in the country. Each report under this section shall describe the extent to which each country has extended protection to refugees, including the provision of first asylum and re-

(e)702 Notwithstanding any other provision of law, funds authorized to be appropriated under part I of this Act may be made available for the furnishing of assistance to any country with respect to which the President finds that such a significant improvement in its human rights record has occurred as to warrant lifting the prohibition on furnishing such assistance in the national interest of the United States.

(f)703 In allocating the funds authorized to be appropriated by this Act and the Arms Export Control Act, the President shall take into account significant improvements in the human rights records of recipient countries, except that such allocations may not contravene any other provision of law.

(g)704 Whenever the provisions of subsection (e) or (f) of this section are applied, the President shall report to the Congress before making any funds available pursuant to those subsections. The report shall specify the country involved, the amount and kinds of assistance to be provided, and the justification for providing the assistance, including a description of the significant improvements which have occurred in the country’s human rights record.

700 Sec. 12(b) of the International Security Assistance Act of 1978 (Public Law 95–384; 92 Stat. 737) added “or chapter 6 (peacekeeping operations)” and struck out “or part VI (assistance to the Middle East) of this Act” which had previously been the final phrase of this paragraph.

701 While the printed slip law did not include a close parentheses in subpara. (B), it is interpreted that such a mark was intended to be inserted at this point.

705 Sec. 104(b) of the Trafficking Victims Protection Act of 2000 (division A of Public Law 106–386; 114 Stat. 1472) added subsec. (h).

(ii) Which government authorities in that country are involved in activities to combat such trafficking.

(iii) What steps the government of that country has taken to prohibit government officials from participating in, facilitating, or condoning such trafficking, including the investigation, prosecution, and conviction of such officials.

(vii) Whether the government of that country is assisting in international investigations of transnational trafficking networks and in other cooperative efforts to combat severe forms of trafficking in persons.

(viii) Whether the government of that country refrains from prosecuting victims of severe forms of trafficking in persons due to such victims having been trafficked, and refrains from other discriminatory treatment of such victims.

(ix) Whether the government of that country recognizes the rights of victims of severe forms of trafficking in persons and ensures their access to justice.

Chapter 2—Military Assistance

Sec. 503. General Authority.—(a) The President is authorized to furnish military assistance, on such terms and conditions as he may determine, to any friendly country or international organization, the assisting of which the President finds will strengthen the security of the United States and promote world peace and which is otherwise eligible to receive such assistance, by—

(1) acquiring from any source and providing (by loan or grant) any defense article or defense service;

(2) assigning or detailing members of the Armed Forces of the United States and other personnel of the Department of Defense to perform duties of a non-combatant nature; or

(3) transferring such of the funds appropriated or otherwise made available under this chapter as the President may determine for assistance to a recipient country,

706 22 U.S.C. 2311. Sec. 12(b)(1) of the FA Act of 1973 (Public Law 93–189) amended and restated sec. 503, which formerly read as follows:

"Sec. 503. General Authority.—The President is authorized to furnish military assistance on such terms and conditions as he may determine, to any friendly country or international organization, the assisting of which the President finds will strengthen the security of the United States and promote world peace and which is otherwise eligible to receive such assistance, by—

(a) acquiring from any source and providing (by loan or grant) any defense article or defense service;

(b) making financial contributions to multilateral programs for the acquisition or construction of facilities for collective defense;

(c) providing financial assistance for expenses incident to participation by the United States Government in regional or collective defense organizations;

(d) assigning or detailing members of the Armed Forces of the United States and other personnel of the Department of Defense to perform duties of a non-combatant nature, including those related to training or advice.

707 In 2004, the President determined "that the furnishing of defense articles and services to the RSS [Regional Security System] will strengthen the security of the United States and promote world peace" (Presidential Determination No. 2004–20 of January 5, 2004; 69 F.R. 2477).

708 In 2004, the President determined "that the furnishing of defense articles and services to the RSS will strengthen the security of the United States and promote world peace and which is otherwise eligible to receive such assistance by—

(a) acquiring from any source and providing (by loan or grant) any defense article or defense service;

(b) making financial contributions to multilateral programs for the acquisition or construction of facilities for collective defense;

(c) providing financial assistance for expenses incident to participation by the United States Government in regional or collective defense organizations;

(d) assigning or detailing members of the Armed Forces of the United States and other personnel of the Department of Defense to perform duties of a non-combatant nature, including those related to training or advice."

709 In 2005, the President determined "that the furnishing of defense articles and services to Iraq (Presidential Determination No. 2005–14 of May 27, 2005; 67 F.R. 39245) will strengthen the security of the United States and promote world peace and which is otherwise eligible to receive such assistance by—

(a) acquiring from any source and providing (by loan or grant) any defense article or defense service;"

710 Sec. 112(a) of the International Security and Development Cooperation Act of 1980 (Public Law 93–189) added para. (3).
count in which funds for the procurement of defense articles and defense services under section 21 and section 22 of the Arms Export Control Act have been deposited for such recipient, to be merged with such deposited funds, and to be used solely to meet obligations of the recipient for payment for sales under that Act. Sales which are wholly paid from funds transferred under paragraph (3) or from funds made available on a non-repayable basis under section 23 of the Arms Export Control Act shall be priced to exclude the costs of salaries of members of the Armed Forces of the United States (other than the Coast Guard).

(b) In addition to such other terms and conditions as the President may determine pursuant to subsection (a), defense articles may be loaned thereunder only if—

(1) there is a bona fide reason, other than the shortage of funds, for providing such articles on a loan basis rather than on a grant basis;

(2) there is a reasonable expectation that such articles will be returned to the agency making the loan at the end of the loan period unless the loan is then renewed;

(3) the loan period is of fixed duration not exceeding five years, during which such article may be recalled for any reason by the United States;

(4) the agency making the loan is reimbursed for the loan based on the amount charged to the appropriation for military assistance under subsection (c); and

(5) the loan agreement provides that (A) if the defense article is damaged while on loan, the country or international organization to which it was loaned will reimburse the United States for the cost of restoring or replacing the defense article, and (B) if the defense article is lost or destroyed while on loan, the country or international organization to which it was loaned will pay to the United States an amount equal to the replacement cost (less any depreciation in the value) of the defense article.

(c)(1) In the case of any loan of a defense article or defense service made under this section, there shall be a charge to the appropriation for military assistance for any fiscal year while the article or service is on loan in an amount based on—

(A) the out-of-pocket expenses authorized to be incurred in connection with such loan during such fiscal year; and

(B) the depreciation which occurs during such year while such article is on loan.

(2) The provisions of this subsection shall not apply—

710 Sec. 123(a) of the International Security and Development Cooperation Act of 1985 (Public Law 99–83; 99 Stat. 205) added this sentence. The language "or from funds *[ * * Act*] and "(other than the Coast Guard)" was added by Sec. 586(a) of the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 1989 (Public Law 100–461; 102 Stat. 2268), to become effective on October 1, 1989.

711 Sec. 109(c) of the International Security and Development Cooperation Act of 1981 (Public Law 97–113; 95 Stat. 1535) amended and restated para. (5). It formerly read as follows:

"(5) arrangements are made with the agency making the loan to be reimbursed in the event such article is lost or destroyed while on loan, such reimbursement being made first out of any funds available to carry out this chapter and based on the depreciated value of the article at the time of loss or destruction."

(2) Amounts appropriated under this subsection are authorized to remain available until expended.

(b) In order to make sure that a dollar spent on military assistance to foreign countries is as necessary as a dollar spent for the United States military establishment, the President shall establish procedures for programming and budgeting so that programs of military assistance come into direct competition for financial support with other activities and programs of the Department of Defense.

Sec. 505. Conditions of Eligibility.—(a) In addition to such other provisions as the President may require, no defense articles or related training or other defense service shall be furnished to any country on a grant basis unless it shall have agreed that—

(1) it will not, without the consent of the President—

(A) permit any use of such articles or related training or other defense service by anyone not an officer, employee, or agent of that country,

(B) transfer, or permit any officer, employee, or agent of that country to transfer such articles or related training or other defense service by gift, sale, or otherwise, or

(C) use or permit the use of such articles or related training or other defense service for purposes other than those for which furnished;

(2) it will maintain the security of such articles or related training or other defense service, and will provide substantially the same degree of security protection afforded to such articles or related training or other defense service by the United States Government;

(d) 717, 718  (1) Assistance and deliveries of assistance under this chapter to any country shall be terminated as hereinafter provided, if such country uses defense articles or defense services furnished under this Act, the Mutual Security Act of 1954, 719 or any predecessor Foreign Assistance Act, in substantial violation (either in terms of quantities or in terms of the gravity of the consequences regardless of the quantities involved) of any agreement entered into pursuant to any such Act (A) by using such articles or services for a purpose not authorized under section 502 or, if such agreement provides that such articles or services may only be used for purposes more limited than those authorized under section 502, for a purpose not authorized under such agreement; (B) by transferring such articles or services to, or permitting any use of such articles or services by, anyone not an officer, employee, or agent of the recipient country without the consent of the President; or (C) by failing to maintain the security of such articles or services.

(A) such articles are drawn from existing stocks of the Department of Defense;
(B) funds available to the Department of Defense for the procurement of defense equipment are not expended in connection with the transfer;
(C) the transfer of such articles will not have an adverse impact on the military readiness of the United States;
(D) with respect to a proposed transfer of such articles on a grant basis, such a transfer is preferable to a transfer on a sales basis, after taking into account the potential proceeds from, and likelihood of, such sales, and the comparative foreign policy benefits that may accrue to the United States as the result of a transfer on either a grant or sales basis;
(E) the President determines that the transfer of such articles will not have an adverse impact on the national technology and industrial base and, particularly, will not reduce the opportunities of entities in the national technology and industrial base to sell new or used equipment to the countries to which such articles are transferred; and
(F) the transfer of such articles is consistent with the policy framework for the Eastern Mediterranean established under section 620C of this Act.
(2) Accordingly, for the four-year period beginning on October 1, 1996, and thereafter for the four-year period beginning on October 1, 2000, the President shall ensure that excess defense articles offered to Greece and Turkey under this section will be made available consistent with the manner in which the President made available such excess defense articles during the four-year period that began on October 1, 1992, pursuant to section 573(e) of the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 1990.
(c) TERMS OF TRANSFERS.—

(d) In providing assistance in the procurement of commodities in the United States, United States dollars shall be made available for marine insurance on such commodities where such insurance is placed on a competitive basis in accordance with normal trade practice prevailing prior to the outbreak of World War II: Provided, That in the event a participating country, by statute, decree, rule, or regulation, discriminates against any marine insurance company authorized to do business in any State of the United States, then commodities purchased with funds provided hereunder and destined for such country shall be insured in the United States against marine risk with a company or companies authorized to do a marine insurance business in any State of the United States.

(e) No funds made available under this Act shall be used for the procurement of any agricultural commodity or product thereof outside the United States when the domestic price of such commodity is less than parity, unless the commodity to be financed could not reasonably be produced in the United States in fulfill-

(f)\textsuperscript{876} No funds authorized to be made available to carry out part I of this Act shall be used under any commodity import program to make any payment to a supplier unless the supplier has certified to the agency primarily responsible for administering such part I, such information as such agency shall by regulation prescribe, including but not limited to, a description of the commodity supplied by him and its condition, and on the basis of such information such agency shall have approved such commodity as eligible and suitable for financing under this Act.

Any commodities or defense articles so retained may be disposed of without regard to provisions of law relating to the disposal of property owned by the United States Government, when necessary to prevent spoilage or wastage of such commodities or defense articles or to conserve the usefulness thereof. Any period during which the United States Government is in possession of a written claim under subsection (b) of this section before mailing a notice of denial of that claim does not count in computing the six years. The last paragraph of section 1498(a) of title 28 of the United States Code shall apply to inventions and information covered by this section.

(b) Before suit against the United States Government has been instituted, the head of the agency of the United States Government concerned may settle and pay any claim arising under the circumstances described in subsection (a) of this section. Subsequently, sec. 902(b) of Public Law 102–572 (106 Stat. 4516) provided that any reference, in law or in Federal documents, to the United States Claims Court should be deemed to be a reference to the United States Court of Federal Claims.

Sec. 607. 883 22 U.S.C. 2357. Sec. 301(b) of the FA Act of 1968 (Public Law 90-554) added subsec. designation "(a)". Presidential authority in sec. 607 was delegated to the Secretary of State and to the Administrator of the Agency for International Development, respectively, for matters within their respective areas of responsibility, pursuant to a Presidential memorandum of February 16, 1995 (60 FR. 10793).

(d) The Secretary of State, acting through the Assistant Secretary of State for Oceans and International Environmental and Scientific Affairs, is authorized to transfer to any friendly country, international organization, the American Red Cross, or other voluntary nonprofit relief agency described in subsection (a), Government-owned excess property made available under this section or section 608 in order to support activities carried out under part I of this Act which are designed to enhance environmental protection in foreign countries if the Secretary of State makes a written determination—

Sec. 608. Advance Acquisition of Property.—(a) It is the sense of the Congress that in furnishing assistance under part I excess personal property, or (if a substantial savings would occur) other property already owned by an agency of the United States Government, should be utilized wherever practicable in lieu of or supplementary to the procurement of new items for United States-assisted projects and programs. The President is authorized to maintain in a separate account, which shall, notwithstanding section 1210 of the General Appropriation Act, 1951 (64 Stat. 765), be free from fiscal year limitations, $5,000,000 of funds made available under chapter 1 of part I, which may be used to pay costs (including personnel costs) of acquisition, storage, renovation and rehabilitation, packing, crating, handling transportation, and related costs of property classified as domestic or foreign excess property pursuant to the Federal Property and Administrative Services Act of 1949, as amended (40 U.S.C. 471 et seq.), any property available from an agency of the United States Government or other property, in advance of known requirements therefor for use in furtherance of the purposes of part I: Provided, That the amount of property classified as domestic excess property pursuant to the Federal Property and Administrative Services Act of 1949, as amended, held at any one time pursuant to this section shall not exceed $2,000,000.

897 22 U.S.C. 2360. Sec. 301(a) of the FA Act of 1962 added subsec. designation "(a)" and subsec. (b).

on September 30, 2004, the President determined "it necessary for the purposes of the act that $24,852,500 made available under Chapter 3 of Part I of the Act for Fiscal Year 2004 be transferred to, and consolidated with, funds made available under Chapter 4 of Part II of the Act, and such funds are hereby transferred and consolidated." (Presidential Determination No. 2004–54; 69 F.R. 60945).

Title V of the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 2005 (division D of Public Law 108–447; 118 Stat. 2809), provided the following:

"Transfers"

Sec. 509. Limitation on Transfers Between Agencies.—None of the funds made available by this Act may be transferred to any department, agency, or instrumentality of the
not to exceed 10 per centum of the funds made available for any provision of this Act (except funds made available pursuant to title IV of chapter 2 of part I or for section 23 of the Arms Export Control Act) may be transferred to, and consolidated with, the funds made available for any provision of this Act, (except funds made available under chapter 2 of part II of this Act) and may be used for any of the purposes for which such funds may be used, except that the total in the provision for the benefit of which the transfer is made shall not be increased by more than 20 per centum of the amount of funds made available for such provision.

(b) The authority contained in this section and in sections 451, 506 and 614 shall not be used to augment appropriations made available pursuant to sections 636(g)(1) and 637 or otherwise to finance activities which normally would be financed from appropriations for administrative expenses.

(c) Any funds which the President has notified Congress pursuant to section 653 that he intends to provide in military assistance to any country may be transferred to, and consolidated with, any other funds he has notified Congress pursuant to such section that he intends to provide to that country for development assistance purposes.

Sec. 611. Completion of Plans and Cost Estimates.—(a) No agreement or grant which constitutes an obligation of the

United States Government, except pursuant to a transfer made by, or transfer authority provided in, this Act or any other appropriation Act.

(2) Notwithstanding paragraph (1), in addition to transfers made by, or authorized elsewhere in, this Act, funds appropriated by this Act to carry out the purposes of the Foreign Assistance Act of 1961 may be allocated or transferred to agencies of the United States Government pursuant to the provisions of sections 109, 610, and 632 of the Foreign Assistance Act of 1961.

(b) TRANSFERS BETWEEN ACCOUNTS.—None of the funds made available by this Act may be obligated under an appropriation account to which they were not appropriated, except for transfers specifically provided for in this Act, unless the President, not less than 5 days prior to the exercise of any authority contained in the Foreign Assistance Act of 1961 to transfer funds, consults with and provides a written policy justification to the Committees on Appropriations of the House of Representatives and the Senate.

(c) AUDIT OF INTER-Agency TRANSFERS.—Any agreement for the transfer or allocation of funds appropriated by this Act, or prior Acts, entered into between the United States Agency for International Development and another agency of the United States Government under the authority of section 632(a) of the Foreign Assistance Act of 1961 or any comparable provision of law, shall expressly provide that the Office of the Inspector General for the agency receiving the transfer or allocation of such funds shall perform periodic program and financial audits of the use of such funds: Provided, That funds transferred under such authority may be made available for the cost of such audits."

886 Sec. 301 of the FA Act of 1969 (Public Law 91-175) added the parenthetical phrase. Sec. 10(a) of the International Narcotics Control Act of 1990 (Public Law 101-623; 104 Stat. 3356) inserted reference to sec. 23 of the Arms Export Control Act, but, in an enrolling error, this text was inserted inside the parenthesis. Should probably read "* * * for any provision of this Act (except funds made available pursuant to title IV of chapter 2 of part I) or for section 23 of the Arms Export Control Act may be transferred to * * *". Sec. 10 of that Act also struck out "other" at the place noted and provided that "(b) The amendments made by subsection (a) apply with respect to funds made available for fiscal year 1991 or any fiscal year thereafter.".

887 Sec. 19(a)(1) of the FA Act of 1974 (Public Law 93-559) added the parenthetical phrase. Sec. 301(c) of the FA Act of 1967 (Public Law 90-137) struck out "510" and inserted in lieu thereof "506".

888 Sec. 10(b)(2) of the International Security Assistance Act of 1978 (Public Law 95-424; 92 Stat. 735) repealed the final sentence of subsec. (b). It formerly read, as amended by the FA Act of 1966, as follows: "Not to exceed $9,000,000 of the funds appropriated under section 402 of this Act for any fiscal year may be transferred to and consolidated with appropriations made under section 637(a) of this Act for the same fiscal year, subject to the further limitation that funds so transferred shall be available solely for additional administrative expenses incurred in connection with programs in Vietnam."

889 Sec. 19(a)(2) of the FA Act of 1974 (Public Law 93-559) added subsec. (c).

(2) if such agreement or grant requires legislative action within the recipient country, unless such legislative action may reasonably be anticipated to be completed in time to permit the orderly accomplishment of the purposes of such agreement or grant.

(b) Plans required under subsection (a) of this section for any water or related land resource construction project or program shall include a computation of benefits and costs made insofar as practicable in accordance with the principles, standards, and procedures established pursuant to the Water Resources Planning Act (42 U.S.C. 1962, et seq.) or acts amendatory or supplementary thereto.

Foreign currencies so received which are in excess of the amounts so reserved and of the requirements of the United States Government in payment of its obligations outside the United States, as such requirements may be determined from time to time by the President, shall be available for the authorized purposes of part I in such amounts as may be specified from time to time in appropriation Acts.

(b) Any Act of Congress making appropriations to carry out programs under this or any other Act for United States operations abroad is hereby authorized to provide for the utilization of United States-owned excess foreign currencies to carry out any such operations authorized by law.

(c) In addition to funds otherwise available, excess foreign currencies, as defined in subsection (b), may be made available to friendly foreign governments and to private, nonprofit United States organizations to carry out voluntary family planning programs in countries which request such assistance. No such program shall be assisted unless the President has received assurances that in the administration of such program the recipient will take reasonable precautions to insure that no person receives any family planning assistance or supplies unless he desires such services. The excess foreign currencies made available under this subsection shall not, in any one year, exceed 5 per centum of the aggregate of all excess foreign currencies. (d) In cases where assistance is to be furnished to any recipient country in furtherance of the purposes of this or any other Act on a basis which will result in the accrual of foreign currency proceeds to the United States, the Secretary of the Treasury shall issue regulations requiring that agreements, in respect of such assistance, include provisions for the receipt of interest income on the foreign currency proceeds deposited in authorized depositories; Provided, That whenever the Secretary of State determines it not to be in the national interest to conclude arrangements for the receipt of interest income he may waive the requirement thereof; Provided further, That the Secretary of State, or his delegate, shall promptly make a complete report to the Congress on each such determination and the reasons therefor.

Sec. 614. (3) Before exercising the authority granted in this subsection, the President shall consult with, and shall provide a written policy jus-

(B) If the authority of this subsection is used both to authorize a sale under the Arms Export Control Act and to authorize funds to be used under the Arms Export Control Act or under this Act with respect to the financing of that sale, then the use of the funds shall be counted against the limitation in subparagraph (A)(ii) and the portion, if any, of the sale which is not so financed shall be counted against the limitation in subparagraph (A)(i).

(C) Not more than $50,000,000 of the $250,000,000 limitation provided in subparagraph (A)(ii) may be allocated to any one country in any fiscal year unless that country is a victim of active aggression, and not more than $500,000,000 of the aggregate limitation of $1,000,000,000 provided in subparagraphs (A)(i) and (A)(ii) may be allocated to any one country in any fiscal year.

(5) The authority of this section may not be used to waive the limitations on transfers contained in section 610(a) of this Act.

(b) Whenever the President determines it to be important to the national interest, he may use funds available for the purposes of chapter 4 of part I in order to meet the responsibilities or objectives of the United States in Germany, including West Berlin, and without regard to such provisions of law as he determines should be disregarded to achieve this purpose.

(c) The President is authorized to use amounts not to exceed $50,000,000 of the funds made available under this Act pursuant to his certification that it is inadvisable to specify the nature of the use of such funds, which certification shall be deemed to be a sufficient voucher for such amounts. (C) has imposed or enforced discriminatory taxes or other exactions, or restrictive maintenance or operational conditions, or has taken other actions, which have the effect of nationalizing, expropriating, or otherwise seizing ownership or control of property so owned,

and such country, government agency, or government subdivision fails within a reasonable time (not more than six months after such action, or, in the event of a referral to the Foreign Claims Settlement Commission of the United States within such period as provided herein, not more than twenty days after the report of the Commission is received) to take appropriate steps, which may include arbitration, to discharge its obligations under international law toward such citizen or entity, including speedy compensation for such property in convertible foreign exchange, equivalent to the full value thereof, as required by international law, or fails to take steps designed to provide relief from such taxes, exactions, or conditions, as the case may be, and such suspension shall continue until the President is satisfied that appropriate steps are being taken, and the provisions of this subsection shall not be waived with respect to any country unless the President determines and certifies that such a waiver is important to the national interests of the United States. Such certification shall be reported immediately to Congress.

Upon request of the President (within seventy days after such action referred to in subparagraphs (A), (B), or (C) of paragraph (1) of this section), the Foreign Claims Settlement Commission of the United States (established pursuant to Reorganization Plan
No. 1 of 1954, 68 Stat. 1279) is hereby authorized to evaluate expropriated property, determining the full value of any property nationalized, expropriated, or seized, or subject to discriminatory or other actions as aforesaid, for purposes of this subsection and to render an advisory report to the President within ninety days after such request. Unless authorized by the President, the Commission shall not publish its advisory report except to the citizen or entity owning such property. There is hereby authorized to be appropriated such amount, to remain available until expended, as may be necessary from time to time to enable the Commission to carry out expeditiously its functions under this subsection.

(2) Sec. 527 of the Foreign Relations Authorization Act, Fiscal Years 1994 and 1995 (Public Law 103–236; 22 U.S.C. 2370a), however, provided the following:

```
SEC. 527. EXPROPRIATION OF UNITED STATES PROPERTY.

(a) PROHIBITION.—None of the funds made available to carry out this Act, the Foreign Assistance Act of 1961, or the Arms Export Control Act may be provided to a government or any agency or instrumentality thereof, if the government of such country (other than a country described in subsection (d))—

(1) has on or after January 1, 1956—

(A) nationalized or expropriated the property of any United States person,

(B) repudiated or nullified any contract with any United States person, or

(C) taken any other action (such as the imposition of discriminatory taxes or other exactions) which has the effect of seizing ownership or control of the property of any United States person, and

(2) has not, within the period specified in subsection (c), either—

(A) returned the property,

(B) provided adequate and effective compensation for such property in convertible foreign exchange or other mutually acceptable compensation equivalent to the full value thereof, as required by international law,

(C) offered a domestic procedure providing prompt, adequate and effective compensation in accordance with international law, or

(D) submitted the dispute to arbitration under the rules of the Convention for the Settlement of Investment Disputes or other mutually agreeable binding international arbitration procedure.

(b) OTHER ACTIONS.—The President shall instruct the United States Executive Directors of each multilateral development bank and international financial institution to vote against any loan or other utilization of the funds of such bank or institution for the benefit of any country
```
The Secretary of State determined the following countries to be removed from the application to which assistance is prohibited under subsection (a), unless such assistance is directed specifically to programs which serve the basic human needs of the citizens of that country.

(f) No assistance shall be furnished under this Act, as amended (except section 214(b)), to any Communist country. This restriction may not be waived pursuant to any authority contained in this Act unless the President finds and promptly reports to Congress that: (A) such assistance is vital to the security of the United States; (B) the recipient country is not controlled by the international Communist conspiracy; and (C) such assistance will further promote the independence of the recipient country from international communism. For the purposes of this subsection, the phrase "Communist country" includes specifically, but is not limited to, the following countries:

948 Sec. 301(d)(3) of the FA Act of 1962 (Public Law 87–565) added subsec. (f).
949 Sec. 1202 of the International Security and Development Cooperation Act of 1985 (Public Law 99–83; 99 Stat. 276) redesignated clauses (1), (2), and (3) as (A), (B), and (C); added the text of para. (2); and added the "(1)" designation immediately after subsec. (f).

Democratic People's Republic of Korea.
People's Republic of China.
Republic of Cuba.
Socialist Republic of Vietnam.
Tibet.

(2) Notwithstanding the provisions of paragraph (1) of this subsection, the President may remove a country, for such period as the President determines, from the application of this subsection, and other provisions which reference this subsection, if the President determines and reports to the Congress that such action is important to the national interest of the United States. It is the sense of the Congress that when consideration is given to authorizing assistance to a country removed from the application of this subsection, one of the factors to be weighed, among others, is whether the country in question is giving evidence of fostering the establishment of a genuinely democratic system, with respect for internationally recognized human rights.

(g) Notwithstanding any other provision of law, no monetary assistance shall be made available under this Act to any government or political subdivision or agency of such government which will be used to compensate owners for expropriated or nationalized property and, upon finding by the President that such assistance has been used by any government for such purpose, no further assistance under this Act shall be furnished to such government until appropriate reimbursement is made to the United States for sums so diverted. This prohibition shall not apply to monetary assistance made available for use by a government (or a political subdivision or agency of a government) to compensate nationals of that country in accordance with a land reform program, if the President determines that monetary assistance for such land reform program will further the national interests of the United States.

(h) The President shall adopt regulations and establish procedures to insure that United States foreign aid is not used in a manner which, contrary to the best interests of the United States, promotes or assists the foreign aid projects or activities of any country that is a Communist country for purposes of subsection (f).
(j) The President shall consider terminating assistance under this Act or any other Act to any country which permits, or fails to take adequate measures to prevent, the damage or destruction by mob action of United States property within such country, and fails to take appropriate measures to prevent a recurrence thereof and to provide adequate compensation for such damage or destruction.

(k) Without the express approval of Congress, no assistance shall be furnished under this Act to any country for construction of any productive enterprise with respect to which the aggregate value of assistance to be furnished by the United States will exceed $100,000,000, except that this sentence does not apply with respect to assistance for construction of any productive enterprise in Egypt which is described in the presentation materials to Congress. Except as otherwise provided in section 506, no military assistance to be furnished beginning July 1, 1966, by the United States will exceed $100,000,000 unless such program has been included in the presentation to the Congress during its consideration of authorizations for appropriations under this Act or of appropriations pursuant to authorizations contained in this Act. No provision of this or any other Act shall be construed to authorize the President to waive the provisions of this subsection.

(l) The President shall consider denying assistance under this Act to the government of any less developed country which, after December 31, 1966, has failed to enter into an agreement with the President to institute the investment guaranty program under section 234(a)(1) of this Act, providing protection against the specific risks of inconvertibility under subparagraph (A), and expropriation or confiscation under subparagraph (B), of such section 234(b)(1) thereof.

(Presidential Determination No. 2004-11; 68 F.R. 74457)."

(A) the percentage of the recipient or purchasing country's budget which is devoted to military purposes; and

(u) In any decision to provide or continue to provide any program of assistance to any country under the Foreign Assistance Act of 1961, as amended, there shall be taken into account the status of the country with respect to its dues, assessments, and other obligations to the United Nations; and where such country is delinquent with respect to any such obligations for the purposes of the first sentence of Article 19 of the United Nations Charter, the President shall furnish the Committee on Foreign Relations of the Senate and the Speaker of the House of Representatives a report setting forth the assurance given by the government of the country concerned of paying all of its arrearages and of placing its payments of such obligations on a current basis, or a full explanation of the unusual or exceptional circumstances which render it economically incapable of giving such assurance.

982 22 U.S.C. 2371. Sec. 6(j) of the Export Administration Act (Public Law 96–72; 50 U.S.C. app. 2405(j)) similarly requires the Secretary of State to determine whenever a country is found to support acts of international terrorism. Most recently, in Department of State Public Notice 4863, issued October 7, 2004 (69 F.R. 61702), and in Presidential Determination No. 2040–52 of September 24, 2004 (69 F.R. 58793), which stated, in part: “(1) There has been a fundamental change in the leadership and policies of the Government of Iraq: (2) Iraq's government is not supporting acts of international terrorism; and (3) Iraq's government has provided assurances that it will not support acts of international terrorism in the future...This certification shall also satisfy the provisions of section 620A(c)(1) of the Foreign Assistance Act of 1961 or any other provision of law that applies to countries that have supported terrorism:

983 Sec. 40A of the Arms Export Control Act (Public Law 90–629; 22 U.S.C. 2781) requires the President to determine annually those countries not cooperating fully with United States antiterrorism efforts. I hereby notify that the decision to retain Libya on the list of countries not fully cooperating with U.S. antiterrorism efforts comes in the context of an on-going and comprehensive review of Libya's record of support for terrorism. While this process is not complete, Libya has taken significant steps to repudiate its past support for terrorism. When our review of Libya's overall record is complete, we will be pleased to consult with the Congress further." (Department of State Public Notice No. 4722; 69 F.R. 28185).

Sec. 620B. Prohibition Against Assistance and Sales to Argentina.

Sec. 620C. United States Policy Regarding the Eastern Mediterranean.—(a) The Congress declares that the achievement of a just and lasting Cyprus settlement is and will remain a central objective of United States foreign policy. The Congress further declares that any action of the United States with respect to section 620(x) of this Act shall not signify a lessening of the United States commitment to a just solution to the conflict on Cyprus but is authorized in the expectation that this action will be conducive to achievement of a Cyprus solution and a general improvement in relations among Greece, Turkey, and Cyprus and between those countries and the United States. The Congress finds that—

(1) a just settlement on Cyprus must involve the establishment of a free and independent government on Cyprus and must guarantee that the human rights of all of the people of Cyprus are fully protected;
(2) a just settlement on Cyprus must include the withdrawal of Turkish military forces from Cyprus;
(3) the guidelines for inter-communal talks agreed to in Nicosia in February 1977 and the United Nations resolutions regarding Cyprus provide a sound basis for negotiation of a just settlement on Cyprus;
(4) serious negotiations, under United Nations auspices, will be necessary to achieve agreement in, and implementation of, constitutional and territorial terms within such guidelines; and
(5) the recent proposals by both Cypriot communities regarding the return of the refugees to the city of New Famagusta (Varosha) constitute a positive step and the United States should actively support the efforts of the Secretary General of the United Nations with respect to this issue.

(b) United States policy regarding Cyprus, Greece, and Turkey shall be directed toward the restoration of a stable and peaceful atmosphere in the Eastern Mediterranean region and shall therefore be governed by the following principles:

(1) The United States shall actively support the resolution of differences through negotiations and internationally established peaceful procedures, shall encourage all parties to avoid...
(2) The United States will accord full support and high priority to efforts, particularly those of the United Nations, to bring about a prompt, peaceful settlement on Cyprus.

(3) All defense articles furnished by the United States to countries in the Eastern Mediterranean region will be used only in accordance with the requirements of this Act, the Arms Export Control Act, and the agreements under which those defense articles were furnished.

(4) The United States will furnish security assistance for Greece and Turkey only when furnishing that assistance is intended solely for defensive purposes, including when necessary to enable the recipient country to fulfill its responsibilities as a member of the North Atlantic Treaty Organization, and shall be designed to ensure that the present balance of military strength among countries of the region, including between Greece and Turkey, is preserved. Nothing in this paragraph shall be construed to prohibit the transfer of defense articles to Greece or Turkey for legitimate self defense or to enable Greece or Turkey to fulfill their North Atlantic Treaty Organization obligations.

(5) The United States shall use its influence to ensure the continuation of the ceasefire on Cyprus until an equitable negotiated settlement is reached.

(6) The United States shall use its influence to achieve the withdrawal of Turkish military forces from Cyprus in the context of a solution to the Cyprus problem.

(c) Because progress toward a Cyprus settlement is a high priority of United States policy in the Eastern Mediterranean, the President and the Congress shall continually review that progress and shall determine United States policy in the region accordingly. To facilitate such a review the President shall, within 60 days after the date of enactment of this section and at the end of each succeeding 60-day period, transmit to the Speaker of the House of Representatives and the chairman of the Committee on Foreign Relations of the Senate a report on progress made toward the conclusion of a negotiated solution of the Cyprus problem. Such transmissions shall include any relevant reports prepared by the Secretary General of the United Nations for the Security Council.

(d) In order to ensure that United States assistance is furnished consistent with the policies established in this section, the President shall, whenever requesting any funds for security assistance under this Act or the Arms Export Control Act for Greece and Turkey, transmit to the Speaker of the House of Representatives and the chairman of the Committee on Foreign Relations of the Senate

The President shall also submit such a certification with any notification to the Congress, pursuant to section 36(b) of the Arms Export Control Act, of a proposed sale of defense articles or services to Greece or Turkey.

(e) Any agreement for the sale or provision of any article on the United States Munitions List (established pursuant to section 38 of the Arms Export Control Act) entered into by the United States after the enactment of this provision shall expressly state that the article is being provided by the United States only with the understanding that it will not be transferred to Cyprus or otherwise used to further the severance or division of Cyprus.

(2) The President shall report to Congress any substantial evidence that equipment provided under any such agreement has been used in a manner inconsistent with the purposes of this subsection.

Sec. 620D. [Repealed—2004]

Sec. 620E. Assistance to Pakistan.—(a) The Congress recognizes that Soviet Forces occupying Afghanistan pose a security threat to Pakistan. The Congress also recognizes that an independent and democratic Pakistan with continued friendly ties with the United States is in the interest of both nations. The Congress finds that United States assistance will help Pakistan maintain its independence. Assistance to Pakistan is intended to benefit the people of Pakistan by helping them meet the burdens imposed by the presence of Soviet forces in Afghanistan and by promoting economic development. In authorizing assistance to Pakistan, it is the intent of Congress to promote the expeditious restoration of full civil liberties and representative government in Pakistan. The Congress further recognizes that it is in the mutual interest of Pakistan and the United States to avoid the profoundly destabilizing effects of the proliferation of nuclear explosive devices or the capacity to manufacture or otherwise acquire nuclear devices.
(b) The United States reaffirms the commitment made in its 1959 bilateral agreement with Pakistan relating to aggression from a Communist or Communist-dominated state.

c) Security assistance for Pakistan shall be made available in order to assist Pakistan in dealing with the threat to its security posed by the Soviet presence in Afghanistan. The United States will take appropriate steps to ensure that defense articles provided by the United States to Pakistan are used for defensive purposes.

d) The President may waive the prohibitions of section 101 of the Arms Export Control Act with respect to any grounds for the prohibition of assistance under that section arising before the effective date of part B of the Nuclear Proliferation Prevention Act of 1994 to provide assistance to Pakistan if he determines that to do so is in the national interest of the United States.

e) No military assistance shall be furnished to Pakistan and no military equipment or technology shall be sold or

"(d) The President may waive the prohibitions of section 669 of this Act at any time during the period beginning on the date of enactment of this section and ending on September 30, 1994, to provide assistance to Pakistan during that period if he determines that to do so is in the national interest of the United States."

994 Pop. referred to as the Pressler amendment. Subsec. (e) was added by sec. 902 of the International Security and Development Cooperation Act of 1995 (Public Law 99-83; 99 Stat. 268), Presidential Determinations No. 86–3 of November 25, 1985; No. 87–3 of October 27, 1986; No. 88–4 of December 17, 1987; No. 89–7 of November 18, 1988; and No. 90–1 of October 5, 1989, 54 F.R. 43797, certified that Pakistan does not have a nuclear explosive device and that U.S. assistance would reduce significantly the risk that Pakistan will possess a nuclear explosive device. The President did not certify for fiscal years 1991-1997.

On May 28 and 30, 1998, Pakistan tested nuclear explosive devices. On May 30, 1998, the President determined that such tests had transpired, and imposed a range of sanctions required pursuant to sec. 102(b) of the Arms Export Control Act and sec. 2(b)(4) of the Export-Import Bank Act of 1945 (Presidential Determination No. 98–25; 63 F.R. 31881).

The India-Pakistan Relief Act, enacted as title IX of the Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act, 1999 (division A, sec. 101(a) of Public Law 105–277; 112 Stat. 2681), however, authorized the President to waive the application of sanctions against India and Pakistan for one year. The President issued such a determination as referred to in sec. 902 of the India-Pakistan Relief Act on December 1, 1998, that provided: "I hereby waive until October 21, 1999, the sanctions and prohibitions contained in section 101 and 102 of the Arms Export Control Act, section 620E(e) of the Foreign Assistance Act of 1961, and section 2(b)(4) of the Export-Import Bank Act of 1945, insofar as such sanctions and prohibitions would otherwise apply to the activities of the Export-Import Bank, the Overseas Private Investment Corporation, and the Trade and Development Agency with respect to Pakistan and India, assistance to Pakistan and India under the 'International Military Education and Training' program; the making of any loan or financial or technical assistance to Pakistan by any international financial institution in support of the assistance program that Pakistan is negotiating with the International Monetary Fund." (Presidential Determination No. 99–7; Weekly Compilation of Presidential Documents, vol. 34, no. 49, December 7, 1998, p. 2402).

The President extended the waiver on September 30, 1999 (Presidential Determination No. 99-44; 64 F.R. 54503).

Title IX of the Department of Defense Appropriations Act, 2000 (Public Law 106–79; 113 Stat. 1283), repealed the India-Pakistan Relief Act; effective October 21, 1999. In its place, title IX of that Act, as amended, provided the following:

"TITLE IX

WAIVER OF CERTAIN SANCTIONS AGAINST INDIA AND PAKISTAN

Sec. 9001. (a) WAIVER AUTHORITY.—Except as provided in subsections (b) and (c) of this section, the President may waive, with respect to India and Pakistan, the application of any sanction contained in section 101 or 102 of the Arms Export Control Act, section 620E(e) of the Foreign Assistance Act of 1961, and section 2(b)(4) of the Export-Import Bank Act of 1945, insofar as such sanctions and prohibitions would otherwise apply to the activities of the Export-Import Bank, the Overseas Private Investment Corporation, and the Trade and Development Agency with respect to Pakistan and India, assistance to Pakistan and India under the 'International Military Education and Training' program; the making of any loan or financial or technical assistance to Pakistan by any international financial institution in support of the assistance program that Pakistan is negotiating with the International Monetary Fund." (Presidential Determination No. 99–7; Weekly Compilation of Presidential Documents, vol. 34, no. 49, December 7, 1998, p. 2402).

(b) EXCEPTION.—The authority to waive the application of a sanction or prohibition (or portion thereof) under subsection (a) shall not apply with respect to a sanction or prohibition contained in subparagraph (B), (C), or (G) of section 102(b)(2) of the Arms Export Control Act, un-
transferred to Pakistan, pursuant to the authorities contained in this Act or any other Act, unless the President shall have certified, in writing to the Speaker of the House of Representatives and the chairman of the Committee on Foreign Relations of the Senate, during the fiscal year in which military assistance is to be fur-

less the President determines, and so certifies to the Congress, that the application of the restriction would not be in the national security interests of the United States.

"(c) TEMPESTATION OF WAIVER.—The President may not exercise the authority of subsection (a), and any waiver previously issued under subsection (a) shall cease to apply, with respect to India or Pakistan, if that country detonates a nuclear explosive device after the date of the enactment of this Act or otherwise takes such action which would cause the President to report pursuant to section 102(b)(1) of the Arms Export Control Act.

"(d) TARGETED SANCTIONS.—

"(A) it is the sense of the Congress that the broad application of export controls to nearly 300 Indian and Pakistani entities is inconsistent with the specific national security interests of the United States and that this control list requires refinement; and

"(B) export controls should be applied only to those Indian and Pakistani entities that contribute to the proliferation of mass destruction weapons and missile programs and only to those items that can contribute to such programs.

"(2) REPORTING REQUIREMENT.—Not later than 60 days after the date of the enactment of this Act, the President shall submit both a classified and unclassified report to the appropriate congressional committees listing those Indian and Pakistani entities whose activities contribute to the proliferation of mass destruction weapons and missile programs.

"(3) CONGRESSIONAL NOTIFICATION.—The issuance of a license for export of a defense article, defense service, or technology under the authority of this section shall be subject to the same requirements as are applicable to the export of items described in section 36(c) of the Arms Export Control Act (22 U.S.C. 2776(c)), including the transmittal of information and the application of congressional review procedures. The application of these requirements shall be subject to the dollar amount thresholds specified in that section.

"(f) REPEAL.—The India-Pakistan Relief Act (title IX of the Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act, 1999, as contained in section 101(a) of Public Law 105–277) is repealed effective October 21, 1999.

The President waived the application of sanctions under the new law on October 27, 1999 (Presidential Determination No. 2000–4; 64 F.R. 60649), to the following extent:

"(1) with respect to India, if the President determines, and so certifies to the Congress, that the application of the sanctions would not be in the national security interests of the United States.

"(2) with respect to Pakistan, if the President determines, and so certifies to the Congress, that the application of the sanctions would not be in the national security interests of the United States.

On September 22, 2001, the President lifted all nuclear test-related sanctions against India and Pakistan, under the authority granted him in the Defense Appropriations Act, FY 2000 (Presidential Determination No. 2000–1; 66 F.R. 50095).

On October 27, 2001, the President signed Public Law 107–57 (115 Stat. 403), authorizing the waiver of remaining sanctions imposed against Pakistan for debt arrearage and the military overthrow of its democratically elected government. On March 14, 2003, the President determined that a waiver of the coup-related sanctions imposed against Pakistan "would facilitate the transition to democratic rule in Pakistan; and is important to United States efforts to respond to, deter, or prevent acts of international terrorism" and thus waived the sanctions for FY 2003 (Presidential Determination No. 2003–16; 68 F.R. 13803). The President waived the sanctions for 2004 in Presidential Determination No. 2004–26 of March 24, 2004 (69 F.R. 21675). Sec. 7103(c) of Public Law 108–458 extended the applicability of Public Law 107–57 through Fiscal Year 2006.

Sec. 620E Foreign Assistance Act of 1961 (P.L. 87–195)

\textsuperscript{999} STORAGE COSTS.—The President may release the Government of Pakistan of its contractual obligation to pay the United States Government for the storage costs of items purchased prior to October 1, 1990, but not delivered by the United States Government pursuant to subsection (e) and may reimburse the Government of Pakistan for any such amount paid, on such terms and conditions as the President may prescribe: Provided, That such payments have no budgetary impact.

\textsuperscript{999} INAPPLICABILITY OF RESTRICTIONS TO PREVIOUSLY OWNED ITEMS.—Section 620E(e) does not apply to broken, worn or upgraded items or their equivalent which Pakistan paid for and took possession of prior to October 1, 1990 and which the Government of Pakistan sent to the United States for repair or upgrade. Such equipment or its equivalent may be returned to the Government of Pakistan: Provided, That the President determines and so certifies to the appropriate congressional committees that such equipment or equivalent neither constitutes nor has received any

SEC. 620F. Nuclear Non-Proliferation Policy in South Asia.

(a) Findings.—The Congress finds that—

(1) the proliferation of weapons of mass destruction remains one of the most serious threats to international peace and stability;
(2) South Asia, in particular, is an area where the threat of a regional nuclear exchange remains high due to continued Indo-Pakistani tensions over issues such as Kashmir;
(3) to date, United States efforts to halt proliferation in South Asia have failed;
(4) although global disarmament is a desirable goal which should be vigorously pursued, both regional and sub-regional security arrangements can serve to decrease tensions and promote non-proliferation in certain areas;
(5) thus far, there has been some success on a regional basis, such as the South Pacific Nuclear Weapons Free Zone and the Treaty of Tlatelolco in Latin America;
(6) in particular, in Latin America, the Treaty of Tlatelolco has been signed by all the nuclear powers;
(7) a critical part of this treaty is Protocol II which prohibits nuclear attacks by nuclear weapons states on signatories to the treaty;
(8) in 1991, a proposal was made for a regional conference on non-proliferation in South Asia which would include Pakistan, India, the People's Republic of China, the Soviet Union, and the United States; and
(9) thus far, Pakistan, China, Russia, and the United States have expressed interest in attending such a conference, whereas India has refused to attend.

(b) Policy.—It is the sense of the Congress that the President should pursue a policy which seeks a regional negotiated solution to the issue of nuclear non-proliferation in South Asia at the earliest possible time, including a protocol to be signed by all nuclear

Section 585(b) of that Act further provided:

"(b) Report on South Asian Nuclear Programs.—Not later than six months after the enactment of this Act, the President shall submit a report with respect to the People's Republic of China, Pakistan, and India in writing to the Committees on Appropriations, the Speaker of the House of Representatives, the chairman of the Committee on Foreign Relations of the Senate, on those country's nuclear and ballistic missile programs, including, but not limited to—

(1) a determination as to whether that country possesses a nuclear explosive device or whether it possesses all the components necessary for the assembly of such a device;
(2) a complete report on the status of that country's missile development program, foreign assistance to that program, and foreign sales of missiles or missile components to that country and steps which the United States has taken in response to such sales; and
(3) a report on whether that country has agreed to fully adhere, and is adhering, to all peaceful nuclear cooperation agreements with the United States and has formally agreed to place all United States-supplied nuclear materials under international safeguards in perpetuity."

"(c) Determination by President.—Not later than six months after the enactment of this Act, the President shall provide to the Committees on Appropriations a report containing a determination as to whether that country possesses a nuclear explosive device or whether it possesses all the components necessary for the assembly of such a device."

"(d) Sanctions for Violations.—Nothing in this Act shall affect or modify sanctions that are currently applicable to a country that violates or fails to comply with its obligations under its nuclear cooperation agreements with the United States.

"(e) Access to Information.—Nothing in this Act shall affect or modify the right of the United States to access information concerning weapons of mass destruction in a country."

"(f) Reporting Requirements.—The President shall report to the Committees on Appropriations at least annually on the status of this Act and the steps taken by the United States to implement it."

"(g) Determination by President.—Not later than six months after the enactment of this Act, the President shall provide to the Committees on Appropriations a report containing a determination as to whether that country possesses a nuclear explosive device or whether it possesses all the components necessary for the assembly of such a device."

"(h) Ballistic Missile Sanctions Not Affected.—Nothing contained herein shall affect sanctions for transfers of missile equipment or technology required under section 11B of the Export Administration Act of 1979 or section 73 of the Arms Export Control Act."
weapons states, prohibiting nuclear attacks by nuclear weapons states on countries in the region. Such a policy should have as its ultimate goal concurrent accession by Pakistan and India to the Nuclear Non-Proliferation Treaty, and should also include as needed a phased approach to that goal through a series of agreements among the parties on nuclear issues, such as the agreement reached by Pakistan and India not to attack one another’s nuclear facilities.

(c) In a memorandum of March 30, 1994, the President delegated the functions in subsec. (c) to the Secretary of State; stipulating that preparation of the report is to be coordinated with other agencies, as appropriate and the Assistant to the President for National Security Affairs (59 F.R. 17229).

Sec. 2219 of the Foreign Relations Authorization Act, Fiscal Years 1998 and 1999 (subdivision B of Division G of Public Law 105–277; 112 Stat. 2861), struck out “Not later than April 1, 1993, and every six months thereafter,” and inserted in lieu thereof “Not later than April 1 of each year.”

Sec. 329 of that Act (110 Stat. 1258) defined assistance as follows:

“(1) the term ‘assistance’ means assistance to or for the benefit of a government of any country that is provided by grant, concessional sale, guaranty, insurance, or by any other means on terms more favorable than generally available in the applicable market, whether in the form of a loan, lease, credit, debt relief, or otherwise, including subsidies for exports to such country and favorable tariff treatment of articles that are the growth, product, or manufacture of such country; and

“(2) the term ‘assistance’ does not include assistance of the type authorized under chapter 9 of part 1 of the Foreign Assistance Act of 1961 (relating to international disaster assistance).”; Sec. 149 of Public Law 104–164 (110 Stat. 1436) also added a new sec. 620G, relating to depleted uranium ammunition.
SEC. 620G. DEPLETED URANIUM AMMUNITION.

(a) **PROHIBITION.**—Except as provided in subsection (b), none of the funds made available to carry out this Act or any other Act may be made available to facilitate in any way the sale of M–833 antitank shells or any comparable antitank shells containing a depleted uranium penetrating component to any country other than—

(1) a country that is a member of the North Atlantic Treaty Organization;

(2) a country that has been designated as a major non-NATO ally (as defined in section 644(q)); or

(3) Taiwan.

(b) **EXCEPTION.**—The prohibition contained in subsection (a) shall not apply with respect to the use of funds to facilitate the sale of antitank shells to a country if the President determines that to do so is in the national security interest of the United States.

(a) **PROHIBITION.**—

(1) **IN GENERAL.**—The President shall withhold assistance under this Act to the government of any country that provides...
lethal military equipment to a country the government of which the Secretary of State has determined is a terrorist government for the purposes of section 6(j) of the Export Administration Act of 1979 (50 U.S.C. App. 2405(j)), or 620A of the Foreign Assistance Act of 1961 (22 U.S.C. 2371).

(2) **Applicability.**—The prohibition under this section with respect to a foreign government shall terminate 1 year after that government ceases to provide lethal military equipment. This section applies with respect to lethal military equipment provided under a contract entered into after the date of enactment of this Act.1006

(b) **Waiver.**—Notwithstanding any other provision of law, assistance may be furnished to a foreign government described in subsection (a) if the President determines that furnishing such assistance is important to the national interests of the United States and, not later than 15 days before obligating such assistance, furnishes a report to the appropriate committees of Congress including—

(1) a statement of the determination;
(2) a detailed explanation of the assistance to be provided;
(3) the estimated dollar amount of the assistance; and
(4) an explanation of how the assistance furthers United States national interests.

**Sec. 620I.** Prohibition on Assistance to Countries That Restrict United States Humanitarian Assistance.—

(a) **In General.**—No assistance shall be furnished under this Act or the Arms Export Control Act to any country when it is made known to the President that the government of such country prohibits or otherwise restricts, directly or indirectly, the transport or delivery of United States humanitarian assistance.

(b) **Exception.**—Assistance may be furnished without regard to the restriction in subsection (a) if the President determines that to do so is in the national security interest of the United States.

(c) **Notice.**—Prior to making any determination under subsection (b), the President shall notify the Committee on International Relations, the Committee on Foreign Relations, and the Committees on Appropriations of the Senate and House of Representatives of his intention to make such a determination, the effective date of the determination, and the reasons for making the determination.

"SEC. 576. The Agency for International Development shall submit to the Committees on Appropriations a detailed budget justification that is consistent with the requirements of section 515, for each fiscal year. The proposed format shall include how the Agency's budget justification will address: (1) estimated levels of obligations for the current fiscal year and actual levels for the 2 previous fiscal years; (2) the President's request for new budget authority and estimated carryover obligations for the budget year; (3) the disaggregation of budget data and staff levels by program and activity for each bureau, field mission, and central office; and (4) the need for a user-friendly, transparent budget narrative."

Sec. 587 of the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 1999 (division A, sec. 101(d) of Public Law 105–277; 112 Stat. 2681; 22 U.S.C. 2381 note), as amended by sec. 5002(b) of Public Law 106–31 (113 Stat. 109), provided the following:

PART V—DEBT REDUCTION FOR DEVELOPING COUNTRIES WITH TROPICAL FORESTS

SEC. 801. SHORT TITLE.

This part may be cited as the “Tropical Forest Conservation Act of 1998”.
SEC. 802. FINDINGS AND PURPOSES.

(a) FINDINGS.—The Congress finds the following:

(1) It is the established policy of the United States to support and seek protection of tropical forests around the world.

(2) Tropical forests provide a wide range of benefits to mankind by—

(A) harboring a major share of the Earth’s biological and terrestrial resources, which are the basis for developing pharmaceutical products and revitalizing agricultural crops;

(3) generating foreign exchange which are generally referred to as ‘‘enclave’’ loans; and

(4) the Central American Bank for Economic Integration:

Provided further, That funds may not be paid to the HIPC Trust Fund for the benefit of any country if the Secretary of the Treasury determines that the government of such country is engaged in a consistent pattern of gross violations of internationally recognized human rights or in military or civil conflict that undermines its ability to develop and implement measures to alleviate poverty and to devote adequate human and financial resources to that end; Provided further, That on the basis of final appropriations, the Secretary of the Treasury shall consult with the Committees on Appropriations concerning which countries and international financial institutions are expected to benefit from a United States contribution to the HIPC Trust Fund during the fiscal year; Provided further, That the Secretary of the Treasury may disburse funds designated for debt reduction through the HIPC Trust Fund only for the benefit of countries and institutions: Provided further, That the Secretary of the Treasury may disburse funds for the benefit of any country if the Secretary of State has credible evidence that the government of such country is engaged in a consistent pattern of gross violations of internationally recognized human rights or in military or civil conflict that undermines its ability to develop and implement measures to alleviate poverty and to devote adequate human and financial resources to that end; Provided further, That any limitation of subsection (e) of section 411 of the Agricultural Trade Development and Assistance Act of 1954 shall not apply to funds appropriated under this heading:

(b) have committed, for a period of 24 months, not to accept new market-rate loans from the international financial institution receiving debt repayment as a result of such disbursement, other than loans made by such institution to export-oriented commercial projects that generate foreign exchange which are generally referred to as ‘‘enclave’’ loans; and

(c) have documented and demonstrated their commitment to redirect their budgetary resources from international debt repayments to programs to alleviate poverty and promote economic growth that are additional to or expand upon those previously available for such purposes:

Provided further, That any limitation of subsection (e) of section 411 of the Agricultural Trade Development and Assistance Act of 1954 shall not apply to funds appropriated under this heading: Provided further, That none of the funds made available under this heading in this Act may be used to carry out the provisions of part V of the Foreign Assistance Act of 1961, and up to $20,000,000 of unobligated balances of funds available under this heading from prior year appropriations acts should be made available to carry out such provisions: Provided further, That funds appropriated or otherwise made available under this heading in this Act may be used by the Secretary of the Treasury to pay to the HIPC Trust Fund of amounts for the benefit of countries that are eligible for debt reduction pursuant to title V of H.R. 3425 as enacted into law by section 1000(a)(5) of Public Law 106–113, provided, That not less than $5,000,000 of the funds appropriated under this heading shall be made available to carry out the provisions of title V of the Foreign Assistance Act of 1961, and up to $20,000,000 of unobligated balances of funds available under this heading from prior year appropriations acts should be made available to carry out such provisions: Provided further, That funds appropriated or otherwise made available under this heading in this Act may be used by the Secretary of the Treasury to pay to the HIPC Trust Fund of amounts for the benefit of countries that are eligible for debt reduction pursuant to title V of H.R. 3425 as enacted into law by section 1000(a)(5) of Public Law 106–113:

"DEBT RESTRUCTURING"

"For the cost, as defined in section 502 of the Congressional Budget Act of 1974, of modifying loans and loan guarantees, as the President may determine, for which funds have been appropriated or otherwise made available for programs within the International Affairs Budget Function 150, including the cost of selling, reducing, or canceling amounts owed to the United States as a result of concessional loans made to eligible countries, pursuant to parts IV and V of the Foreign Assistance Act of 1961, and of modifying concessional credit agreements with least developed countries, as authorized under section 411 of the Agricultural Trade Development and Assistance Act of 1954, as amended, and concessional loans, guarantees and credit agreements, as authorized under section 757 of the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 1989 (Public Law 100–461), and of canceling amounts owed, as a result of loans or guarantees made pursuant to the Export-Import Bank Act of 1945, by countries that are eligible for debt reduction pursuant to title V of the Foreign Assistance Act of 1961, and up to $20,000,000 of unobligated balances of funds available under this heading from prior year appropriations acts should be made available to carry out such purposes: Provided further, That amounts paid to the HIPC Trust Fund may be used only to fund debt reduction under the enhanced HIPC initiative by—

"(1) the Inter-American Development Bank;

(2) the African Development Fund;

(3) the African Development Bank; and

(4) the Central American Bank for Economic Integration:

Provided further, That funds may not be paid to the HIPC Trust Fund for the benefit of any country if the Secretary of State has credible evidence that the government of such country is engaged in a consistent pattern of gross violations of internationally recognized human rights or in military or civil conflict that undermines its ability to develop and implement measures to alleviate poverty and to devote adequate human and financial resources to that end: Provided further, That on the basis of final appropriations, the Secretary of the Treasury shall consult with the Committees on Appropriations concerning which countries and international financial institutions are expected to benefit from a United States contribution to the HIPC Trust Fund during the fiscal year: Provided further, That the Secretary of the Treasury may disburse funds designated for debt reduction through the HIPC Trust Fund only for the benefit of countries that—

"(a) have committed, for a period of 24 months, not to accept new market-rate loans from the international financial institution receiving debt repayment as a result of such disbursement, other than loans made by such institution to export-oriented commercial projects that generate foreign exchange which are generally referred to as ‘‘enclave’’ loans; and

"(b) have documented and demonstrated their commitment to redirect their budgetary resources from international debt repayments to programs to alleviate poverty and promote economic growth that are additional to or expand upon those previously available for such purposes:

Provided further, That any limitation of subsection (e) of section 411 of the Agricultural Trade Development and Assistance Act of 1954 shall not apply to funds appropriated under this heading: Provided further, That none of the funds made available under this heading in this or any other appropriations Acts shall be made available for Sudan or Burma unless the Secretary of the Treasury determines and notifies the Committees on Appropriations that a democratically elected government has taken office."
(B) playing a critical role as carbon sinks in reducing greenhouse gases in the atmosphere, thus moderating potential global climate change; and
(C) regulating hydrological cycles on which far-flung agricultural and coastal resources depend.

(3) International negotiations and assistance programs to conserve forest resources have proliferated over the past decade, but the rapid rate of tropical deforestation continues unabated.

(4) Developing countries with urgent needs for investment and capital for development have allocated a significant amount of their forests to logging concessions.

(5) Poverty and economic pressures on the populations of developing countries have, over time, resulted in clearing of vast areas of forest for conversion to agriculture, which is often unsustainable in the poor soils underlying tropical forests.

(6) Debt reduction can reduce economic pressures on developing countries and result in increased protection for tropical forests.

(7) Finding economic benefits to local communities from sustainable uses of tropical forests is critical to the protection of tropical forests.

(b) PURPOSES.—The purposes of this part are—

(1) to recognize the values received by United States citizens from protection of tropical forests;

(2) to facilitate greater protection of tropical forests (and to give priority to protecting tropical forests with the highest levels of biodiversity and under the most severe threat) by providing for the alleviation of debt in countries where tropical forests are located, thus allowing the use of additional resources to protect these critical resources and reduce economic pressures that have led to deforestation;

(3) to ensure that resources freed from debt in such countries are targeted to protection of tropical forests and their associated values; and

(4) to rechannel existing resources to facilitate the protection of tropical forests.

b. The Arms Export Control Act

Arms Export Control Act (P.L. 90–629)

AN ACT To consolidate and revise foreign assistance legislation relating to reimbursable military exports. 

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the "Arms Export Control Act".¹

Chapter 1—FOREIGN AND NATIONAL SECURITY POLICY OBJECTIVES AND RESTRAINTS

Section 1.² The Need for International Defense Cooperation and Military Export Controls.—As declared by the Congress in the Arms Control and Disarmament Act, an ultimate goal of the United States continues to be a world which is free from the scourge of war and the dangers and burdens of armaments; in which the use of force has been subordinated to the rule of law; and in which international adjustments to a changing world are achieved peacefully. In furtherance of that goal, it remains the policy of the United States to encourage regional arms control and disarmament agreements and to discourage arms races.

The Congress recognizes, however, that the United States and other free and independent countries continue to have valid requirements for effective and mutually beneficial defense relationships in order to maintain and foster the environment of international peace and security essential to social, economic, and political progress. Because of the growing cost and complexity of defense equipment, it is increasingly difficult and uneconomic for any country, particularly a developing country, to fill all of its legitimate defense requirements from its own design and production base. The need for international defense cooperation among the United States and those friendly countries to which it is allied by

¹Sec. 201 of the International Security Assistance and Arms Export Control Act of 1976 (Public Law 94–329; 90 Stat. 734) struck out "Foreign Military Sales Act" and inserted in lieu thereof "Arms Export Control Act". Sec. 201 further stated that "any reference to the Foreign Military Sales Act shall be deemed to be a reference to the Arms Export Control Act."

See also sec. 564 of the Foreign Relations Authorization Act, Fiscal Years 1994 and 1995 (Public Law 103–236; 108 Stat. 484) relating to prohibiting sales and leases to those participating in or supporting the Arab boycott of Israel, in Legislation on Foreign Relations Through 2004, vol. II.
mutual defense treaties is especially important, since the effectiveness of their armed forces to act in concert to deter or defeat aggression is directly related to the operational compatibility of their defense equipment.

Accordingly, it remains the policy of the United States to facilitate the common defense by entering into international arrangements with friendly countries which further the objective of applying agreed resources of each country to programs and projects of cooperative exchange of data, research, development, production, procurement, and logistics support to achieve specific national defense requirements and objectives of mutual concern. To this end, this Act authorizes sales by the United States Government to friendly countries having sufficient wealth to maintain and equip their own military forces at adequate strength, or to assume progressively larger shares of the costs thereof, without undue burden to their economies, in accordance with the restraints and control measures specified herein and in furtherance of the security objectives of the United States and of the purposes and principles of the United Nations Charter.

It is the sense of the Congress that all such sales be approved only when they are consistent with the foreign policy interests of the United States, the purposes of the foreign assistance program of the United States as embodied in the Foreign Assistance Act of 1961, as amended, the extent and character of the military requirement, and the economic and financial capability of the recipient country, with particular regard being given, where appropriate, to proper balance among such sales, grant military assistance, and economic assistance as well as to the impact of the sales on programs of social and economic development and on existing or incipient arms races.3

It shall be the policy of the United States to exert leadership in the world community to bring about arrangements for reducing the international trade in implements of war and to lessen the danger of outbreak of regional conflict and the burdens of armaments. United States programs for or procedures governing the export, sale, and grant of defense articles and defense services to foreign countries and international organizations shall be administered in a manner which will carry out this policy.

It is the sense of the Congress that the President should seek to initiate multilateral discussions for the purpose of reaching agreements among the principal arms suppliers and arms purchasers and other countries with respect to the control of the international trade in armaments. It is further the sense of Congress that the President should work actively with all nations to check and control the international sale and distribution of conventional weapons

---

3A para., as amended by sec. 4 of Public Law 91–672 and which had previously appeared at this point, was repealed by sec. 734(a)(10) of the International Security and Development Cooperation Act of 1981 (Public Law 97–113; 95 Stat. 1560). It formerly read as follows:

"It is the sense of Congress that sales and guaranties under sections 21, 22, 23, and 24, shall not be approved where they would have the effect of arming military dictators who are denying the growth of fundamental rights or social progress to their own people. Provided, That the President may waive this limitation when he determines it would be important to the security of the United States, and promptly so reports to the Speaker of the House of Representatives and the Committee on Foreign Relations in the Senate."
of death and destruction and to encourage regional arms control arrangements. In furtherance of this policy, the President should undertake a concerted effort to convene an international conference of major arms-supplying and arms-purchasing nations which shall consider measures to limit conventional arms transfers in the interest of international peace and stability.

It is the sense of the Congress that the aggregate value of defense articles and defense services—

(1) which are sold under section 21 or section 22 of this Act; or

(2) which are licensed or approved for export under section 38 of this Act, for the use, or for benefit of the armed forces, police, intelligence, or other internal security forces of a foreign country or international organization under a commercial sales contract;

in any fiscal year should not exceed current levels. ¹

It is the sense of the Congress that the President maintain adherence to a policy of restraint in conventional arms transfers and that, in implementing this policy worldwide, a balanced approach should be taken and full regard given to the security interests of the United States in all regions of the world and that particular attention should be paid to controlling the flow of conventional arms to the nations of the developing world. To this end, the President is encouraged to continue discussions with other arms suppliers in order to restrain the flow of conventional arms to less developed countries. ²

Sec. 2. Coordination With Foreign Policy.—(a) Nothing contained in this Act shall be construed to infringe upon the powers or functions of the Secretary of State.

(b) Under the direction of the President, the Secretary of State (taking into account other United States activities abroad, such as military assistance, economic assistance, and food for peace program) shall be responsible for the continuous supervision and general direction of sales, leases, financing, cooperative projects, and exports under this Act, including, but not limited to, determining—

(1) whether there will be a sale to or financing for a country and the amount thereof;

¹Sec. 202(a) of the International Security Assistance and Arms Export Control Act of 1976 (Public Law 94–329; 90 Stat. 734) amended sec. 1 by striking out the last para. and adding the language beginning with “It shall be the policy of the United States”. The last para. of sec. 1 formerly read as follows:

“In order to reduce the role of the United States Government in the furnishing of defense articles and defense services to foreign countries and international organizations, and return such transactions to commercial channels, the United States Government shall reduce its sales, credit sales, and guaranties of such articles, and defense services as soon as, and to the maximum extent, practicable.”

²Sec. 15(a) of the International Security Assistance Act of 1978 (92 Stat. 739) added this para. Sec. 15(b) of the same Act required a report from the President to the Congress by December 31, 1979, concerning the implications of the multilateral discussions referred to in the para.

³22 U.S.C. 2752. See also Presidential determinations, in notes at sec. 38.

⁴Sec. 115(b) of Public Law 99–83 (99 Stat. 201) amended and restated subsec. (b). It previously read as follows:

“(b) Under the direction of the President, the Secretary of State, taking into account other United States activities abroad, such as military assistance, economic assistance, and food for freedom, shall be responsible for the continuous supervision and general direction of sales, leases, and exports under this Act, including, but not limited to, determining whether there shall be a sale to a country and the amount thereof, whether there shall be a lease to a country, and whether there shall be delivery or other performance under such sale, lease, or export, to the end that sales, leases, and exports are integrated with other United States activities and the foreign policy of the United States is best served thereby.”.
Eligibility.—(a) No defense article or defense service shall be sold or leased by the United States Government under this Act to any country or international organization, and no agreement shall be entered into for a cooperative project (as defined in section 27 of this Act), unless—

(2) whether there will be a lease to a country;

(3) whether there will be a cooperative project and the scope thereof; and

(4) whether there will be delivery or other performance under the sale, lease, cooperative project, or export, to the end that sales, financing, leases, cooperative projects, and exports will be integrated with other United States activities and to the end that the foreign policy of the United States would be best served thereby.

(c) The President shall prescribe appropriate procedures to assure coordination among representatives of the United States Government in each country, under the leadership of the Chief of the United States Diplomatic Mission. The Chief of the diplomatic mission shall make sure that recommendations of such representatives pertaining to sales are coordinated with political and economic considerations, and his comments shall accompany such recommendations if he so desires.

Sec. 3. Eligibility.—(a) No defense article or defense service shall be sold or leased by the United States Government under this Act to any country or international organization, and no agreement shall be entered into for a cooperative project (as defined in section 27 of this Act), unless—

Sec. 549 of the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 2005 (division D of Public Law 108–447; 118 Stat. 2809), provided the following:

"HAITI" Sec. 549. (a) Of the funds appropriated by this Act, not less than the following amounts shall be made available for assistance for Haiti—

(1) $20,000,000 from 'Child Survival and Health Programs Fund';

(2) $25,000,000 from 'Development Assistance', of which funds should be made available for poverty reduction, agriculture, environment, and basic education programs; and

(3) $40,000,000 from 'Economic Support Fund', of which funds should be made available for judicial reform programs, police training, and activities in support of national elections.

(b) The Government of Haiti shall be eligible to purchase defense articles and services under the Arms Export Control Act (22 U.S.C. 2751 et seq.), for the Coast Guard.

Language similar to that of subsec. (b) was first enacted as sec. 582 of the Foreign Assistance Appropriations Act, 1997. Prior to FY 2001, the section stated eligibility for both Haiti’s Coast Guard and the civilian-led Haitian National Police.

Sec. 906 of the FREEDOM Support Act (Public Law 102–511; 106 Stat. 3356) provided the following:

"SEC. 906. ELIGIBILITY OF BALTIc STATES FOR NONLETHAL DEFENSE ARTICLES.

(a) Eligibility.—Estonia, Latvia, and Lithuania shall each be eligible—

(1) to purchase, or to receive financing for the purchase of, nonlethal defense articles—

(A) under the Arms Export Control Act (22 U.S.C. 2751 et seq.), without regard to section 3(a)(1) of that Act, or

(B) under section 503 of the Foreign Assistance Act of 1961 (22 U.S.C. 2311), without regard to the requirement in subsection (a) of that section for a Presidential finding; and

(2) to receive nonlethal excess defense articles transferred under section 519 of the Foreign Assistance Act of 1961 (22 U.S.C. 2321m), without regard to the restrictions in subsection (a) of that section.

(b) Definitions.—As used in this section—

(1) the term 'defense article' has the same meaning given to that term in section 47(3) of the Arms Export Control Act (22 U.S.C. 2794(3)); and

(2) the term 'excess defense article' has the same meaning given to that term in section 644(g) of the Foreign Assistance Act of 1961 (22 U.S.C. 2403(g))."

9Sec. 109(b)(2)(A) of the International Security and Development Cooperation Act of 1981 (Public Law 97–113; 95 Stat. 1526) inserted "or leased".

10Sec. 115(b)(2)(A) of the International Security and Development Cooperation Act of 1985 (Public Law 99–83; 99 Stat. 201) inserted "and no agreement shall be entered into for a cooperative project (as defined in section 27 of this Act)".
In 2004, the President determined "that the furnishing of defense articles and services to such country or international organization will strengthen the security of the United States and promote world peace;"

(2) the country or international organization shall have agreed not to transfer title to, or possession of, any defense article or related training or other defense service so furnished to it, or produced in a cooperative project (as defined in section 27 of this Act), to anyone not an officer, employee, or agent of that country or international organization (or the North Atlantic Treaty Organization or the specific member countries (other than the United States) in the case of a cooperative project) and not to use or permit the use of such article or related training or other defense service for purposes other than those for which furnished unless the consent of the President has first been obtained;

(3) the country or international organization shall have agreed that it will maintain the security of such article or service and will provide substantially the same degree of security protection afforded to such article or service by the United States Government; and

(4) the country or international organization is otherwise eligible to purchase or lease defense articles or defense services.

In considering a request for approval of any transfer of any weapon, weapons system, munitions, aircraft, military boat, military vessel, or other implement of war to another country, the President...
shall not give his consent under paragraph (2) to the transfer unless the United States itself would transfer the defense article under consideration to that country. In addition, the President shall not give his consent under paragraph (2) to the transfer of any significant defense articles on the United States Munitions List unless the foreign country requesting consent to transfer agrees to demilitarize such defense articles prior to transfer, or the proposed recipient foreign country provides a commitment in writing to the United States Government that it will not transfer such defense articles, if not demilitarized, to any other foreign country or person without first obtaining the consent of the President. The President shall promptly submit a report to the Speaker of the House of Representatives and to the Committee on Foreign Relations of the Senate on the implementation of each agreement entered into pursuant to clause (2) of this subsection.

(b) The consent of the President under paragraph (2) of subsection (a) or under paragraph (1) of section 505(a) of the Foreign Assistance Act of 1961 (as it relates to subparagraph (B) of such paragraph) shall not be required for the transfer by a foreign country or international organization of defense articles sold by the United States under this Act if—

(1) such articles constitute components incorporated into foreign defense articles;
(2) the recipient is a member of a member country of the North Atlantic Treaty Organization, the Government of Australia, the Government of Japan, or the Government of New Zealand;
(3) the recipient is not a country designated under section 620A of the Foreign Assistance Act of 1961;
(4) the United States-origin components are not—
   (A) significant military equipment (as defined in section 47(9));
   (B) defense articles for which notification to Congress is required under section 36(b); and
   (C) identified by regulation as Missile Technology Control Regime items; and
(5) the foreign country or international organization provides notification of the transfer of the defense articles to the United States Government not later than 30 days after the date of such transfer.

c)(1)(A) No credits (including participations in credits) may be issued and no guaranties may be extended for any foreign country
Sec. 3  Arms Export Control Act (P.L. 90-629)  407

under this Act as hereinafter provided, if such country uses defense articles or defense services furnished under this Act, or any predecessor Act, in substantial violation (either in terms of quantities or in terms of the gravity of the consequences regardless of the quantities involved) of any agreement entered into pursuant to any such Act (i) by using such articles or services for a purpose not authorized under section 4 or, if such agreement provides that such articles or services may only be used for purposes more limited than those authorized under section 4 for a purpose not authorized under such agreement; (ii) by transferring such articles or services to, or permitting any use of such articles or services by, anyone not an officer, employee, or agent of the recipient country without the consent of the President; or (iii) by failing to maintain the security of such articles or services.

(B) No cash sales or deliveries pursuant to previous sales may be made with respect to any foreign country under this Act as hereinafter provided, if such country uses defense articles or defense services furnished under this Act, or any predecessor Act, in substantial violation (either in terms of quantity or in terms of the gravity of the consequences regardless of the quantities involved) of any agreement entered into pursuant to any such Act by using such articles or services for a purpose not authorized under section 4 or, if such agreement provides that such articles or services may only be used for purposes more limited than those authorized under section 4, for a purpose not authorized under such agreement.

(2) The President shall report to the Congress promptly upon the receipt of information that a violation described in paragraph (1) of this subsection may have occurred.

(3)(A) A country shall be deemed to be ineligible under subparagraph (A) of paragraph (1) of this subsection, or both subparagraphs (A) and (B) of such paragraph in the case of a violation described in both such paragraphs, if the President so determines and so reports in writing to the Congress, or if the Congress so determines by joint resolution.

(B) Notwithstanding a determination by the President of ineligibility under subparagraph (B) of paragraph (1) of this subsection, cash sales and deliveries pursuant to previous sales may be made if the President certifies in writing to the Congress that a termination thereof would have significant adverse impact on United States security, unless the Congress adopts or has adopted a joint resolution pursuant to subparagraph (A) of this paragraph with respect to such ineligibility.

(4) A country shall remain ineligible in accordance with paragraph (1) of this subsection until such time as—

(A) the President determines that the violation has ceased; and

(B) the country concerned has given assurances satisfactory to the President that such violation will not recur.

"(c) Except as otherwise provided in subsection (d), any foreign country which hereafter uses defense articles or defense services furnished such country under this Act, in substantial violation of any provision of this Act or any agreement entered into under this Act, shall be immediately ineligible for further cash sales, credits, or guarantees."
408 Sec. 3 Arms Export Control Act (P.L. 90–629)

(d) Subject to paragraph (5), the President may not give his consent under paragraph (2) of subsection (a) or under the third sentence of such subsection, or under section 505(a)(1) or 505(a)(4) of the Foreign Assistance Act of 1961, to a transfer of any major defense equipment valued (in terms of its original acquisition cost) at $14,000,000 or more, or any defense article or related training or other defense service valued (in terms of its original acquisition cost) at $50,000,000 or more, unless the President submits to the Speaker of the House of Representatives and the Committee on Foreign Relations of the Senate a written certification with respect to such proposed transfer containing—

(A) the name of the country or international organization proposing to make such transfer,

(B) a description of the article or service proposed to be transferred, including its acquisition cost,

(C) the name of the proposed recipient of such article or service,

(D) the reasons for such proposed transfer, and

(E) the date on which such transfer is proposed to be made.

Any certification submitted to Congress pursuant to this paragraph shall be unclassified, except that information regarding the dollar value and number of articles or services proposed to be transferred may be classified if public disclosure thereof would be clearly detrimental to the security of the United States.

(2) (A) Except as provided in subparagraph (B), unless the President states in the certification submitted pursuant to paragraph (1) of this subsection that an emergency exists which requires that consent to the proposed transfer become effective immediately in the national security interests of the United States, such consent shall not be given unless the President certifies to Congress—

(B) a description of the defense article or related training or other defense service proposed to be transferred, including the original acquisition cost of such defense article or related training or other defense service;

(C) the date on which such transfer is proposed to be made.

Any certification submitted to Congress pursuant to this paragraph shall be unclassified, except that information regarding the dollar value and number of articles or services proposed to be transferred may be classified if public disclosure thereof would be clearly detrimental to the security of the United States.

(B) The President may waive the charge or charges which would otherwise be considered appropriate under paragraph (1)(B) for a particular sale if the President determines that—

(i) imposition of the charge or charges likely would result in the loss of the sale; or

(ii) in the case of a sale of major defense equipment that is also being procured for the use of the Armed Forces, the waiver of the charge or charges would (through a resulting increase in the total quantity of the equipment purchased from the source of the equipment that causes a reduction in the unit cost of the equipment) result in a savings to the United States on the cost of the equipment procured for the use of the Armed Forces that substantially offsets the revenue foregone by reason of the waiver of the charge or charges.

"Sec. 22. Procurement for Cash Sales.—The President may, without requirement for charge to any appropriation or contract authorization otherwise provided, enter into contracts for the procurement of defense articles or defense services for sale for United States dollars to any friendly country or international organization if such country or international organization provides the United States Government with a dependable undertaking (1) to pay the full amount of such contract which will assure the United States Government against any loss on the contract, and (2) to make funds available in such amounts and at such times as may be required to meet the payments required by the contract and any damages and costs that may accrue from the cancellation of such contract, in advance of the time such payments, damages, or costs are due. Provided, That the President may, when he determines it to be in the national interest, accept a dependable undertaking to make full payment within one hundred and twenty days after delivery of the defense articles, or the rendering of the defense services, and appropriations available to the Department of Defense may be used to meet the payments required by the contracts and shall be reimbursed by the amounts subsequently received from the country or international organization. Provided further, That the President may, when he determines it to be in the national interest, enter into sales agreements with purchasing countries or international organizations which fix prices to be paid by the purchasing countries or international organizations for the defense articles or defense services ordered. Funds made available under section 31 for financing sales shall be used to reimburse the applicable appropriations in the amounts required by the contracts which exceed the price so fixed, except that such reimbursement shall not be required upon determination by the President that the continued production of the defense article being sold is advantageous to the Armed Forces of the United States. Payments by purchasing countries or international organizations which exceed the amounts required by such contracts shall be transferred to the general fund of the Treasury. To the maximum extent possible, prices fixed under any such sales agreement shall be sufficient to reimburse the United States for the cost of defense articles or defense services ordered. This authority may be exercised, however, only if the President also determines that the emergency requirements of the purchaser for acquisition of such defense articles and services exceed the ready availability to the purchaser of funds sufficient to make payments on a dependable undertaking basis and submits both determinations to the Congress together with a special emergency request for authorization and appropriation of additional funds to finance such purchases under this Act.89 Appropriations available to the Department of Defense may be used to meet the payments required by the contracts for the procurement of defense articles and defense services and shall be reimbursed by the amounts subsequently received from the country or international organization to whom articles or services are sold.

(c) The provisions of the Renegotiation Act of 1951 do not apply to procurement contracts, heretofore or hereafter entered into under this section, section 29, or predecessor provisions of law.

(g) Sec. 102(b) of Public Law 104–164 (110 Stat. 1422) added subsec. (g).

(h) Sec. 102(c) of Public Law 104–164 (110 Stat. 1422) added subsec. (h).
Sec. 24.101 Guaranties.—(a) The President may guarantee any individual, corporation, partnership, or other juridical entity doing business in the United States (excluding United States Government agencies other than the Federal Financing Bank)102 against political and credit risks of nonpayment arising out of their financing of credit sales of defense articles, defense services, and design and construction services79 to friendly countries and international organizations. Fees shall be charged for such guaranties.

(b) The President may sell to any individual, corporation, partnership, or other juridical entity (excluding United States Government agencies other than the Federal Financing Bank)102 promissory notes issued by friendly countries and international organizations as evidence of their obligations to make repayments to the United States on account of credit sales financed under section 23, and may guarantee payment thereof.

Funds obligated under this section before the date of enactment of the International Security and Development Cooperation Act of 1980 which constitute a single reserve for the payment of claims under guaranties issued under this section shall remain available for expenditure for the purposes of this section on and after that date. That single reserve may, on and after the date of enactment of the International Security and Development Cooperation Act of 1985, be referred to as the “Guaranty Reserve Fund.” Funds provided for necessary expenses to carry out the provisions of section 23 of the Arms Export Control Act and of section 503 of the Foreign Assistance Act of 1961, as amended, may be used to pay claims on the Guaranty Reserve Fund to the extent that funds in the Guaranty Reserve Fund are inadequate for that purpose.

For purposes of any provision in this Act or any other Act relating to a prohibition or limitation on the availability of funds under this Act, whenever a guaranty is issued under this section, the principal amount of the loan so guaranteed shall be deemed to be funds made available for use under this Act. Any guaranties issued

102 Sec. 45(a)(3) of the FA Act of 1974 (Public Law 93–559) struck out “(excluding United States Government agencies)” and inserted in lieu thereof “(excluding United States Government agencies other than the Federal Financing Bank)”.  
103 Subsec. (c), as amended by the FA Act of 1973 (Public Law 93–189) and the FA Act of 1974 (Public Law 93–559), was further amended and restated by sec. 104(a) of the International Security and Development Cooperation Act of 1980 (Public Law 96–533; 94 Stat. 3132). It formerly read as follows:

"(c) Funds made available to carry out this Act shall be obligated in an amount equal to 10 per centum of the principal amount of contractual liability related to any guaranty issued under this section, and all the funds so obligated which are deobligated from time to time during any current fiscal year as being in excess of the amount necessary to maintain a fractional reserve of 10 per centum in the principal amount of contractual liability under outstanding guaranties shall be transferred to the general fund of the Treasury. Any guaranties issued hereunder shall be backed by the full faith and credit of the United States."

Sec. 106 (b) and (c) of the International Security and Development Cooperation Act of 1985 (Public Law 99–83; 99 Stat. 196) amended subsec. (c) by deleting the following text:

"The President shall report promptly to the Congress whenever the payment of a claim under any such guaranty reduces the total amount of funds in the single reserve under this subsection to an amount less than $750,000,000, together with his recommendations for the authorization of appropriations of additional funds for such reserve."

It also added the text beginning with "That single reserve" and continued with the following:

"Funds authorized to be appropriated by section 31(a) to carry out this Act which are allocated for credits at market rates of interest may be used to pay claims under such guarantees to the extent funds in the Guaranty Reserve Fund are inadequate for that purpose."

The Supplemental Appropriations Act, 1987 (Public Law 100–71; 101 Stat. 409), deleted this text and replaced it with the present language.

Sec. 26.114 Security Assistance Surveys.—(a) The Congress finds that surveys prepared by the United States for foreign countries have had a significant impact on subsequent military procurement decisions of those countries. It is the policy of the United States that the results of security assistance surveys conducted by the United States clearly do not represent a commitment by the United States to provide any military equipment to any foreign country. Further, recommendations in such surveys should be consistent with the arms export control policy provided for in this Act.

(b) As part of the quarterly report required by section 36(a) of this Act, the President shall include a list of all security assistance surveys authorized during the preceding calendar quarter, specifying the country with respect to which the survey was or will be conducted, the purpose of the survey, and the number of United States Government personnel who participated or will participate in the survey.

113 Sec. 519(3) of the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 1998 (Public Law 105-118; 111 Stat. 2411), added subsec. (e).
115 Sec. 114(a)(1) and (2) of the International Security and Development Cooperation Act of 1985 (Public Law 99-83; 99 Stat. 198) struck out “defense requirement” and inserted in lieu thereof “security assistance”.
116 Sec. 9(a)(7) of the USC Technical Amendments (Public Law 103-437; 108 Stat. 4588) struck out “International Relations” and inserted in lieu thereof “Foreign Affairs”. Subsequently, sec. 1(a)(5) of Public Law 104-14 (109 Stat. 186) provided that references to the Committee on Foreign Affairs of the House of Representatives shall be treated as referring to the Committee on International Relations of the House of Representatives.
117 Sec. 114(b) of Public Law 99-83 (99 Stat. 199) struck out “grant that committee access to” and inserted in lieu thereof “submit to that committee copies of”.
118 Sec. 114(a)(3) of Public Law 99-83 (99 Stat. 198) added subsec. (d).
119 Sec. 27 of Public Law 96-74. Sec. 27 was added by sec. 15 of the International Security Assistance Act of 1979 (Public Law 96-92; 93 Stat. 706). It was amended and restated by sec. 115 of the International Security and Development Cooperation Act of 1985 (Public Law 99-83; 99 Stat. 199), at which time it was titled “North Atlantic Treaty Organization Cooperative Projects.” Its current heading was added by sec. 1103(a)(2) of Public Law 99-661 (100 Stat. 3816).
North Atlantic Treaty Organization or with one or more member countries of that Organization.

(b) As used in this section—

(1) the term "cooperative project" in the case of an agreement with the North Atlantic Treaty Organization or with one or more member countries of that Organization, means a jointly managed arrangement, described in a written agreement among the parties, which is undertaken in order to further the objectives of standardization, rationalization, and interoperability of the armed forces of North Atlantic Treaty Organization member countries forces and which provides—

(A) for one or more of the other participants to share with the United States the costs of research on and development, testing, evaluation, or joint production (including follow-on support) of certain defense articles;

(B) for concurrent production in the United States and in another member country of a defense article jointly developed in accordance with subparagraph (A); or

(C) for procurement by the United States of a defense article or defense service from another member country or for procurement by the United States of munitions from the North Atlantic Treaty Organization or a subsidiary of such organization;

(2) the term "cooperative project", in the case of an agreement entered into under subsection (j), means a jointly managed arrangement, described in a written agreement among the parties, which is undertaken in order to enhance the ongoing multinational effort of the participants to improve the conventional defense capabilities of the participants and which provides—

(A) for one or more of the other participants to share with the United States the costs of research on and development, testing, evaluation, or joint production (including follow-on support) of certain defense articles;

(B) for concurrent production in the United States and in the country of another participant of a defense article jointly developed in accordance with subparagraph (A); or

(C) for procurement by the United States of a defense article or defense service from another participant to the agreement; and

(3) the term "other participant" means a participant in a cooperative project other than the United States.

Each agreement for a cooperative project shall provide that the United States and each of the other participants will contribute to the cooperative project its equitable share of the full cost of such cooperative project and will receive an equitable share of the results of such cooperative project. The full costs of such cooperative project shall include overhead costs, administrative costs, and costs
of claims. The United States and the other participants may contribute their equitable shares of the full cost of such cooperative project in funds or in defense articles or defense services needed for such cooperative project. Military assistance and financing received from the United States Government may not be used by any other participant to provide its share of the cost of such cooperative project. Such agreements shall provide that no requirement shall be imposed by a participant for worksharing or other industrial or commercial compensation in connection with such agreement that is not in accordance with such agreement.

(d) The President may enter into contracts or incur other obligations for a cooperative project on behalf of the other participants, without charge to any appropriation or contract authorization, if each of the other participants in the cooperative project agrees (1) to pay its equitable share of the contract or other obligation, and (2) to make such funds available in such amounts and at such times as may be required by the contract or other obligation and to pay any damages and costs that may accrue from the performance of or cancellation of the contract or other obligation in advance of the time such payments, damages, or costs are due.

(e)(1) For those cooperative projects entered into on or after the effective date of the International Security and Development Cooperation Act of 1985, the President may reduce or waive the charge or charges which would otherwise be considered appropriate under section 21(e) of this Act in connection with sales under sections 21 and 22 of this Act when such sales are made as part of such cooperative project, if the other participants agree to reduce or waive corresponding charges.

(2) Notwithstanding provisions of section 21(e)(1)(A) and section 43(b) of this Act, administrative surcharges shall not be increased on other sales made under this Act in order to compensate for reductions or waivers of such surcharges under this section. Funds received pursuant to such other sales shall not be available to reimburse the costs incurred by the United States Government for which reduction or waiver is approved by the President under this section.

(f) Not less than 30 days before a cooperative project agreement is signed on behalf of the United States, the President shall transmit to the Speaker of the House of Representatives, the chairman of the Committee on Foreign Relations of the Senate, and the chairman of the Committee on Armed Services of the Senate, a numbered certification with respect to such proposed agreement, setting forth—

(1) a detailed description of the cooperative project with respect to which the certification is made;

123 Sec. 843(a) of the National Defense Authorization Act for Fiscal Year 1993 (Public Law 102-484; 106 Stat. 2468) struck out "and administrative costs" and inserted in lieu thereof "costs, administrative costs, and costs of claims". Sec. 843(c) of that Act further provided:

"(c) TERMINATION.—On the date which is two years after the date of the enactment of this Act [October 23, 1992], subsections (a) and (b) shall cease to be in effect, and section 27(c) of the Arms Export Control Act and section 2350a of title 10, United States Code, shall read as if such subsections had not been enacted.".

Sec. 1318 of the National Defense Authorization Act for Fiscal Year 1995 (Public Law 103-337; 108 Stat. 2902), however, repealed sec. 843(c), making permanent the authority for the Department of Defense to share the cost of claims under international armaments cooperative programs.
(2) an estimate of the quantity of the defense articles expected to be produced in furtherance of such cooperative project;

(3) an estimate of the full cost of the cooperative project, with an estimate of the part of the full cost to be incurred by the United States Government, including an estimate of the costs as a result of waivers of section 21(e)(1)(A) and 43(b) of this Act, for its participation in such cooperative project and an estimate of that part of the full costs to be incurred by the other participants;

(4) an estimate of the dollar value of the funds to be contributed by the United States and each of the other participants on behalf of such cooperative project;

(5) a description of the defense articles and defense services expected to be contributed by the United States and each of the other participants on behalf of such cooperative project;

(6) a statement of the foreign policy and national security benefits anticipated to be derived from such cooperative project; and

(7) to the extent known, whether it is likely that prime contracts will be awarded to particular prime contractors or that subcontracts will be awarded to particular subcontractors to comply with the proposed agreement.

(g) In the case of a cooperative project with a North Atlantic Treaty Organization country, section 36(b) of this Act shall not apply to sales made under section 21 or 22 of this Act and to production and exports made pursuant to cooperative projects under this section, and section 36(c) of this Act shall not apply to the issuance of licenses or other approvals under section 38 of this Act, if such sales are made, such production and exports ensue, or such licenses or approvals are issued, as part of a cooperative project.

(h) The authority under this section is in addition to the authority under sections 21 and 22 of this Act and under any other provision of law.

(i)(1) With the approval of the Secretary of State and the Secretary of Defense, a cooperative agreement which was entered into by the United States before the effective date of the amendment to this section made by the International Security and Development Cooperation Act of 1985 and which meets the requirements of this section as so amended may be treated on and after such date as having been made under this section as so amended.

(2) Notwithstanding the amendment made to this section made by the International Security and Development Cooperation Act of 1985, projects entered into under the authority of this section before the effective date of that amendment may be carried through to conclusion in accordance with the terms of this section as in effect immediately before the effective date of that amendment.

124 Sec. 1103(a)(1)(B) of Public Law 99–661 (100 Stat. 3816) inserted “including an estimate of the costs as a result of waivers of section 21(e)(1)(A) and 43(b) of this Act.”

125 Sec. 1103(a)(1)(C) of Public Law 99–661 (100 Stat. 3816) inserted “in the case of a cooperative project with a North Atlantic Treaty Organization country.”
Sec. 29. Foreign Military Construction Sales.—The President may sell design and construction services to any eligible foreign country or international organization if such country or international organization agrees to pay in United States dollars not less than the full cost to the United States Government of furnishing such services. Payment shall be made to the United States Government in advance of the performance of such services by officers or employees of the United States Government. The President may, without requirement for charge to any appropriation or contract authorization otherwise provided, enter into contracts for the procurement of design and construction services for sale under this section if such country or international organization provides the United States Government with a dependable undertaking (1) to pay the full amount of such contract which will assure the United States Government against any loss on the contract, and (2) to make funds available in such amounts and at such time as may be required to meet the payments required by the contract and any damages and costs that may accrue from the cancellation of such contract, in advance of the time such payments, damages, or costs are due.

President may also sell defense services in support of such sales of
defense articles, subject to the requirements of this chapter: Pro-
vided, however, That such services may be performed only in the
United States. The amount of reimbursement received from such
sales shall be credited to the current applicable appropriation,
fund, or account of the selling agency of the United States Govern-
ment.

(b) Defense articles and defense services may be sold, procured
and sold, or manufactured and sold, pursuant to subsection (a) of
this section only if (1) the end item to which the articles apply is
to be procured for the armed forces of a friendly country or inter-
national organization, (2) the articles would be supplied to the
prime contractor as government-furnished equipment or materials
if the end item were being procured for the use of the United
States Armed Forces, and (3) the articles and services are available
only from United States Government sources or are not available
to the prime contractor directly from United States commercial

(c) For the purpose of this section, the terms “defense articles”
and “defense services” mean defense articles and defense services
as defined in sections 47(3) and 47(4) of this Act.

Such reciprocal training and related support must be provided within a reasonable period of time (which may not be more than one year) of the provision of training and related support by the United States. To the extent that a foreign country or international organization to which training and related support is provided under this section does not provide such comparable training and related support to the United States within a reasonable period of time, that country or international organization shall be required to reimburse the United States for the full costs of the training and related support provided by the United States.

\textsuperscript{138}Sec. 101(c), (d), (e) and (f) of Public Law 99–83 also included specific earmarks and conditions on the use of credits authorized under sec. 23 for Israel, Egypt, Greece and Turkey.

\textsuperscript{139}Sec. 101 of Public Law 104–164 (110 Stat. 1422) amended and restated subsec. (c). Amended and restated earlier by sec. 101(b) of Public Law 99–83 (99 Stat. 193), it formerly read as follows:

"For fiscal year 1986 and fiscal year 1987, the principal amount of credits provided under section 23 at market rates of interest with respect to Greece, the Republic of Korea, the Philippines, Portugal, Spain, Thailand, and Turkey shall (if and to the extent each country so desires) be repaid in not more than twenty years, following a grace period of ten years on repayment of principal."

\textsuperscript{139}Sec. 104(b)(2)(C) of Public Law 104–164 (110 Stat. 1427) repealed subsec. (d). The subsection, originally added by sec. 210(c)(1) of the International Security Assistance and Arms Export Control Act of 1976 (Public Law 94–329; 90 Stat. 740), and amended by sec. 17(a)(4) of Public Law 96–92 (93 Stat. 709), and by sec. 596(c) of Public Law 101–513 (104 Stat. 2002), formerly read as follows:

Exports to Nigeria had been restricted since 1993 (see: Department of State Public Notice 1831; 58 F.R. 40084; July 30, 1993; and Public Notice 2231, 60 F.R. 66334; December 11, 1995).

Peru and Ecuador are restricted on a case-by-case basis (Peru: Department of State Public Notice 2021; 59 F.R. 32481; June 8, 1994; and Public Notice 2168; 60 F.R. 10138; February 23, 1995; Peru and Ecuador: Department of State Public Notice 2205; 60 F.R. 26070; May 4, 1995; and Public Notice 2286; 60 F.R. 57049; November 13, 1995).

The following countries are embargoed under International Traffic in Arms Regulations (ITAR; 22 CFR Part 126), effective April 1, 2004: Belarus, Cuba, Iran, Libya, North Korea, Syria, and Vietnam. For some of these countries, other restrictions may also make arms transfers unavailable. Restrictions under the ITAR also apply to countries with respect to which the United States maintains an arms embargo: Burma, People's Republic of China (see also 68 F.R. 20314); Haiti, Liberia (see also 66 F.R. 46941); Somalia, and Sudan.

Once removed from the ITAR, some selective restrictions may be applied, as stated in the ITAR, for licenses and other approvals for exports and imports of defense articles and services. Iraq, Afghanistan, Rwanda, and the Democratic Republic of the Congo are thus restricted.

The Democratic Republic of the Congo was removed from the ITAR restrictive list effective February 17, 2004 (69 F.R. 7349), though a presumption of denial for the export of most defense articles and services continues. Rwanda was removed from the ITAR restrictive list effective July 30, 2003 (68 F.R. 44613), though a presumption of denial for the export of most defense articles and services continues. Angola was removed from the ITAR restrictive list effective November 21, 2003 (68 F.R. 56533). Previously, effective July 2, 1993, the domestic arms embargo on Angola was lifted and section 126.1(a) of the International Traffic in Arms Regulations (ITAR) (22 CFR Part 126) was amended accordingly (58 F.R. 35894).

The Federal Republic of Yugoslavia (Serbia and Montenegro) was removed from the ITAR restrictive list effective December 3, 2001 (67 F.R. 1074). Armenia and Azerbaijan were removed from the ITAR list effective April 3, 2002 (67 F.R. 15101).

Ukraine was removed from the ITAR restrictive list, effective December 27, 2000 (65 F.R. 81739). Mongolia was removed from the ITAR restrictive list, effective June 30, 1997, in State Department Public Notice (April 26, 1996) (67 F.R. 37133). The phrase "the states of the former Yugos-лавia" was replaced with "the FRY (Serbia and Montenegro)", effective July 12, 1996, pursuant

(3) In exercising the authorities conferred by this section, the President may require that any defense article or defense service be sold under this Act as a condition of its eligibility for export, and may require that persons engaged in the negotiation for the export of defense articles and services keep the President fully and currently informed of the progress and future prospects of such negotiations.

(b)(1)(A)(i) As prescribed in regulations issued under this section, every person (other than an officer or employee of the United States Government acting in an official capacity) who engages in the business of manufacturing, exporting, or importing any defense articles or defense services designated by the President under subsection (a)(1) shall register with the United States Government agency charged with the administration of this section, and shall pay a registration fee which shall be prescribed by such regulations. “Sec. 40. Exports to Countries Supporting Acts of International Terrorism.”
(a) **Prohibited Transactions by the United States Government.**—The following transactions by the United States Government are prohibited:

1. Exporting or otherwise providing (by sale, lease or loan, grant, or other means), directly or indirectly, any munitions item to a country described in subsection (d) under the authority of this Act, the Foreign Assistance Act of 1961, or any other law (except as provided in subsection (h)). In implementing this paragraph, the United States Government—
   
   (A) shall suspend delivery to such country of any such item pursuant to any such transaction which has not been completed at the time the Secretary of State makes the determination described in subsection (d), and
   
   (B) shall terminate any lease or loan to such country of any such item which is in effect at the time the Secretary of State makes that determination.

2. Providing credits, guarantees, or other financial assistance under the authority of this Act, the Foreign Assistance Act of 1961, or any other law (except as provided in subsection (h)), with respect to the acquisition of any munitions item by a country described in subsection (d). In implementing this paragraph, the United States Government shall suspend expenditures pursuant to any such assistance obligated before the Secretary of State makes the determination described in subsection (d). The President may authorize expenditures otherwise required to be suspended pursuant to the preceding sentence if the President has determined, and reported to the Congress, that suspension of those expenditures causes undue financial hardship to a supplier, shipper, or similar person and allowing the expenditure will not result in any munitions item being made available for use by such country.

3. Consenting under section 3(a) of this Act, under section 505(a) of the Foreign Assistance Act of 1961, under the regulations issued to carry out section 38 of this Act, or under any other law (except as provided in subsection (h)), to any transfer of any munitions item to a country described in subsection (d). In implementing this paragraph, the United States Government shall withdraw any such consent, which is in effect at the time the Secretary of State makes the determination described in subsection (d), except that this sentence does not apply with respect to any item that has already been transferred to such country.

4. Providing any license or other approval under section 38 of this Act for any export or other transfer (including by means of a technical assistance agreement, manufacturing licensing agreement, or coproduction agreement) of any munitions item...
to a country described in subsection (d). In implementing this paragraph, the United States Government shall suspend any such license or other approval which is in effect at the time the Secretary of State makes the determination described in subsection (d), except that this sentence does not apply with respect to any item that has already been exported or otherwise transferred to such country.

(5) Otherwise facilitating the acquisition of any munitions item by a country described in subsection (d). This paragraph applies with respect to activities undertaken—

(A) by any department, agency, or other instrumentality of the Government,

(B) by any officer or employee of the Government (including members of the United States Armed Forces), or

(C) by any other person at the request or on behalf of the Government.

The Secretary of State may waive the requirements of the second sentence of paragraph (1), the second sentence of paragraph (3), and the second sentence of paragraph (4) to the extent that the Secretary determines, after consultation with the Congress, that unusual and compelling circumstances require that the United States Government not take the actions specified in that sentence.

(b) PROHIBITED TRANSACTIONS BY UNITED STATES PERSONS.—

(1) IN GENERAL.—A United States person may not take any of the following actions:

(A) Exporting any munitions item to any country described in subsection (d).

(B) Selling, leasing, loaning, granting, or otherwise providing any munitions item to any country described in subsection (d).

(C) Selling, leasing, loaning, granting, or otherwise providing any munitions item to any recipient which is not the government of or a person in a country described in subsection (d) if the United States person has reason to know that the munitions item will be made available to any country described in subsection (d).

(D) Taking any other action which would facilitate the acquisition, directly or indirectly, of any munitions item by the government of any country described in subsection (d), or any person acting on behalf of that government, if the United States person has reason to know that that action will facilitate the acquisition of that item by such a government or person.

(2) LIABILITY FOR ACTIONS OF FOREIGN SUBSIDIARIES, ETC.—A United States person violates this subsection if a corporation or other person that is controlled in fact by that United States person (as determined under regulations, which the President shall issue), takes an action described in paragraph (1) outside the United States.

(3) APPLICABILITY TO ACTIONS OUTSIDE THE UNITED STATES.—

Paragraph (1) applies with respect to actions described in that paragraph which are taken either within or outside the United States by a United States person described in subsection (l)(3)(A) or (B). To the extent provided in regulations issued
Sec. 40  Arms Export Control Act (P.L. 90–629) 475

under subsection (l)(3)(D), paragraph (1) applies with respect to actions described in that paragraph which are taken outside the United State by a person designated as a United States person in those regulations.

(c) Transfers to Governments and Persons Covered.—This section applies with respect to—

(1) the acquisition of munitions items by the government of a country described in subsection (d); and

(2) the acquisition of munitions items by any individual, group, or other person within a country described in subsection (d), except to the extent that subparagraph (D) of subsection (b)(1) provides otherwise.

(d) Countries Covered by Prohibition.—The prohibitions contained in this section apply with respect to a country if the Secretary of State determines that the government of that country has repeatedly provided support for acts of international terrorism. For purposes of this subsection, such acts shall include all activities that the Secretary determines willfully aid or abet the international proliferation of nuclear explosive devices to individuals or groups, willfully aid or abet an individual or groups in acquiring unsafeguarded special nuclear material, or willingly aid or abet the efforts of an individual or group to use, develop, produce, stockpile,
or otherwise acquire chemical, biological, or radiological weapons.244

(e) Publication of Determinations.—Each determination of the Secretary of State under subsection (d) shall be published in the Federal Register.

(f) Rescission.—(1)245 A determination made by the Secretary of State under subsection (d) may not be rescinded unless the President submits to the Speaker of the House of Representatives and the chairman of the Committee on Foreign Relations of the Senate—

(A)246 before the proposed rescission would take effect, a report certifying that—

(i)247 there has been a fundamental change in the leadership and policies of the government of the country concerned;

(ii)247 that government is not supporting acts of international terrorism; and

(iii)247 that government has provided assurances that it will not support acts of international terrorism in the future; or

(B)246 at least 45 days before the proposed rescission would take effect, a report justifying the rescission and certifying that—

(i)247 the government concerned has not provided any support for international terrorism during the preceding 6-month period; and

(ii)247 the government concerned has provided assurances that it will not support acts of international terrorism in the future.

(2)245 (A) No rescission under paragraph (1)(B) of a determination under subsection (d) may be made if the Congress, within 45 days after receipt of a report under paragraph (1)(B), enacts a joint resolution matter after the resolving clause of which is as follows: "That the proposed rescission of the determination under section 40(d) of the Arms Export Control Act pursuant to the report submitted to the Congress on is hereby prohibited."

(B) A joint resolution described in subparagraph (A) and introduced within the appropriate 45-day period shall be considered in the Senate and the House of Representatives in accordance with

244 Sec. 822(a)(2)(A) of the Nuclear Proliferation Prevention Act of 1994 (title VIII of the Foreign Relations Authorization Act, Fiscal Years 1994 and 1995; Public Law 103–236; 108 Stat. 511), added the sentence that begins "For purposes of this subsection, * * *". Sec. 1204(2) of the Security Assistance Act of 2002 (division B of the Foreign Relations Authorization Act, Fiscal Year 2003; Public Law 107–228; 116 Stat. 1427) added *, or willingly aid or abet the efforts of an individual or group to use, develop, produce, stockpile, or otherwise acquire chemical, biological, or radiological weapons*.

247 Sec. 321(1) of the Foreign Relations Authorization Act, Fiscal Years 1992 and 1993 (Public Law 102–138; 105 Stat. 710), redesignated "subparagraphs (A), (B), and (C) of each of paragraphs (1) and (2) as clauses (i), (ii), and (iii), respectively." Clause (2), redesignated here as subpara. (B), however, has only two subparas., redesignated here as (i) and (ii), from (A) and (B), respectively.
paragraphs (3) through (7) of section 8066(c) of the Department of Defense Appropriations Act (as contained in Public Law 98–473), except that references in such paragraphs to the Committees on Appropriations of the House of Representatives and the Senate

248 Sec. 8066 of the Department of Defense Appropriations Act (title VIII of the Continuing Appropriations, 1985; Public Law 98–473; 98 Stat. 1837 at 1935), placed restrictions on fiscal year 1985 funds made available to the Central Intelligence Agency, the Department of Defense, or any other agency or entity of the United States involved in intelligence activities, which would have the effect of supporting, directly or indirectly, military or paramilitary operations in Nicaragua by any nation, group, organization, movement, or individual. Subsec. (b) of that section allowed for the lifting of the prohibition (1) if the President reported on certain criteria; and (2) if a joint resolution approving assistance for military or paramilitary operations in Nicaragua were to be enacted.

In particular subsec. (c), paras. (1) and (3) through (7), provided the following [para. (1) included here because of repeated references to it throughout paras. (3)–(7):

"(c)(1) For the purpose of subsection (b)(2), 'joint resolution' means only a joint resolution introduced after the date on which the report of the President under subsection (b)(1) is received by the Congress, the matter after the resolving clause of which is as follows: 'That the Congress approved the obligation and expenditure of funds available for fiscal year 1985 for supporting, directly or indirectly, military or paramilitary operations in Nicaragua.'

"(3) A resolution described in paragraph (1) introduced in the House of Representatives shall be referred to the Committee on Appropriations of the House of Representatives. A resolution described in paragraph (1) introduced in the Senate shall be referred to the Committee on Appropriations of the Senate. Such a resolution may not be reported before the eighth day after its introduction.

"(4) If the committee to which is referred a resolution described in paragraph (1) has not reported such resolution (or an identical resolution) at the end of fifteen calendar days after its introduction, such committee shall be discharged from further consideration of such resolution and such resolution shall be placed on the appropriate calendar of the House involved.

"(5)(A) When the committee to which a resolution is referred has reported, or has been deemed to be discharged (under paragraph (4)) from further consideration of, a resolution described in paragraph (1), notwithstanding any rule or precedent of the Senate, including Rule 22, it is at any time thereafter in order (even though a previous motion to the same effect has been disagreed to) for any Member of the respective House to move to proceed to the consideration of the resolution, and all points of order against the resolution (and against consideration of the resolution) are waived. The motion is highly privileged in the House of Representatives and is privileged in the Senate and is not debatable. The motion is not subject to amendment, or to a motion to postpone, or to a motion to proceed to the consideration of other business. A motion to reconsider the vote by which the motion is agreed to or disagreed to shall not be in order. If a motion to proceed to the consideration of the resolution is agreed to, the resolution shall remain the unfinished business of the respective House until disposed of.

"(B) Debate on the resolution, and on all debatable motions and appeals in connection therewith, shall be limited to not more than ten hours, which shall be divided equally between those favoring and those opposing the resolution. A motion further to limit debate is in order and not debatable. An amendment to, or a motion to postpone, or a motion to proceed to the consideration of other business, or a motion to recommit the resolution is not in order. A motion to reconsider the vote by which the resolution is agreed to or disagreed to is not in order.

"(C) Immediately following the conclusion of the debate on a resolution described in paragraph (1), and a single quorum call at the conclusion of the debate if requested in accordance with the rules of the appropriate House, the vote on final passage of the resolution shall occur.

"(D) Appeals from the decisions of the Chair relating to the application of the rules of the Senate or the House of Representatives, as the case may be, to the procedure relating to a resolution described in paragraph (1) shall be decided without debate.

"(6) If, before the passage by the Senate of a resolution described in paragraph (1), the Senate receives from the House of Representatives a resolution described in paragraph (1), then the following procedures shall apply:

"(A) The resolution of the House of Representatives shall not be referred to a committee.

"(B) With respect to a resolution described in paragraph (1) of the Senate—

"(i) the procedure in the Senate shall be the same as if no resolution had been received from the House; but

"(ii) the vote on final passage shall be on the resolution of the House.

"(C) Upon disposition of the resolution received from the House, it shall no longer be in order to consider the resolution originated in the Senate.

"(7) If the Senate receives from the House of Representatives a resolution described in paragraph (1) after the Senate has disposed of a Senate originated resolution, the action of the Senate with regard to the disposition of the Senate originated resolution shall be deemed to be the action of the Senate with regard to the House originated resolution."
shall be deemed to be references to the Committee on Foreign Affairs of the House of Representatives and the Committee on Foreign Relations of the Senate, respectively.

(ii) a description of the munitions items involved in the proposed transaction (including their market value) and the actual sale price at each step in the transaction (or if the items are transferred by other than sale, the manner in which they will be provided);

(iii) the reasons why the proposed transaction is essential to the national security interests of the United States and the justification for such proposed transaction;

(iv) the date on which the proposed transaction is expected to occur; and

(v) the name of every United States Government department, agency, or other entity involved in the proposed transaction, every foreign government involved in the proposed transaction, and every private party with significant participation in the proposed transaction.

To the extent possible, the information specified in subparagraph (B) of paragraph (2) shall be provided in unclassified form, with any classified information provided in an addendum to the report.

(h) EXEMPTION FOR TRANSACTIONS SUBJECT TO NATIONAL SECURITY ACT REPORTING REQUIREMENTS.—The prohibitions contained in this section do not apply with respect to any transaction subject to reporting requirements under title V of the National Security Act of 1947 (50 U.S.C. 413 et seq.; relating to congressional oversight of intelligence activities).

(i) RELATION TO OTHER LAWS.—

(j) CRIMINAL PENALTY.—Any person who willfully violates this section shall be fined for each violation not more than $1,000,000, imprisoned not more than 10 years, or both.

(k) CIVIL PENALTIES; ENFORCEMENT.—In the enforcement of this section, the President is authorized to exercise the same powers concerning violations and enforcement which are conferred upon departments, agencies, and officials by sections 11(c), 11(e), 11(g), and 12(a) of the Export Administration Act of 1979 (subject to the same terms and conditions as are applicable to such powers under that Act), except that section 11(c)(2)(B) of such Act shall not apply, and instead, as prescribed in regulations issued under this section, the Secretary of State may assess civil penalties for violations of this Act and regulations prescribed thereunder and further may commence a civil action to recover such civil penalties, and except further that, notwithstanding section 11(c) of that Act, the civil penalty for each violation of this section may not exceed $500,000.

(i) is a foreign subsidiary or affiliate of a United States person described in subparagraph (B) and is controlled in fact by that United States person (as determined in accordance with those regulations), or

(ii) is otherwise subject to the jurisdiction of the United States with respect to that person's actions while outside the United States;

(5) the term “unsafeguarded special nuclear material” has the meaning given that term in section 830(8) of the Nuclear Proliferation Prevention Act of 1994.

SEC. 40A. TRANSACTIONS WITH COUNTRIES NOT FULLY COOPERATING WITH UNITED STATES ANTITERRORISM EFFORTS.—

(a) PROHIBITED TRANSACTIONS.—No defense article or defense service may be sold or licensed for export under this Act in a fiscal year to a foreign country that the President determines and certifies to Congress, by May 15 of the calendar year in which that fiscal year begins, is not cooperating fully with United States antiterrorism efforts.

(b) WAIVER.—The President may waive the prohibition set forth in subsection (a) with respect to a specific transaction if the President determines that the transaction is important to the national interests of the United States.
(2) **Requirements of Program.**—To the extent practicable, such program—

(A) shall provide for the end-use monitoring of defense articles and defense services in accordance with the standards that apply for identifying high-risk exports for regular end-use verification developed under section 38(g)(7) of this Act (commonly referred to as the “Blue Lantern” program); and

(B) shall be designed to provide reasonable assurance that—

(i) the recipient is complying with the requirements imposed by the United States Government with respect to use, transfers, and security of defense articles and defense services; and

(ii) such articles and services are being used for the purposes for which they are provided.

(b) **Conduct of Program.**—In carrying out the program established under subsection (a), the President shall ensure that the program—

(1) provides for the end-use verification of defense articles and defense services that incorporate sensitive technology, defense articles and defense services that are particularly vulnerable to diversion or other misuse, or defense articles or defense services whose diversion or other misuse could have significant consequences; and

(2) prevents the diversion (through reverse engineering or other means) of technology incorporated in defense articles.

(c) **Report to Congress.**—Not later than 6 months after the date of the enactment of this section, and annually thereafter as a part of the annual congressional presentation documents submitted under section 634 of the Foreign Assistance Act of 1961, the President shall transmit to the Congress a report describing the actions taken to implement this section, including a detailed accounting of the costs and number of personnel associated with the monitoring program.

General Provisions.—(a) In carrying out this Act, special emphasis shall be placed on procurement in the United States, but, subject to the provisions of subsection (b) of this section, consideration shall also be given to coproduction or licensed production outside the United States of defense articles of United States origin when such production best serves the foreign policy, national security, and economy of the United States. In evaluating any sale proposed to be made pursuant to this Act, there shall be taken into consideration (A) the extent to which the proposed sale damages or infringes upon licensing arrangements whereby United States entities have granted licenses for the manufacture of the defense articles selected by the purchasing country to entities located in friendly foreign countries, which licenses result in financial returns to the United States; (B) the portion of the defense articles so manufactured which is of United States origin, and (C) whether, and the extent to which, such sale might contribute to an arms race, aid in the development of weapons of mass destruction, support international terrorism, increase the possibility of outbreak or escalation of conflict, or prejudice the development of bilateral or multilateral arms control or nonproliferation agreements or other arrangements.

(b) No credit sale shall be extended under section 23, and no guarantee shall be issued under section 24, in any case involving coproduction or licensed production outside the United States of any defense article of United States origin unless the Secretary of State shall, in advance of any such transaction, advise the appropriate committees of the Congress and furnish the Speaker of the House of Representatives and the President of the Senate with full information regarding the proposed transaction, including, but not limited to, a description of the particular defense article or articles which would be produced under license or coproduced outside the United States.

260 Sec. 401(e) of the FA Act of 1971 (Public Law 92–226) struck out the word “and”.

(c) Funds made available under this Act may be used for procurement outside the United States only if the President determines that such procurement will not result in adverse effects upon the economy of the United States or the industrial mobilization base, with special reference to any areas of labor surplus or to the net position of the United States in its balance of payments with the rest of the world, which outweigh the economic or other advantages to the United States of less costly procurement outside the United States.

(d) (1) With respect to sales and guaranties under sections 21, 22, 23, 24, 29, and 30 of this Act, the Secretary of Defense shall, under the direction of the President, have primary responsibility for—

   (2)(A) Each export license issued under section 38 of this Act shall provide that such license may be revoked, suspended, or amended by the Secretary of State, without prior notice, whenever the Secretary deems such action to be advisable.

   (B) Nothing in this paragraph may be construed as limiting the regulatory authority of the President under this Act.

   (3) There are authorized to be appropriated from time to time such sums as may be necessary (A) to refund moneys received from purchasers under contracts of sale entered into under sections 21, 22, 23, 24, 29, and 30 of this Act, or under contracts entered into under sec. 27(d) of this Act, that are canceled or suspended under this subsection to the extent such moneys have previously been disbursed to private contractors and United States Government agencies for work in progress, and (B) to pay such damages and costs that accrue from the corresponding cancellation or suspension of...
the existing procurement contracts or United States Government agency work orders involved.

(f) The President shall, to the maximum extent possible and consistent with the purposes of this Act, use civilian contract personnel in any foreign country to perform defense services sold under this Act.

Sec. 43. Administrative Expenses.—(a) Funds made available under other law for the operations of United States Government agencies carrying out functions under this Act shall be available for the administrative expenses incurred by such agencies under this Act.

(c) Not more than $86,500 of the funds derived from charges for administrative services pursuant to section 21(e)(1)(A) of this Act may be used each fiscal year for official reception and representation expenses.

Sec. 44. Statutory Construction.—No provision of this Act shall be construed as modifying in any way the provisions of the Atomic Energy Act of 1954, as amended, or section 7307 of title 10 of the United States Code.

Sec. 45. Statutes Repealed and Amended.—(a) Sections 521, 522, 523, 524(b)(3), 525, 634(g), and 640 of the Foreign Assistance Act of 1961, as amended, are hereby repealed.

Acquisition under this chapter of items for which the initial issue quantity requirements for United States Armed Forces have not been fulfilled and are not under current procurement contract shall be emphasized when compatible with security assistance requirements for the transfer of such items.

(2) Nothing in this chapter may be construed to limit or impair any responsibilities conferred upon the Secretary of State or the Secretary of Defense under this Act or the Foreign Assistance Act of 1961.

(3) The Fund may be used to keep on continuous order such defense articles and defense services as are assigned by the Department of Defense for integrated management by a single agency thereof for the common use of all military departments in anticipation of the transfer of similar defense articles and defense services to foreign countries and international organizations pursuant to this Act, the Foreign Assistance Act of 1986, or other law.

(4) The Fund shall also be used to acquire defense articles that are particularly suited for use for narcotics control purposes and are appropriate to the needs of recipient countries, such as

together with such funds as may be authorized and appropriated or otherwise made available for the purposes of the Fund.

(c) (1) The size of the Fund may not exceed such dollar amount as is prescribed in section 114(c) of title 10, United States Code. 288 For purposes of this limitation, the size of the Fund is the amounts in the Fund plus the value (in terms of acquisition cost) of the defense articles acquired under this chapter which have not been transferred from the Fund in accordance with this chapter.

(2) Amounts in the Fund shall be available for obligation in any fiscal year only to such extent or in such amounts as are provided in advance in appropriation Acts. 289

(b) The President may authorize the temporary use by the United States Armed Forces of defense articles and defense services acquired under this chapter prior to their transfer to a foreign country or international organization, if such is necessary to meet national defense requirements and the United States Armed Forces bear the costs of operation and maintenance of such articles or services while in their use and the costs of restoration or replacement upon the termination of such use.

(c) Except as provided in subsection (b) of this section, the Fund may be used to pay for storage, maintenance, and other costs related to the preservation and preparation for transfer of defense articles and defense services acquired under this chapter prior to their transfer, as well as the administrative costs of the Department of Defense incurred in the acquisition of such items to the extent not reimbursed pursuant to section 43(b) of this Act.

Sec. 53. * * * [Repealed—1996]

Chapter 6—LEASES OF DEFENSE ARTICLES AND LOAN AUTHORITY FOR COOPERATIVE RESEARCH AND DEVELOPMENT PURPOSES

Sec. 61. Leasing Authority.—(a) The President may lease defense articles in the stocks of the Department of Defense to an eligible foreign country or international organization if—

1. he determines that there are compelling foreign policy and national security reasons for providing such articles on a lease basis rather than on a sales basis under this Act;
2. he determines that the articles are not for the time needed for public use;
3. the President first considers the effects of the lease of the articles on the national technology and industrial base, particularly the extent, if any, to which the lease reduces the opportunities of entities in the national technology and industrial base to sell new equipment to the country or countries to which the articles are leased; and
4. the country or international organization has agreed to pay in United States dollars all costs incurred by the United

291 Formerly at 22 U.S.C. 2795b. Sec. 145(a) of Public Law 104–164 (110 Stat. 1434) repealed sec. 53, which had required the President to file an annual comprehensive report on acquisitions of defense articles and defense services under this chapter.

294 Sec. 731(e) of the Foreign Relations Authorization Act, Fiscal Years 1994 and 1995 (Public Law 103–236; 108 Stat. 503), struck out "and" at the end of para. (2); redesignated para. (3) as para. (4); added a new para. (3); and struck out "paragraph (3)" in lieu of "paragraph (4)" in the last two sentences of subsec. (a).
States Government in leasing such articles, including reimbursement for depreciation of such articles while leased, the costs of restoration or replacement if the articles are damaged while leased, and, if the articles are lost or destroyed while leased—

(A) in the event the United States intends to replace the articles lost or destroyed, the replacement cost (less any depreciation in the value) of the articles; or

(B) in the event the United States does not intend to replace the articles lost or destroyed, an amount not less than the actual value (less any depreciation in the value) specified in the lease agreement.

The requirement of paragraph (4) shall not apply to leases entered into for purposes of cooperative research or development, military exercises, or communications or electronics interface projects. The President may waive the requirement of paragraph (4) for reimbursement of depreciation for any defense article which has passed three-quarters of its normal service life if the President determines that to do so is important to the national security interest of the United States.

The President may waive the requirement of paragraph (4) with respect to a lease which is made in exchange with the lessee for a lease on substantially reciprocal terms of defense articles for the Department of Defense, except that this waiver authority—

(A) may be exercised only if the President submits to the Committee on Foreign Affairs and the Committee on Appropriations of the House of Representatives and the Committee on Foreign Relations and the Committee on Appropriations of the Senate, in accordance with the regular notification procedures of those Committees, a detailed notification for each lease with respect to which the authority is exercised; and

(B) may be exercised only during the current fiscal year and only with respect to one country, unless the Congress hereafter provides otherwise.

Sec. 61 Arms Export Control Act (P.L. 90–629)

Sec. 1(a)(5) of Public Law 104–14 (109 Stat. 186) provided that references to the Committee on Foreign Affairs of the House of Representatives shall be treated as referring to the Committee on International Relations of the House of Representatives.

Sec. 524 of the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 1999 (division A, sec. 101(d) of Public Law 105–277; 112 Stat. 2681), struck out "1998" and inserted in lieu thereof "the current fiscal year". If the amendment is executed, the amended text would read "during the fiscal year the current fiscal year". It is interpreted to intend to read "the current fiscal year".

The preceding sentence does not constitute authorization of appropriations for payments by the United States for leased articles.

(b)(1) Each lease agreement under this section shall be for a fixed duration which may not exceed (A) five years, and (B) a specified period of time required to complete major refurbishment work of the leased articles to be performed prior to the delivery of the leased articles, of not to exceed five years and shall provide that, at any time during the duration of the lease, the President may terminate the lease and require the immediate return of the leased articles.

(b)(2) In this subsection, the term “major refurbishment work” means work for which the period of performance is 6 months or more.

(c) Defense articles in the stocks of the Department of Defense may be leased or loaned to a foreign country or international organization only under the authority of this chapter or chapter 2 of part II of the Foreign Assistance Act of 1961, and may not be leased to a foreign country or international organization under the authority of section 2667 of title 10, United States Code.

Sec. 62. Reports to the Congress.—(a) Before entering into or renewing any agreement with a foreign country or international organization to lease any defense article under this chapter, or to loan any defense article under chapter 2 of part II of the Foreign Assistance Act of 1961, for a period of one year or longer, the President shall transmit to the Speaker of the House of Representatives, and to the chairman of the Committee on Foreign Relations of the Senate and the chairman of the Committee on Armed Services of the Senate, a written certification which specifies—

(1) the country or international organization to which the defense article is to be leased or loaned;

(2) the type, quantity, and value (in terms of replacement cost) of the defense article to be leased or loaned;

(3) the terms and duration of the lease or loan; and

(4) a justification for the lease or loan, including an explanation of why the defense article is being leased or loaned rather than sold under this Act.

(b) The President may waive the requirements of this section (and in the case of an agreement described in section 63, may...
waive the provisions of that section) if he states in his certification \[^{306}\] that an emergency exists which requires that the lease or loan be entered into immediately in the national security interests of the United States. If the President states in his certification that such an emergency exists, he shall set forth in the certification a detailed justification for his determination, including a description of the emergency circumstances which necessitate that the lease be entered into immediately and a discussion of the national security interests involved. \[^{307}\]

(c) \[^{308}\] The certification required by subsection (a) shall be transmitted—

(1) not less than 15 calendar days before the agreement is entered into or renewed in the case of an agreement with the North Atlantic Treaty Organization, any member country of that Organization or Australia, Japan, or New Zealand; and

(2) not less than 30 calendar days before the agreement is entered into or renewed in the case of an agreement with any other organization or country.

\[\textbf{Sec. 63,}^{309}\] \[\textbf{Legislative Review.}—(a) \[^{310}\] (1) Subject to paragraph (2), in the case of \[^{311}\] any agreement involving the lease under this chapter, or the loan under chapter 2 of part II of the Foreign Assistance Act of 1961, to any foreign country or international organization for a period of one year or longer of any defense articles which are either (i) major defense equipment valued (in terms of its replacement cost less any depreciation in its value) at $14,000,000 or more, or (ii) defense articles valued (in terms of their replacement cost less any depreciation in their value) at $50,000,000 or more, the agreement may not be entered into or renewed if the Congress, within the 15-day or 30-day period specified in section 62(c) (1) or (2), as the case may be, \[^{312}\] enacts a joint \[^{313}\] resolution prohibiting the proposed lease or loan.

(a) ESTABLISHMENT OF LIST OF CONTROLLED ITEMS.—The Secretary of State, in consultation with the Secretary of Defense and the heads of other appropriate departments and agencies, shall establish and maintain, as part of the United States Munitions List, a list of all items on the MTCR Annex the export of which is not controlled under section 6(l) of the Export Administration Act of 1979.

(b) REFERRAL OF LICENSE APPLICATIONS.—(1) A determination of the Secretary of State to approve a license for the export of an item on the list established under subsection (a) may be made only after the license application is referred to the Secretary of Defense.

(2) Within 10 days after a license is issued for the export of an item on the list established under subsection (a), the Secretary of State shall provide to the Secretary of Defense and the Secretary...
of Commerce\textsuperscript{323} the license application and accompanying documents issued to the applicant, to the extent that the relevant Secretary\textsuperscript{324} indicates the need to receive such application and documents.

(c) INFORMATION SHARING.—The Secretary of State shall establish a procedure for sharing information with appropriate officials of the intelligence community, as determined by the Director of Central Intelligence\textsuperscript{325} and with other appropriate Government agencies, that will ensure effective monitoring of transfers of MTCR equipment or technology and other missile technology.

(d)\textsuperscript{326} EXPORTS TO SPACE LAUNCH VEHICLE PROGRAMS.—Within 15 days\textsuperscript{327} after the issuance of a license (including any brokering license) for the export of items valued at less than $50,000,000 that are controlled under this Act pursuant to United States obligations under the Missile Technology Control Regime and are goods or services that are intended to support the design, utilization, development, or production of a space launch vehicle system listed in Category I of the MTCR Annex, the Secretary shall transmit to the Congress\textsuperscript{328} a report describing the licensed export and rationale for approving such export, including the consistency of such export with United States missile nonproliferation policy. The requirement contained in the preceding sentence shall not apply to licenses for exports to countries that were members of the MTCR as of April 17, 1987.

Sec. 72,\textsuperscript{329, 330} Denial of the Transfer of Missile Equipment or Technology by United States Persons.

\textsuperscript{326} Sec. 704 of the Security Assistance Act of 2000 (Public Law 106–280; 114 Stat. 861) provided the following:

"SEC. 704. MTCR REPORT TRANSMITTALS.

"For purposes of section 71(d) of the Arms Export Control Act (22 U.S.C. 2797(d)), the requirement that reports under that section shall be transmitted to the Congress shall be considered to be a requirement that such reports shall be transmitted to the Committee on International Relations of the House of Representatives and the Committee on Foreign Relations and the Committee on Banking, Housing and Urban Affairs of the Senate."

\textsuperscript{327} Sec. 708(c) of the Security Assistance Act of 2000 (Public Law 106–280; 114 Stat. 863) struck out "within 15 days after the issuance of a license for the export of items valued at less than $14,000,000 that are controlled under this Act pursuant to United States obligations under the Missile Technology Control Regime and intended to support the design, development, or production of a space launch vehicle system listed in Category I of the MTCR Annex," and inserted in lieu thereof "within 15 days after the issuance of a license (including any brokering license) for the export of items valued at less than $50,000,000 that are controlled under this Act pursuant to United States obligations under the Missile Technology Control Regime and are goods or services that are intended to support the design, utilization, development, or production of a space launch vehicle system listed in Category I of the MTCR Annex,"

\textsuperscript{329} 22 U.S.C. 2797a.
(a) **Sanctions.**—(1) If the President determines that a United States person knowingly—

(A) exports, transfers, or otherwise engages in the trade of any item on the MTCR Annex, in violation of the provisions of section 38 of this Act, section 5 or 6 of the Export Administration Act of 1979 (50 U.S.C. App. 2404, 2405), or any regulations or orders issued under any such provisions,

(B) conspires to or attempts to engage in such export, transfer, or trade, or

(C) facilitates such export, transfer, or trade by any other person,

then the President shall impose the applicable sanctions described in paragraph (2).

(2) The sanctions which apply to a United States person under paragraph (1) are the following:

(A) If the item on the MTCR Annex involved in the export, transfer, or trade is missile equipment or technology within category II of the MTCR Annex, then the President shall deny to such United States person for a period of 2 years—

(i) United States Government contracts relating to missile equipment or technology; and

(ii) licenses for the transfer of missile equipment or technology controlled under this Act.

(B) If the item on the MTCR Annex involved in the export, transfer, or trade is missile equipment or technology within category I of the MTCR, then the President shall deny to such United States person for a period of not less than 2 years—

(i) all United States Government contracts, and

(ii) all export licenses and agreements for items on the United States Munitions List.

(b) **Discretionary Sanctions.**—In the case of any determination made pursuant to subsection (a), the President may pursue any penalty provided in section 38(c) of this Act.
Sec. 73. Arms Export Control Act (P.L. 90–629) 497

(c) Presumption.—In determining whether to apply sanctions under subsection (a) to a United States person involved in the export, transfer, or trade of an item on the MTCR Annex, it should be a rebuttable presumption that such item is designed for use in a missile listed in the MTCR Annex if the President determines that the final destination of the item is a country the government of which the Secretary of State has determined, for purposes of 6(j)(1)(A) of the Export Administration Act of 1979, has repeatedly provided support for acts of international terrorism.

(d) Waiver.—The President may waive the imposition of sanctions under subsection (a) with respect to a product or service if the President certifies to the Congress that—

(1) the product or service is essential to the national security of the United States; and

(2) such person is a sole source supplier of the product or service, the product or service is not available from any alternative reliable supplier, and the need for the product or service cannot be met in a timely manner by improved manufacturing processes or technological developments.

Sec. 73. Transfers of Missile Equipment or Technology by Foreign Persons.

(a) Sanctions.—(1) Subject to subsections (c) through (g), if the President determines that a foreign person, after the date of the enactment of this chapter, knowingly—

331 Sec. 73a(a) of the Foreign Relations Authorization Act, Fiscal Years 1994 and 1995 (Public Law 103–236; 108 Stat. 505), redesignated subsec. (c) as subsec. (d), and added a new subsec. (c).

333 On July 22, 2004, the State Department determined that the Federal Research and Production Complex Altay (Russia) was in violation of this section (Department of State Public Notice 4771; 69 F.R. 43875). Subsequently, on November 1, 2004, the State Department determined that these sanctions against the Russian entity no longer apply (Department of State Public Notice 4902; 69 F.R. 67617). On November 18, 2004, the State Department added the Russian entity to the ITAR list at 22 CFR 126.7.

334 On July 16, 2004, the State Department determined that the terms of sec. 73 had been violated, but concluded “that publication of the determination would be harmful to the national security of the United States.” (Department of State Public Notice 4772 of July 16, 2004; 69 F.R. 43875). A similar determination was issued on September 13, 2004 (Public Notice 4834; 69 F.R. 56260).

335 On May 19, 2003, the State Department determined that entities in Moldova had engaged in missile technology proliferation activities in violation of this section (Department of State Public Notice 4374; 68 F.R. 31740). On August 29, 2003, the State Department determined “that it was essential to the national security of the United States to waive for a period of one year the import sanctions described in section 73(a)(2)(C) of the Arms Export Control Act, i.e., activities of the Chinese government relating to the development or production of any missile equipment or technology and activities of the Chinese government affecting the development or production of electronics, space systems or equipment, and military aircraft” (Department of State Public Notice 4493; 68 F.R. 54930). The entity cited in that Public Notice was China North Industries Corporation. On September 13, 2004, the State Department extended the waiver for six months, once again finding it “essential to the national security of the United States” to do so (Department of State Public Notice 4835; 69 F.R. 56261).

336 On August 20, 2002, the State Department determined that the terms of sec. 73 had been violated, but concluded “that publication of the determination would be harmful to the national security of the United States.” (Department of State Public Notice 4107 of August 20, 2002; 67 F.R. 54693). A similar determination was issued on March 27, 2003 (Public Notice 4325; 68 F.R. 16113).

337 On August 16, 2002, the State Department determined that Changgwang Sinyong Corporation of North Korea was in violation of this section (Department of State Public Notice 4106; 67 F.R. 54693). On April 2, 2003, another determination was made against this entity (Public Notice 4326; 68 F.R. 16113).

Sec. 73. Arms Export Control Act (P.L. 90–629)

(A) exports, transfers, or otherwise engages in the trade of any MTCR equipment or technology that contributes to the acquisition, design, development, or production of missiles in a country that is not an MTCR adherent and would be, if it were United States-origin equipment or technology, subject to the jurisdiction of the United States under this Act,

(B) conspires to or attempts to engage in such export, transfer, or trade, or

(C) facilitates such export, transfer, or trade by any other person,

or if the President has made a determination with respect to a foreign person under section 11B(b)(1) of the Export Administration Act of 1979, then the President shall impose on that foreign person the applicable sanctions under paragraph (2).

(2) The sanctions which apply to a foreign person under paragraph (1) are the following:

(A) If the item involved in the export, transfer, or trade is within category II of the MTCR Annex, then the President shall deny, for a period of 2 years—

(i) United States Government contracts relating to missile equipment or technology; and

(ii) licenses for the transfer to such foreign person of missile equipment or technology controlled under this Act.

(B) If the item involved in the export, transfer, or trade is within category I of the MTCR Annex, then the President shall deny, for a period of not less than 2 years—

(i) all United States Government contracts with such foreign person; and

(ii) licenses for the transfer to such foreign person of all items on the United States Munitions List.

(C) If, in addition to actions taken under subparagraphs (A) and (B), the President determines that the export, transfer, or trade has substantially contributed to the design, development, or production of missiles in a country that is not an MTCR adherent, then the President shall prohibit, for a period of not less than 2 years, the importation into the United States of products produced by that foreign person.

(b) Inapplicability With Respect to MTCR Adherents.—

(1) In General.—Except as provided in paragraph (2), subsection (a) does not apply with respect to—

(A) any export, transfer, or trading activity that is authorized by the laws of an MTCR adherent, if such authorization is not obtained by misrepresentation or fraud; or

Nance and Meg Donovan Foreign Relations Authorization Act, Fiscal Years 2000 and 2001 (H.R. 3427, enacted by reference in sec. 1000(a)(7) of Public Law 106–113; 113 Stat. 1536). (1) redesignated paras. (1) and (2) as subparas. (A) and (B), respectively; (2) struck out "Subsection (a)" and inserted in lieu thereof "(1) In General.—Except as provided in paragraph (2), subsection (a)" at the beginning of subsec. (b); and (3) added para. (2).

(B) any export, transfer, or trade of an item to an end user in a country that is an MTCR adherent.

(2) Limitation.—Notwithstanding paragraph (1), subsection (a) shall apply to an entity subordinate to a government that engages in exports or transfers described in section 498A(b)(3)(A) of the Foreign Assistance Act of 1961 (22 U.S.C. 2295a(b)(3)(A)).

(c) Effect of Enforcement Actions by MTCR Adherents.—Sanctions set forth in subsection (a) may not be imposed under this section on a person with respect to acts described in such subsection or, if such sanctions are in effect against a person on account of such acts, such sanctions shall be terminated, if an MTCR adherent is taking judicial or other enforcement action against that person with respect to such acts, or that person has been found by the government of an MTCR adherent to be innocent of wrongdoing with respect to such acts, and if the President certifies to the Committee on Foreign Relations of the Senate and the Committee on International Relations of the House of Representatives that—

(1) for any judicial or other enforcement action taken by the MTCR adherent, such action has—

(A) been comprehensive; and

(B) been performed to the satisfaction of the United States; and

(2) with respect to any finding of innocence of wrongdoing, the United States is satisfied with the basis for such finding.

(d) Advisory Opinions.—The Secretary of State, in consultation with the Secretary of Defense and the Secretary of Commerce, may, upon the request of any person, issue an advisory opinion to that person as to whether a proposed activity by that person would subject that person to sanctions under this section. Any person who relies in good faith on such an advisory opinion which states that the proposed activity would not subject a person to such sanctions, and any person who thereafter engages in such activity, may not be made subject to such sanctions on account of such activity.

(e) Waiver and Report to Congress.—(1) In any case other than one in which an advisory opinion has been issued under subsection (d) stating that a proposed activity would not subject a person to sanctions under this section, the President may waive the application of subsection (a) to a foreign person if the President determines that such waiver is essential to the national security of the United States.

(2) In the event that the President decides to apply the waiver described in paragraph (1), the President shall so notify the Committee on Armed Services and the Committee on Foreign Relations of the Senate and the Committee on National Security and the

Committee on International Relations of the House of Representa-
tives not less than 45 working days before issuing the waiver. Such notification shall include a report fully articulating the rationale and circumstances which led the President to apply the waiver.

(f) Presumption.—In determining whether to apply sanctions under subsection (a) to a foreign person involved in the export, transfer, or trade of an item on the MTCR Annex, it should be a rebuttable presumption that such item is designed for use in a missile listed in the MTCR Annex if the President determines that the final destination of the item is a country the government of which the Secretary of State has determined, for purposes of 6(j)(1)(A) of the Export Administration Act of 1979, has repeatedly provided support for acts of international terrorism.

(g) Additional Waiver.—The President may waive the imposition of sanctions under paragraph (1) on a person with respect to a product or service if the President certifies to the Congress that—

(1) the product or service is essential to the national security of the United States; and

(2) such person is a sole source supplier of the product or service, the product or service is not available from any alternative reliable supplier, and the need for the product or service cannot be met in a timely manner by improved manufacturing processes or technological developments.

(h) Exceptions.—The President shall not apply the sanction under this section prohibiting the importation of the products of a foreign person—

(1) in the case of procurement of defense articles or defense services—

(A) under existing contracts or subcontracts, including the exercise of options for production quantities to satisfy requirements essential to the national security of the United States;

(B) if the President determines that the person to which the sanctions would be applied is a sole source supplier of the defense articles and services, that the defense articles or services are essential to the national security of the United States, and that alternative sources are not readily or reasonably available; or

(C) if the President determines that such articles or services are essential to the national security of the United States under defense coproduction agreements or NATO Programs of Cooperation;

338 Sec. 1408(d) of the National Defense Authorization Act for Fiscal Year 1996 (Public Law 104–106; 110 Stat. 494) (1) struck out “the Congress” and inserted in lieu thereof “the Committee on Armed Services and the Committee on Foreign Relations of the Senate and the Committee on National Security and the Committee on International Relations of the House of Representatives”; and (2) struck out “20 working days” and inserted in lieu thereof “45 working days”.

The House Committee on National Security reverted back to its former name, Committee on Armed Services, in the 106th Congress. No legislation, however, was enacted to universally amend reference to that committee in Public Law. Sec. 1067 of the National Defense Authorization Act for Fiscal Year 2000 (Public Law 106–65; 113 Stat. 774) did make such a change in specific pieces of legislation and 10 United States Code.

339 Sec. 734(b) of the Foreign Relations Authorization Act, Fiscal Years 1994 and 1995 (Public Law 103–236; 108 Stat. 505), redesignated subsecs. (f) and (g) as subsecs. (g) and (h), and added a new subsec. (f).
(2) to products or services provided under contracts entered into before the date on which the President publishes his intention to impose the sanctions; or
(3) to—
   (A) spare parts,
   (B) component parts, but not finished products, essential to United States products or production,
   (C) routine services and maintenance of products, to the extent that alternative sources are not readily or reasonably available, or
   (D) information and technology essential to United States products or production.

SEC. 73A. NOTIFICATION OF ADMITTANCE OF MTCR ADHERENTS.
(a) POLICY REPORT.—Following any action by the United States that results in a country becoming a MTCR adherent, the President shall transmit promptly to the Congress a report which describes the rationale for such action, together with an assessment of that country's nonproliferation policies, practices, and commitments. Such report shall also include the text of any agreements or understandings between the United States and such country regarding the terms and conditions of the country's adherence to the MTCR.
(b) INTELLIGENCE ASSESSMENT REPORT.—At such times that a report is transmitted pursuant to subsection (a), the Director of Central Intelligence shall promptly prepare and submit to the Congress a separate report containing any credible information indicating that the country described in subsection (a) has engaged in any activity identified under subparagraph (A), (B), or (C) of section 73(a)(1) within the previous two years.

SEC. 73B. AUTHORITY RELATING TO MTCR ADHERENTS.

Two forms of the Chemical and Biological Weapons Control and Warfare Elimination Act of 1991 were enacted in 1991. Sec. 505(b) of the first Chemical and Biological Weapons Control and Warfare Elimination Act of 1991 (title V of the Foreign Relations Authorization Act, Fiscal Years 1992 and 1993; Public Law 102–138; 105 Stat. 727) added chapter 8, sec. 81. Sec. 305(b) of the second Chemical and Biological Weapons Control and Warfare Elimination Act of 1991 (title III of Public Law 102–182; 105 Stat. 1245) also inserted a new chapter 8, section 81 at this point.

Executive Order 12851 of June 11, 1993 (58 F.R. 33181) provided for the administration of proliferation sanctions, Middle East Arms Control, and related congressional reporting requirements, including the following:

“Section 1. Chemical and Biological Weapons Proliferation and Use Sanctions. (a) Chemical and Biological Weapons Proliferation. The authority and duties vested in me by section 81 of the Arms Export Control Act, as amended (‘AECA’) (22 U.S.C. 2798), and section 11C of the Export Administration Act of 1979, as amended (‘EAA’) (50 U.S.C. (B) through the export from any other country of any goods or technology that would be, if they were United States goods or technology, subject to the jurisdiction of the United States, or

(C) through any other transaction not subject to sanctions pursuant to the Export Administration Act of 1979, to the efforts by any foreign country, project, or entity described in paragraph (2) to use, develop, produce, stockpile, or otherwise acquire chemical or biological weapons.

(2) Countries, Projects, or Entities Receiving Assistance.—Paragraph (1) applies in the case of—

(b) Consultations With and Actions by Foreign Government of Jurisdiction.

350 Sec. 399(a)(2) of Public Law 102–182 (105 Stat. 1258) provides that “the ‘date of the enactment of this section’ shall be deemed to refer to the date of the enactment of the Foreign Relations Authorization Act, Fiscal Years 1992 and 1993 (Public Law 102–138), which was enacted on October 28, 1991.
(1) **Consultations.**—If the President makes the determinations described in subsection (a)(1) with respect to a foreign person, the Congress urges the President to initiate consultations immediately with the government with primary jurisdiction over that foreign person with respect to the imposition of sanctions pursuant to this section.

(2) **Actions by Government of Jurisdiction.**—In order to pursue such consultations with that government, the President may delay imposition of sanctions pursuant to this section for a period of up to 90 days. Following these consultations, the President shall impose sanctions unless the President determines and certifies to the Congress that that government has taken specific and effective actions, including appropriate penalties, to terminate the involvement of the foreign person in the activities described in subsection (a)(1). The President may delay imposition of sanctions for an additional period of up to 90 days if the President determines and certifies to the Congress that that government is in the process of taking the actions described in the preceding sentence.

(3) **Report to Congress.**—The President shall report to the Congress, not later than 90 days after making a determination under subsection (a)(1), on the status of consultations with the appropriate government under this subsection, and the basis for any determination under paragraph (2) of this subsection that such government has taken specific corrective actions.

(A) in the case of procurement of defense articles or defense services—

(i) under existing contracts or subcontracts, including the exercise of options for production quantities to satisfy United States operational military requirements;

(ii) if the President determines that the person or other entity to which the sanctions would otherwise be applied is a sole source supplier of the defense articles or services, that the defense articles or services are essential, and that alternative sources are not readily or reasonably available; or

(iii) if the President determines that such articles or services are essential to the national security under defense coproduction agreements;
B) to products or services provided under contracts entered into before the date on which the President publishes his intention to impose sanctions;

(C) to—

(ii) component parts, but not finished products, essential to United States products or production, or

(E) to medical or other humanitarian items.

d) Termination of Sanctions.—The sanctions imposed pursuant to this section shall apply for a period of at least 12 months following the imposition of sanctions and shall cease to apply thereafter only if the President determines and certifies to the Congress that reliable information indicates that the foreign person with respect to which the determination was made under subsection (a)(1) has ceased to aid or abet any foreign government, project, or entity in its efforts to acquire chemical or biological weapons capability as described in that subsection.

e) Waiver.—

(1) Criterion for Waiver.—The President may waive the application of any sanction imposed on any person pursuant to this section, after the end of the 12-month period beginning on the date on which that sanction was imposed on that person, if the President determines and certifies to the Congress that such waiver is important to the national security interests of the United States.

(2) Notification of and Report to Congress.—If the President decides to exercise the waiver authority provided in paragraph (1), the President shall so notify the Congress not less than 20 days before the waiver takes effect. Such notification shall include a report fully articulating the rationale and circumstances which led the President to exercise the waiver authority.

I hereby determine and certify that the continued termination of assistance, as required by this section, would have a serious adverse effect on vital United States interests and that I have received reliable assurances that Libya will not acquire or develop nuclear weapons or assist other nations in doing so.

"Pursuant to section 102(b) of the Arms Export Control Act, I hereby determine that Libya, a non-nuclear weapon state, sought and received design information that I determine to be important to, and intended by Libya for use in, the development or manufacture of a nuclear explosive device. I hereby determine and certify that the application of sanctions, as required by this section, would have a serious adverse effect on vital United States interests.

(1) the supplying country and receiving country have reached agreement to place all such equipment, materials, or technology, upon delivery, under multilateral auspices and management when available; and

(2) the recipient country has entered into an agreement with the International Atomic Energy Agency to place all such equipment, materials, technology, and all nuclear fuel and facilities in such country under the safeguards system of such Agency.

(b) Certification by President of Necessity of Continued Assistance; Disapproval by Congress.—(1) Notwithstanding subsection (a) of this section, the President may furnish assistance which would otherwise be prohibited under such subsection if he determines and certifies in writing to the Speaker of the House of Representatives and the Committee on Foreign Relations of the Senate that—

(A) the termination of such assistance would have a serious adverse effect on vital United States interests; and

(B) he has received reliable assurances that the country in question will not acquire or develop nuclear weapons or assist other nations in doing so.

Such certification shall set forth the reasons supporting such determination in each particular case.

(2)(A) A certification under paragraph (1) of this subsection shall take effect on the date on which the certification is received by the Congress. However, if, within thirty calendar days after receiving this certification, the Congress enacts a joint resolution stating in substance that the Congress disapproves the furnishing of assistance pursuant to the certification, then upon the enactment of that resolution the certification shall cease to be effective and all deliveries of assistance furnished under the authority of that certification shall be suspended immediately.

(B) Any joint resolution under this paragraph shall be considered in the Senate in accordance with the provisions of section 601(b) of the International Security Assistance and Arms Export Control Act of 1976.

"Pursuant to section 2(b)(4) of the Export-Import Bank Act of 1945, as amended, I hereby determine and certify that it is in the national interest for the Export-Import Bank to guarantee, insure, or extend credit, or participate in the extension of credit in support of United States exports to Libya." SEC. 102. NUCLEAR REPROCESSING TRANSFERS, ILLEGAL EXPORTS FOR NUCLEAR EXPLOSIVE DEVICES, TRANSFERS OF NUCLEAR EXPLOSIVE DEVICES, AND NUCLEAR DETONATIONS.

(a) Prohibitions on Assistance to Countries Involved in Transfer of Nuclear Reprocessing Equipment, Materials, or Technology; Exceptions; Procedures Applicable.—(1) Except as provided in paragraph (2) of this subsection, no funds made available to carry out the Foreign Assistance Act of 1961 or this Act may be used for the purpose of providing economic assistance (including assistance under chapter 4 of part II of the Foreign Assistance Act of 1961), providing military assistance or grant military education and training, providing assistance under chapter 6 of part II of that Act, or extending military credits or making guarantees, to any country which the President determines—

(A) delivers nuclear reprocessing equipment, materials, or technology to any other country on or after August 4, 1977, or receives such equipment, materials, or technology from any other country on or after August 4, 1977 (except for the transfer of reprocessing technology associated with the investigation, under international evaluation programs in which the United States participates, of technologies which are alternatives to pure plutonium reprocessing), or

(B) is a non-nuclear-weapon state which, on or after August 8, 1985, exports illegally (or attempts to export illegally) from the United States any material, equipment, or technology which would contribute significantly to the ability of such country to manufacture a nuclear explosive device, if the President determines that the material, equipment, or technology was to be used by such country in the manufacture of a nuclear explosive device.

For purposes of clause (B), an export (or attempted export) by a person who is an agent of, or is otherwise acting on behalf of or in the interests of, a country shall be considered to be an export (or attempted export) by that country.

(2) Notwithstanding paragraph (1) of this subsection, the President in any fiscal year may furnish assistance which would otherwise be prohibited under that paragraph if he determines and certifies in writing during that fiscal year to the Speaker of the House of Representatives and the Committee on Foreign Relations

367 The President delegated the functions authorized in sec. 101(a)(2) to the Secretary State in sec. 1(a)(iii) of Executive Order 13346 of July 8, 2004 (69 F.R. 41905).
of the Senate that the termination of such assistance would be seriously prejudicial to the achievement of United States nonproliferation objectives or otherwise jeopardize the common defense and security. The President shall transmit with such certification a statement setting forth the specific reasons therefor.

(3)(A) A certification under paragraph (2) of this subsection shall take effect on the date on which the certification is received by the Congress. However, if, within 30 calendar days after receiving this certification, the Congress enact a joint resolution stating in substance that the Congress disapproves the furnishing of assistance pursuant to the certification, then upon the enactment of that resolution the certification shall cease to be effective and all deliveries of assistance furnished under the authority of that certification shall be suspended immediately.

(B) Any joint resolution under this paragraph shall be considered in the Senate in accordance with the provisions of section 601(b) of the International Security Assistance and Arms Export Control Act of 1976.

(b) Prohibitions on Assistance to Countries Involved in Transfer or Use of Nuclear Explosive Devices; Exceptions; Procedures Applicable.—(1) Except as provided in paragraphs (4), (5), and (6), in the event that the President determines

* * * that Libya received nuclear enrichment equipment, material, or technology after August 4, 1977. I hereby determine and certify that the continued termination of assistance, as required by this section, would have a serious adverse effect on vital United States interests and that I have received reliable assurances that Libya will not acquire or develop nuclear weapons or assist other nations in doing so. Pursuant to section 102(b) of the Arms Export Control Act, I hereby determine that Libya, a non-nuclear weapon state, sought and received design information that I determine to be important to, and intended by Libya for use in, the development or manufacture of a nuclear explosive device. I hereby determine and certify that the application of sanctions, as required by this section, would have a serious adverse effect on vital United States interests.

Pursuant to section 2(b)(4) of the Export-Import Bank Act of 1945, as amended, I hereby determine and certify that it is in the national interest for the Export-Import Bank to guarantee, insure, or extend credit, or participate in the extension of credit in support of United States exports to Libya. (Presidential Determination No. 2004–44; September 10, 2004; 69 F.R. 56153).

On May 13, 1998, the President determined “that India, a non-nuclear-weapon state, detonated a nuclear explosive device on May 11, 1998. The relevant agencies and instrumentalities of the United States Government are hereby directed to take the necessary actions to impose the sanctions described in section 102(b)(2) * * *” (Presidential Determination 98–22 of May 13, 1998; 63 F.R. 27765). In support of that determination, the Department of State issued Public Notice 2825 (63 F.R. 27781; May 15, 1998), to revoke all licenses and other approvals to export or otherwise transfer defense articles and defense services from the United States to India, or transfer U.S. origin defense articles and defense services from a foreign destination to India, or temporarily import defense articles from India pursuant to Section 38 of the Arms Export Control Act * * *.

On May 30, 1998, the President determined “that Pakistan, a non-nuclear-weapon state, detonated a nuclear explosive device on May 28, 1998. The relevant agencies and instrumentalities of the United States Government are hereby directed to take the necessary actions to impose the sanctions described in section 102(b)(2) * * *” (Presidential Determination 98–25 of May 30, 1998; 63 F.R. 31881). In support of that determination, the Department of State issued Public Notice 2835 (63 F.R. 33122; May 30, 1998), to revoke all licenses and other approvals to export or otherwise transfer defense articles and defense services from the United States to Pakistan, or transfer U.S. origin defense articles and defense services from a foreign destination to Pakistan, or temporarily import defense articles from Pakistan pursuant to Section 38 of the Arms Export Control Act * * *.

The India-Pakistan Relief Act, enacted as title IX of the Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act, 1999 (division A, sec. 101(a) of Public Law 105–277; 112 Stat. 2681), however, authorized the President to waive the application of sanctions against India and Pakistan for one year. The President issued such a determination as referred to in sec. 902 of the India-Pakistan Relief Act on December 1, 1998, that provided: “I hereby waive until October 21, 1999, the sanctions and prohibitions contained in section 101 and 102 of the Arms Export Control Act, section 620E(e) of the Foreign Assistance Act of 1976;” (Presidential Determination No. 1998–42 of December 1, 1998; 63 F.R. 67749).
Act of 1961, and section 2(b)(4) of the Export-Import Bank Act of 1945, insofar as such sanctions and prohibitions would otherwise apply to activities of the Export-Import Bank, the Overseas Private Investment Corporation, and the Trade and Development Agency with respect to Pakistan and India; assistance to Pakistan and India under the 'International Military Education and Training' program; the making of any loan or financial or technical assistance to Pakistan by any international financial institution in support of the assistance program that Pakistan is negotiating with the International Monetary Fund." (Presidential Determination No. 99–7; Weekly Compilation of Presidential Documents, vol. 34, no. 49, December 7, 1998, p. 2402).

The President extended the waiver on September 30, 1999 (Presidential Determination No. 99–44; 64 F.R. 54503).

In 1999, the President exercised authority pursuant to the India-Pakistan Relief Act of 1998 in Presidential Determination No. 99–38 of September 21, 1999 (64 F.R. 53573); Presidential Determination No. 99–44 of September 30, 1999 (64 F.R. 54503); and Presidential Determination No. 2000–4 of October 27, 1999 (64 F.R. 60649).

Title IX of the Department of Defense Appropriations Act, 2000 (Public Law 106–79; 113 Stat. 1283) repealed the India-Pakistan Relief Act, effective October 21, 1999. In its place, title IX of that Act, as amended, provided the following:

"TITLE IX
WAIVER OF CERTAIN SANCTIONS AGAINST INDIA AND PAKISTAN

"SEC. 9001. (a) WAIVER AUTHORITY.—Except as provided in subsections (b) and (c) of this section, the President may waive, with respect to India and Pakistan, the application of any sanction contained in section 101 or 102 of the Arms Export Control Act (22 U.S.C. 2799aa or 22 U.S.C. 2799aa–1), section 219(a) of the Export-Import Bank Act of 1945 (12 U.S.C. 635(b)(4)), section 620E(e) of the Foreign Assistance Act of 1961, as amended, (22 U.S.C. 2375(e)).

"(b) EXCEPTION.—The authority to waive the application of a sanction or prohibition (or portion thereof) under subsection (a) shall not apply with respect to a sanction or prohibition contained in subparagraph (B), (C), or (G) of section 102(b)(2) of the Arms Export Control Act, unless the President determines, and so certifies to the Congress, that the application of the restriction would not be in the national security interests of the United States.

"(c) TERMINATION OF WAIVER.—The President may not exercise the authority of subsection (a), and any waiver previously issued under subsection (a) shall cease to apply, with respect to India or Pakistan, if that country detonates a nuclear explosive device after the date of the enactment of this Act or otherwise takes such action which would cause the President to report pursuant to section 102(b)(1) of the Arms Export Control Act.

"(d) TARGETED SANCTIONS.—

"(1) SENSE OF THE CONGRESS.—

"(A) it is the sense of the Congress that the broad application of export controls to nearly 300 Indian and Pakistani entities is inconsistent with the specific national security interests of the United States and that this control list requires refinement; and

"(B) export controls should be applied only to those Indian and Pakistani entities that make direct and material contributions to weapons of mass destruction and missile programs and only to those items that can contribute to such programs.

"(2) REPORTING REQUIREMENT.—Not later than 60 days after the date of the enactment of this Act, the President shall submit both a classified and unclassified report to the appropriate congressional committees listing those Indian and Pakistani entities whose activities contribute to missile programs or weapons of mass destruction programs.

"(e) CONGRESSIONAL NOTIFICATION.—The issuance of a license for export of a defense article, defense service, or technology under the authority of this section shall be subject to the requirements as are applicable to the export of items described in section 36(c) of the Arms Export Control Act (22 U.S.C. 2761(c)), including the transmission of information and the application of congressional review procedures. The application of these requirements shall be subject to the dollar amount thresholds specified in that section.

"(f) REPEAL.—The India-Pakistan Relief Act (title IX of the Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act, 1999, as contained in section 101(a) of Public Law 105–277) is repealed effective October 21, 1999.

The President waived the application of sanctions under the new law on October 27, 1999 (Presidential Determination No. 2000–4; 64 F.R. 60649), to the following extent:

"(1) with respect to India, insofar as such sanctions would otherwise apply to activities of the Export-Import Bank, the Overseas Private Investment Corporation, and the Trade and Development Agency; assistance under the ‘International Military Education and Training’ program; the making of any loan or the providing of any credit to the Government of India by any U.S. bank; assistance to the Asian elephant Conservation Fund, the Rhinoceros and Tiger conservation Fund, and the Indo-American Environmental Leadership program; and any credit, guarantee, or other financial assistance provided by the Department of Agriculture to support the purchase of food or other agricultural commodity; and

"(2) with respect to Pakistan, insofar as such sanctions would otherwise apply to any credit, credit guarantee, or other financial assistance provided by the Department of Agriculture to support the purchase of food or other agricultural commodity; and the making of any loan or the providing of any credit to the Government of Pakistan by any U.S. bank." (Presidential Determination No. 2000–4; October 27, 1999; 64 F.R. 60649).

The President and executive branch agencies subsequently waived or adjusted sanctions against particular Indian and Pakistani entities: see Presidential Determination No. 2000–18.
that any country, after the effective date of part B of the Nuclear Proliferation Prevention Act of 1994—

(A) transfers to a non-nuclear-weapon state a nuclear explosive device,

(B) is a non-nuclear-weapon state and either—
   (i) receives a nuclear explosive device, or
   (ii) detonates a nuclear explosive device,

(C) transfers to a non-nuclear-weapon state any design information or component which is determined by the President to be important to, and known by the transferring country to be intended by the recipient state for use in, the development or manufacture of any nuclear explosive device, or

(D) is a non-nuclear-weapon state and seeks and receives any design information or component which is determined by the President to be important to, and intended by the recipient state for use in, the development or manufacture of any nuclear explosive device,

then the President shall forthwith report in writing his determination to the Congress and shall forthwith impose the sanctions described in paragraph (2) against that country.

(2) The sanctions referred to in paragraph (1) are as follows:

(A) The United States Government shall terminate assistance to that country under the Foreign Assistance Act of 1961, except for humanitarian assistance or food or other agricultural commodities.

(B) The United States Government shall terminate—
   (i) sales to that country under this Act of any defense articles, defense services, or design and construction services, and
   (ii) licenses for the export to that country of any item on the United States Munitions List.

371 Sec. 2(b) of the Agriculture Export Relief Act of 1998 (Public Law 105–194; 112 Stat. 627) struck out the period at the end of subpara. (F) and inserted in lieu thereof “, which includes fertilizer.”. Subsec. (e) of that section also provided the following:

“(e) EFFECT ON EXISTING SANCTIONS.—Any sanction imposed under section 102(b)(1) of the Arms Export Control Act before the date of the enactment of this Act shall cease to apply upon that date with respect to the activities and items described in the amendments made by subsections (b) and (c). (4)(A) Notwithstanding paragraph (1) of this subsection, the President may, for a period of not more than 30 days of continuous session, delay the imposition of sanctions which would otherwise be required under paragraph (1)(A) or (1)(B) of this subsection if the President first transmits to the Speaker of the House of Representatives, and to the chairman of the Committee on Foreign Relations of the Senate, a certification that he has determined that an immediate imposition of sanctions on that country would be detrimental to the national security of the United States. Not more than one such certification may be transmitted for a country with respect to the same detonation, transfer, or receipt of a nuclear explosive device.

(B) If the President transmits a certification to the Congress under subparagraph (A), a joint resolution which would permit the President to exercise the waiver authority of paragraph (5) of this subsection shall, if introduced in either House within thirty days of continuous session after the Congress receives this certification, be considered in the Senate in accordance with subparagraph (C) of this paragraph.

(5) Notwithstanding paragraph (1) of this subsection, if the Congress enacts a joint resolution under paragraph (4) of this subsection, the President may waive any sanction which would otherwise be required under paragraph (1)(A) or (1)(B) if he determines and certifies in writing to the Speaker of the House of Representatives and the Committee on Foreign Relations of the Senate that the imposition of such sanction would be seriously prejudicial to the achievement of United States nonproliferation objectives or otherwise jeopardize the common defense and security. The President shall transmit with such certification a statement setting forth the specific reasons therefor.

(6)(A) In the event the President is required to impose sanctions against a country under paragraph (1)(C) or (1)(D), the President shall forthwith so inform such country and shall impose the required sanctions beginning 30 days after submitting to the Congress the report required by paragraph (1) unless, and to the extent that, there is enacted during the 30-day period a law prohibiting the imposition of such sanctions.
(B) Notwithstanding any other provision of law, the sanctions which are required to be imposed against a country under paragraph (1)(C) or (1)(D) shall not apply if the President determines and certifies in writing to the Committee on Foreign Relations and the Committee on Governmental Affairs of the Senate and the Committee on Foreign Affairs of the House of Representatives that the application of such sanctions against such country would have a serious adverse effect on vital United States interests. The President shall transmit with such certification a statement setting forth the specific reasons therefor.

(7) For purposes of this subsection, continuity of session is broken only by an adjournment of Congress sine die and the days on which either House is not in session because of an adjournment of more than three days to a day certain are excluded in the computation of any period of time in which Congress is in continuous session.

SEC. 3. FINDINGS.

Congress makes the following findings:

(1) According to the Department of State, the Government of North Korea is "a dictatorship under the absolute rule of Kim Jong Il" that continues to commit numerous, serious human rights abuses.
Sec. 3 North Korean Human Rights, 2004 (P.L. 108–333) 519

(2) The Government of North Korea attempts to control all information, artistic expression, academic works, and media activity inside North Korea and strictly curtails freedom of speech and access to foreign broadcasts.

(3) The Government of North Korea subjects all its citizens to systematic, intensive political and ideological indoctrination in support of the cult of personality glorifying Kim Jong Il and the late Kim Il Sung that approaches the level of a state religion.

(4) The Government of North Korea divides its population into categories, based on perceived loyalty to the leadership, which determines access to food, employment, higher education, place of residence, medical facilities, and other resources.

(5) According to the Department of State, “[t]he [North Korean] Penal Code is [d]raconian, stipulating capital punishment and confiscation of assets for a wide variety of ‘crimes against the revolution,’ including defection, attempted defection, slander of the policies of the Party or State, listening to foreign broadcasts, writing ‘reactionary’ letters, and possessing reactionary printed matter”.

(6) The Government of North Korea executes political prisoners, opponents of the regime, some repatriated defectors, some members of underground churches, and others, sometimes at public meetings attended by workers, students, and schoolchildren.

(7) The Government of North Korea holds an estimated 200,000 political prisoners in camps that its State Security Agency manages through the use of forced labor, beatings, torture, and executions, and in which many prisoners also die from disease, starvation, and exposure.

(8) According to eyewitness testimony provided to the United States Congress by North Korean camp survivors, camp inmates have been used as sources of slave labor for the production of export goods, as targets for martial arts practice, and as experimental victims in the testing of chemical and biological poisons.

(9) According to credible reports, including eyewitness testimony provided to the United States Congress, North Korean Government officials prohibit live births in prison camps, and forced abortion and the killing of newborn babies are standard prison practices.

(10) According to the Department of State, “[g]enuine religious freedom does not exist in North Korea” and, according to the United States Commission on International Religious Freedom, “[t]he North Korean state severely represses public and private religious activities” with penalties that reportedly include arrest, imprisonment, torture, and sometimes execution.

(11) More than 2,000,000 North Koreans are estimated to have died of starvation since the early 1990s because of the failure of the centralized agricultural and public distribution systems operated by the Government of North Korea.

(12) According to a 2002 United Nations-European Union survey, nearly one out of every ten children in North Korea
suffers from acute malnutrition and four out of every ten children in North Korea are chronically malnourished.

(13) Since 1995, the United States has provided more than 2,000,000 tons of humanitarian food assistance to the people of North Korea, primarily through the World Food Program.

(14) Although United States food assistance has undoubtedly saved many North Korean lives and there have been minor improvements in transparency relating to the distribution of such assistance in North Korea, the Government of North Korea continues to deny the World Food Program forms of access necessary to properly monitor the delivery of food aid, including the ability to conduct random site visits, the use of native Korean-speaking employees, and travel access throughout North Korea.

(15) The risk of starvation, the threat of persecution, and the lack of freedom and opportunity in North Korea have caused large numbers, perhaps even hundreds of thousands, of North Koreans to flee their homeland, primarily into China.

(16) North Korean women and girls, particularly those who have fled into China, are at risk of being kidnapped, trafficked, and sexually exploited inside China, where many are sold as brides or concubines, or forced to work as prostitutes.

(17) The Governments of China and North Korea have been conducting aggressive campaigns to locate North Koreans who are in China without permission and to forcibly return them to North Korea, where they routinely face torture and imprisonment, and sometimes execution.

(18) Despite China's obligations as a party to the 1951 United Nations Convention Relating to the Status of Refugees and the 1967 Protocol Relating to the Status of Refugees, China routinely classifies North Koreans seeking asylum in China as mere “economic migrants” and returns them to North Korea without regard to the serious threat of persecution they face upon their return.

(19) The Government of China does not provide North Koreans whose asylum requests are rejected a right to have the rejection reviewed prior to deportation despite its obligations under the 1951 United Nations Convention Relating to the Status of Refugees and the 1967 Protocol Relating to the Status of Refugees.

(20) North Koreans who seek asylum while in China are routinely imprisoned and tortured, and in some cases killed, after they are returned to North Korea.

(21) The Government of China has detained, convicted, and imprisoned foreign aid workers attempting to assist North Korean refugees in proceedings that did not comply with Chinese law or international standards.

(22) In January 2000, North Korean agents inside China allegedly abducted the Reverend Kim Dong-shik, a United States permanent resident and advocate for North Korean refugees, whose condition and whereabouts remain unknown.

(23) Between 1994 and 2003, South Korea has admitted approximately 3,800 North Korean refugees for domestic resettlement, a number that is small in comparison with the total
number of North Korean escapees but far greater than the number legally admitted in any other country.

(24) Although the principal responsibility for North Korean refugee resettlement naturally falls to the Government of South Korea, the United States should play a leadership role in focusing international attention on the plight of these refugees, and formulating international solutions to that profound humanitarian dilemma.

(25) In addition to infringing the rights of its own citizens, the Government of North Korea has been responsible in years past for the abduction of numerous citizens of South Korea and Japan, whose condition and whereabouts remain unknown.

SEC. 4. PURPOSES.

The purposes of this Act are—

(1) to promote respect for and protection of fundamental human rights in North Korea;
(2) to promote a more durable humanitarian solution to the plight of North Korean refugees;
(3) to promote increased monitoring, access, and transparency in the provision of humanitarian assistance inside North Korea;
(4) to promote the free flow of information into and out of North Korea; and
(5) to promote progress toward the peaceful reunification of the Korean peninsula under a democratic system of government.

SEC. 103. RADIO BROADCASTING TO NORTH KOREA.

(a) SENSE OF CONGRESS.—It is the sense of Congress that the United States should facilitate the unhindered dissemination of information in North Korea by increasing its support for radio broadcasting to North Korea, and that the Broadcasting Board of Governors should increase broadcasts to North Korea from current levels, with a goal of providing 12-hour-per-day broadcasting to North Korea, including broadcasts by Radio Free Asia and Voice of America.

(b) REPORT.—Not later than 120 days after the date of the enactment of this Act, the Broadcasting Board of Governors shall submit to the appropriate congressional committees a report that—

SEC. 105. UNITED NATIONS COMMISSION ON HUMAN RIGHTS.

It is the sense of Congress that the United Nations has a significant role to play in promoting and improving human rights in North Korea, and that—

(1) the United Nations Commission on Human Rights (UNCHR) has taken positive steps by adopting Resolution 2003/10 and Resolution 2004/13 on the situation of human rights in North Korea, and particularly by requesting the appointment of a Special Rapporteur on the situation of human rights in North Korea; and

(2) the severe human rights violations within North Korea warrant country-specific attention and reporting by the United Nations Working Group on Arbitrary Detention, the Working Group on Enforced and Involuntary Disappearances, the Special Rapporteur on Extrajudicial, Summary, or Arbitrary Executions, the Special Rapporteur on the Right to Food, the Special Rapporteur on the Promotion and Protection of the Right to Freedom of Opinion and Expression, the Special Rapporteur on Freedom of Religion or Belief, and the Special Rapporteur on Violence Against Women.

SEC. 106. ESTABLISHMENT OF REGIONAL FRAMEWORK.

(a) FINDINGS.—The Congress finds that human rights initiatives can be undertaken on a multilateral basis, such as the Organization for Security and Cooperation in Europe (OSCE), which established a regional framework for discussing human rights, scientific and educational cooperation, and economic and trade issues.

(b) SENSE OF CONGRESS.—It is the sense of Congress that the United States should explore the possibility of a regional human rights dialogue with North Korea that is modeled on the Helsinki process, engaging all countries in the region in a common commitment to respect human rights and fundamental freedoms.

SEC. 107. SPECIAL ENVOY ON HUMAN RIGHTS IN NORTH KOREA.

(a) SPECIAL ENVOY.—The President shall appoint a special envoy for human rights in North Korea within the Department of State (hereafter in this section referred to as the "Special Envoy"). The Special Envoy should be a person of recognized distinction in the field of human rights.
Title II—Assisting North Koreans in Need

Sec. 201. Report on United States Humanitarian Assistance.

(1) all activities to provide humanitarian assistance inside North Korea, and to North Koreans outside of North Korea, that receive United States funding;

(2) any improvements in humanitarian transparency, monitoring, and access inside North Korea during the previous 1-year period, including progress toward meeting the conditions identified in subparagraphs (A) through (D) of section 202(b);\(^\text{13}\) and

(3) specific efforts to secure improved humanitarian transparency, monitoring, and access inside North Korea made by the United States and United States grantees, including the World Food Program, during the previous 1-year period.

(b) Form.—The information required by subsection (a)(1) may be provided in classified form if necessary.
SEC. 202. ASSISTANCE PROVIDED INSIDE NORTH KOREA.

(a) HUMANITARIAN ASSISTANCE THROUGH NONGOVERNMENTAL AND INTERNATIONAL ORGANIZATIONS.—It is the sense of the Congress that—

(1) at the same time that Congress supports the provision of humanitarian assistance to the people of North Korea on humanitarian grounds, such assistance also should be provided and monitored so as to minimize the possibility that such assistance could be diverted to political or military use, and to maximize the likelihood that it will reach the most vulnerable North Koreans;

(2) significant increases above current levels of United States support for humanitarian assistance provided inside North Korea should be conditioned upon substantial improvements in transparency, monitoring, and access to vulnerable populations throughout North Korea; and

(3) the United States should encourage other countries that provide food and other humanitarian assistance to North Korea to do so through monitored, transparent channels, rather than through direct, bilateral transfers to the Government of North Korea.

(b) UNITED STATES ASSISTANCE TO THE GOVERNMENT OF NORTH KOREA.—It is the sense of Congress that—

(1) United States humanitarian assistance to any department, agency, or entity of the Government of North Korea shall—

(A) be delivered, distributed, and monitored according to internationally recognized humanitarian standards;

(B) be provided on a needs basis, and not used as a political reward or tool of coercion;

(C) reach the intended beneficiaries, who should be informed of the source of the assistance; and

(D) be made available to all vulnerable groups in North Korea, no matter where in the country they may be located; and

(2) United States nonhumanitarian assistance to North Korea shall be contingent on North Korea’s substantial progress toward—

(A) respect for the basic human rights of the people of North Korea, including freedom of religion;

(B) providing for family reunification between North Koreans and their descendants and relatives in the United States;

(C) fully disclosing all information regarding citizens of Japan and the Republic of Korea abducted by the Government of North Korea;

(D) allowing such abductees, along with their families, complete and genuine freedom to leave North Korea and return to the abductees’ original home countries;

(E) reforming the North Korean prison and labor camp system, and subjecting such reforms to independent international monitoring; and

(F) decriminalizing political expression and activity.

c) Report.—Not later than 180 days after the date of the enactment of this Act, the Administrator of the Agency for International Development shall submit to the appropriate congressional committees a report describing compliance with this section.

SEC. 203. Assistance Provided Outside of North Korea.

(a) Assistance.—The President is authorized to provide assistance to support organizations or persons that provide humanitarian assistance to North Koreans who are outside of North Korea without the permission of the Government of North Korea.

(b) Types of Assistance.—Assistance provided under subsection (a) should be used to provide—

(1) humanitarian assistance to North Korean refugees, defectors, migrants, and orphans outside of North Korea, which may include support for refugee camps or temporary settlements; and

(2) humanitarian assistance to North Korean women outside of North Korea who are victims of trafficking, as defined in section 103(14) of the Trafficking Victims Protection Act of 2000 (22 U.S.C. 7102(14)), or are in danger of being trafficked.

(c) Authorization of Appropriations.—

(1) In General.—In addition to funds otherwise available for such purposes, there are authorized to be appropriated to the President $20,000,000 for each of the fiscal years 2005 through 2008 to carry out this section.

(2) Availability.—Amounts appropriated pursuant to the authorization of appropriations under paragraph (1) are authorized to remain available until expended.

TITLE III—Protecting North Korean Refugees

SEC. 301. United States Policy Toward Refugees and Defectors.

(a) Report.—Not later than 120 days after the date of the enactment of this Act, the Secretary of State, in consultation with the heads of other appropriate Federal departments and agencies, shall submit to the appropriate congressional committees and the Committee on the Judiciary of the House of Representatives and the Senate a report that describes the situation of North Korean refugees and explains United States Government policy toward North Korean nationals outside of North Korea.

(b) Contents.—The report shall include—

(1) an assessment of the circumstances facing North Korean refugees and migrants in hiding, particularly in China, and of the circumstances they face if forcibly returned to North Korea;

(2) an assessment of whether North Koreans in China have effective access to personnel of the United Nations High Commissioner for Refugees, and of whether the Government of China is fulfilling its obligations under the 1951 Convention Relating to the Status of Refugees, particularly Articles 31, 32, and 33 of such Convention;
(3) an assessment of whether North Koreans presently have unobstructed access to United States refugee and asylum processing, and of United States policy toward North Koreans who may present themselves at United States embassies or consulates and request protection as refugees or asylum seekers and resettlement in the United States;

(4) the total number of North Koreans who have been admitted into the United States as refugees or asylees in each of the past 5 years;

(5) an estimate of the number of North Koreans with family connections to United States citizens; and

(6) a description of the measures that the Secretary of State is taking to carry out section 303.

(c) Form.—The information required by paragraphs (1) through (5) of subsection (b) shall be provided in unclassified form. All or part of the information required by subsection (b)(6) may be provided in classified form, if necessary.

SEC. 302. ELIGIBILITY FOR REFUGEE OR ASYLUM CONSIDERATION.

(a) Purpose.—The purpose of this section is to clarify that North Koreans are not barred from eligibility for refugee status or asylum in the United States on account of any legal right to citizenship they may enjoy under the Constitution of the Republic of Korea. It is not intended in any way to prejudice whatever rights to citizenship North Koreans may enjoy under the Constitution of the Republic of Korea, or to apply to former North Korean nationals who have availed themselves of those rights.

(b) Treatment of Nationals of North Korea.—For purposes of eligibility for refugee status under section 207 of the Immigration and Nationality Act (8 U.S.C. 1157), or for asylum under section 208 of such Act (8 U.S.C. 1158), a national of the Democratic People's Republic of Korea shall not be considered a national of the Republic of Korea.

SEC. 303. FACILITATING SUBMISSION OF APPLICATIONS FOR ADMISSION AS A REFUGEE.

The Secretary of State shall undertake to facilitate the submission of applications under section 207 of the Immigration and Nationality Act (8 U.S.C. 1157) by citizens of North Korea seeking protection as refugees (as defined in section 101(a)(42) of such Act (8 U.S.C. 1101(a)(42)).

SEC. 304. UNITED NATIONS HIGH COMMISSIONER FOR REFUGEES.

(a) Actions in China.—It is the sense of Congress that—

(1) the Government of China has obligated itself to provide the United Nations High Commissioner for Refugees (UNHCR) with unimpeded access to North Koreans inside its borders to enable the UNHCR to determine whether they are refugees and whether they require assistance, pursuant to the 1951 United Nations Convention Relating to the Status of Refugees, the 1967 Protocol Relating to the Status of Refugees, and Article III, paragraph 5 of the 1995 Agreement on the Upgrading
of the UNHCR Mission in the People's Republic of China to UNHCR Branch Office in the People's Republic of China (referred to in this section as the "UNHCR Mission Agreement");

(2) the United States, other UNHCR donor governments, and UNHCR should persistently and at the highest levels continue to urge the Government of China to abide by its previous commitments to allow UNHCR unimpeded access to North Korean refugees inside China;

(3) the UNHCR, in order to effectively carry out its mandate to protect refugees, should liberally employ as professionals or Experts on Mission persons with significant experience in humanitarian assistance work among displaced North Koreans in China;

(4) the UNHCR, in order to effectively carry out its mandate to protect refugees, should liberally contract with appropriate nongovernmental organizations that have a proven record of providing humanitarian assistance to displaced North Koreans in China;

(5) the UNHCR should pursue a multilateral agreement to adopt an effective "first asylum" policy that guarantees safe haven and assistance to North Korean refugees; and

(6) should the Government of China begin actively fulfilling its obligations toward North Korean refugees, all countries, including the United States, and relevant international organizations should increase levels of humanitarian assistance provided inside China to help defray costs associated with the North Korean refugee presence.

(b) Arbitration Proceedings.—It is further the sense of Congress that—

(1) if the Government of China continues to refuse to provide the UNHCR with access to North Koreans within its borders, the UNHCR should initiate arbitration proceedings pursuant to Article XVI of the UNHCR Mission Agreement and appoint an arbitrator for the UNHCR; and

(2) because access to refugees is essential to the UNHCR mandate and to the purpose of a UNHCR branch office, a failure to assert those arbitration rights in present circumstances would constitute a significant abdication by the UNHCR of one of its core responsibilities.

SEC. 305. Annual Reports.

f. Syria Accountability and Lebanese Sovereignty Restoration Act of 2003

AN ACT To halt Syrian support for terrorism, end its occupation of Lebanon, and stop its development of weapons of mass destruction, and by so doing hold Syria accountable for the serious international security problems it has caused in the Middle East, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the "Syria Accountability and Lebanese Sovereignty Restoration Act of 2003".

SEC. 2. FINDINGS.

Congress makes the following findings:

(1) On June 24, 2002, President Bush stated "Syria must choose the right side in the war on terror by closing terrorist camps and expelling terrorist organizations".

(2) United Nations Security Council Resolution 1373 (September 28, 2001) mandates that all states "refrain from providing any form of support, active or passive, to entities or persons involved in terrorist acts", take "the necessary steps to prevent the commission of terrorist acts", and "deny safe haven to those who finance, plan, support, or commit terrorist acts".

(3) The Government of Syria is currently prohibited by United States law from receiving United States assistance because it has repeatedly provided support for acts of international terrorism, as determined by the Secretary of State for purposes of section 6(j)(1) of the Export Administration Act of 1979 (50 U.S.C. App. 2405(j)(1)) and other relevant provisions of law.

(4) Although the Department of State lists Syria as a state sponsor of terrorism and reports that Syria provides "safe haven and support to several terrorist groups", fewer United States sanctions apply with respect to Syria than with respect to any other country that is listed as a state sponsor of terrorism.

(5) Terrorist groups, including Hizballah, Hamas, Palestinian Islamic Jihad, the Popular Front for the Liberation of Palestine, and the Popular Front for the Liberation of Palestine—General Command, maintain offices, training camps, and other facilities on Syrian territory, and operate in areas of Lebanon.
occupied by the Syrian armed forces and receive supplies from Iran through Syria.

(6) United Nations Security Council Resolution 520 (September 17, 1982) calls for “strict respect of the sovereignty, territorial integrity, unity and political independence of Lebanon under the sole and exclusive authority of the Government of Lebanon through the Lebanese Army throughout Lebanon”.

(7) Approximately 20,000 Syrian troops and security personnel occupy much of the sovereign territory of Lebanon exerting undue influence upon its government and undermining its political independence.

(8) Since 1990 the Senate and House of Representatives have passed seven bills and resolutions which call for the withdrawal of Syrian armed forces from Lebanon.

(9) On March 3, 2003, Secretary of State Colin Powell declared that it is the objective of the United States to “let Lebanon be ruled by the Lebanese people without the presence of [the Syrian] occupation army”.

(10) Large and increasing numbers of the Lebanese people from across the political spectrum in Lebanon have mounted peaceful and democratic calls for the withdrawal of the Syrian Army from Lebanese soil.

(11) Israel has withdrawn all of its armed forces from Lebanon in accordance with United Nations Security Council Resolution 425 (March 19, 1978), as certified by the United Nations Secretary General.

(12) Even in the face of this United Nations certification that acknowledged Israel’s full compliance with Security Council Resolution 425, Syrian- and Iranian-supported Hizballah continues to attack Israeli outposts at Shebaa Farms, under the pretense that Shebaa Farms is territory from which Israel was required to withdraw by Security Council Resolution 425, and Syrian- and Iranian-supported Hizballah and other militant organizations continue to attack civilian targets in Israel.

(13) Syria will not allow Lebanon—a sovereign country—to fulfill its obligation in accordance with Security Council Resolution 425 to deploy its troops to southern Lebanon.

(14) As a result, the Israeli-Lebanese border and much of southern Lebanon is under the control of Hizballah, which continues to attack Israeli positions, allows Iranian Revolutionary Guards and other militant groups to operate freely in the area, and maintains thousands of rockets along Israel’s northern border, destabilizing the entire region.

(15) On February 12, 2003, Director of Central Intelligence George Tenet stated the following with respect to the Syrian- and Iranian-supported Hizballah: “[A]s an organization with capability and worldwide presence [it] is [al Qaeda’s] equal if not a far more capable organization * * * [T]hey’re a notch above in many respects, in terms of in their relationship with the Iranians and the training they receive, [which] puts them in a state-sponsored category with a potential for lethality that’s quite great.”

(16) In the State of the Union address on January 29, 2002, President Bush declared that the United States will “work
closely with our coalition to deny terrorists and their state sponsors the materials, technology, and expertise to make and deliver weapons of mass destruction’.

(17) The Government of Syria continues to develop and deploy short- and medium-range ballistic missiles.

(18) According to the December 2001 unclassified Central Intelligence Agency report entitled “Foreign Missile Developments and the Ballistic Missile Threat through 2015”, “Syria maintains a ballistic missile and rocket force of hundreds of FROG rockets, Scuds, and SS–21 SRBMs [and] Syria has developed [chemical weapons] warheads for its Scuds”.

(19) The Government of Syria is pursuing the development and production of biological and chemical weapons and has a nuclear research and development program that is cause for concern.

(20) According to the Central Intelligence Agency’s “Unclassified Report to Congress on the Acquisition of Technology Relating to Weapons of Mass Destruction and Advanced Conventional Munitions”, released January 7, 2003: “[Syria] already holds a stockpile of the nerve agent sarin but apparently is trying to develop more toxic and persistent nerve agents. Syria remains dependent on foreign sources for key elements of its [chemical weapons] program, including precursor chemicals and key production equipment. It is highly probable that Syria also is developing an offensive [biological weapons] capability.”.

(21) On May 6, 2002, the Under Secretary of State for Arms Control and International Security, John Bolton, stated: “The United States also knows that Syria has long had a chemical warfare program. It has a stockpile of the nerve agent sarin and is engaged in research and development of the more toxic and persistent nerve agent VX. Syria, which has signed but not ratified the [Biological Weapons Convention], is pursuing the development of biological weapons and is able to produce at least small amounts of biological warfare agents.”.

(22) According to the Central Intelligence Agency’s “Unclassified Report to Congress on the Acquisition of Technology Relating to Weapons of Mass Destruction and Advanced Conventional Munitions”, released January 7, 2003: “Russia and Syria have approved a draft cooperative program on cooperation on civil nuclear power. In principal, broader access to Russian expertise provides opportunities for Syria to expand its indigenous capabilities, should it decide to pursue nuclear weapons.”.

(23) Under the Treaty on the Non-Proliferation of Nuclear Weapons (21 UST 483), which entered force on March 5, 1970, and to which Syria is a party, Syria has undertaken not to acquire or produce nuclear weapons and has accepted full scope safeguards of the International Atomic Energy Agency to detect diversions of nuclear materials from peaceful activities to the production of nuclear weapons or other nuclear explosive devices.

(24) Syria is not a party to the Chemical Weapons Convention or the Biological Weapons Convention, which entered into force on April 29, 1997, and on March 26, 1975, respectively.
Sec. 2  Syria and Lebanon, 2003 (P.L. 108-175)  

(25) Syrian President Bashar Assad promised Secretary of State Powell in February 2001 to end violations of Security Council Resolution 661, which restricted the sale of oil and other commodities by Saddam Hussein's regime, except to the extent authorized by other relevant resolutions, but this pledge was never fulfilled.

(26) Syria's illegal imports and transshipments of Iraqi oil during Saddam Hussein's regime earned Syria $50,000,000 or more per month as Syria continued to sell its own Syrian oil at market prices.

(27) Syria's illegal imports and transshipments of Iraqi oil earned Saddam Hussein's regime $2,000,000 per day.

(28) On March 28, 2003, Secretary of Defense Donald Rumsfeld warned: "[W]e have information that shipments of military supplies have been crossing the border from Syria into Iraq, including night-vision goggles * * * These deliveries pose a direct threat to the lives of coalition forces. We consider such trafficking as hostile acts, and will hold the Syrian government accountable for such shipments."

(29) According to Article 23(1) of the United Nations Charter, members of the United Nations are elected as nonpermanent members of the United Nations Security Council with "due regard being specially paid, in the first instance to the contribution of members of the United Nations to the maintenance of international peace and security and to other purposes of the Organization".

(31) On March 31, 2003, the Syrian Foreign Minister, Farouq al-Sharra, made the Syrian regime's intentions clear when he explicitly stated that "Syria's interest is to see the invaders defeated in Iraq".

(32) On April 13, 2003, Secretary of Defense Donald Rumsfeld charged that "busloads" of Syrian fighters entered Iraq with "hundreds of thousands of dollars" and leaflets offering rewards for dead American soldiers.

(33) On September 16, 2003, the Under Secretary of State for Arms Control and International Security, John Bolton, appeared before the Subcommittee on the Middle East and Central Asia of the Committee on International Relations of the House of Representatives, and underscored Syria's "hostile actions" toward coalition forces during Operation Iraqi Freedom. Under Secretary Bolton added that: "Syria allowed military equipment to flow into Iraq on the eve of and during the war. Syria permitted volunteers to pass into Iraq to attack and kill our service members during the war, and is still doing so * * * [Syria's] behavior during Operation Iraqi Freedom underscores the importance of taking seriously reports and information on Syria's WMD capabilities."
(34) During his appearance before the Committee on International Relations of the House of Representatives on September 25, 2003, Ambassador L. Paul Bremer, III, Administrator of the Coalition Provisional Authority in Iraq, stated that out of the 278 third-country nationals who were captured by coalition forces in Iraq, the “single largest group are Syrians”.

SEC. 3. SENSE OF CONGRESS.

It is the sense of Congress that—

(1) the Government of Syria should immediately and unconditionally halt support for terrorism, permanently and openly declare its total renunciation of all forms of terrorism, and close all terrorist offices and facilities in Syria, including the offices of Hamas, Hizballah, Palestinian Islamic Jihad, the Popular Front for the Liberation of Palestine, and the Popular Front for the Liberation of Palestine—General Command;

(2) the Government of Syria should—

(A) immediately and unconditionally stop facilitating transit from Syria to Iraq of individuals, military equipment, and all lethal items, except as authorized by the Coalition Provisional Authority or a representative, internationally recognized Iraqi government;

(B) cease its support for “volunteers” and terrorists who are traveling from and through Syria into Iraq to launch attacks; and

(C) undertake concrete, verifiable steps to deter such behavior and control the use of territory under Syrian control;

(3) the Government of Syria should immediately declare its commitment to completely withdraw its armed forces, including military, paramilitary, and security forces, from Lebanon, and set a firm timetable for such withdrawal;

(4) the Government of Lebanon should deploy the Lebanese armed forces to all areas of Lebanon, including South Lebanon, in accordance with United Nations Security Council Resolution 520 (September 17, 1982), in order to assert the sovereignty of the Lebanese state over all of its territory, and should evict all terrorist and foreign forces from southern Lebanon, including Hizballah and the Iranian Revolutionary Guards;

(5) the Government of Syria should halt the development and deployment of medium- and long-range surface-to-surface missiles and cease the development and production of biological and chemical weapons;

(6) the Governments of Lebanon and Syria should enter into serious unconditional bilateral negotiations with the Government of Israel in order to realize a full and permanent peace;

(7) the United States should continue to provide humanitarian and educational assistance to the people of Lebanon only through appropriate private, nongovernmental organizations and appropriate international organizations, until such time as the Government of Lebanon asserts sovereignty and control over all of its territory and borders and achieves full...
political independence, as called for in United Nations Security Council Resolution 520; and

(8) as a violator of several key United Nations Security Council resolutions and as a nation that pursues policies which undermine international peace and security, Syria should not have been permitted to join the United Nations Security Council or serve as the Security Council’s President, and should be removed from the Security Council.

SEC. 4. STATEMENT OF POLICY.

It is the policy of the United States that—

(1) Syria should bear responsibility for attacks committed by Hizballah and other terrorist groups with offices, training camps, or other facilities in Syria, or bases in areas of Lebanon occupied by Syria;

(2) the United States will work to deny Syria the ability to support acts of international terrorism and efforts to develop or acquire weapons of mass destruction;

(3) the Secretary of State will continue to list Syria as a state sponsor of terrorism until Syria ends its support for terrorism, including its support of Hizballah and other terrorist groups in Lebanon and its hosting of terrorist groups in Damascus, and comes into full compliance with United States law relating to terrorism and United Nations Security Council Resolution 1373 (September 28, 2001);

(4) the full restoration of Lebanon’s sovereignty, political independence, and territorial integrity is in the national security interest of the United States;

(5) Syria is in violation of United Nations Security Council Resolution 520 (September 17, 1982) through its continued occupation of Lebanese territory and its encroachment upon Lebanon’s political independence;

(6) Syria’s obligation to withdraw from Lebanon is not conditioned upon progress in the Israeli-Syrian or Israeli-Lebanese peace process but derives from Syria’s obligation under Security Council Resolution 520;

(7) Syria’s acquisition of weapons of mass destruction and ballistic missile programs threaten the security of the Middle East and the national security interests of the United States;

(8) Syria will be held accountable for any harm to Coalition armed forces or to any United States citizen in Iraq if the government of Syria is found to be responsible due to its facilitation of terrorist activities and its shipments of military supplies to Iraq; and

(9) the United States will not provide any assistance to Syria and will oppose multilateral assistance for Syria until Syria ends all support for terrorism, withdraws its armed forces from Lebanon, and halts the development and deployment of weapons of mass destruction and medium- and long-range surface-to-surface ballistic missiles.

SEC. 5. PENALTIES AND AUTHORIZATION.

(a) PENALTIES.—Until the President makes the determination that Syria meets all the requirements described in paragraphs (1)
(1) the President shall prohibit the export to Syria of any item, including the issuance of a license for the export of any item, on the United States Munitions List or Commerce Control List of dual-use items in the Export Administration Regulations (15 CFR part 730 et seq.); and

(2) the President shall impose two or more of the following sanctions:
   (A) Prohibit the export of products of the United States (other than food and medicine) to Syria.
   (B) Prohibit United States businesses from investing or operating in Syria.
   (C) Restrict Syrian diplomats in Washington, D.C., and at the United Nations in New York City, to travel only within a 25-mile radius of Washington, D.C., or the United Nations headquarters building, respectively.
   (D) Prohibit aircraft of any air carrier owned or controlled by Syria to take off from, land in, or overfly the United States.
   (E) Reduce United States diplomatic contacts with Syria (other than those contacts required to protect United States interests or carry out the purposes of this Act).
   (F) Block transactions in any property in which the Government of Syria has any interest, by any person, or with respect to any property, subject to the jurisdiction of the United States.

(b) WAIVER.—The President may waive the application of subsection (a)(1), (a)(2), or both if the President determines that it is in the national security interest of the United States to do so and submits to the appropriate congressional committees a report containing the reasons for the determination.

(c) AUTHORITY TO PROVIDE ASSISTANCE TO SYRIA.—If the President—

(1) makes the determination that Syria meets the requirements described in paragraphs (1) through (4) of subsection (d) and certifies such determination to Congress in accordance with such subsection;

(2) determines that substantial progress has been made both in negotiations aimed at achieving a peace agreement between Israel and Syria and in negotiations aimed at achieving a peace agreement between Israel and Lebanon; and

(3) determines that the Government of Syria is strictly respecting the sovereignty, territorial integrity, unity, and political independence of Lebanon under the sole and exclusive authority of the Government of Lebanon through the Lebanese army throughout Lebanon, as required under paragraph (4) of United Nations Security Council Resolution 520 (1982),

then the President is authorized to provide assistance to Syria under chapter 1 of part I of the Foreign Assistance Act of 1961 (relating to development assistance).

(d) CERTIFICATION.—A certification under this subsection is a certification transmitted to the appropriate congressional committees of a determination made by the President that—
(1) the Government of Syria has ceased providing support for international terrorist groups and does not allow terrorist groups, such as Hamas, Hizballah, Palestinian Islamic Jihad, the Popular Front for the Liberation of Palestine, and the Popular Front for the Liberation of Palestine—General Command to maintain facilities in territory under Syrian control;
(2) the Government of Syria ended its occupation of Lebanon described in section 2(7) of this Act;
(3) the Government of Syria has ceased the development and deployment of medium- and long-range surface-to-surface ballistic missiles, is not pursuing or engaged in the research, development, acquisition, production, transfer, or deployment of biological, chemical, or nuclear weapons, has provided credible assurances that such behavior will not be undertaken in the future, and has agreed to allow United Nations and other international observers to verify such actions and assurances; and
(4) the Government of Syria has ceased all support for, and facilitation of, all terrorist activities inside of Iraq, including preventing the use of territory under its control by any means whatsoever to support those engaged in terrorist activities inside of Iraq.

SEC. 6: REPORT.
(a) REPORT.—Not later than 6 months after the date of the enactment of this Act, and every 12 months thereafter until the conditions described in paragraphs (1) through (4) of section 5(d) are satisfied, the Secretary of State shall submit to the appropriate congressional committees a report on—
(1) Syria’s progress toward meeting the conditions described in paragraphs (1) through (4) of section 5(d);
(2) connections, if any, between individual terrorists and terrorist groups which maintain offices, training camps, or other facilities on Syrian territory, or operate in areas of Lebanon occupied by the Syrian armed forces, and terrorist attacks on the United States or its citizens, installations, or allies; and

g. Microenterprise

(1) Microenterprise Results and Accountability Act of 2004

Partial text of Public Law 108-484 [H.R. 3818], 118 Stat. 3922, approved December 23, 2004

AN ACT To amend the Foreign Assistance Act of 1961 to improve the results and accountability of microenterprise development assistance programs, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the "Microenterprise Results and Accountability Act of 2004".

SEC. 2. FINDINGS AND POLICY.

Congress finds and declares the following:

(1) Congress has demonstrated its support for microenterprise development assistance programs through the enactment of two comprehensive microenterprise laws:

(2) The report on the effectiveness of the United States Agency for International Development's microfinance program, prepared by the Consultative Group to Assist the Poor, rated the Agency in the top tier of the 17 donors in this field.

(3) The Comptroller General, in a report dated November 2003, found that the United States Agency for International Development has met some, but not all, of the key objectives of such microenterprise development assistance programs.

(4) The Comptroller General's report found, among other things, the following:

(A) Microenterprise development assistance generally can help alleviate some impacts of poverty, improve income levels and quality of life for borrowers and provide...
poor individuals, workers, and their families with an important coping mechanism.

(B) Microenterprise development assistance programs of the United States Agency for International Development have encouraged women’s participation in microfinance projects and, according to data of the Agency, women have comprised two-thirds or more of the micro-loan clients in Agency-funded microenterprise projects since 1997.

(5)(A) The Comptroller General’s report recommends that the Administrator of the United States Agency for International Development review the Agency’s ‘microenterprise results reporting’ system with the goal of ensuring that its annual reporting is complete and accurate.

(B) Specifically, the Administrator should review and reconsider the methodologies used for the collection, analysis, and reporting of data on annual spending targets, outreach to the very poor, sustainability of microfinance institutions, and the contribution of Agency’s funding to the institutions it supports.

SEC. 3. MICROENTERPRISE DEVELOPMENT ASSISTANCE.

Chapter 2 of part I of the Foreign Assistance Act of 1961 (22 U.S.C. 2166 et seq.) is amended by inserting after title V the following new title:

SEC. 4. MICROENTERPRISE DEVELOPMENT CREDITS.

SEC. 5. UNITED STATES MICROFINANCE LOAN FACILITY.

SEC. 6. MISCELLANEOUS PROVISIONS.

SEC. 7. SENSE OF CONGRESS.

It is the sense of Congress that, in carrying out title VI of chapter 2 of part I of the Foreign Assistance Act of 1961 (as added by section 3 of this Act and amended by sections 4 through 6 of this Act), the Administrator of the United States Agency for International Development—

(1) where applicable, should ensure that microenterprise development assistance provided under such title is matched by recipients with an equal amount of assistance from non-United States Government sources, including private donations, multilateral funding, commercial and concessional borrowing, savings, and program income;

(2) should include in the report required by section 258 of the Foreign Assistance Act of 1961 (as added by section 6 of this Act) a description of all matching assistance (as described in paragraph (1)) provided for the prior year by recipients of microenterprise development assistance under such title;

---

4 Sec. 3 added a new title VI, relating to Microenterprise Development Assistance, to chapter 2 of part I of the Foreign Assistance Act of 1961. For text, see beginning at page 138.

4 Sec. 4 redesignated sec. 108 of the Foreign Assistance Act of 1961 as sec. 256 of the newly formed title VI of chapter 2 of part I of that Act. Sec. 4 also inserted subtitle headings A and B in title VI of chapter 2 of part I of that Act and provided authorization levels for Microenterprise Development Credits for fiscal years 2005 through 2009.

5 Sec. 5 redesignated sec. 132 of the Foreign Assistance Act of 1961 as sec. 257 of the newly formed title VI of chapter 2 of part I of that Act. Sec. 5 also inserted subtitle heading C in title VI of chapter 2 of part I of that Act and provided authorization levels for the U.S. Microfinance Loan Facility for fiscal years 2005 through 2009.

6 Sec. 6 added a new subtitle D to title VI of chapter 2 of part I of the Foreign Assistance Act of 1961, relating to miscellaneous provisions.

(3) should ensure that recipients of microenterprise development assistance under such title do not expend an unreasonably large percentage of such assistance on administrative costs;

(4) should not use recipients of microenterprise development assistance under such title to carry out critical management functions of the Agency, including functions such as strategy development or overall management of programs in a country; and

(5) should consult with the appropriate congressional committees with respect to the implementation of title VI of chapter 2 of part I of the Foreign Assistance Act of 1961 not later than 90 days after the date of the enactment of this Act.

SEC. 8. REPEALS.

(a) FOREIGN ASSISTANCE ACT OF 1961.—Section 131 of the Foreign Assistance Act of 1961 (22 U.S.C. 2152a) is hereby repealed.

(b) PUBLIC LAW 108–31.—

(1) IN GENERAL.—Section 4 of Public Law 108–31 (22 U.S.C. 2151f note) is amended by striking subsection (b).

Subtitle A—General Assistance and Programs

Subtitle B—Assistance for Children and Families

1 22 U.S.C. 7601 note.
Secretary makes the following findings:

(1) During the last 20 years, HIV/AIDS has assumed pandemic proportions, spreading from the most severely affected regions, sub-Saharan Africa and the Caribbean, to all corners of the world, and leaving an unprecedented path of death and devastation.

(2) According to the Joint United Nations Programme on HIV/AIDS (UNAIDS), more than 65,000,000 individuals worldwide have been infected with HIV since the epidemic began, more than 25,000,000 of these individuals have lost their lives to the disease, and more than 14,000,000 children have been orphaned by the disease. HIV/AIDS is the fourth-highest cause of death in the world.

(3)(A) At the end of 2002, an estimated 42,000,000 individuals were infected with HIV or living with AIDS, of which more than 75 percent live in Africa or the Caribbean. Of these individuals, more than 3,200,000 were children under the age of 15 and more than 19,200,000 were women.

(B) Women are four times more vulnerable to infection than are men and are becoming infected at increasingly high rates, in part because many societies do not provide poor women and young girls with the social, legal, and cultural protections against high risk activities that expose them to HIV/AIDS.

(C) Women and children who are refugees or are internally displaced persons are especially vulnerable to sexual exploitation and violence, thereby increasing the possibility of HIV infection.

(4) As the leading cause of death in sub-Saharan Africa, AIDS has killed more than 19,400,000 individuals (more than 3 times the number of AIDS deaths in the rest of the world) and will claim the lives of one-quarter of the population, mostly adults, in the next decade.

(5) An estimated 2,000,000 individuals in Latin America and the Caribbean and another 7,100,000 individuals in Asia and the Pacific region are infected with HIV or living with AIDS. Infection rates are rising alarmingly in Eastern Europe (especially in the Russian Federation), Central Asia, and China.
(6) HIV/AIDS threatens personal security by affecting the health, lifespan, and productive capacity of the individual and the social cohesion and economic well-being of the family.

(7) HIV/AIDS undermines the economic security of a country and individual businesses in that country by weakening the productivity and longevity of the labor force across a broad array of economic sectors and by reducing the potential for economic growth over the long term.

(8) HIV/AIDS destabilizes communities by striking at the most mobile and educated members of society, many of whom are responsible for security at the local level and governance at the national and subnational levels as well as many teachers, health care personnel, and other community workers vital to community development and the effort to combat HIV/AIDS. In some countries the overwhelming challenges of the HIV/AIDS epidemic are accelerating the outward migration of critically important health care professionals.

(9) HIV/AIDS weakens the defenses of countries severely affected by the HIV/AIDS crisis through high infection rates among members of their military forces and voluntary peacekeeping personnel. According to UNAIDS, in sub-Saharan Africa, many military forces have infection rates as much as five times that of the civilian population.

(10) HIV/AIDS poses a serious security issue for the international community by—

(A) increasing the potential for political instability and economic devastation, particularly in those countries and regions most severely affected by the disease;

(B) decreasing the capacity to resolve conflicts through the introduction of peacekeeping forces because the environments into which these forces are introduced pose a high risk for the spread of HIV/AIDS; and

(C) increasing the vulnerability of local populations to HIV/AIDS in conflict zones from peacekeeping troops with HIV infection rates significantly higher than civilian populations.

(11) The devastation wrought by the HIV/AIDS pandemic is compounded by the prevalence of tuberculosis and malaria, particularly in developing countries where the poorest and most vulnerable members of society, including women, children, and those individuals living with HIV/AIDS, become infected. According to the World Health Organization (WHO), HIV/AIDS, tuberculosis, and malaria accounted for more than 5,700,000 deaths in 2001 and caused debilitating illnesses in millions more.

(12) Together, HIV/AIDS, tuberculosis, malaria and related diseases are undermining agricultural production throughout Africa. According to the United Nations Food and Agricultural Organization, 7,000,000 agricultural workers throughout 25 African countries have died from AIDS since 1985. Countries with poorly developed agricultural systems, which already face chronic food shortages, are the hardest hit, particularly in sub-Saharan Africa, where high HIV prevalence rates are
compounding the risk of starvation for an estimated 14,400,000 people.

(13) Tuberculosis is the cause of death for one out of every three people with AIDS worldwide and is a highly communicable disease. HIV infection is the leading threat to tuberculosis control. Because HIV infection so severely weakens the immune system, individuals with HIV and latent tuberculosis infection have a 100 times greater risk of developing active tuberculosis diseases thereby increasing the risk of spreading tuberculosis to others. Tuberculosis, in turn, accelerates the onset of AIDS in individuals infected with HIV.

(14) Malaria, the most deadly of all tropical parasitic diseases, has been undergoing a dramatic resurgence in recent years due to increasing resistance of the malaria parasite to inexpensive and effective drugs. At the same time, increasing resistance of mosquitoes to standard insecticides makes control of transmission difficult to achieve. The World Health Organization estimates that between 300,000,000 and 500,000,000 new cases of malaria occur each year, and annual deaths from the disease number between 2,000,000 and 3,000,000. Persons infected with HIV are particularly vulnerable to the malaria parasite. The spread of HIV infection contributes to the difficulties of controlling resurgence of the drug resistant malaria parasite.

(15) HIV/AIDS is first and foremost a health problem. Successful strategies to stem the spread of the HIV/AIDS pandemic will require clinical medical interventions, the strengthening of health care delivery systems and infrastructure, and determined national leadership and increased budgetary allocations for the health sector in countries affected by the epidemic as well as measures to address the social and behavioral causes of the problem and its impact on families, communities, and societal sectors.

(16) Basic interventions to prevent new HIV infections and to bring care and treatment to people living with AIDS, such as voluntary counseling and testing and mother-to-child transmission programs, are achieving meaningful results and are cost-effective. The challenge is to expand these interventions from a pilot program basis to a national basis in a coherent and sustainable manner.

(17) Appropriate treatment of individuals with HIV/AIDS can prolong the lives of such individuals, preserve their families, prevent children from becoming orphans, and increase productivity of such individuals by allowing them to lead active lives and reduce the need for costly hospitalization for treatment of opportunistic infections caused by HIV.

(18) Nongovernmental organizations, including faith-based organizations, with experience in health care and HIV/AIDS counseling, have proven effective in combating the HIV/AIDS pandemic and can be a resource in assisting indigenous organizations in severely affected countries in their efforts to provide treatment and care for individuals infected with HIV/AIDS.

(19) Faith-based organizations are making an important contribution to HIV prevention and AIDS treatment programs
around the world. Successful HIV prevention programs in Uganda, Jamaica, and elsewhere have included local churches and faith-based groups in efforts to promote behavior changes to prevent HIV, to reduce stigma associated with HIV infection, to treat those afflicted with the disease, and to care for orphans. The Catholic Church alone currently cares for one in four people being treated for AIDS worldwide. Faith-based organizations possess infrastructure, experience, and knowledge that will be needed to carry out these programs in the future and should be an integral part of United States efforts.

(20)(A) Uganda has experienced the most significant decline in HIV rates of any country in Africa, including a decrease among pregnant women from 20.6 percent in 1991 to 7.9 percent in 2000.

(B) Uganda made this remarkable turnaround because President Yoweri Museveni spoke out early, breaking long-standing cultural taboos, and changed widespread perceptions about the disease. His leadership stands as a model for ways political leaders in Africa and other developing countries can mobilize their nations, including civic organizations, professional associations, religious institutions, business and labor to combat HIV/AIDS.

(C) Uganda’s successful AIDS treatment and prevention program is referred to as the ABC model: “Abstain, Be faithful, use Condoms”, in order of priority. Jamaica, Zambia, Ethiopia and Senegal have also successfully used the ABC model. Beginning in 1986, Uganda brought about a fundamental change in sexual behavior by developing a low-cost program with the message: “Stop having multiple partners. Be faithful. Teenagers, wait until you are married before you begin sex.”.

(D) By 1995, 95 percent of Ugandans were reporting either one or zero sexual partners in the past year, and the proportion of sexually active youth declined significantly from the late 1980s to the mid-1990s. The greatest percentage decline in HIV infections and the greatest degree of behavioral change occurred in those 15 to 19 years old. Uganda’s success shows that behavior change, through the use of the ABC model, is a very successful way to prevent the spread of HIV.

(21) The magnitude and scope of the HIV/AIDS crisis demands a comprehensive, long-term, international response focused upon addressing the causes, reducing the spread, and ameliorating the consequences of the HIV/AIDS pandemic, including—

(A) prevention and education, care and treatment, basic and applied research, and training of health care workers, particularly at the community and provincial levels, and other community workers and leaders needed to cope with the range of consequences of the HIV/AIDS crisis;

(B) development of health care infrastructure and delivery systems through cooperative and coordinated public efforts and public and private partnerships;

(C) development and implementation of national and community-based multisector strategies that address the impact of HIV/AIDS on the individual, family, community,
and nation and increase the participation of at-risk populations in programs designed to encourage behavioral and social change and reduce the stigma associated with HIV/AIDS; and

(D) coordination of efforts between international organizations such as the Global Fund to Fight AIDS, Tuberculosis and Malaria, the Joint United Nations Programme on HIV/AIDS (UNAIDS), the World Health Organization (WHO), national governments, and private sector organizations, including faith-based organizations.

(22) The United States has the capacity to lead and enhance the effectiveness of the international community's response by—

(A) providing substantial financial resources, technical expertise, and training, particularly of health care personnel and community workers and leaders;

(B) promoting vaccine and microbicide research and the development of new treatment protocols in the public and commercial pharmaceutical research sectors;

(C) making available pharmaceuticals and diagnostics for HIV/AIDS therapy;

(D) encouraging governments and faith-based and community-based organizations to adopt policies that treat HIV/AIDS as a multisectoral public health problem affecting not only health but other areas such as agriculture, education, the economy, the family and society, and assisting them to develop and implement programs corresponding to these needs;

(E) promoting healthy lifestyles, including abstinence, delaying sexual debut, monogamy, marriage, faithfulness, use of condoms, and avoiding substance abuse; and

(F) encouraging active involvement of the private sector, including businesses, pharmaceutical and biotechnology companies, the medical and scientific communities, charitable foundations, private and voluntary organizations and nongovernmental organizations, faith-based organizations, community-based organizations, and other nonprofit entities.

(23) Prostitution and other sexual victimization are degrading to women and children and it should be the policy of the United States to eradicate such practices. The sex industry, the trafficking of individuals into such industry, and sexual violence are additional causes of and factors in the spread of the HIV/AIDS epidemic. One in nine South Africans is living with AIDS, and sexual assault is rampant, at a victimization rate of one in three women. Meanwhile in Cambodia, as many as 40 percent of prostitutes are infected with HIV and the country has the highest rate of increase of HIV infection in all of Southeast Asia. Victims of coercive sexual encounters do not get to make choices about their sexual activities.

(24) Strong coordination must exist among the various agencies of the United States to ensure effective and efficient use of financial and technical resources within the United States.
Government with respect to the provision of international HIV/AIDS assistance.

(25) In his address to Congress on January 28, 2003, the President announced the Administration’s intention to embark on a five-year emergency plan for AIDS relief, to confront HIV/AIDS with the goals of preventing 7,000,000 new HIV/AIDS infections, treating at least 2,000,000 people with life-extending drugs, and providing humane care for millions of people suffering from HIV/AIDS, and for children orphaned by HIV/AIDS.

(26) In this address to Congress, the President stated the following: “Today, on the continent of Africa, nearly 30,000,000 people have the AIDS virus—including 3,000,000 children under the age of 15. There are whole countries in Africa where more than one-third of the adult population carries the infection. More than 4,000,000 require immediate drug treatment. Yet across that continent, only 50,000 AIDS victims—only 50,000—are receiving the medicine they need.”

(27) Furthermore, the President focused on care and treatment of HIV/AIDS in his address to Congress, stating the following: “Because the AIDS diagnosis is considered a death sentence, many do not seek treatment. Almost all who do are turned away. A doctor in rural South Africa describes his frustration. He says, ‘We have no medicines. Many hospitals tell people, you’ve got AIDS, we can’t help you. Go home and die.’ In an age of miraculous medicines, no person should have to hear those words. AIDS can be prevented. Anti-retroviral drugs can extend life for many years * * * Ladies and gentlemen, seldom has history offered a greater opportunity to do so much for so many.”

(28) Finally, the President stated that “[w]e have confronted, and will continue to confront, HIV/AIDS in our own country”, proposing now that the United States should lead the world in sparing innocent people from a plague of nature, and asking Congress “to commit $15,000,000,000 over the next five years, including nearly $10,000,000,000 in new money, to turn the tide against AIDS in the most afflicted nations of Africa and the Caribbean”.

The purpose of this Act is to strengthen United States leadership and the effectiveness of the United States response to certain global infectious diseases by—

1. establishing a comprehensive, integrated five-year, global strategy to fight HIV/AIDS that encompasses a plan for phased expansion of critical programs and improved coordination among relevant executive branch agencies and between the United States and foreign governments and international organizations;

(a) FINDINGS.—Congress makes the following findings:

(1) Innovative partnerships between governments and organizations in the private sector (including foundations, universities, corporations, faith-based and community-based organizations, and other nongovernmental organizations) have proliferated in recent years, particularly in the area of health.

(2) Public-private sector partnerships multiply local and international capacities to strengthen the delivery of health services in developing countries and to accelerate research for vaccines and other pharmaceutical products that are essential to combat infectious diseases decimating the populations of these countries.

(3) These partnerships maximize the unique capabilities of each sector while combining financial and other resources, scientific knowledge, and expertise toward common goals which neither the public nor the private sector can achieve alone.

(4) Sustaining existing public-private partnerships and building new ones are critical to the success of the international community’s efforts to combat HIV/AIDS and other infectious diseases around the globe.

(b) SENSE OF CONGRESS.—It is the sense of Congress that—

(1) the sustainment and promotion of public-private partnerships should be a priority element of the strategy pursued by

cr

the United States to combat the HIV/AIDS pandemic and other
global health crises; and
(2) the United States should systematically track the evo-
olution of these partnerships and work with others in the public
and private sector to profile and build upon those models that
are most effective.

SEC. 202.\textsuperscript{10} PARTICIPATION IN THE GLOBAL FUND TO FIGHT AIDS, TUBERCULOSIS AND MALARIA.

(a) FINDINGS.—The Congress finds as follows:

(1) The establishment of the Global Fund in January 2002
is consistent with the general principles for an international
AIDS trust fund first outlined by the Congress in the Global
AIDS and Tuberculosis Relief Act of 2000 (Public Law 106–
264).

(2) Section 2, Article 5 of the bylaws of the Global Fund pro-
vides for the International Bank for Reconstruction and Devel-
opment to serve as the initial collection trustee for the Global
Fund.

and the International Bank for Reconstruction and Develop-
ment narrows the range of duties to include receiving and in-
vesting funds from donors, disbursing the funds upon the in-

to donors and the Global Fund, and providing an annual exter-

$1,000,000,000 for the period of fiscal year 2004 beginning on
January 1, 2004, and such sums as may be necessary for the
fiscal years 2005–2008, for contributions to the Global Fund.

\textsuperscript{11}In a memorandum of February 23, 2004 (69 F.R. 9509), the President delegated authority
under secs. 202(c), 305 and 313 to the Secretary of State. The President, further, delegated the

(4) Limitation.—
   (A)(i) At any time during fiscal years 2004 through 2008, no United States contribution to the Global Fund may cause the total amount of United States Government contributions to the Global Fund to exceed 33 percent of the total amount of funds contributed to the Global Fund from all sources. Contributions to the Global Fund from the International Bank for Reconstruction and Development and the International Monetary Fund shall not be considered in determining compliance with this paragraph.
   (ii) If, at any time during any of the fiscal years 2004 through 2008, the President determines that the Global Fund has provided assistance to a country, the government of which the Secretary of State has determined, for purposes of section 6(j)(1) of the Export Administration Act of 1979 (50 U.S.C. App. 2405(j)(1)), has repeatedly provided support for acts of international terrorism, then the United States shall withhold from its contribution for the next fiscal year an amount equal to the amount expended by the Fund to the government of each such country.
   (iii) If at any time the President determines that the expenses of the Governing, Administrative, and Advisory Bodies (including the Partnership Forum, the Foundation Board, the Secretariat, and the Technical Review Board) of the Global Fund exceed 10 percent of the total expenditures of the Fund for any 2-year period, the United States shall withhold from its contribution for the next fiscal year an amount equal to the average annual amount expended by the Fund for such 2-year period for the expenses of the Governing, Administrative, and Advisory Bodies in excess of 10 percent of the total expenditures of the Fund.
   (iv) The President may waive the application of clause (iii) if the President determines that extraordinary circumstances warrant such a waiver. No waiver under this clause may be for any period that exceeds 1 year.
   (v) If, at any time during any of the fiscal years 2004 through 2008, the President determines that the salary of any individual employed by the Global Fund exceeds the salary of the Vice President of the United States (as determined under section 104 of title 3, United States Code) for that fiscal year, then the United States shall withhold from its contribution for the next fiscal year an amount
equal to the aggregate amount by which the salary of each such individual exceeds the salary of the Vice President of the United States.

(vi) \[12\] for the purposes of clause (i), “funds contributed to the Global Fund from all sources” means funds contributed to the Global Fund at any time during fiscal years 2004 through 2008 that are not contributed to fulfill a commitment made for a fiscal year prior to fiscal year 2004.

(B)(i) Any amount made available under this subsection that is withheld by reason of subparagraph (A)(i) shall be contributed to the Global Fund as soon as practicable, subject to subparagraph (A)(i), after additional contributions to the Global Fund are made from other sources.

(ii) Any amount made available under this subsection that is withheld by reason of subparagraph (A)(iii) shall be transferred to the Activities to Combat HIV/AIDS Globally Fund and shall remain available under the same terms and conditions as funds appropriated pursuant to the authorization of appropriations under section 401 for HIV/AIDS assistance.

(iii) Any amount made available under this subsection that is withheld by reason of clause (ii) or (iii) of subparagraph (A) is authorized to be made available to carry out section 104A of the Foreign Assistance Act of 1961 (as added by section 301 of this Act). Amounts made available under the preceding sentence are in addition to amounts appropriated pursuant to the authorization of appropriations under section 401 of this Act for HIV/AIDS assistance.

(iv) \[13\] Notwithstanding clause (i), after July 31 of each of the fiscal years 2004 through 2008, any amount made available under this subsection that is withheld by reason of subparagraph (A)(i) is authorized to be made available to carry out sections 104A, 104B, and 104C of the Foreign Assistance Act of 1961 (as added by title III of this Act).

(C)(i) The President may suspend the application of subparagraph (A) with respect to a fiscal year if the President determines that an international health emergency threatens the national security interests of the United States.

(ii) The President shall notify the Committee on International Relations of the House of Representatives and the Committee on Foreign Relations of the Senate not less than 5 days before making a determination under clause (i) with respect to the application of subparagraph (A)(i) and shall include in the notification—

(I) a justification as to why increased United States Government contributions to the Global Fund is preferable to increased United States assistance to combat HIV/AIDS, tuberculosis, and malaria on a bilateral basis; and

(II) an explanation as to why other government donors to the Global Fund are unable to provide adequate contributions to the Fund.

(e) INTERAGENCY TECHNICAL REVIEW PANEL.—

(1) ESTABLISHMENT.—The Coordinator of United States Government Activities to Combat HIV/AIDS Globally, established in section 1(f)(1) of the State Department Basic Authorities Act of 1956 (as added by section 102(a) of this Act), shall establish in the executive branch an interagency technical review panel.

(2) DUTIES.—The interagency technical review panel shall serve as a “shadow” panel to the Global Fund by—

(A) periodically reviewing all proposals received by the Global Fund; and

(B) providing guidance to the United States persons who are representatives on the panels, committees, and boards of the Global Fund, on the technical efficacy, suitability, and appropriateness of the proposals, and ensuring that such persons are fully informed of technical inadequacies or other aspects of the proposals that are inconsistent with the purposes of this or any other Act relating to the provision of foreign assistance in the area of AIDS.

(3) MEMBERSHIP.—The interagency technical review panel shall consist of qualified medical and development experts who are officers or employees of the Department of Health and Human Services, the Department of State, and the United States Agency for International Development.

(2) Reports provided to the Global Fund and the Activities to Combat HIV/AIDS Globally Fund by organizations contracted to audit recipients of funds.

(3) Project proposals submitted by applicants for funding from the Global Fund and the Activities to Combat HIV/AIDS Globally Fund, but which were not funded.

(1) conduct an outreach campaign that is designed to—
   (A) inform the public of the existence of—
      (i) the Global Fund; and
      (ii) any entity that will accept private contributions intended for use by the Global Fund; and
   (B) encourage private contributions to the Global Fund; and
(2) encourage private contributions intended for use by the Global Fund by—
   (A) establishing and operating an Internet website, and publishing information about the website; and
   (B) making public service announcements on radio and television.

SEC. 203. VOLUNTARY CONTRIBUTIONS TO INTERNATIONAL VACCINE FUNDS.

(a) VACCINE FUND.—Section 302(k) of the Foreign Assistance Act of 1961 (22 U.S.C. 2222(k)) is amended—

TITLE III—BILATERAL EFFORTS
Subtitle A—General Assistance and Programs

SEC. 301. ASSISTANCE TO COMBAT HIV/AIDS.

(a) AMENDMENT OF THE FOREIGN ASSISTANCE ACT OF 1961.—Chapter I of part I of the Foreign Assistance Act of 1961 (22 U.S.C. 2151 et seq.) is amended—

(1) in section 104(c) (22 U.S.C. 2151b(c)), by striking paragraphs (4) through (7); and
(2) by inserting after section 104 the following new section:

"SEC. 104A. ASSISTANCE TO COMBAT HIV/AIDS.

(b) AUTHORIZATION OF APPROPRIATIONS.—

(1) IN GENERAL.—In addition to funds available under section 104(c) of the Foreign Assistance Act of 1961 (22 U.S.C. 2151b(c) for such purpose or under any other provision of that Act, there are authorized to be appropriated to the President, from amounts authorized to be appropriated under section 401, such sums as may be necessary for each of the fiscal years 2004 through 2008 to carry out section 104A of the Foreign Assistance Act of 1961, as added by subsection (a).

(2) AVAILABILITY OF FUNDS.—Amounts appropriated pursuant to paragraph (1) are authorized to remain available until expended.

(3) ALLOCATION OF FUNDS.—Of the amount authorized to be appropriated by paragraph (1) for the fiscal years 2004 through 2008, such sums as may be necessary for each of such fiscal years—

The President issued a Memorandum on March 28, 2001, relating to family planning, to the Administrator of the U.S. Agency for International Development, restoring the Mexico City Policy (66 F.R. 17303).

In a memorandum of August 29, 2003 (68 F.R. 52323), the President extended "the requirements of the March 28, 2001 memorandum to all assistance for voluntary population planning furnished to foreign nongovernmental organizations and appropriated pursuant to the Foreign Assistance Act, whether such assistance is furnished by USAID or any other bureau, office, or component of the Department of State. As set forth in the March 28, 2001, memorandum, this policy applies to certain assistance provided to foreign nongovernmental organizations. Such organizations do not include multilateral organizations that are associations of governments. This policy shall not apply to assistance furnished pursuant to the United States Leadership Against HIV/AIDS, Tuberculosis, and Malaria Act of 2003 (Public Law 108-125).".
2008, such sums as may be necessary are authorized to be appropriated to carry out section 104A(d)(4) of the Foreign Assistance Act of 1961 (as added by subsection (a)), relating to the procurement and distribution of HIV/AIDS pharmaceuticals.

(c) RELATIONSHIP TO ASSISTANCE PROGRAMS TO ENHANCE NUTRITION.—In recognition of the fact that malnutrition may hasten the progression of HIV to AIDS and may exacerbate the decline among AIDS patients leading to a shorter life span, the Administrator of the United States Agency for International Development shall, as appropriate—

(1) integrate nutrition programs with HIV/AIDS activities, generally;

(2) provide, as a component of an anti-retroviral therapy program, support for food and nutrition to individuals infected with and affected by HIV/AIDS; and

(3) provide support for food and nutrition for children affected by HIV/AIDS and to communities and households caring for children affected by HIV/AIDS.

(d) ELIGIBILITY FOR ASSISTANCE.—An organization that is otherwise eligible to receive assistance under section 104A of the Foreign Assistance Act of 1961 (as added by subsection (a)) or under any other provision of this Act (or any amendment made by this Act) to prevent, treat, or monitor HIV/AIDS shall not be required, as a condition of receiving the assistance, to endorse or utilize a multisectoral approach to combatting HIV/AIDS, or to endorse, utilize, or participate in a prevention method or treatment program to which the organization has a religious or moral objection.

(e) LIMITATION.—No funds made available to carry out this Act, or any amendment made by this Act, may be used to promote or advocate the legalization or practice of prostitution or sex trafficking. Nothing in the preceding sentence shall be construed to preclude the provision to individuals of palliative care, treatment, or post-exposure pharmaceutical prophylaxis, and necessary pharmaceuticals and commodities, including test kits, condoms, and, when proven effective, microbicides.

(f) LIMITATION.—No funds made available to carry out this Act, or any amendment made by this Act, may be used to provide assistance to any group or organization that does not have a policy explicitly opposing prostitution and sex trafficking, except that this subsection shall not apply to the Global Fund to Fight AIDS, Tuberculosis and Malaria, the World Health Organization, the International AIDS Vaccine Initiative or to any United Nations agency.

(g) SENSE OF CONGRESS RELATING TO FOOD ASSISTANCE FOR INDIVIDUALS LIVING WITH HIV/AIDS.—

(1) FINDINGS.—Congress finds the following:

(A) The United States provides more than 60 percent of all food assistance worldwide.

15Sec. 595(3) of the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 2004 (division D of Public Law 108–199; 117 Stat. 209), added ", except that this subsection shall not apply to the Global Fund to Fight AIDS, Tuberculosis and Malaria, the World Health Organization, the International AIDS Vaccine Initiative or to any United Nations agency".
(B) According to the United Nations World Food Program and other United Nations agencies, food insecurity of individuals infected or living with HIV/AIDS is a major problem in countries with large populations of such individuals, particularly in African countries.

(C) Although the United States is willing to provide food assistance to these countries in need, a few of the countries object to part or all of the assistance because of fears of benign genetic modifications to the foods.

(D) Healthy and nutritious foods for individuals infected or living with HIV/AIDS are an important complement to HIV/AIDS medicines for such individuals.

(E) Individuals infected with HIV have higher nutritional requirements than individuals who are not infected with HIV, particularly with respect to the need for protein. Also, there is evidence to suggest that the full benefit of therapy to treat HIV/AIDS may not be achieved in individuals who are malnourished, particularly in pregnant and lactating women.

(2) SENSE OF CONGRESS.—It is therefore the sense of Congress that United States food assistance should be accepted by countries with large populations of individuals infected or living with HIV/AIDS, particularly African countries, in order to help feed such individuals.

SEC. 302. ASSISTANCE TO COMBAT TUBERCULOSIS.

(a) AMENDMENT OF THE FOREIGN ASSISTANCE ACT OF 1961.—Chapter 1 of part I of the Foreign Assistance Act of 1961 (22 U.S.C. 2151 et seq.), as amended by section 301 of this Act, is further amended by inserting after section 104A the following new section:

"SEC. 104B. ASSISTANCE TO COMBAT TUBERCULOSIS. * * *

(b) AUTHORIZATION OF APPROPRIATIONS.—

(3) Recommendations and guidelines to advise and provide technical assistance to developing countries on how to implement a program that minimizes diversion into the United States of prescription drugs donated or sold for humanitarian efforts.

Subtitle B—Assistance for Children and Families

SEC. 311. FINDINGS.

Congress makes the following findings:

(1) Approximately 2,000 children around the world are infected each day with HIV through mother-to-child transmission. Transmission can occur during pregnancy, labor, and delivery or through breast feeding. Over 90 percent of these cases are in developing nations with little or no access to public health facilities.

(2) Mother-to-child transmission is largely preventable with the proper application of pharmaceuticals, therapies, and other public health interventions.

(3) Certain antiretroviral drugs reduce mother-to-child transmission by nearly 50 percent. Universal availability of this drug could prevent up to 400,000 infections per year and dramatically reduce the number of AIDS-related deaths.

(4) At the United Nations Special Session on HIV/AIDS in June 2001, the United States committed to the specific goals with respect to the prevention of mother-to-child transmission,
including the goals of reducing the proportion of infants infected with HIV by 20 percent by the year 2005 and by 50 percent by the year 2010, as specified in the Declaration of Commitment on HIV/AIDS adopted by the United Nations General Assembly at the Special Session.

(5) Several United States Government agencies including the United States Agency for International Development and the Centers for Disease Control are already supporting programs to prevent mother-to-child transmission in resource-poor nations and have the capacity to expand these programs rapidly by working closely with foreign governments and nongovernmental organizations.

(6) Efforts to prevent mother-to-child transmission can provide the basis for a broader response that includes care and treatment of mothers, fathers, and other family members who are infected with HIV or living with AIDS.

(7) HIV/AIDS has devastated the lives of countless children and families across the globe. Since the epidemic began, an estimated 13,200,000 children under the age of 15 have been orphaned by AIDS, that is they have lost their mother or both parents to the disease. The Joint United Nations Program on HIV/AIDS (UNAIDS) estimates that this number will double by the year 2010.

(8) HIV/AIDS also targets young people between the ages of 15 to 24, particularly young women, many of whom carry the burden of caring for family members living with HIV/AIDS. An estimated 10,300,000 young people are now living with HIV/AIDS. One-half of all new infections are occurring among this age group.

SEC. 312. POLICY AND REQUIREMENTS.

(a) Policy.—The United States Government's response to the global HIV/AIDS pandemic should place high priority on the prevention of mother-to-child transmission, the care and treatment of family members and caregivers, and the care of children orphaned by AIDS. To the maximum extent possible, the United States Government should seek to leverage its funds by seeking matching contributions from the private sector, other national governments, and international organizations.

(b) Requirements.—The 5-year United States Government strategy required by section 101 of this Act shall—

(1) provide for meeting or exceeding the goal to reduce the rate of mother-to-child transmission of HIV by 20 percent by 2005 and by 50 percent by 2010;

(2) include programs to make available testing and treatment to HIV-positive women and their family members, including drug treatment and therapies to prevent mother-to-child transmission; and

(3) expand programs designed to care for children orphaned by AIDS.

SEC. 313. ANNUAL REPORTS ON PREVENTION OF MOTHER-TO-CHILD TRANSMISSION OF THE HIV INFECTION.

(a) IN GENERAL.—Not later than 1 year after the date of the enactment of this Act, and annually thereafter for a period of 5 years, the President shall submit to appropriate congressional committees a report on the activities of relevant executive branch agencies during the reporting period to assist in the prevention of mother-to-child transmission of the HIV infection.

(b) REPORT ELEMENTS.—Each report shall include—

(A) information on the number of sites supported for the prevention of mother-to-child transmission of the HIV infection;

(b) PROGRAM REQUIREMENTS.—The program should—

(1) build upon and be integrated into programs administered as of the date of enactment of this Act by the relevant executive branch agencies for children affected by HIV/AIDS;

(3) reduce the stigma of HIV/AIDS to encourage vulnerable children infected with HIV or living with AIDS and their family members and caregivers to avail themselves of voluntary counseling and testing, and related programs, including treatments;

(4) ensure the importance of inheritance rights of women, particularly women in African countries, due to the exponential growth in the number of young widows, orphaned girls,
and grandmothers becoming heads of households as a result of the HIV/AIDS pandemic;

(5) provide, in conjunction with other relevant executive branch agencies, the range of services for the care and treatment, including the provision of antiretrovirals and other necessary pharmaceuticals, of children, parents, and caregivers infected with HIV or living with AIDS;

(6) provide nutritional support and food security, and the improvement of overall family health;

(7) work with parents, caregivers, and community-based organizations to provide children with educational opportunities; and

(8) provide appropriate counseling and legal assistance for the appointment of guardians and the handling of other issues relating to the protection of children.

(2) The United States, in particular, should provide its expertise to meet immediate humanitarian and refugee needs, fight the production and flow of illicit narcotics, and aid in the reconstruction of Afghanistan.

(3) By promoting peace and security in Afghanistan and preventing a return to conflict, the United States and the international community can help ensure that Afghanistan does not again become a source for international terrorism.

(5) The special emergency situation in Afghanistan, which from the perspective of the American people combines security, humanitarian, political, law enforcement, and development imperatives, requires that the President should receive maximum flexibility in designing, coordinating, and administering efforts with respect to assistance for Afghanistan and that a temporary special program of such assistance should be established for this purpose.

(3) define or redefine the boundaries of opium producing areas of Afghanistan for the purposes of this section.

(a) Applicable Administrative Authorities.—Except to the extent inconsistent with the provisions of this title, the administrative authorities under chapters 1 and 2 of part III of the Foreign Assistance Act of 1961 shall apply to the provision of assistance under this title to the same extent and in the same manner as such authorities apply to the provision of economic assistance under part I of such Act.

TITLE II—MILITARY ASSISTANCE FOR AFGHANISTAN AND CERTAIN OTHER FOREIGN COUNTRIES AND INTERNATIONAL ORGANIZATIONS

SEC. 201. SUPPORT FOR SECURITY DURING TRANSITION IN AFGHANISTAN.

It is the sense of Congress that, during the transition to a broad-based, multi-ethnic, gender-sensitive, fully representative government in Afghanistan, the United States should support—

(3) a multinational security force in Afghanistan.

Sec. 206

PROMOTING SECURE DELIVERY OF HUMANITARIAN AND OTHER ASSISTANCE IN AFGHANISTAN AND EXPANSION OF THE INTERNATIONAL SECURITY ASSISTANCE FORCE.

(a) FINDINGS.—Congress finds the following:

(1) The President has declared his view that the United States should provide significant assistance to Afghanistan so that it is no longer a haven for terrorism.

(2) The delivery of humanitarian and reconstruction assistance from the international community is necessary for the safe return of refugees and is critical to the future stability of Afghanistan.

(3) Enhanced stability in Afghanistan through an improved security environment is critical to the functioning of the Government of Afghanistan and the traditional Afghan assembly or “Loya Jirga” process, which is intended to lead to a permanent national government in Afghanistan, and also is essential for the participation of women in Afghan society.

(4) Incidents of violence between armed factions and local and regional commanders, and serious abuses of human rights, including attacks on women and ethnic minorities throughout Afghanistan, create an insecure, volatile, and unsafe environment in parts of Afghanistan, displacing thousands of Afghan civilians from their local communities.

(5)(A) On July 6, Vice President Haji Abdul Qadir was assassinated in Kabul by unknown assailants.

(B) On September 5, 2002, a car bomb exploded in Kabul killing 32 and injuring 150 and on the same day a member of Kandahar Governor Sherzai’s security team attempted to assassinate President Karzai.

(6) The violence and lawlessness may jeopardize the “Loya Jirga” process, undermine efforts to build a strong central government, severely impede reconstruction and the delivery of humanitarian assistance, and increase the likelihood that parts of Afghanistan will once again become safe havens for Al Qaeda, Taliban forces, and drug traffickers.

(7) The lack of security and lawlessness may also perpetuate the need for United States Armed Forces in Afghanistan and threaten the ability of the United States to meet its military objectives.

(8) The International Security Assistance Force in Afghanistan, currently led by Turkey, and composed of forces from other willing countries without the participation of United
States Armed Forces, is deployed only in Kabul and currently does not have the mandate or the capacity to provide security to other parts of Afghanistan.

(9) Due to the ongoing military campaign in Afghanistan, the United States does not contribute troops to the International Security Assistance Force but has provided support to other countries that are doing so.

(10) The United States is providing political, financial, training, and other assistance to the Afghan Interim Authority as it begins to build a national army and police force to help provide security throughout Afghanistan, but this effort is not meeting the immediate security needs of Afghanistan.

(11) Because of these immediate security needs, the Government of Afghanistan, its President, Hamid Karzai, and many Afghan regional leaders have called for the International Security Assistance Force, which has successfully brought stability to Kabul, to be expanded and deployed throughout the country, and this request has been strongly supported by a wide range of international humanitarian organizations, including the International Committee of the Red Cross, Catholic Relief Services, and Refugees International.

(b) STATEMENT OF POLICY.—It should be the policy of the United States to support measures to help meet the immediate security needs of Afghanistan in order to promote safe and effective delivery of humanitarian and other assistance throughout Afghanistan, further the rule of law and civil order, and support the formation of a functioning, representative Afghan national government.

(c) IMPLEMENTATION OF STRATEGY.—

(1) INITIAL REPORT.—Not later than 60 days after the date of the enactment of this Act, the President shall provide the Committee on International Relations and the Committee on Appropriations of the House of Representatives and the Committee on Foreign Relations and the Committee on Appropriations of the Senate with—

(A) a strategy for meeting the immediate and long-term security needs of Afghanistan in order to promote safe and effective delivery of humanitarian and other assistance throughout Afghanistan, further the rule of law and civil order, and support the formation of a functioning, representative Afghan national government, including an update to the strategies submitted pursuant to Public Law 107–206; and

(B) a description of the progress of the Government of Afghanistan toward the eradication of poppy cultivation, the disruption of heroin production, and the reduction of the overall supply and demand for illicit narcotics in Afghanistan in accordance with the provisions of this Act.

31In a memorandum of July 22, 2003, for the Secretary of State, the President submitted a report on "Implementation of the strategies for meeting the immediate and long-term security needs of Afghanistan" (68 F.R. 53869).
Sec. 206 Afghanistan Freedom Support (P.L. 107-327) 621

(2) IMPLEMENTATION OF STRATEGY.—Every 6 months after the enactment of this Act through January 1, 2010, the President shall submit to the congressional committees specified in paragraph (1) a report on the implementation of the strategies for meeting the immediate and long-term security needs of Afghanistan, which shall include the following elements—

(A) since the previous report, the progress in recruiting, training, and deploying an Afghan National Army and police force, including the numbers and ethnic composition of recruits; the number of graduates from military and police training; the numbers of graduates retained by the Afghan National Army and police forces since the previous report; the numbers of graduates operationally deployed and to which areas of the country; the degree to which these graduates are assuming security responsibilities; whether Afghan army and police units are establishing effective central governmental authority over areas of the country, and which areas; and the numbers of instances of armed attacks against Afghan central governmental officials, United States or international officials, troops or aid workers, or between the armed forces of regional leaders;

(B) the degree to which armed regional leaders are cooperating and integrating with the central government, providing security and order within their regions of influence, engaging in armed conflict or other forms of competition that are deleterious to peace, security, and the integration of a unified Afghanistan under the central government;

(C) the amount of humanitarian relief provided since the previous report to returnees, isolated populations and other vulnerable groups, as well as demining assistance and landmine survivors rehabilitation; and the numbers of such persons not assisted since the previous report;

(D) the steps taken since the previous report toward national reconstruction, including establishment of the ministries and other institutions of the Government of Afghanistan;

(E) the numbers of Civil Affairs Teams working with regional leaders, as well as the quick impact infrastructure projects undertaken by such teams since the previous report;

32 Sec. 7014(h)(1) of the Afghanistan Freedom Support Act Amendments of 2004 (sec. 7104 of Public Law 108–458; 118 Stat. 3638) provides the following:

"(1) United States policy relating to disarmament of private militias.—"

33 Sec. 7104(k)(1) of the Afghanistan Freedom Support Act Amendments of 2004 (sec. 7104 of Public Law 108–458; 118 Stat. 3638) struck out "2007" and inserted in lieu thereof "2010".
(F) efforts undertaken since the previous report to rebuild the justice sector, including the establishment of a functioning judiciary, a competent bar, reintegration of women legal professionals and a reliable penal system, and the respect for human rights; and

(G) a description of the progress of the Government of Afghanistan with respect to the matters described in paragraph (1)(B).

(d) EXPANSION OF THE INTERNATIONAL SECURITY ASSISTANCE FORCE.—

(1) EFFORTS TO EXPAND INTERNATIONAL PEACEKEEPING AND SECURITY OPERATIONS IN AFGHANISTAN.—

(A) EFFORTS.—The President shall encourage, and, as authorized by law, enable other countries to actively participate in expanded international peacekeeping and security operations in Afghanistan, especially through the provision of military personnel for extended periods of time.

The first report under this subparagraph shall be transmitted not later than 60 days after the date of the enactment of the Afghanistan Freedom Support Act Amendments of 2004 and subsequent reports shall be transmitted every 6 months thereafter and may be included in the report required by subsection (c)(2).

(2) AUTHORIZATION OF APPROPRIATIONS.—(A) There is authorized to be appropriated to the President $500,000,000 for each of fiscal years 2003 and 2004 to support the International Security Assistance Force or the establishment of a similar security force.

(B) Amounts made available under subparagraph (A) may be appropriated pursuant to chapter 4 of part II of the Foreign Assistance Act of 1961, section 551 of such Act, or section 23 of the Arms Export Control Act.

(C) Funds appropriated pursuant to subparagraph (A) shall be subject to the notification requirements under section 634A of the Foreign Assistance Act of 1961.

(e) UNITED STATES POLICY RELATING TO INTERNATIONAL PEACEKEEPING AND SECURITY OPERATIONS.—It shall be the policy of the United States to make every effort to support the expansion of...
of international peacekeeping and security operations in Afghanistan in order to—

(1) increase the area in which security is provided and undertake vital tasks related to promoting security, such as disarming warlords, militias, and irregulars, and disrupting opium production; and

(2) safeguard highways in order to allow the free flow of commerce and to allow material assistance to the people of Afghanistan, and aid personnel in Afghanistan, to move more freely.

SEC. 207. SENSE OF CONGRESS AND REPORT REGARDING COUNTER-DRUG EFFORTS IN AFGHANISTAN.

(a) SENSE OF CONGRESS.—It is the sense of Congress that—

(1) the President should make the substantial reduction of illegal drug production and trafficking in Afghanistan a priority in the Global War on Terrorism;

(2) the Secretary of Defense, in coordination with the Secretary of State and the heads of other appropriate Federal agencies, should expand cooperation with the Government of Afghanistan and international organizations involved in counter-drug activities to assist in providing a secure environment for counter-drug personnel in Afghanistan; and

(3) the United States, in conjunction with the Government of Afghanistan and coalition partners, should undertake additional efforts to reduce illegal drug trafficking and related activities that provide financial support for terrorist organizations in Afghanistan and neighboring countries.

(b) REPORT REQUIRED.—(1) The Secretary of Defense and the Secretary of State shall jointly prepare a report that describes—

(A) the progress made toward substantially reducing poppy cultivation and heroin production capabilities in Afghanistan; and

(B) the extent to which profits from illegal drug activity in Afghanistan are used to financially support terrorist organizations and groups seeking to undermine the Government of Afghanistan.

(2) The report required by this subsection shall be submitted to Congress not later than 120 days after the date of the enactment of the 9/11 Recommendations Implementation Act.

SEC. 208. RELATIONSHIP TO OTHER AUTHORITY.

SEC. 302. SENSE OF CONGRESS REGARDING PROTECTING AFGHANISTAN’S PRESIDENT.

It is the sense of Congress that—

1. any United States physical protection force provided for the personal security of the President of Afghanistan should be composed of United States diplomatic security, law-enforcement, or military personnel, and should not utilize private contracted personnel to provide actual physical protection services;

2. United States allies should be invited to volunteer active-duty military or law enforcement personnel to participate in such a protection force; and

3. such a protection force should be limited in duration and should be succeeded by qualified Afghan security forces as soon as practicable.

SEC. 303. DONOR CONTRIBUTIONS TO AFGHANISTAN AND REPORTS.

(a) FINDINGS.—The Congress finds that inadequate amounts of international assistance promised by donor states at the Tokyo donors conference and elsewhere have been delivered to Afghanistan, imperiling the rebuilding and development of civil society and infrastructure, and endangering peace and security in that war-torn country.

(b) SENSE OF CONGRESS.—It is the sense of Congress that the United States should use all appropriate diplomatic means to encourage all states that have pledged assistance to Afghanistan to deliver as soon as possible the total amount of assistance pledged.

SEC. 7104. ASSISTANCE FOR AFGHANISTAN.

(a) SHORT TITLE.—This section may be cited as the “Afghanistan Freedom Support Act Amendments of 2004”.

(b) COORDINATION OF ASSISTANCE.—

(1) FINDINGS.—Consistent with the report of the National Commission on Terrorist Attacks Upon the United States, Congress makes the following findings:

(A) The United States and its allies in the international community have made progress in promoting economic and political reform within Afghanistan, including the establishment of a central government with a democratic constitution, a new currency, and a new army, the increase of personal freedom, and the elevation of the standard of living of many Afghans.

(B) A number of significant obstacles must be overcome if Afghanistan is to become a secure and prosperous democracy, and such a transition depends in particular upon—

(i) improving security throughout the country;

(ii) disarming and demobilizing militias;

(iii) curtailing the rule of the warlords;

(iv) promoting equitable economic development;

(v) protecting the human rights of the people of Afghanistan;

(vi) continuing to hold elections for public officials; and

(vii) ending the cultivation, production, and trafficking of narcotics.

(C) The United States and the international community must make a long-term commitment to addressing the un-
stable security situation in Afghanistan and the burge-
oning narcotics trade, endemic poverty, and other seri-
ous problems in Afghanistan in order to prevent that coun-
try from relapsing into a sanctuary for international ter-
rorism.

(2) SENSE OF CONGRESS.—It is the sense of Congress that the
United States Government should take, with respect to Af-
ghanistan, the following actions:

(A) Work with other nations to obtain long-term secu-
rity, political, and financial commitments and fulfillment
of pledges to the Government of Afghanistan to accomplish
the objectives of the Afghanistan Freedom Support Act of
2002 (22 U.S.C. 7501 et seq.), especially to ensure a se-
cure, democratic, and prosperous Afghanistan that res-
pects the rights of its citizens and is free of international
terrorist organizations.

(B) Use the voice and vote of the United States in rel-
evant international organizations, including the North At-
lantic Treaty Organization and the United Nations Secu-
rity Council, to strengthen international commitments to
assist the Government of Afghanistan in enhancing secu-
rity, building national police and military forces, increas-
ing counter-narcotics efforts, and expanding infrastructure
and public services throughout the country.

(C) Take appropriate steps to increase the assistance
provided under programs of the Department of State and
the United States Agency for International Development
throughout Afghanistan and to increase the number of per-
sonnel of those agencies in Afghanistan as necessary to
support the increased assistance.

(c) COORDINATOR FOR ASSISTANCE.—

(1) 3 FINDINGS.—Congress makes the following findings:

(A) The Final Report of the National Commission on
Terrorist Attacks Upon the United States criticized the
 provision of United States assistance to Afghanistan for
being too inflexible.

(B) The Afghanistan Freedom Support Act of 2002 (22
U.S.C. 7501 et seq.) contains provisions that provide for
flexibility in the provision of assistance for Afghanistan
and are not subject to the requirements of typical foreign
assistance programs and provide for the designation of a
coordinator to oversee United States assistance for Afghan-
istan.

In this Act:

(1) APPROPRIATE CONGRESSIONAL COMMITTEES.—The term "appropriate congressional committees" means the Committee on Foreign Relations of the Senate and the Committee on International Relations of the House of Representatives.

(2) GOVERNMENT OF SUDAN.—The term "Government of Sudan" means the National Congress Party, formerly known as the National Islamic Front, government in Khartoum, Sudan, or any successor government formed on or after the date of the enactment of this Act (other than the coalition government agreed upon in the Nairobi Declaration on the Final Phase of Peace in the Sudan signed on June 5, 2004).

(3) JEM.—The term "JEM" means the Justice and Equality Movement.

(4) SLA.—The term "SLA" means the Sudan Liberation Army.

(5) SPLM.—The term "SPLM" means the Sudan People's Liberation Movement.

SEC. 3. FINDINGS.
Congress makes the following findings:

(1) A comprehensive peace agreement for Sudan, as envisioned in the Sudan Peace Act (50 U.S.C. 1701 note) and the Machakos Protocol of 2002, could be in jeopardy if the parties do not implement and honor the agreements they have signed.

(2) Since seizing power through a military coup in 1989, the Government of Sudan repeatedly has attacked and dislocated civilian populations in southern Sudan in a coordinated policy of ethnic cleansing and genocide that has cost the lives of more than 2,000,000 people and displaced more than 4,000,000 people.

\footnote{50 U.S.C. 1701 note.}
(3) In response to two decades of civil conflict in Sudan, the United States has helped to establish an internationally supported peace process to promote a negotiated settlement to the war that has resulted in a framework peace agreement, the Nairobi Declaration on the Final Phase of Peace in the Sudan, signed on June 5, 2004.

(4) At the same time that the Government of Sudan was negotiating for a comprehensive and all inclusive peace agreement, enumerated in the Nairobi Declaration on the Final Phase of Peace in the Sudan, it refused to engage in any meaningful discussion with regard to its ongoing campaign of ethnic cleansing and genocide in the Darfur region of western Sudan.

(5) The Government of Sudan reluctantly agreed to attend talks to bring peace to the Darfur region only after considerable international pressure and outrage was expressed through high level visits by Secretary of State Colin Powell and others, and through United Nations Security Council Resolution 1556 (July 30, 2004).

(6) The Government of the United States, in both the executive branch and Congress, has concluded that genocide has been committed and may still be occurring in the Darfur region, and that the Government of Sudan and militias supported by the Government of Sudan, known as the Janjaweed, bear responsibility for the genocide.

(7) Evidence collected by international observers in the Darfur region between February 2003 and November 2004 indicate a coordinated effort to target African Sudanese civilians in a scorched earth policy, similar to that which was employed in southern Sudan, that has destroyed African Sudanese villages, killing and driving away their people, while Arab Sudanese villages have been left unscathed.

(8) As a result of this genocidal policy in the Darfur region, an estimated 70,000 people have died, more than 1,600,000 people have been internally displaced, and more than 200,000 people have been forced to flee to neighboring Chad.

(9) Reports further indicate the systematic rape of thousands of women and girls, the abduction of women and children, and the destruction of hundreds of ethnically African villages, including the poisoning of their wells and the plunder of their crops and cattle upon which the people of such villages sustain themselves.

(10) Despite the threat of international action expressed through United Nations Security Council Resolutions 1556 (July 30, 2004) and 1564 (September 18, 2004), the Government of Sudan continues to obstruct and prevent efforts to reverse the catastrophic consequences that loom over the Darfur region.

(11) In addition to the thousands of violent deaths directly caused by ongoing Sudanese military and government-sponsored Janjaweed attacks in the Darfur region, the Government of Sudan has restricted access by humanitarian and human
rights workers to the Darfur area through intimidation by military and security forces, and through bureaucratic and administrative obstruction, in an attempt to inflict the most devastating harm on those individuals displaced from their villages and homes without any means of sustenance or shelter.

(12) The Government of Sudan’s continued support for the Janjaweed and their obstruction of the delivery of food, shelter, and medical care to the Darfur region is estimated by the World Health Organization to be causing up to 10,000 deaths per month and, should current conditions persist, is projected to escalate to thousands of deaths each day by December 2004.

(13) The Government of Chad served an important role in facilitating the humanitarian cease-fire (the N’Djamena Agreement dated April 8, 2004) for the Darfur region between the Government of Sudan and the two opposition rebel groups in the Darfur region (the JEM and the SLA), although both sides have violated the cease-fire agreement repeatedly.

(14) The people of Chad have responded courageously to the plight of over 200,000 Darfur refugees by providing assistance to them even though such assistance has adversely affected their own means of livelihood.

(15) On September 9, 2004, Secretary of State Colin Powell stated before the Committee on Foreign Relations of the Senate: “When we reviewed the evidence compiled by our team, along with other information available to the State Department, we concluded that genocide has been committed in Darfur and that the Government of Sudan and the [ Janjaweed] bear responsibility — and genocide may still be occurring.”

(16) The African Union has demonstrated renewed vigor in regional affairs through its willingness to respond to the crisis in the Darfur region, by convening talks between the parties and deploying several hundred monitors and security forces to the region, as well as by recognizing the need for a far larger force with a broader mandate.

(17) The Government of Sudan’s complicity in the atrocities and genocide in the Darfur region raises fundamental questions about the Government of Sudan’s commitment to peace and stability in Sudan.

SEC. 4. SENSE OF CONGRESS REGARDING THE CONFLICT IN DARFUR, SUDAN.

(a) Sudan Peace Act.—It is the sense of Congress that the Sudan Peace Act (50 U.S.C. 1701 note) remains relevant and should be extended to include the Darfur region of Sudan.

(b) Actions to Address the Conflict.—It is the sense of Congress that—

(1) a legitimate countrywide peace in Sudan will only be possible if those principles enumerated in the 1948 Universal Declaration of Human Rights, that are affirmed in the Machakos Protocol of 2002 and the Nairobi Declaration on the Final Phase of Peace in the Sudan signed on June 5, 2004, are applied to all of Sudan, including the Darfur region;
(2) the parties to the N'Djamena Agreement (the Government of Sudan, the JEM, and the SLA) must meet their obligations under that Agreement to allow safe and immediate delivery of all humanitarian assistance throughout the Darfur region and must expedite the conclusion of a political agreement to end the genocide and conflict in the Darfur region;

(3) the United States should continue to provide humanitarian assistance to the areas of Sudan to which the United States has access and, at the same time, implement a plan to provide assistance to the areas of Sudan to which access has been obstructed or denied;

(4) the international community, including African, Arab, and Muslim nations, should immediately provide resources necessary to save the lives of hundreds of thousands of individuals at risk as a result of the crisis in the Darfur region;

(5) the United States and the international community should—

(A) provide all necessary assistance to deploy and sustain an African Union Force to the Darfur region; and

(B) work to increase the authorized level and expand the mandate of such forces commensurate with the gravity and scope of the problem in a region the size of France;

(6) the President, acting through the Secretary of State and the Permanent Representative of the United States to the United Nations, should—

(A) condemn any failure on the part of the Government of Sudan to fulfill its obligations under United Nations Security Council Resolutions 1556 (July 30, 2004) and 1564 (September 18, 2004), and press the United Nations Security Council to respond to such failure by immediately imposing the penalties suggested in paragraph (14) of United Nations Security Council Resolution 1564;

(B) press the United Nations Security Council to pursue accountability for those individuals who are found responsible for orchestrating and carrying out the atrocities in the Darfur region, consistent with relevant United Nations Security Council Resolutions; and

(C) encourage member states of the United Nations to—

(i) cease to import Sudanese oil; and

(ii) take the following actions against Sudanese Government and military officials and other individuals, who are planning, carrying out, or otherwise involved in the policy of genocide in the Darfur region, as well as their families, and businesses controlled by the Government of Sudan and the National Congress Party:

(1) freeze the assets held by such individuals or businesses in each such member state; and

(II) restrict the entry or transit of such officials through each such member state;

(7) the President should impose targeted sanctions, including a ban on travel and the freezing of assets, on those officials of the Government of Sudan, including military officials, and
other individuals who have planned or carried out, or otherwise been involved in the policy of genocide in the Darfur region, and should also freeze the assets of businesses controlled by the Government of Sudan or the National Congress Party;

(8) the Government of the United States should not normalize relations with Sudan, including through the lifting of any sanctions, until the Government of Sudan agrees to, and takes demonstrable steps to implement, peace agreements for all areas of Sudan, including the Darfur region;

(9) those individuals found to be involved in the planning or carrying out of genocide, war crimes, or crimes against humanity should not hold leadership positions in the Government of Sudan or the coalition government established pursuant to the agreements reached in the Nairobi Declaration on the Final Phase of Peace in the Sudan; and

(10) the Government of Sudan has a primary responsibility to guarantee the safety and welfare of its citizens, which includes allowing them access to humanitarian assistance and providing them protection from violence.

SEC. 5. AMENDMENTS TO THE SUDAN PEACE ACT. * * *

SEC. 6. SANCTIONS IN SUPPORT OF PEACE IN DARFUR.

(a) SANCTIONS.—Beginning on the date that is 30 days after the date of enactment of this Act, the President shall, notwithstanding paragraph (1) of section 6(b) of the Sudan Peace Act (50 U.S.C. 1701 note), implement the measures set forth in subparagraphs (A) through (D) of paragraph (2) of such section.

(b) BLOCKING OF ASSETS.—Beginning on the date that is 30 days after the date of enactment of this Act, the President shall, consistent with the authorities granted in the International Emergency Economic Powers Act (50 U.S.C. 1701 et seq.), block the assets of appropriate senior officials of the Government of Sudan.

(c) WAIVER.—The President may waive the application of subsection (a) or (b) if the President determines and certifies to the appropriate congressional committees that such a waiver is in the national interest of the United States.

(d) CONTINUATION OF RESTRICTIONS.—Restrictions against the Government of Sudan that were imposed pursuant to title III and sections 508, 512, and 527 of the Foreign Operations, Export Financing, and Related Programs Act, 2004 (division D of Public Law 108–199; 118 Stat. 143), or any other similar provision of law, shall remain in effect against the Government of Sudan and may not be lifted pursuant to such provisions of law unless the President transmits a certification to the appropriate congressional committees in accordance with paragraph (2) of section 12(a) of the Sudan Peace Act (as added by section 5(a)(1) of this Act).

(e) DETERMINATION.—Notwithstanding subsection (a) of this section, the President shall continue to transmit the determination required under section 6(b)(1)(A) of the Sudan Peace Act (50 U.S.C. 1701 note).

2For amended text, see page 636.
SEC. 7. ADDITIONAL AUTHORITIES.
Notwithstanding any other provision of law, the President is authorized to provide assistance, other than military assistance, to areas that were outside of the control of the Government of Sudan on April 8, 2004, including to provide assistance for emergency relief, development and governance, or to implement any program in support of any viable peace agreement at the local, regional, or national level in Sudan.

SEC. 8. TECHNICAL CORRECTION.
Section 12 of the International Organizations Immunities Act (22 U.S.C. 288f-2) is amended by striking “Organization of African Unity” and inserting “African Union”.

(2) Sudan Peace Act

AN ACT To facilitate famine relief efforts and a comprehensive solution to the war in Sudan.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the “Sudan Peace Act”.

SEC. 2. FINDINGS.

The Congress makes the following findings:

(1) The Government of Sudan has intensified its prosecution of the war against areas outside of its control, which has already cost more than 2,000,000 lives and has displaced more than 4,000,000 people.

(2) A viable, comprehensive, and internationally sponsored peace process, protected from manipulation, presents the best chance for a permanent resolution of the war, protection of human rights, and a self-sustaining Sudan.

(3) Continued strengthening and reform of humanitarian relief operations in Sudan is an essential element in the effort to bring an end to the war.

(4) Continued leadership by the United States is critical.

(5) Regardless of the future political status of the areas of Sudan outside of the control of the Government of Sudan, the absence of credible civil authority and institutions is a major impediment to achieving self-sustenance by the Sudanese people and to meaningful progress toward a viable peace process. It is critical that credible civil authority and institutions play an important role in the reconstruction of post-war Sudan.

(6) Through the manipulation of traditional rivalries among peoples in areas outside of its full control, the Government of Sudan has used divide-and-conquer techniques effectively to subjugate its population. However, internationally sponsored reconciliation efforts have played a critical role in reducing human suffering and the effectiveness of this tactic.

(7) The Government of Sudan utilizes and organizes militias, Popular Defense Forces, and other irregular units for raiding and enslaving parties in areas outside of the control of the Government of Sudan in an effort to disrupt severely the ability of the populations in those areas to sustain themselves. The tactic helps minimize the Government of Sudan’s accountability internationally.

(8) The Government of Sudan has repeatedly stated that it intends to use the expected proceeds from future oil sales to increase the tempo and lethality of the war against the areas outside of its control.

(9) By regularly banning air transport relief flights by the United Nations relief operation OLS, the Government of Sudan has been able to manipulate the receipt of food aid by the Sudanese people from the United States and other donor countries as a devastating weapon of war in the ongoing effort by the Government of Sudan to starve targeted groups and subdue areas of Sudan outside of the Government’s control.

(11) The efforts of the United States and other donors in delivering relief and assistance through means outside of OLS have played a critical role in addressing the deficiencies in OLS and offset the Government of Sudan’s manipulation of food donations to advantage in the civil war in Sudan.

(12) While the immediate needs of selected areas in Sudan facing starvation have been addressed in the near term, the population in areas of Sudan outside of the control of the Government of Sudan are still in danger of extreme disruption of their ability to sustain themselves.

(13) The Nuba Mountains and many areas in Bahr al Ghazal and the Upper Nile and the Blue Nile regions have been excluded completely from relief distribution by OLS, consequently placing their populations at increased risk of famine.

(14) At a cost which has sometimes exceeded $1,000,000 per day, and with a primary focus on providing only for the immediate food needs of the recipients, the current international relief operations are neither sustainable nor desirable in the long term.

(15) The ability of populations to defend themselves against attack in areas outside of the control of the Government of Sudan has been severely compromised by the disengagement of the front-line states of Ethiopia, Eritrea, and Uganda, fostering the belief among officials of the Government of Sudan that success on the battlefield can be achieved.

(16) The United States should use all means of pressure available to facilitate a comprehensive solution to the war in Sudan, including—

(A) the multilateralization of economic and diplomatic tools to compel the Government of Sudan to enter into a good faith peace process;

(B) the support or creation of viable democratic civil authority and institutions in areas of Sudan outside of government control;

(C) continued active support of people-to-people reconciliation mechanisms and efforts in areas outside of government control;

(D) the strengthening of the mechanisms to provide humanitarian relief to those areas; and
SEC. 3. DEFINITIONS.

In this Act:

(1) APPROPRIATE CONGRESSIONAL COMMITTEES.—The term “appropriate congressional committees” means the Committee on International Relations of the House of Representatives and the Committee on Foreign Relations of the Senate.

(2) GOVERNMENT OF SUDAN.—Except as provided in section 12, the term “Government of Sudan” means the National Islamic Front government in Khartoum, Sudan.

(3) OLS.—The term “OLS” means the United Nations relief operation carried out by UNICEF, the World Food Program, and participating relief organizations known as “Operation Lifeline Sudan”.

(4) SPLM.—The term “SPLM” means the Sudan People’s Liberation Movement.

SEC. 4. CONDEMNATION OF SLAVERY, OTHER HUMAN RIGHTS ABUSES, AND TACTICS OF THE GOVERNMENT OF SUDAN.

The Congress hereby—

(1) condemns—

(A) violations of human rights on all sides of the conflict in Sudan;

(B) the Government of Sudan’s overall human rights record, with regard to both the prosecution of the war and the denial of basic human and political rights to all Sudanese;

(C) the ongoing slave trade in Sudan and the role of the Government of Sudan in abetting and tolerating the practice;

(D) the Government of Sudan’s use and organization of “murahalliin” or “mujahadeen”, Popular Defense Forces, and regular Sudanese Army units into organized and coordinated raiding and slaving parties in Bahr al Ghazal, the Nuba Mountains, and the Upper Nile and the Blue Nile regions; and

(E) aerial bombardment of civilian targets that is sponsored by the Government of Sudan; and

(2) recognizes that, along with selective bans on air transport relief flights by the Government of Sudan, the use of raiding and slaving parties is a tool for creating food shortages and is used as a systematic means to destroy the societies, culture, and economies of the Dinka, Nuer, and Nuba peoples in a policy of low-intensity ethnic cleansing.

SEC. 5. ASSISTANCE FOR PEACE AND DEMOCRATIC GOVERNANCE.

(a) ASSISTANCE TO SUDAN.—The President is authorized to provide increased assistance to the areas of Sudan that are not controlled by the Government of Sudan to prepare the population for

SEC. 6. SUPPORT FOR AN INTERNATIONALLY SANCTIONED PEACE PROCESS.

(a) FINDINGS.—Congress hereby—

(1) recognizes that—

(A) a single, viable internationally and regionally sanctioned peace process holds the greatest opportunity to promote a negotiated, peaceful settlement to the war in Sudan; and

(B) resolution to the conflict in Sudan is best made through a peace process based on the Declaration of Principles reached in Nairobi, Kenya, on July 20, 1994, and on the Machakos Protocol in July 2002; and

(2) commends the efforts of Special Presidential Envoy, Senator Danforth and his team in working to assist the parties to the conflict in Sudan in finding a just, permanent peace to the conflict in Sudan.

(b) MEASURES OF CERTAIN CONDITIONS NOT MET.—

(B) If, under subparagraph (A) the President determines and certifies in writing to the appropriate congressional committees that the Government of Sudan has not engaged in good faith negotiations to achieve a permanent, just, and equitable peace agreement, or has unreasonably interfered with humanitarian efforts, then the President, after consultation with the Congress, shall implement the measures set forth in paragraph (2).

(C) If, under paragraph (A) the President determines and certifies in writing to the appropriate congressional committees that the Sudan People’s Liberation Movement has not engaged in good faith negotiations to achieve a...
permanent, just, and equitable peace agreement, then paragraph (2) shall not apply to the Government of Sudan. 

(D) If the President certifies to the appropriate congressional committees that the Government of Sudan is not in compliance with the terms of a permanent peace agreement between the Government of Sudan and the Sudan People's Liberation Movement, then the President, after consultation with the Congress, shall implement the measures set forth in paragraph (2). 

(E) If, at any time after the President has made a certification under subparagraph (B), the President makes a determination and certifies in writing to the appropriate congressional committees that the Government of Sudan has resumed good faith negotiations, or makes a determination and certifies in writing to the appropriate congressional committees that the Government of Sudan is in compliance with a peace agreement, then paragraph (2) shall not apply to the Government of Sudan. 

(2) MEASURES IN SUPPORT OF THE PEACE PROCESS.—Subject to the provisions of paragraph (1), the President—

(A) shall, through the Secretary of the Treasury, instruct the United States executive directors to each international financial institution to continue to vote against and actively oppose any extension by the respective institution of any loan, credit, or guarantee to the Government of Sudan; 

(B) should consider downgrading or suspending diplomatic relations between the United States and the Government of Sudan; 

(C) shall take all necessary and appropriate steps, including through multilateral efforts, to deny the Government of Sudan access to oil revenues to ensure that the Government of Sudan neither directly nor indirectly utilizes any oil revenues to purchase or acquire military equipment or to finance any military activities; and 

(D) shall seek a United Nations Security Council Resolution to impose an arms embargo on the Government of Sudan. 

(c) REPORT ON THE STATUS OF NEGOTIATIONS.—If, at any time after the President has made a certification under subsection (b)(1)(A), the Government of Sudan discontinues negotiations with the Sudan People's Liberation Movement for a 14-day period, then the President shall submit a quarterly report to the appropriate congressional committees on the status of the peace process until negotiations resume. 

(d) REPORT ON UNITED STATES OPPOSITION TO FINANCING BY INTERNATIONAL FINANCIAL INSTITUTIONS.—The Secretary of the Treasury shall submit a semiannual report to the appropriate congressional committees describing the steps taken by the United States to oppose the extension of a loan, credit, or guarantee if, after the Secretary of the Treasury gives the instructions described in subsection (b)(2)(A), such financing is extended. 

(e) REPORT ON EFFORTS TO DENY OIL REVENUES.—Not later than 45 days after the President takes an action under subsection
Sec. 8 Sudan Peace Act (P.L. 107-245)

(b)(2)(C), the President shall submit to the appropriate congressional committees a comprehensive plan for implementing the actions described in such subsection.

(f) Definition.—In this section, the term “international financial institution” means the International Bank for Reconstruction and Development, the International Development Association, the International Monetary Fund, the African Development Bank, and the African Development Fund.

SEC. 7. MULTILATERAL PRESSURE ON COMBATANTS.

It is the sense of Congress that—

(1) the United Nations should help facilitate peace and recovery in Sudan;

(2) the President, acting through the United States Permanent Representative to the United Nations, should seek to end the veto power of the Government of Sudan over the plans by OLS for air transport relief flights and, by doing so, to end the manipulation of the delivery of relief supplies to the advantage of the Government of Sudan on the battlefield; and

(3) the President should take appropriate measures, including the implementation of recommendations of the International Eminent Persons Commission contained in the report issued on May 22, 2002, to end slavery and aerial bombardment of civilians by the Government of Sudan.

SEC. 8. REPORTING REQUIREMENTS.

(a) Report on Commercial Activity.—Not later than 30 days after the date of the enactment of the Comprehensive Peace in Sudan Act of 2004, and annually thereafter until the completion of the interim period outlined in the Machakos Protocol of 2002, the Secretary of State, in consultation with relevant United States Government departments and agencies, shall submit to the appropriate congressional committees a report regarding commercial activity in Sudan that includes—

(1) a description of the sources and current status of Sudan’s financing and construction of infrastructure and pipelines for oil exploitation, the effects of such financing and construction on the inhabitants of the regions in which the oil fields are located and the ability of the Government of Sudan to finance the war in Sudan with the proceeds of the oil exploitation;

5Sec. 5(b) of the Comprehensive Peace in Sudan Act of 2004 (Public Law 108-497; 118 Stat. 4017) amended and restated sec. 8. It previously read as follows:

(2) a description of the extent to which that financing was secured in the United States or with involvement of United States citizens;

(3) the best estimates of the extent of aerial bombardment by the Government of Sudan, including targets, frequency, and best estimates of damage; and

(4) a description of the extent to which humanitarian relief has been obstructed or manipulated by the Government of Sudan or other forces."

(b) Reprogramming Authority.—Notwithstanding any other provision of law, in carrying out the plan developed under subsection (a), the President may reprogram up to 100 percent of the funds available for support of OLS operations for the purposes of the plan.

Sec. 11. Investigation of War Crimes.

(a) In General.—The Secretary of State shall collect information about incidents which may constitute crimes against humanity,
genocide, war crimes, and other violations of international humanitarian law by all parties to the conflict in Sudan, including slavery, rape, and aerial bombardment of civilian targets.

(b) **Report.**—Not later than 6 months after the date of the enactment of this Act and annually thereafter, the Secretary of State shall prepare and submit to the appropriate congressional committees a detailed report on the information that the Secretary of State has collected under subsection (a) and any findings or determinations made by the Secretary on the basis of that information. The report under this subsection may be submitted as part of the report required under section 8.

(c) **Consultations With Other Departments.**—In preparing the report required by this section, the Secretary of State shall consult and coordinate with all other Government officials who have information necessary to complete the report. Nothing contained in this section shall require the disclosure, on a classified or unclassified basis, of information that would jeopardize sensitive sources and methods or other vital national security interests.

(B) to address the humanitarian and human rights crisis in the Darfur region and eastern Chad, including to support the African Union mission in the Darfur region, provided that no assistance may be made available to the Government of Sudan.

(2) **Certification for the Government of Sudan.**—Assistance authorized under paragraph (1)(A) may be provided to the Government of Sudan only if the President certifies to the appropriate congressional committees that the Government of Sudan has taken demonstrable steps to—

(B) demobilize and disarm militias supported or created by the Government of Sudan;

(C) allow full and unfettered humanitarian assistance to all regions of Sudan, including the Darfur region;

(D) allow an international commission of inquiry to conduct an investigation of atrocities in the Darfur region, in a manner consistent with United Nations Security Council Resolution 1564 (September 18, 2004), to investigate reports of violations of international humanitarian law and

---

human rights law in the Darfur region by all parties, to determine also whether or not acts of genocide have occurred and to identify the perpetrators of such violations with a view to ensuring that those responsible are held accountable;

(E) cooperate fully with the African Union, the United Nations, and all other observer, monitoring, and protection missions mandated to operate in Sudan;

(F) permit the safe and voluntary return of displaced persons and refugees to their homes and rebuild the communities destroyed in the violence; and

(G) implement the final agreements reached in the Naivasha peace process and install a new coalition government based on the Nairobi Declaration on the Final Phase of Peace in the Sudan signed on June 5, 2004.

(3) CERTIFICATION WITH REGARD TO SPLM’S COMPLIANCE WITH A PEACE AGREEMENT.—If the President determines and certifies in writing to the appropriate congressional committees that the SPLM has not engaged in good faith negotiations, or has failed to honor the agreements signed, the President shall suspend assistance authorized in this section for the SPLM, except for health care, education, and humanitarian assistance.

(4) SUSPENSION OF ASSISTANCE.—If, on a date after the President transmits the certification described in paragraph (2), the President determines that the Government of Sudan has ceased taking the actions described in such paragraph, the President shall immediately suspend the provision of any assistance to such Government under this section until the date on which the President transmits to the appropriate congressional committees a further certification that the Government of Sudan has resumed taking such actions.

(5) AUTHORIZATION OF APPROPRIATIONS.—

(A) IN GENERAL.—In addition to any other funds otherwise available for such purposes, there are authorized to be appropriated to the President—

(i) $100,000,000 for fiscal year 2005, and such sums as may be necessary for each of the fiscal years 2006 and 2007, unless otherwise authorized, to carry out paragraph (1)(A); and

(ii) $200,000,000 for fiscal year 2005 to carry out paragraph (1)(B), provided that no amounts appropriated under this authorization may be made available for the Government of Sudan.

k. Trafficking inPersons

(1) Trafficking Victims Protection Reauthorization Act of 2003

AN ACT To authorize appropriations for fiscal years 2004 and 2005 for the Trafficking Victims Protection Act of 2000, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1: SHORT TITLE.
This Act may be cited as the “Trafficking Victims Protection Reauthorization Act of 2003”.

SECTION 2: FINDINGS.
Congress finds the following:

(1) Trafficking in persons continues to victimize countless men, women, and children in the United States and abroad.

(2) Since the enactment of the Trafficking Victims Protection Act of 2000 (division A of Public Law 106–386), the United States Government has made significant progress in investigating and prosecuting acts of trafficking and in responding to the needs of victims of trafficking in the United States and abroad.

(3) On the other hand, victims of trafficking have faced unintended obstacles in the process of securing needed assistance, including admission to the United States under section 101(a)(15)(T)(i) of the Immigration and Nationality Act.

(4) Additional research is needed to fully understand the phenomenon of trafficking in persons and to determine the most effective strategies for combating trafficking in persons.

(5) Corruption among foreign law enforcement authorities continues to undermine the efforts by governments to investigate, prosecute, and convict traffickers.

(6) International Law Enforcement Academies should be more fully utilized in the effort to train law enforcement authorities, prosecutors, and members of the judiciary to address trafficking in persons-related crimes.

DIVISION A—TRAFFICKING VICTIMS PROTECTION ACT OF 2000

SEC. 101. SHORT TITLE.

This division may be cited as the "Trafficking Victims Protection Act of 2000".

SEC. 102. PURPOSES AND FINDINGS.

(a) PURPOSES.—The purposes of this division are to combat trafficking in persons, a contemporary manifestation of slavery whose victims are predominantly women and children, to ensure just and effective punishment of traffickers, and to protect their victims.

(b) FINDINGS.—Congress finds that:

(1) As the 21st century begins, the degrading institution of slavery continues throughout the world. Trafficking in persons is a modern form of slavery, and it is the largest manifestation of slavery today. At least 700,000 persons annually, primarily women and children, are trafficked within or across international borders. Approximately 50,000 women and children are trafficked into the United States each year.

(2) Many of these persons are trafficked into the international sex trade, often by force, fraud, or coercion. The sex industry has rapidly expanded over the past several decades. It involves sexual exploitation of persons, predominantly women and girls, involving activities related to prostitution, pornography, sex tourism, and other commercial sexual services. The low status of women in many parts of the world has contributed to a burgeoning of the trafficking industry.

(3) Trafficking in persons is not limited to the sex industry. This growing transnational crime also includes forced labor.
and involves significant violations of labor, public health, and human rights standards worldwide.

(4) Traffickers primarily target women and girls, who are disproportionately affected by poverty, the lack of access to education, chronic unemployment, discrimination, and the lack of economic opportunities in countries of origin. Traffickers lure women and girls into their networks through false promises of decent working conditions at relatively good pay as nannies, maids, dancers, factory workers, restaurant workers, sales clerks, or models. Traffickers also buy children from poor families and sell them into prostitution or into various types of forced or bonded labor.

(5) Traffickers often transport victims from their home communities to unfamiliar destinations, including foreign countries away from family and friends, religious institutions, and other sources of protection and support, leaving the victims defenseless and vulnerable.

(6) Victims are often forced through physical violence to engage in sex acts or perform slavery-like labor. Such force includes rape and other forms of sexual abuse, torture, starvation, imprisonment, threats, psychological abuse, and coercion.

(7) Traffickers often make representations to their victims that physical harm may occur to them or others should the victim escape or attempt to escape. Such representations can have the same coercive effects on victims as direct threats to inflict such harm.

(8) Trafficking in persons is increasingly perpetrated by organized, sophisticated criminal enterprises. Such trafficking is the fastest growing source of profits for organized criminal enterprises worldwide. Profits from the trafficking industry contribute to the expansion of organized crime in the United States and worldwide. Trafficking in persons is often aided by official corruption in countries of origin, transit, and destination, thereby threatening the rule of law.

(9) Trafficking includes all the elements of the crime of forcible rape when it involves the involuntary participation of another person in sex acts by means of fraud, force, or coercion.

(10) Trafficking also involves violations of other laws, including labor and immigration codes and laws against kidnapping, slavery, false imprisonment, assault, battery, pandering, fraud, and extortion.

(11) Trafficking exposes victims to serious health risks. Women and children trafficked in the sex industry are exposed to deadly diseases, including HIV and AIDS. Trafficking victims are sometimes worked or physically brutalized to death.

(12) Trafficking in persons substantially affects interstate and foreign commerce. Trafficking for such purposes as involuntary servitude, peonage, and other forms of forced labor has an impact on the nationwide employment network and labor market. Within the context of slavery, servitude, and labor or services which are obtained or maintained through coercive conduct that amounts to a condition of servitude, victims are subjected to a range of violations.
(13) Involuntary servitude statutes are intended to reach cases in which persons are held in a condition of servitude through nonviolent coercion. In United States v. Kozminski, 487 U.S. 931 (1988), the Supreme Court found that section 1584 of title 18, United States Code, should be narrowly interpreted, absent a definition of involuntary servitude by Congress. As a result, that section was interpreted to criminalize only servitude that is brought about through use or threatened use of physical or legal coercion, and to exclude other conduct that can have the same purpose and effect.

(14) Existing legislation and law enforcement in the United States and other countries are inadequate to deter trafficking and bring traffickers to justice, failing to reflect the gravity of the offenses involved. No comprehensive law exists in the United States that penalizes the range of offenses involved in the trafficking scheme. Instead, even the most brutal instances of trafficking in the sex industry are often punished under laws that also apply to lesser offenses, so that traffickers typically escape deserved punishment.

(15) In the United States, the seriousness of this crime and its components is not reflected in current sentencing guidelines, resulting in weak penalties for convicted traffickers.

(16) In some countries, enforcement against traffickers is also hindered by official indifference, by corruption, and sometimes even by official participation in trafficking.

(17) Existing laws often fail to protect victims of trafficking, and because victims are often illegal immigrants in the destination country, they are repeatedly punished more harshly than the traffickers themselves.

(18) Additionally, adequate services and facilities do not exist to meet victims’ needs regarding health care, housing, education, and legal assistance, which safely reintegrate trafficking victims into their home countries.

(19) Victims of severe forms of trafficking should not be inappropriately incarcerated, fined, or otherwise penalized solely for unlawful acts committed as a direct result of being trafficked, such as using false documents, entering the country without documentation, or working without documentation.

(20) Because victims of trafficking are frequently unfamiliar with the laws, cultures, and languages of the countries into which they have been trafficked, because they are often subjected to coercion and intimidation including physical detention and debt bondage, and because they often fear retribution and forcible removal to countries in which they will face retribution or other hardship, these victims often find it difficult or impossible to report the crimes committed against them or to assist in the investigation and prosecution of such crimes.

(21) Trafficking of persons is an evil requiring concerted and vigorous action by countries of origin, transit or destination, and by international organizations.

(22) One of the founding documents of the United States, the Declaration of Independence, recognizes the inherent dignity and worth of all people. It states that all men are created equal and that they are endowed by their Creator with certain
unalienable rights. The right to be free from slavery and involuntary servitude is among those unalienable rights. Acknowledging this fact, the United States outlawed slavery and involuntary servitude in 1865, recognizing them as evil institutions that must be abolished. Current practices of sexual slavery and trafficking of women and children are similarly abhorrent to the principles upon which the United States was founded.

(23) The United States and the international community agree that trafficking in persons involves grave violations of human rights and is a matter of pressing international concern. The international community has repeatedly condemned slavery and involuntary servitude, violence against women, and other elements of trafficking, through declarations, treaties, and United Nations resolutions and reports, including the Universal Declaration of Human Rights; the 1956 Supplementary Convention on the Abolition of Slavery, the Slave Trade, and Institutions and Practices Similar to Slavery; the 1948 American Declaration on the Rights and Duties of Man; the 1957 Abolition of Forced Labor Convention; the International Covenant on Civil and Political Rights; the Convention Against Torture and Other Cruel, Inhuman or Degrading Treatment or Punishment; United Nations General Assembly Resolutions 50/167, 51/66, and 52/98; the Final Report of the World Congress against Sexual Exploitation of Children (Stockholm, 1996); the Fourth World Conference on Women (Beijing, 1995); and the 1991 Moscow Document of the Organization for Security and Cooperation in Europe.

(24) Trafficking in persons is a transnational crime with national implications. To deter international trafficking and bring its perpetrators to justice, nations including the United States must recognize that trafficking is a serious offense. This is done by prescribing appropriate punishment, giving priority to the prosecution of trafficking offenses, and protecting rather than punishing the victims of such offenses. The United States must work bilaterally and multilaterally to abolish the trafficking industry by taking steps to promote cooperation among countries linked together by international trafficking routes. The United States must also urge the international community to take strong action in multilateral fora to engage recalcitrant countries in serious and sustained efforts to eliminate trafficking and protect trafficking victims.

SEC. 108. MINIMUM STANDARDS FOR THE ELIMINATION OF TRAFFICKING.

(a) MINIMUM STANDARDS.—For purposes of this division, the minimum standards for the elimination of trafficking applicable to the government of a country of origin, transit, or destination for a significant number of victims of severe forms of trafficking are the following:

(1) The government of the country should prohibit severe forms of trafficking in persons and punish acts of such trafficking.

(2) For the knowing commission of any act of sex trafficking involving force, fraud, coercion, or in which the victim of sex trafficking is a child incapable of giving meaningful consent, or of trafficking which includes rape or kidnapping or which causes a death, the government of the country should prescribe punishment commensurate with that for grave crimes, such as forcible sexual assault.

(3) For the knowing commission of any act of a severe form of trafficking in persons, the government of the country should prescribe punishment that is sufficiently stringent to deter and that adequately reflects the heinous nature of the offense.

22 Sec. 8(b)(2) of the Trafficking Victims Protection Reauthorization Act of 2003 (Public Law 108-193; 117 Stat. 2887) struck out “214(n)(1)” and inserted in lieu thereof “214(o)(2)”.

(4) The government of the country should make serious and sustained efforts to eliminate severe forms of trafficking in persons.

(b) CRITERIA.—In determinations under subsection (a)(4), the following factors should be considered as indicia of serious and sustained efforts to eliminate severe forms of trafficking in persons:

(1) Whether the government of the country vigorously investigates and prosecutes acts of severe forms of trafficking in persons, and convicts and sentences persons responsible for such acts, that take place wholly or partly within the territory of the country. After reasonable requests from the Department of State for data regarding investigations, prosecutions, convictions, and sentences, a government which does not provide such data, consistent with the capacity of such government to obtain such data, shall be presumed not to have vigorously investigated, prosecuted, convicted or sentenced such acts. During the periods prior to the annual report submitted on June 1, 2004, and on June 1, 2005, and the periods afterwards until September 30 of each such year, the Secretary of State may disregard the presumption contained in the preceding sentence if the government has provided some data to the Department of State regarding such acts and the Secretary has determined that the government is making a good faith effort to collect such data.

(2) Whether the government of the country protects victims of severe forms of trafficking in persons and encourages their assistance in the investigation and prosecution of such trafficking, including provisions for legal alternatives to their removal to countries in which they would face retribution or hardship, and ensures that victims are not inappropriately incarcerated, fined, or otherwise penalized solely for unlawful acts as a direct result of being trafficked.

(3) Whether the government of the country has adopted measures to prevent severe forms of trafficking in persons, such as measures to inform and educate the public, including potential victims, about the causes and consequences of severe forms of trafficking in persons.

(4) Whether the government of the country cooperates with other governments in the investigation and prosecution of severe forms of trafficking in persons.

(5) Whether the government of the country extradites persons charged with acts of severe forms of trafficking in persons on substantially the same terms and to substantially the same extent as persons charged with other serious crimes (or, to the extent such extradition would be inconsistent with the laws of such country or with international agreements to which the government of the country is a party).

Sec. 108 Trafficking Victims, 2000 (P.L. 106-386) 663

24Sec. 6(d)(1)(A) of the Trafficking Victims Protection Reauthorization Act of 2003 (Public Law 108-193; 117 Stat. 2881) struck out "that take place wholly or partly within the territory of the country" and inserted in lieu thereof ", and convicts and sentences persons responsible for such acts, that take place wholly or partly within the territory of the country".

25Sec. 6(d)(1)(B) of the Trafficking Victims Protection Reauthorization Act of 2003 (Public Law 108-193; 117 Stat. 2882) added text to this point beginning at "After reasonable requests".
country is a party, whether the government is taking all appropriate measures to modify or replace such laws and treaties so as to permit such extradition).

(6) Whether the government of the country monitors immigration and emigration patterns for evidence of severe forms of trafficking in persons and whether law enforcement agencies of the country respond to any such evidence in a manner that is consistent with the vigorous investigation and prosecution of acts of such trafficking, as well as with the protection of human rights of victims and the internationally recognized human right to leave any country, including one's own, and to return to one's own country.

(7) Whether the government of the country vigorously investigates, prosecutes, convicts, and sentences public officials who participate in or facilitate severe forms of trafficking in persons, and takes all appropriate measures against officials who condone such trafficking. After reasonable requests from the Department of State for data regarding such investigations, prosecutions, convictions, and sentences, a government which does not provide such data consistent with its resources shall be presumed not to have vigorously investigated, prosecuted, convicted, or sentenced such acts. During the periods prior to the annual report submitted on June 1, 2004, and on June 1, 2005, and the periods afterwards until September 30 of each such year, the Secretary of State may disregard the presumption contained in the preceding sentence if the government has provided some data to the Department of State regarding such acts and the Secretary has determined that the government is making a good faith effort to collect such data.

(8) Whether the percentage of victims of severe forms of trafficking in the country that are non-citizens of such countries is insignificant.

(9) Whether the government of the country, consistent with the capacity of such government, systematically monitors its efforts to satisfy the criteria described in paragraphs (1) through (8) and makes available publicly a periodic assessment of such efforts.

(10) Whether the government of the country achieves appreciable progress in eliminating severe forms of trafficking when compared to the assessment in the previous year.

(II) there is a failure to provide evidence of increasing efforts to combat severe forms of trafficking in persons from the previous year, including increased investigations, prosecutions and convictions of trafficking crimes, increased assistance to victims, and decreasing evidence of complicity in severe forms of trafficking by government officials; or

(III) the determination that a country is making significant efforts to bring themselves into compliance with minimum standards was based on commitments by the country to take additional future steps over the next year.

(B) INTERIM ASSESSMENT.—Not later than February 1st of each year, the Secretary of State shall provide to the appropriate congressional committees an assessment of the progress that each country on the special watch list described in subparagraph (A) has made since the last annual report.

(C) RELATION OF SPECIAL WATCH LIST TO ANNUAL TRAFFICKING IN PERSONS REPORT.—A determination that a country shall not be placed on the special watch list described in subparagraph (A) shall not affect in any way the determination to be made in the following year as to whether a country is complying with the minimum standards for the elimination of trafficking or whether a country is making significant efforts to bring itself into compliance with such standards.

(4) SIGNIFICANT EFFORTS.—In determinations under paragraph (1) or (2) as to whether the government of a country is making significant efforts to bring itself into compliance with the minimum standards for the elimination of trafficking, the Secretary of State shall consider—

(A) the extent to which the country is a country of origin, transit, or destination for severe forms of trafficking;

(B) the extent of noncompliance with the minimum standards by the government and, particularly, the extent to which officials or employees of the government have participated in, facilitated, condoned, or are otherwise complicit in severe forms of trafficking; and

(c) NOTIFICATION.—Not less than 45 days or more than 90 days after the submission, on or after January 1, 2003, of an annual report under subsection (b)(1), or an interim report under subsection (b)(2), the President shall submit to the appropriate congressional
committees a notification of one of the determinations listed in subsection (d) with respect to each foreign country whose government, according to such report—

(B) is not making significant efforts to bring itself into compliance, as described in subsection (b)(1)(C).

(d) P RESIDENTIAL DETERMINATIONS.—The determinations referred to in subsection (c) are the following:

(1) WITHHOLDING OF NONHUMANITARIAN, NONTRADE-RELATED ASSISTANCE.—The President has determined that—

(A)(i) the United States will not provide nonhumanitarian, nontrade-related foreign assistance to the government of the country for the subsequent fiscal year until such government complies with the minimum standards or makes significant efforts to bring itself into compliance; or

(ii) in the case of a country whose government received no nonhumanitarian, nontrade-related foreign assistance from the United States during the previous fiscal year, the United States will not provide funding for participation by officials or employees of such governments in educational and cultural exchange programs for the subsequent fiscal year until such government complies with the minimum standards or makes significant efforts to bring itself into compliance; and

(B) the President will instruct the United States Executive Director of each multilateral development bank and of the International Monetary Fund to vote against, and to use the Executive Director's best efforts to deny, any loan or other utilization of the funds of the respective institution to that country (other than for humanitarian assistance, for trade-related assistance, or for development assistance which directly addresses basic human needs, is not administered by the government of the sanctioned country, and confers no benefit to that government) for the subsequent fiscal year until such government complies with the minimum standards or makes significant efforts to bring itself into compliance.

(2) ONGOING, MULTIPLE, BROAD-BASED RESTRICTIONS ON ASSISTANCE IN RESPONSE TO HUMAN RIGHTS VIOLATIONS.—The President has determined that such country is already subject to multiple, broad-based restrictions on assistance imposed in significant part in response to human rights abuses and such restrictions are ongoing and are comparable to the restrictions provided in paragraph (1). Such determination shall be accompanied by a description of the specific restriction or restrictions that were the basis for making such determination.

(3) S UBSEQUENT COMPLIANCE.—The Secretary of State has determined that the government of the country has come into compliance with the minimum standards or is making significant efforts to bring itself into compliance.

(4) C ONTINUATION OF ASSISTANCE IN THE NATIONAL INTEREST.—Notwithstanding the failure of the government of the country to comply with minimum standards for the elimination
of trafficking and to make significant efforts to bring itself into compliance, the President has determined that the provision to the country of nonhumanitarian, nontrade-related foreign assistance or funding for participation in educational and cultural exchange programs,33 or the multilateral assistance described in paragraph (1)(B), or both, would promote the purposes of this division or is otherwise in the national interest of the United States.

(5) **Exercise of waiver authority.**—

(A) **In general.**—The President may exercise the authority under paragraph (4) with respect to—

(i) all nonhumanitarian, nontrade-related foreign assistance or funding for participation in educational and cultural exchange programs34 to a country;

(f) **After the President has made a determination described in subsection (d)(1) with respect to the government of a country,** the President may at any time make a determination described in paragraphs (4) and (5) of subsection (d) to waive, in whole or in part, the measures imposed against the country by the previous determination under subsection (d)(1).

AN ACT To promote immunization and oral rehydration in developing countries, to promote democracy in Haiti, to protect tropical forests and biological diversity in developing countries, to authorize increased funding for the Child Survival Fund and for international narcotics control assistance, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.
This Act may be cited as the "Special Foreign Assistance Act of 1986".

TITLE I—PROMOTING IMMUNIZATION AND ORAL REHYDRATION IN DEVELOPING COUNTRIES

SEC. 101. FINDINGS.
The Congress finds that—

(1) the United Nations Children's Fund (UNICEF) reports that 3.5 million children die annually because they have not been immunized against the six major childhood diseases: polio, measles, whooping cough, diphtheria, tetanus, and tuberculosis;

(2) at present less than 20 percent of children in the developing world are fully immunized against these diseases;

(3) each year more than five million additional children are permanently disabled and suffer diminished capacities to contribute to the economic, social, and political development of their countries because they have not been immunized;

(4) ten million additional childhood deaths from immunizable and potentially immunizable diseases could be averted annually by the development of techniques in biotechnology for new and cost-effective vaccines;

(5) the World Health Assembly, the Executive Board of the United Nations Children's Fund, and the United Nations General Assembly are calling upon the nations of the world to commit the resources necessary to meet the challenge of universal access to childhood immunization by 1990;

(6) at the 1984 "Bellagio Conference" it was determined that the goal of universal childhood immunization by 1990 is indeed achievable; and

1 22 U.S.C. 2151 note.
(7) the Congress has expressed its expectation that the Agency for International Development will set as a goal the immunization by 1990 of at least 80 percent of all the children in those countries in which the Agency has a program.

SEC. 102. UNITED STATES PARTICIPATION IN GLOBAL EFFORT.

(a) UNITED STATES GOVERNMENT SUPPORT.—The Congress calls upon the President to direct the Agency for International Development, working through the Centers for Disease Control and other appropriate Federal agencies, to work in a global effort to provide enhanced support toward achieving the goal of universal access to childhood immunization by 1990 by—

(1) assisting in the delivery, distribution, and use of vaccines, including—

(A) the building of locally sustainable systems and technical capacities in developing countries to reach, by the appropriate age, not less than 80 percent of their annually projected target population with the full schedule of required immunizations; and

(B) the development of a sufficient network of indigenous professionals and institutions with responsibility for developing, monitoring, and assessing immunization programs and continually adapting strategies to reach the goal of preventing immunizable diseases; and

(2) performing, supporting, and encouraging research and development activities, both in the public and private sector, that will be targeted at developing new vaccines and at modifying and improving existing vaccines to make them more appropriate for use in developing countries.

(b) PRIVATE SECTOR SUPPORT.—In support of this global effort, the President should appeal to the people of the United States and the United States private sector to support public and private efforts to provide the resources necessary to achieve universal access to childhood immunization by 1990.

SEC. 103. TITLE II—PROMOTING DEMOCRACY IN HAITI

SEC. 201. FINDINGS CONCERNING HAITI.

The Congress finds that—

(1) the establishment of an interim government in Haiti committed to a restoration of democracy provides Haiti with an opportunity to build the political, social, and economic institutions necessary to promote Haiti’s development, to provide a better future for the people of Haiti, and to provide the framework for more effective mutual cooperation with the United States, Haiti’s neighbor in the Caribbean, and the other nations of the Hemisphere;

(2) the magnitude of the political, economic, and social tasks facing the people of Haiti will make the achievement of a better future a difficult task which will require a determined and sustained effort by the Haitian people over a long period of time.

Sec. 103 amended sec. 104(c) of the Foreign Assistance Act of 1961, fiscal year 1987 funding authorization for Child Survival Fund and development assistance for health.
time and will require significant external assistance from the United States and other donors; and

Such assistance should reflect the need to distribute development assistance resources more equitably among the various regions in Haiti in order to support sustainable development in all of Haiti.

(c) REQUIREMENT FOR SEGREGATED ACCOUNT FOR ECONOMIC SUPPORT ASSISTANCE FUNDS PAID TO GOVERNMENT OF HAITI.—Funds under chapter 4 of part II of the Foreign Assistance Act of 1961 which are made available for Haiti pursuant to subsection (a) may be paid to the Government of Haiti only if the Government of Haiti will maintain those funds in a separate account and not commingle them with other funds.

(d) CONDITIONS ON ECONOMIC SUPPORT AND DEVELOPMENT ASSISTANCE.—Funds may be obligated for assistance for Haiti under sections 103 through 106 of chapter 4 of part II of the Foreign Assistance Act of 1961 pursuant to subsection (a) only if the President determines that the interim Government of Haiti—

(2) is implementing its timetable for completion of a new constitution that promotes genuine democratic reforms and guarantees the fundamental principles of democracy;

Such a plan should include a publicly announced commitment by the armed forces of Haiti to abide by international human rights standards and adoption of a code of conduct to assure adherence to these standards.

2. The Government of Haiti is attempting to locate and recover those assets through legal means;

3. Virtually every relevant jurisdiction, both in the United States and abroad, requires the posting of some form of security to secure the issuance of orders of attachment or other judicial seizures of property;

4. The Government of Haiti is unable, without outside assistance, to post the necessary security because of its lack of assets;

5. Haiti’s economic situation could be significantly improved, and the need for external resources reduced, if the Government of Haiti is able to pursue its legal remedies against those who are in large part responsible for the economic crisis in Haiti; and

6. The United States has a substantial foreign policy interest in helping the Government of Haiti recover any assets which were illegally diverted by those associated with the Duvalier regime.

"Transfer of the AWACS will take place . . . only after the Congress has received in writing a Presidential certification, containing agreements with Saudi Arabia, that the following conditions have been met:

"1. Security of Technology
   "A. That a detailed plan for the security of equipment, technology, information, and supporting documentation has been agreed to by the United States and Saudi Arabia and is in place; and
   "B. The security provisions are no less stringent than measures employed by the U.S. for protection and control of its equipment of like kind outside the continental U.S.; and
   "C. The U.S. has the right of continual on-site inspection and surveillance by U.S. personnel of security arrangements for all operations during the useful life of the AWACS. It is further provided that security arrangements will be supplemented by additional U.S. personnel if it is deemed necessary by the two parties; and

"3. Control Over Third-Country Participation
   "A. That Saudi Arabia has agreed not to share access to AWACS equipment, technology, documentation, or any information developed from such equipment or technology with any..."
nation other than the U.S. without the prior, explicit mutual consent of both governments; and

"B. There are in place adequate and effective procedures requiring the screening and security clearance of citizens of Saudi Arabia and that only cleared Saudi citizens and cleared U.S. nationals will have access to AWACS equipment, technology, or documentation, or information derived therefrom, without the prior, explicit mutual consent of the two governments.

"4. AWACS Flight Operations

"That the Saudi AWACS will be operated solely within the boundaries of Saudi Arabia, except with the prior, explicit mutual consent of the two governments, and solely for defensive purposes as defined by the United States, in order to maintain security and regional stability.

"5. Command Structure

"That agreements as they concern organizational command and control structure for the operation of AWACS are of such a nature to guarantee that the commitments above will be honored.

"6. Regional Peace and Security

"That the sale contributes directly to the stability and security of the area, enhances the atmosphere and prospects for progress toward peace, and that initiatives toward the peaceful resolution of disputes in the region have either been successfully completed or that significant progress toward that goal has been accomplished with the substantial assistance of Saudi Arabia."

(2) The Congress finds that the President also stated in the 1981 AWACS communications that should circumstances arise that might require changes in the arrangements described in that communication, "they would be made only with Congressional participation".

(b) Requirement for Presidential Certification.—As provided in the 1981 AWACS communication, before the E3A airborne warning and control system (AWACS) aircraft which were the subject of that communication are transferred to Saudi Arabia, the President shall submit to the Congress a written Presidential certification, containing agreements with Saudi Arabia, that the conditions set forth in that communication have been met.

8Sec. 532 of the Foreign Assistance and Related Programs Appropriations Act, 1986 (sec. 101(i) of Public Law 99–190), contained the following:

"That it is the sense of the Congress that the recommended levels of assistance for Egypt and Israel are based in great measure upon their continued participation in the Camp David Accords and upon the Egyptian-Israeli peace treaty; and that Egypt and Israel are urged to continue their efforts to restore a full diplomatic relationship, including ambassadors, and achieve realization of the Camp David Accords."

Identical language was contained in title II of the 1987 Act (Public Law 99–591; 100 Stat. 3341–221).

9Sec. 532 of the Foreign Assistance and Related Programs Appropriations Act, 1986 (sec. 101(i) of Public Law 99–190; 99 Stat. 1308), provided the following:

"Sec. 532. The Congress finds that progress on the peace process in the Middle East is vitally important to United States security interests in the region. The Congress recognizes that, in fulfilling its obligations under the Treaty of Peace Between the Arab Republic of Egypt and the State of Israel, done at Washington on March 26, 1979, Israel incurred severe economic burdens. Furthermore, the Congress recognizes that an economically and militarily secure Israel serves the security interests of the United States, for a secure Israel is an Israel which has the incentive and confidence to continue pursuing the peace process. Therefore, the Congress declares that it is the policy and the intention of the United States that the funds provided in annual appropriations for the Economic Support Fund which are allocated to Israel shall not be less than the annual debt repayment (interest and principal) from Israel to the United States Government in recognition that such a principle serves United States interests in the region."

Section 531 of the 1987 Act (Public Law 99–591; 100 Stat. 3341–213), contained identical language to sec. 532 above.

* * * not less than $1,200,000,000 shall be available only for Israel, which sum shall be available on a grant basis as a cash transfer and shall be disbursed within 30 days of enactment of this Act or by October 31, 1985, whichever is later * * *.

Title II of the 1987 Act (Public Law 99–591; 100 Stat. 3341–220) contained identical language to that above except that the amount is "$1,200,000,000", and the date is "October 31, 1986".
Sec. 203  IS & DC Act of 1985 (P.L. 99-83)  711

does not cause an adverse impact on the total level of nonmilitary exports from the United States to Israel.

(2) All of the funds made available to Egypt under that chapter for the fiscal years 1986 and 1987 shall be provided on a grant basis.

(3) Up to $115,000,000 of the amounts provided for Egypt for each of the fiscal years 1986 and 1987 pursuant to paragraph (1) may be provided as a cash transfer with the understanding that Egypt will undertake economic reforms or development activities which are additional to those which would be undertaken in the absence of the cash transfer.

(c) COOPERATIVE SCIENTIFIC AND TECHNOLOGICAL PROJECTS.—It is the sense of the Congress that, in order to continue to build the structure of peace in the Middle East, the United States should finance, and where appropriate participate in, cooperative projects of a scientific and technological nature involving Israel and Egypt and other Middle East countries wishing to participate. These cooperative projects should include projects in the fields of agriculture, health, energy, the environment, education, water resources, and the social sciences.

Such an agreement should include an agreement on Varosha/Famagusta, foreign troop levels in the Republic of Cyprus, the disposition of the international airport on Cyprus, or other significant steps which are evidence of substantial progress toward an overall settlement of the Cyprus dispute.

(a) Findings.—The Congress finds that—

1. the subject of the flow, use, and control of narcotic and psychotropic substances is a matter of great international importance;

2. the problem of drug abuse and drug trafficking continues to worsen throughout most parts of the world;

3. the concerns of the governments of many countries have become manifest in several bilateral and multilateral narcotics control projects;

4. United Nations agencies monitor and apply controls on the flow and use of drugs and coordinate multilateral efforts to control production, trafficking, and abuse of drugs;

5. the United Nations Fund for Drug Abuse Control funds narcotics projects throughout the world and has been a vehicle since 1971 for multilateral implementation of narcotics control and reduction programs;

6. the International Narcotics Control Board is charged with monitoring compliance with the Single Convention on Narcotic Drugs, 1961, and the Convention on Psychotropic Substances, and Cuba is a party to both Conventions;

7. the United Nations Commission on Narcotic Drugs is responsible for formulating policies, coordinating activities, supervising the implementation of international conventions, and making recommendations to governments for international drug control;
(8) the promotion of drug abuse and participation in drug trafficking is universally considered egregious criminal behavior wherever it occurs, whether it occurs locally, nationally, or internationally;

(9) a Federal grand jury of the United States has indicted four prominent Cuban officials on charges of conspiring to smuggle drugs into the United States;

(10) United States Government officials have testified at several congressional hearings that the Government of Cuba is facilitating the flow of illicit drugs into the United States in order to obtain hard currency, support guerrilla/terrorist activities, and undermine United States society; and

(2) offshore banks which provide total confidentiality provide a service which materially assists the operations of illicit drug traffickers; and

(3) cooperation in gaining access to the bank accounts of such narcotics traffickers would materially assist United States authorities in controlling the activities of such traffickers.

(b) POLICY.—The Congress—

(1) requests the President to negotiate treaties or appropriate international agreements with all countries providing confidential banking services (giving high priority to countries in the Caribbean region) to provide disclosure to the United

States Government of information contained in official records, and in records of bank accounts, concerning persons under investigation for violations of United States law, in particular those regarding international drug trafficking:

(2) directs the President to include reports on the results of such efforts in the annual International Narcotics Control Strategy Report; and

"Notwithstanding any limitations on assistance to Haiti contained in Public Law 98-473 or Public Law 99-83, funds in the amount of $750,000 previously appropriated for the purposes of chapter 2 of part II of the Foreign Assistance Act of 1961, as amended, may be made available for Haiti to carry out such purposes: Provided, That none of the funds made available pursuant to this paragraph may be made available for obligation unless the Appropriations Committees of both Houses of Congress are previously notified fifteen days in advance: Provided further, That the funds provided under this paragraph shall be made available only to provide nonlethal military assistance for Haiti."."

(d) * * * Assistance in Halting Illegal Emigration From Haiti.—Notwithstanding the limitations of section 660 of the Foreign Assistance Act of 1961 (relating to police training), funds made available under such Act may be used for programs with Haiti, which shall be consistent with prevailing United States refugee policies, to assist in halting significant illegal emigration from Haiti to the United States.

(e) Limitation on MAP and FMS Financing.—Assistance may not be provided for Haiti for fiscal year 1986 or fiscal year 1987 under chapter 2 of part II of the Foreign Assistance Act of 1961 (relating to grant military assistance) or under the Arms Export Control Act (relating to foreign military sales financing), except for necessary transportation, maintenance, communications, and related articles and services to enable the continuation of migrant and narcotics interdiction operations.

SEC. 713. USE OF EMPLOYEE STOCK OWNERSHIP PLANS IN DEVELOPMENT EFFORTS.

(a) Findings.—The Congress declares that—
(1) employee stock ownership plans in industrial, farming, banking, and other enterprises in Central America and the Caribbean can be an important component in achieving United States goals in Central America and the Caribbean; and

(2) employee stock ownership plans should be used as an instrument in financing growth and transfers of equity in the region, in reorganizing state-owned enterprises into viable employee-owned businesses, in expanding political and economic pluralism, and in strengthening democratic institutions in the region.

(b) PLAN FOR EXPANDED USE OF ESOPS.—The President is urged to develop a plan for the expanded use of employee stock ownership plans in development efforts of the United States in Central America and the Caribbean, with an emphasis on policy and infrastructural changes needed to encourage voluntary employee stock ownership initiatives by multinational corporations and other private sector enterprises which have investments, are considering making new investments, or are interested in management contracts and joint ventures in the region.

(c) TASK FORCE.—To assist in this effort, there is established a Presidential Task Force on Project Economic Justice (hereafter in this section referred to as the "Task Force"), which shall consist of individuals appointed by the President who are distinguished leaders of the private sector of the United States, including significant representation of union representatives of workers in successful companies with employee stock ownership plans and of nationally recognized experts in all phases of design, implementation, and operation of employee stock ownership plans. The President shall designate one of the members of the Task Force to serve as Chairman. The Chairman of the Task Force shall appoint a volunteer fundraising committee, and all the expenses of the Task Force shall be paid without the use of public funds.

(d) REPORT.—Not later than December 31, 1985, the Task Force shall prepare and transmit to the President and the Congress a report on the expanded use of employee stock ownership plans in the development efforts of the United States in Central America and the Caribbean, including specific recommendations on strategies for using employee stock ownership plans as a means of accelerating the rate of private sector capital formation in Central America and the Caribbean that is systematically linked to expanding ownership and profit-sharing opportunities for all employees.

SEC. 714. INTERNATIONAL ADVISORY COMMISSION FOR THE CARIBBEAN REGION.

(a) FINDINGS.—The Congress finds that—

(1) many of the social, agricultural, educational, and economic problems which confront nations in the Caribbean Region result primarily from social and economic injustice and inadequate economic and agricultural development;

(2) such problems are not addressed sufficiently by current United States policies toward that region;

(3) the development of the Caribbean Region is of vital importance to the economic and strategic interests of the United States and its allies; and
(4) for purposes of defining development plans, providing an international forum for Caribbean Region development issues, and providing expert advice to donor-aid countries, an international commission is needed as the prime institution for promoting economic cooperation and development in the Caribbean Region.

(b) Invitations to Participate in Commission.—

(1) Invitation to Caribbean Countries.—The President may invite the countries which comprise the Caribbean Region to participate with the United States in a commission to be known as the International Advisory Commission for the Caribbean Region (hereafter in this section referred to as the "Commission").

(2) Invitation to Certain Other Countries.—The President may also invite the Netherlands, the United Kingdom, France, Canada, the Commonwealth of Puerto Rico, and the Virgin Islands to participate in the Commission.

(c) Functions of Commission.—It is the sense of the Congress that the Commission should—

(1) examine social, agricultural, educational, and economic issues which affect the Caribbean Region; and

(2) consult with leaders of the countries in the Caribbean Region and with representatives from public and private organizations involved in matters related to the Caribbean Region in order to evaluate the problems and needs of such countries.

(d) Funding for Organizational Meeting of Commission.—Of the funds authorized to be appropriated to carry out section 106 of the Foreign Assistance Act of 1961 (relating to development assistance for energy, private and voluntary organizations, and selected development activities), up to a total of $100,000 for fiscal years 1986 and 1987 may be made available to—

(1) pay reasonable administrative expenses associated with the organizational meeting of the Commission; and

(2) pay reasonable travel and lodging expenses incurred by commissioners from other participant governments incident to their attendance at the organizational meeting of the Commission.

(e) Request to Congress Relating to United States Participation in the Commission.—The President should provide cost estimates and request authorization from the Congress in order to provide for the participation of the United States in the Commission (other than United States participation associated with the organizational meeting).

(f) Appointment of United States Representative and Observers.—Upon the creation of the Commission—

(1) the President should consider appointing one individual as the United States representative to the Commission;

(2) the Speaker of the House of Representatives should consider appointing two Members of the House, one from each major political party, as observers at the Commission; and

(3) the majority leader of the Senate should consider appointing two Members of the Senate, one from each major political party, as observers at the Commission.
SEC. 715. RURAL ELECTRIFICATION.

It is the sense of the Congress that funds appropriated for the fiscal years 1986 and 1987 under section 103(a)(2) of the Foreign Assistance Act of 1961 (relating to development assistance for agriculture, rural development, and nutrition) should be used for a comprehensive rural electrification program in Central America in order to establish conditions of stability and a foundation for economic development.

SEC. 716. FACILITATING INTERNATIONAL COMMERCE THROUGH MEXICO.

(a) FINDING.—Recognizing that increased levels of balanced international trade are an essential component in an economic development program for the region and that the United States has traditionally been the most important trading partner for each of the nations of Latin America, it is the sense of the Congress that current procedures and laws of the Government of Mexico, and practices of its officials, constitute a significant impediment to the transit of vehicles carrying the commodities of international trade through Mexican territory.

(b) NEGOTIATIONS AND COOPERATIVE STEPS CONCERNING TRANSIT.—As the Government of Mexico has played a valuable role in assisting and encouraging the economic and political development of the region, and in offering advice to the United States as to constructive policies this nation might pursue with respect to peace and prosperity in the area, the Secretary of State, acting independently or with representatives of other Latin America nations, shall initiate negotiations with the Government of Mexico aimed at eliminating or reducing those impediments to international trade. The agenda for such negotiations should include discussions to encourage the Government of Mexico to accede to existing international custom conventions on international in-transit shipments. Such actions are to be taken in concert with the institution by the United States, and the nations of the region where the transiting shipments originate, of appropriate and cooperative steps to make sealed-truck, no-inspection transit administratively acceptable to the Government of Mexico and other transited countries. Similar bilateral or multilateral negotiations by the Secretary of State with nations respecting the same international customs conventions is also encouraged.

(c) REPORT.—The Secretary of State shall report the status of these negotiations to Congress by January 1, 1986.

SEC. 718. CONDEMNING HUMAN RIGHTS VIOLATIONS AND THE SUBVERSION OF OTHER GOVERNMENTS BY THE GOVERNMENT OF CUBA.

(a) CONDEMNATION OF CERTAIN ACTION BY THE GOVERNMENT OF CUBA.—The Congress condemns—

(1) the consistent pattern of gross violations of internationally recognized human rights by the Cuban Government, including—

(A) cruel, inhumane, and degrading treatment and punishment of prisoners; 
(B) the suppression of free speech, press, and assembly; and 
(C) restrictions on religious activity and the freedom to emigrate; and
(2) the provision by the Cuban government of material aid and personnel support for the purposes of subversion.
(b) CALL UPON THE GOVERNMENT OF CUBA.—The Congress calls upon the Government of Cuba to restore civil liberties and cease the violation of human rights of the Cuban people and cease the subversion of other governments through material and personnel support.

SEC. 719. REPORTS ON FOREIGN DEBT IN LATIN AMERICA.
(a) FINDINGS.—The Congress finds that—
(1) the foreign debt of Latin American countries has soared from $27,000,000,000 in 1970 to over $350,000,000,000 in 1983;
(2) the foreign debt of Latin American countries is a serious obstacle to their economic progress, threatens their stability, and endangers the democratic processes in those nations;
(3) the economic and political futures of many of the Latin American countries hang in the balance and depend upon a successful resolution of the foreign debt crisis; and 
(4) the confidence of the American people in the United States system of banking is also involved in a successful resolution of the foreign debt crisis.
(b) REPORT.—Not later than January 1, 1986, the Secretary of State shall prepare and transmit to the Congress a report on—
(1) the magnitude of the foreign debt crisis in the Western Hemisphere;
(2) the impact of the foreign debt crisis on the economies of the countries of Latin America;
(3) the degree to which the national security interests of the United States are implicated in this crisis;
(4) the steps being taken and the policy being pursued by the United States aimed at dealing with this crisis;
(5) the degree to which the foreign debt crisis affects the system of banking in the United States; and
(6) the steps being taken and the policy being pursued by the United States Government aimed at dealing with this crisis.

SEC. 720. ECONOMIC ASSISTANCE FOR URUGUAY.
Of the amounts authorized to be appropriated to carry out chapter 4 of part II of the Foreign Assistance Act of 1961 (relating to the economic support fund), $15,000,000 for fiscal year 1986 and $15,000,000 for fiscal year 1987 shall be available only for Uruguay.

SEC. 721. CANADIAN EXPORTS TO THE UNITED STATES.
(a) CATTLE AND HOGS.—(1) The Congress finds that—
(A) livestock prices have been in decline for some time due to excessive supply partially caused by dramatic increases in importation of live cattle and hogs from Canada, which has in-
creased by 1,000 percent in the last decade in the case of hogs alone;
(B) American livestock producers are suffering from the same general economic crisis affecting all of agriculture, and many will face liquidation or foreclosure in the near future; and
(C) the disparity between the United States and the Canadian dollar amounts to 32 to 34 percent and results in even further increases in Canadian hogs and cattle being imported into the United States.

(2) Therefore, it is the sense of the Congress that the President should direct appropriate officials of the executive branch, including the United States Trade Representative, the Secretary of Agriculture, and the Secretary of Commerce, to aggressively pursue discussions with the Canadian Government directed toward immediate reduction in the Canadian export of cattle and hogs to the United States.

(b) SOFTWOOD TIMBER.—(1) The Congress finds that—
(A) softwood timber prices have been in decline for some time due to excessive supply partially caused by dramatic increases in importation of processed softwood timber from Canada, which has increased from 18 percent of the United States market in the last two years to 35 to 40 percent today;
(B) American timber producers are suffering from this economic crisis, and the difficulty in acquiring timber from the National Forest System; and
(C) the disparity between the United States and the Canadian dollar amounts to 32 to 34 percent and results in even further increases in processed softwood timber being imported into the United States.

(2) Therefore, it is the sense of the Congress that the President should direct appropriate officials of the executive branch, including the United States Trade Representative, the Secretary of Agriculture, and the Secretary of Commerce, to aggressively pursue discussions with the Canadian Government directed toward immediate reduction in the Canadian export of softwood timber to the United States.

SEC. 722. NICARAGUA.
(a) Settlement of the Conflict.—The Congress—

(1) strongly supports national reconciliation in Nicaragua and the creation of a framework for negotiating a peaceful settlement to the Nicaraguan conflict; and
(2) finds that the United States should, in assisting efforts to reach comprehensive and verifiable final agreements based on the Contadora Document of Objectives, encourage the Government of Nicaragua to pursue a dialogue with the armed opposition forces and their political representatives for the purposes of achieving an equitable political settlement of the conflict, including free and fair elections.

(b) United States Concerns About Nicaraguan Foreign and Domestic Policies.—The Congress finds and declares the following:
(1) Despite positive actions by the Congress signaling support for negotiated solutions to conflicts in Central America, there are disturbing trends in Nicaragua's foreign and domestic policies, including—
   
   (A) President Daniel Ortega's April 1985 trip to the Soviet Union at a time when the Congress signaled its strong disapproval of increasing Nicaraguan-Soviet ties;
   
   (B) the Sandinista government's close military ties with Cuba, the Soviet Union, and its Warsaw Pact allies; the disappointing and insufficient reduction of the number of Cuban advisors in Nicaragua by only 100 out of an approximately 2,500; and the continuing military buildup that Nicaragua's neighbors consider threatening;
   
   (C) the Sandinista government's curtailment of individual liberties, political expression, freedom of worship, and the independence of the media;
   
   (D) the subordination of military, judicial, and internal security functions to the ruling political party; and
   
   (E) the Sandinista government's efforts to export its influence and ideology.

(2) If Nicaragua does not address the concerns described in paragraph (1), the United States has several options to address this challenge to peace and stability in the region, including political, diplomatic, and trade sanctions. In addition, the United States—

   (A) should through appropriate regional organizations, such as the Organization of American States, seek to maintain multilateral pressure on Nicaragua to address these concerns; and
   
   (B) should, if called upon to do so, give serious consideration to supporting any sanctions adopted by such an organization.

(3) In assessing whether or not progress is being made in addressing these concerns, the Congress will expect prompt and significant initiatives by the Government of Nicaragua such as—

   (A) the removal of foreign military advisors from Nicaragua;
   
   (B) the end to Sandinista support for insurgencies in other countries in the region, including the cessation of military supplies to the rebel forces fighting the democratically elected government in El Salvador;
   
   (C) restoration of individual liberties, political expression, freedom of worship, and the independence of the media; and
   
   (D) progress toward international reconciliation and a pluralistic democratic system, including steps to liberalize institutions in order to allow the internal opposition in Nicaragua to become a viable partner in the Nicaraguan political process.

(c) RESOLUTION OF THE CONFLICT IN NICARAGUA.—

   (1) BASIS FOR POLICY.—The Congress finds that—

   (A) the people of Nicaragua are suffering the horrors of a fierce armed conflict that is causing grave hardships and
loss of life, has thrown the country into a serious political, social, and economic upheaval, and is of serious concern to the nations of the region and to the United States;

(B) this conflict is fundamentally a continuation of efforts of the Nicaraguan people to attain a representative government at peace with its neighbors, efforts which began under the Somoza regime; and

(C) the United States recognized these noble aspirations of the Nicaraguan people in the June 23, 1979, resolution of the Seventeenth Meeting of Consultation of Ministers of Foreign Affairs of the Organization of American States, which reads as follows:

“WHEREAS:

“The people of Nicaragua are suffering the horrors of a fierce armed conflict that is causing grave hardships and loss of life, and has thrown the country into a serious political, social and economic upheaval;

“The inhumane conduct of the dictatorial regime governing the country, as evidenced by the report of the Inter-American Commission on Human Rights, is the fundamental cause of the dramatic situation faced by the Nicaraguan people; and

“The spirit of solidarity that guides Hemisphere relations places an unavoidable obligation on the American countries to exert every effort within their power, to put an end to the bloodshed and to avoid the prolongation of this conflict which is disrupting the peace of the Hemisphere;

“THE SEVENTEENTH MEETING OF CONSULTATION OF MINISTERS OF FOREIGN AFFAIRS,

“DECLARES:

“That the solution of the serious problem is exclusively within the jurisdiction of the people of Nicaragua.

“That in the view of the Seventeenth Meeting of Consultation of Ministers of Foreign Affairs this solution should be arrived at on the basis of the following:

“1. Immediate and definitive replacement of the Somoza regime.

“2. Installation in Nicaraguan territory of a democratic government, the composition of which should include the principal representative groups which oppose the Somoza regime and which reflects the free will of the people of Nicaragua.

“4. The holding of free elections as soon as possible, that will lead to the establishment of a truly democratic government that guarantees peace, freedom, and justice.

“RESOLVES:

“1. To urge the member states to take steps that are within their reach to facilitate an enduring and peaceful solution of the Nicaraguan problem on the bases set forth above, scrupulously respecting the principle of nonintervention and abstaining from any action that might be in conflict with the above bases or be incompatible with a peaceful and enduring solution to the problem.
“2. To commit their efforts to promote humanitarian assistance to the people of Nicaragua and to contribute to the social and economic recovery of the country.

“3. To keep the Seventeenth Meeting of Consultation of Ministers of Foreign Affairs open while the present situation continues.”

(2) The Government of Nicaragua.—The Congress further finds that—

(A) the Government of National Reconstruction of Nicaragua formally accepted the June 23, 1979, resolution as a basis for resolving the Nicaraguan conflict in its “Plan to Achieve Peace” which was submitted to the Organization of American States on July 12, 1979;

(B) the June 23, 1979, resolution and its acceptance by the Government of National Reconstruction of Nicaragua was the formal basis for the removal of the Somoza regime and the installation of the Government of National Reconstruction;

(C) the Government of National Reconstruction, now known as the Government of Nicaragua and controlled by the Frente Sandinista (the FSLN), has flagrantly violated the provisions of the June 23, 1979, resolution, the rights of the Nicaraguan people, and the security of the nations in the region, in that it—

(i) no longer includes the democratic members of the Government of National Reconstruction in the political process;

(ii) is not a government freely elected under conditions of freedom of the press, assembly, and organization, and is not recognized as freely elected by its neighbors, Costa Rica, Honduras, and El Salvador;

(iii) has taken significant steps towards establishing a totalitarian Communist dictatorship, including the formation of FSLN neighborhood watch committees and the enactment of laws that violate human rights and grant undue executive power;

(iv) has committed atrocities against its citizens as documented in reports by the Inter-American Commission on Human Rights of the Organization of American States;

(v) has aligned itself with the Soviet Union and Soviet allies, including the German Democratic Republic, Bulgaria, Libya, and the Palestine Liberation Organization;

(vi) has committed and refuses to cease aggression in the form of armed subversion against its neighbors in violation of the Charter of the United Nations, the Charter of the Organization of American States, the Inter-American Treaty of Reciprocal Assistance, and the 1965 United Nations General Assembly Declaration on Intervention; and

(vii) has built up an army beyond the needs of immediate self-defense, at the expense of the needs of
the Nicaraguan people and about which the nations of
the region have expressed deepest concern.

(3) THE NICARAGUAN DEMOCRATIC OPPOSITION.—The Con-
gress further finds that—

(A) as a result of these violations, the Government of
Nicaragua has lost the support of virtually all independent
sectors of Nicaraguan society who initially supported the
removal of the Somoza regime (including democratic polit-
cial parties of the left, center, and right; the leadership of
the Church; free unions; and the business, farmer, and
professional sectors) and who still seek democracy, reject
the rule of the Frente Sandinista, and seek the free elec-
tions promised in 1979;

(B) the Nicaraguan political opposition has joined with
the armed opposition groups in issuing the San Jose Mani-
ifesto of March 1, 1985, calling for a national dialogue
under mediation by the Nicaraguan Bishops Conference to
peacefully attain the fulfillment of the Government of
Nicaragua's commitments to the Organization of American
States, including "the democratization of Nicaragua, con-
scious that democracy is the only means to carry out an
authentic revolution and secure our national identity and
sovereignty";

(C) on June 12, 1985, in San Salvador, El Salvador, the
political and armed opposition groups representing the en-
tire democratic political spectrum of Nicaragua formed the
United Nicaraguan Opposition and affirmed their "histori-
ical commitment to achieve for Nicaragua the reconcili-
ation of her children, to establish the foundation for de-
mocracy and the moral and material reconstruction of the
nation"; and

(D) the United Nicaraguan Opposition further declared
its intention to "give priority at all times to a political so-
lution which will ease the suffering of our people".

(4) CONCERNS IN THE REGION AND UNITED STATES RESPON-
sibilities.—The Congress further finds that—

(A) Nicaragua's neighbors, Costa Rica, El Salvador, and
Honduras, have expressed, individually and through the
Contadora process, their belief that their peace and free-
dom is not safe so long as the Government of Nicaragua
excludes from power most of Nicaragua's political leader-
ship and is controlled by a small sectarian party, without
regard to the will of the majority of Nicaraguans; and

(B) the United States, given its role in the installation
of the current Government of Nicaragua, has a special re-
sponsibility regarding the implementation of the commit-
ments made by that Government in 1979, especially to
those who fought against Somoza to bring democracy to
Nicaragua with United States support.

(5) RESOLUTION OF THE CONFLICT.—The Congress—

(A) condemns the Government of Nicaragua for violating
its solemn commitments to the Nicaraguan people, the
United States, and the Organization of American States;
(B) affirms that the Government of Nicaragua will be regarded as having achieved political legitimacy when it fulfills its 1979 commitment to the Organization of American States to implement genuinely democratic elections, under the supervision of the Organization of American States, in which all elements of the Nicaraguan resistance can peacefully participate under conditions recognized as necessary for free elections by international bodies;

(C) urges the Government of Nicaragua to enter a national dialogue, as proposed by the Nicaraguan democratic resistance in San Jose, Costa Rica, on March 1, 1985, under mediation by the Nicaraguan Bishops Conference in order to peacefully resolve the current crisis through internationally recognized elections in which all elements of Nicaraguan society can freely participate;

(D) supports the Nicaraguan democratic resistance in its efforts to peacefully resolve the Nicaraguan conflict and to achieve the fulfillment of the Government of Nicaragua’s solemn commitments to the Nicaraguan people, the United States, and the Organization of American States;

(E) supports efforts by the Contadora nations, the Organization of American States, and other appropriate regional organizations to maintain multilateral pressure on Nicaragua to fulfill its commitments; and

(F) requests that the Secretary of State transmit the text of this subsection to the Foreign Ministers of the member states of the Organization of American States.

(d) Prohibition relating to military or paramilitary operations in Nicaragua.—Notwithstanding any other provision of law, no funds authorized to be appropriated or otherwise made available by this Act (except the funds authorized to be appropriated in this section), by the Foreign Assistance Act of 1961, or by the Arms Export Control Act shall be used to provide assistance of any kind, either directly or indirectly, to any person or group engaging in an insurgency or other act of rebellion against the Government of Nicaragua. The United States shall not enter into any arrangement conditioning, expressly or impliedly, the provision of assistance under this Act or the purchase of defense articles and services under the Arms Export Control Act upon the provision of assistance by a recipient to persons or groups engaging in an insurgency or other act of rebellion against the Government of Nicaragua.

(e) Limitation on use of funds against Nicaragua.—None of the funds authorized to be appropriated in this or any other Act can be used to fund directly, or indirectly, activities against the Government of Nicaragua which have not been authorized by, or pursuant to, law and which would place the United States in violation of our obligations under the Charter of the Organization of American States, to which the United States is a signatory, or under international law as defined by treaty commitments agreed to, and ratified by, the Government of the United States.

(f) Food aid to the Nicaraguan people.—In cooperation with Cardinal Miguel Obando y Bravo and private and voluntary organizations, the President should explore and promote means for pro-
Sec. 722 IS & DC Act of 1985 (P.L. 99-83) 741

viding food aid to the Nicaraguan people through private and voluntary organizations and the Catholic Church.

(g) **Humanitarian Assistance for Nicaraguan Democratic Resistance.**—(1) Effective upon the date of enactment of this Act, there are authorized to be appropriated $27,000,000 for humanitarian assistance to the Nicaraguan democratic resistance. Such assistance shall be provided to such department or agency of the United States as the President shall designate, except the Central Intelligence Agency or the Department of Defense.

(2) The assistance authorized by this subsection is authorized to remain available for obligation until March 31, 1986.

(3) One-third of the assistance authorized by this subsection shall be available for obligation at any time after the appropriation of funds pursuant to such authorization, an additional one-third shall be available for obligation upon submission of the first report required by subsection (j), and the remaining one-third shall be available for obligation upon submission of the second such report.

(4) The President shall establish appropriate procedures to ensure that any humanitarian assistance provided by the United States Government to the Nicaraguan democratic resistance is used only for the intended purpose and is not diverted (through barter, exchange, or any other means) for acquisition of weapons systems, ammunition, or other equipment, vehicle, or material which can be used to inflict serious bodily harm or death.

(5) As used in this subsection, the term "humanitarian assistance" means the provision of food, clothing, medicine, and other humanitarian assistance, and it does not include the provision of weapons, weapons systems, ammunition, or other equipment, vehicles, or material which can be used to inflict serious bodily harm or death.

(4) If all the committees of the House to which a joint resolution has been referred have not reported the same joint resolution by the end of 15 legislative days after the first joint resolution was introduced, any committee which has not reported the first joint resolution introduced shall be discharged from further consideration of that joint resolution and that joint resolution shall be placed on the appropriate calendar of the House.

(5)(A) At any time after the first joint resolution placed on the appropriate calendar has been on that calendar for a period of 5 legislative days, it is in order for any Member of the House (after consultation with the Speaker as to the most appropriate time for the consideration of that joint resolution) to move that the House resolve itself into the Committee of the Whole House on the State of the Union for the consideration of that joint resolution. The motion is highly privileged and is in order even though a previous motion to the same effect has been disagreed to. All points of order against the joint resolution under clauses 2 and 6 of Rule XXI of the Rules of the House are waived. If the motion is agreed to, the resolution shall remain the unfinished business of the House until disposed of. A motion to reconsider the vote by which the motion is disagreed to shall not be in order.

(D) At the conclusion of the debate on the joint resolution, the Committee of the Whole shall rise and report the joint resolution back to the House, and the previous question shall be considered as ordered on the joint resolution to final passage without intervening motion.

SEC. 801. BALANCE-OF-PAYMENTS SUPPORT FOR COUNTRIES IN AFRICA.

(a) ESF COMMODITY IMPORT AND SECTOR PROGRAMS.—Agreements with countries in Africa which provide for the use of funds made available to carry out chapter 4 of part II of the Foreign Assistance Act of 1961 for the fiscal years 1986 and 1987 to finance imports by those countries (under commodity import programs or sector programs) shall require that those imports be used to meet long-term development needs in those countries in accordance with the following criteria:

(2) Imports shall be coordinated with investments in accordance with the recipient country's plans for promoting economic development. The agency primarily responsible for administering part I of that Act shall assess such plans to determine whether they will effectively promote economic development.

(3) Emphasis shall be placed on imports for agricultural activities which will expand agricultural production, particularly

"SENIATE PROCEDURES.—A joint resolution which is introduced in the Senate within 3 calendar days after the day on which the Congress receives a Presidential request described in subsection (p) and which, if enacted, would grant the President the authority to take any or all of the actions described in subsection (p) shall be considered in accordance with procedures contained in paragraphs (3) through (7) of section 896(c) of the Department of Defense Appropriations Act, 1985 (as contained in Public Law 98-473), except that—

activities which expand production for export or production to reduce reliance on imported agricultural products.

(4) Emphasis shall also be placed on a distribution of imports having a broad development impact in terms of economic sectors and geographic regions.

(5) In order to maximize the likelihood that the imports financed by the United States under such chapter are in addition to imports which would otherwise occur, consideration shall be given to historical patterns of foreign exchange uses.

(6)(A) Seventy-five percent of the foreign currencies generated by the sale of such imports by the government of the country shall be deposited in a special account established by that government and, except as provided in subparagraph (B), shall be available only for use in accordance with the agreement for economic development activities which are consistent with the policy directions of section 102 of the Foreign Assistance Act of 1961 and which are the types of activities for which assistance may be provided under sections 103 through 106 of that Act.

(B) The agreement shall require that the government of the country make available to the United States Government such portion of the amount deposited in the special account as may be determined by the President to be necessary for requirements of the United States Government.

(b) ANNUAL EVALUATIONS.—The agency primarily responsible for administering part I of the Foreign Assistance Act of 1961 shall conduct annual evaluations of the extent to which the criteria set forth in this subsection have been met.

SEC. 802. ECONOMIC SUPPORT ASSISTANCE FOR SOUTHERN AFRICA.

(a) FUNDS FOR SOUTHERN AFRICA REGIONAL PROGRAMS.—Of the amounts authorized to be appropriated to carry out chapter 4 of part II of the Foreign Assistance Act of 1961, not less than $30,000,000 for fiscal year 1986 and not less than $30,000,000 for fiscal year 1987 shall be available only for regional programs in southern Africa. Not less than 50 percent of each of these amounts shall be allocated to assist sector projects supported by the Southern Africa Development Coordination Conference (SADCC) to enhance the economic development of the nine member states forming this important regional institution, especially in the following sectors: transportation, agriculture research and training, manpower development, and institutional support for the SADCC secretariat.

(b) STUDIES RELATING TO SOUTHERN AFRICA REGIONAL PROGRAMS.—(1) The administrator of the agency primarily responsible for administering part I of the Foreign Assistance Act of 1961 shall conduct a study which evaluates—

(1) ways to improve such assistance.
(2) The administrator shall also conduct a study which assesses what type of bureaucratic mechanism within that agency might be established to coordinate assistance to all African regional institutions.

SEC. 803. POLICY TOWARD SOUTH AFRICAN "HOMELANDS".

(a) Findings.—The Congress finds that—
(1) the sanctity of the family, individual liberty, maximum freedom of choice, ownership of private property, and equal treatment of all citizens, regardless of race, are principles which are fully supported by the American people;
(2) the forced relocation of blacks by the Government of the Republic of South Africa to designated "homelands" divides families, as families are required to remain in the "homelands" while fathers seek work in the so-called "white areas";
(3) the forced removal of persons living in so-called "black spots" in "white" rural areas in South Africa denies them the fundamental right to live and to farm on land they have legally occupied for years, and subjects them to arbitrary arrest and detention when they seek these rights;
(4) compared to "white" South Africa, the designated "homelands", which are meant to accommodate the largest South African population group on a fraction of South African territory and were established without the consent of the vast majority of the governed, are characterized by high rates of infant mortality, unemployment, and malnutrition and by a severe shortage of medical services;
(5) the policy of the Government of the Republic of South Africa denies blacks their rightful claim to full South African citizenship; and
(6) the recent violence in South Africa must be seen as an inevitable result of the denial of the full rights of citizenship.

(b) Statement of Policy.—It is the sense of the Congress that—
(1) the policy of separate development and the forced relocation of the people of the Republic of South Africa are inconsistent with fundamental American values and internationally recognized principles of human rights;
(2) the Government of the United States should continue to regard as citizens of South Africa all persons born within the internationally recognized boundaries of the Republic of South Africa, and not differentiate among these citizens on the basis of the South African Government's claim to have granted independence to various "homelands";
(3) at such times that any "homeland" official applies for a visa for travel to the United States, such visa should not be granted unless that official holds a passport which is recognized as valid by the Government of the United States; and
(4) the Government of the United States should urge that the forced relocation of South African citizens be discontinued and that policies be adopted for all South Africa's citizens which protect the sanctity of the family, individual liberty, maximum freedom of choice, ownership of private property, and equal treatment of all citizens, regardless of race.

SEC. 804. ASSISTANCE FOR ZAIRE.
(a) Economic Support Assistance.—Funds allocated for assistance for Zaire under chapter 4 of part II of the Foreign Assistance Act of 1961 for each of the fiscal years 1986 and 1987 shall be used only for assistance which is provided in accordance with the provisions applicable to assistance under chapter 1 of part I of the Foreign Assistance Act of 1961. Such assistance shall be provided, to the maximum extent practicable, through private and voluntary organizations.
(b) Military Assistance.—For each of the fiscal years 1986 and 1987—
(1) the value of assistance provided under chapter 2 of part II of the Foreign Assistance Act of 1961 for Zaire may not exceed $7,000,000; and
(2) financing may not be provided under the Arms Export Control Act of Zaire.

SEC. 805. ASSISTANCE FOR TUNISIA.
(a) Policy Concerning Security Assistance.—The United States provides security assistance to Tunisia in recognition of the traditional friendship between the United States and Tunisia and our common interests in the region. The provision of such assistance is also based on the expectation that political stability and development in Tunisia will be best advanced through continued growth of democratic institutions.
(b) Earmarking of MAP and ESF.—For each of the fiscal years 1986 and 1987—
(1) not less than $15,000,000 of the amounts authorized to be appropriated to carry out chapter 2 of part II of the Foreign Assistance Act of 1961, and
(2) not less than $20,000,000 of the amounts authorized to be appropriated to carry out chapter 4 of part II of that Act, shall be available only for Tunisia.

SEC. 806. POLITICAL SETTLEMENT IN SUDAN.
(a) Findings.—The Congress finds that—
(1) friendship and mutual interests bind the United States and Sudan; and
(2) the peace, security, and economic development of Sudan depend in large part on addressing the problems associated with the traditional north-south division in that country through political rather than military means.
(b) United States Policy.—It is, therefore, the policy of the United States that the provision of security assistance to Sudan...
shall be based on the expectation that the Government of Sudan will make progress toward reaching a political settlement with all parties to the conflict in the south of Sudan.

SEC. 807. ELECTIONS IN LIBERIA.

In recognition of the special relationship that the United States has with Liberia and of the wide variety of interests that the United States has in Liberia, security assistance for Liberia for fiscal years 1986 and 1987 is based on the expectation of a successful completion of free and fair elections, on a multiparty basis, in October 1985 as proposed by the Government of Liberia and on a return to full civilian, constitutional rule as a consequence of those elections.

SEC. 808. WESTERN SAHARA.

(a) UNITED STATES POLICY.—The policy of the United States shall be to support a negotiated political solution to the conflict in the Western Sahara taking into account the principle of self-determination as outlined in the 1981 Nairobi resolution and to encourage all parties to the conflict to reach a peaceful internationally recognized settlement. As part of this policy, the United States should carefully consider each type of military assistance it furnishes to any of the parties to the conflict and should seek to insure that the furnishing of such military assistance is consistent with United States policy which seeks a negotiated settlement.

(b) FURTHER STATEMENT OF POLICY.—It is the further policy of the United States to support Morocco's legitimate defense needs and to discourage aggression by any country in North Africa against another.

I (relating to development assistance) and chapter 4 of part II (relating to the economic support fund) of the Foreign Assistance Act of 1961 that are allocated for bilateral assistance to the People's Republic of Mozambique shall be used solely for assistance to the private sector of the economy of Mozambique to the maximum extent practicable. To the maximum extent practicable, such funds shall be channeled to non-governmental entities in Mozambique.

(b) MILITARY ASSISTANCE.—(1) None of the funds authorized to be appropriated for fiscal year 1986 or fiscal year 1987 to carry out chapter 2 of part II (relating to grant military assistance) or chapter 5 of part II (relating to international military education and training) of the Foreign Assistance Act of 1961 shall be used to provide assistance to the People's Republic of Mozambique unless the President makes the certification described in paragraph (2) before providing any such assistance for that fiscal year.

(2) The certification required by paragraph (1) is a certification by the President to the Speaker of the House of Representatives and to the chairman of the Committee on Foreign Relations of the Senate that the Government of the People's Republic of Mozambique—

(A) is making a concerted and significant effort to comply with internationally recognized human rights;

(B) is making continued progress in implementing essential economic and political reforms, including the restoration of private property and respect for the right to engage in free enterprise in all sectors of the economy;

(C) has implemented a plan by September 30, 1986, to reduce the number of foreign military personnel to no more than 55; and

(D)(i) in the case of a certification with respect to assistance for fiscal year 1986, is committed to holding free elections at a date no later than September 30, 1986, and to that end has demonstrated its good faith efforts to begin discussions with all major political factions in Mozambique which have declared their willingness to find and implement an equitable political solution to the conflict, with such solution to involve a commitment to—

(I) the electoral process with internationally recognized observers; and

(II) the elimination of all restrictions on the formation and activities of opposition political parties; and

(ii) in the case of a certification with respect to assistance for fiscal year 1987, held free elections by September 30, 1986.

TITLE IX—ASIA

SEC. 901. THE PHILIPPINES.44

(a) DEMOCRACY IN THE PHILIPPINES.—It is the sense of the Congress that the United States should encourage the revitalization of

44Title II of the Foreign Assistance and Related Programs Appropriations Act, 1987 (sec. 101(f) of Public Law 99-591; 100 Stat. 3341-221), provided:

(2) ensuring the full, fair, and open prosecution of those responsible for the murder of Benigno Aquino, including those involved in the cover-up;

(a) Findings.—The Congress finds that—

1. the Government and people of Sri Lanka and the Government and people of the United States share a common devotion to independence, democracy, and human rights;

2. the United States is concerned over the armed clashes between the security forces of the Government of Sri Lanka and some Sri Lankans who seek through violent means, including terrorist attacks, to divide that nation;

3. there have been acts of terrorism committed against members of the Sri Lankan security forces, as well as against civilians, and there have been human rights abuses by members of the security forces against civilians, particularly Tamils, despite the efforts of the Government, which the Congress believes must be intensified, to put an end to those abuses;

4. the differences and grievances in Sri Lanka cannot be resolved through the use of force; and

5. the United States is a proud participant through its economic assistance programs in Sri Lanka's highly regarded development efforts and looks forward to enhanced cooperation and assistance in the context of a political settlement in Sri Lanka leading to the kind of peaceful climate in which additional aid could be effectively utilized.

(b) Political Settlement.—It is, therefore, the sense of the Congress that—

1. all parties in Sri Lanka, from all communities in and out of government, should renew their efforts to achieve a joint po-
licit settlement which meets the legitimate concerns of all the people of Sri Lanka, while preserving the territorial integrity of Sri Lanka; and

(2) all parties outside Sri Lanka should do nothing which would impede progress toward such a settlement.

SEC. 908. UNITED STATES POLICY TOWARD THE REPUBLIC OF KOREA.

(a) FINDINGS.—The Congress finds that—

(1) the Government of the Republic of Korea has taken several significant and encouraging steps in liberalizing the political system in that country;

(2) among the steps which have facilitated a more democratic environment are the release of hundreds of student demonstrators, the lifting of a political ban on more than 300 opposition leaders, and the holding of a vigorously contested election for the National Assembly in which the opposition made substantial gains;

(3) despite these steps, the people of the Republic of Korea, who have become increasingly better educated and prosperous as a result of Korea's extraordinarily rapid economic development, have the desire and the capability to participate more fully and effectively in the government of their own country; and

(4) while internationally recognized human rights are clearly respected much more in the Republic of Korea than in the Democratic People's Republic of Korea, continued progress toward democratization in the south is in the interests of both the Republic of Korea and the United States, inasmuch as long-term political stability cannot be assured in the absence of further progress towards democratic government.

(b) UNITED STATES POLICY.—It is the policy of the United States to provide assistance to the Republic of Korea in order to help that country defend itself against external aggression. It is the hope of the United States that the continuing close relations between our two countries, including such assistance, will encourage the establishment of a genuinely democratic system in the Republic of Korea, in which internationally recognized human rights, including freedom of the press, freedom of association, and freedom of assembly are observed.

TITLE X—FOOD AND AGRICULTURAL ASSISTANCE

SEC. 1008. LONG-TERM AGRICULTURAL COMMODITY AGREEMENTS WITH FOOD DEFICIT COUNTRIES.

As part of the United States foreign assistance program, the President should explore the possibility of concluding long-term agricultural commodity agreements to help stabilize and increase the flow of concessional and commercial foodstuffs with food deficit countries. The President shall prepare and transmit to the Congress a report on his efforts to achieve such long-term agreements by June 1, 1986.

TITLE XII—MISCELLANEOUS PROVISIONS RELATING TO FOREIGN ASSISTANCE

SEC. 1205. REPORTS ON ECONOMIC CONDITIONS IN CERTAIN COUNTRIES.

(a) EXTERNAL DEBT BURDEN OF CERTAIN COUNTRIES RECEIVING UNITED STATES ASSISTANCE.—The Congress finds that the Governments of Egypt, Israel, Turkey, and Portugal each have an enormous external debt burden which may be made more difficult by virtue of financing provided for those governments under various United States assistance programs.

(b) ANNUAL REPORTS ON ECONOMIC CONDITIONS.—In order to assist the Congress in examining United States assistance for those countries, the President shall report to the Speaker of the House of Representatives and to the chairman of the Committee on Foreign Relations of the Senate, not later than January 15 of each year, regarding economic conditions prevailing in Egypt, Israel, Turkey, and Portugal which may affect their respective ability to meet their international debt obligations and to stabilize their economies.

SEC. 1206. EGYPTIAN-ISRAELI RELATIONS.

The Congress notes the recent effort of Egypt to move the peace process forward. However, the Congress continues to be concerned about the less than normal relations between Egypt and Israel. It is the sense of the Congress that all United States foreign assistance to Egypt is provided in the expectation that the Egyptian Government will continue in its efforts to bring peace to the region and that it will continue to support and fulfill the provisions of the Camp David Accords and the Egyptian-Israeli Peace Treaty.

SEC. 1210. REPORT ON UNITED STATES ASSISTANCE TO COAL EXPORTING NATIONS.

Not later then 30 days after the date of enactment of this Act, the President shall submit to the appropriate committees of the Congress a report describing the status and terms of, and containing all other pertinent information relating to, any United States Government assistance which is provided to foreign nations that produce or export coal for the purpose of financing or assisting...
in the development of coal production, transportation, export, or other coal-related activities or operations.

(b) REAFFIRMATION AND CODIFICATION OF POLICY.—The United States hereby reaffirms that policy. EMERGENCY HUMANITARIAN HELP FOR THE PEOPLE OF POLAND

Sec. 708. (a) The people of Poland, with whom the people of the United States have a longstanding friendship, now face serious domestic food shortages which will be worsened by large-scale loss of their livestock this winter if feed supplies do not arrive quickly. Therefore, the President is urged, for urgent humanitarian reasons, to use existing authorities promptly in order to provide to the people of Poland, under as favorable terms as possible, feed grains from Commodity Credit Corporation stocks or other appropriate commodities.

(b) For the longer term, the President is encouraged to pursue discussions with other Western countries about a multilateral effort to help the people of Poland achieve self-sustaining economic recovery in the years ahead.

13Subsec. (c) amended the Foreign Assistance Act of 1961 by adding a new sec. 540 providing $5,000,000 for Poland during fiscal year 1982.
USE OF CERTAIN POLISH CURRENCIES

Sec. 709. (a) Notwithstanding section 1415 of the Supplemental Appropriation Act, 1953, section 508 of the General Government Matters, Department of Commerce, and Related Agencies Appropriation Act, 1962, or any other provision of law, the currencies or credits received by the United States from the April 1981 sale and from the October 1981 sale of United States Government-held surplus dairy products to Poland shall, to such extent as may be provided in advance in an appropriation Act, be used by the President in Poland to serve United States interests, including use for activities of common benefit to the people of the United States and the people of Poland, such as joint programs in energy, agriculture, education, science, health, and culture, or for humanitarian activities.

(b) Notwithstanding any other provision of law, the availability or expenditure of such foreign currencies or credits shall not affect or reduce appropriations otherwise available for the purposes described in subsection (a).

FINDINGS REGARDING GLOBAL SECURITY

Sec. 710. (a) The Congress finds that the security of the United States and other countries is increasingly affected by a broad range of global problems including shortages or potential shortages of food, oil, water, wood, and other basic mineral and natural resources; desperate poverty; sickness; population pressures; environmental deterioration, including soil erosion and water pollution; and large-scale and destabilizing refugee problems.

(b) The Congress finds that hunger, disease, and extreme poverty are among the most critical of these global problems. As ever greater numbers of people perceive the disparity between their own continuing deprivation and the prosperity of others, and judge their predicament to be neither just nor inevitable, it becomes increasingly likely that there will be unrest and violence with consequent disruption of the flow of essential materials, adverse effects on the world economy, decreased likelihood of cooperative efforts toward meeting the other critical problems threatening national and global security, and increased likelihood of confrontation between nations which possess nuclear arms.

(c) Therefore, the Congress finds that the Nation’s understanding of global and national security must be broad enough to include the problems cited in this section, and that adequate protection of the security of the United States requires effective action on these global problems, and in particular on the problems of hunger, disease, and extreme poverty.

WORLD FOOD SECURITY RESERVES

Sec. 711. (a) The Congress finds that—

(1) the Congress recently passed and the President signed into law an Act which provides for establishment of a United States food security reserve of up to four million metric tons of wheat to be used for emergency food assistance;
(2) the food import needs of developing countries will increase over the next ten years; and
(3) other grain exporting countries could take additional steps to assure continuity of food assistance during food crisis years.

(b) The President shall encourage other grain exporting countries to establish their own food security reserves or take other measures that complement the United States food security reserve.

(c) The President shall report to the Speaker of the House of Representatives and the Committee on Foreign Relations of the Senate within one year after the enactment of this Act on the actions he has taken and the response of other countries to these proposals.

FINDINGS AND DECLARATION OF POLICY REGARDING WORLD HUNGER

Sec. 712. The Congress, affirming the value of human life, finds and declares that the elimination of hunger and its causes is of fundamental moral significance and, further, that it is in the political, economic, and security interests of the United States. Therefore, the Congress declares that the elimination of hunger and its causes shall be a primary objective of United States relations with the developing countries.

REAFFIRMATION OF SUPPORT FOR HUMAN RIGHTS PROVISIONS

Sec. 713. (a) The Congress reaffirms its support for the various statutory provisions which have been enacted in order to promote internationally recognized human rights.

(b) It is the sense of the Congress that a strong commitment to the defense of human rights should continue to be a central feature of United States foreign policy.

IMMIGRANT VISAS FOR TAIWAN

Sec. 714. The approval referred to in the first sentence of section 202(b) of the Immigration and Nationality Act shall be considered to have been granted with respect to Taiwan (China).

LEBANON

Sec. 715. It is the sense of the Congress that the Government of the United States should continue to support diplomatic efforts to resolve the current crisis in Lebanon, and to pursue a comprehensive and coordinated policy in Lebanon guided by the following principles:

(1) maintenance of an effective cease-fire throughout Lebanon;
(2) resolution of the issue of the Syrian missiles deployed in Lebanon;
(3) freedom, security, and opportunity for the Christian and all other Lebanese communities, including the Moslem, Druze, Armenian, and Jewish communities in Lebanon;

(4) reaffirmation of the historic United States-Lebanon relationship and strengthening the longstanding commitment of the United States to the independence, sovereignty, and territorial integrity of Lebanon, without partition, free from terrorism and violence, and free to determine its future without Soviet or other outside interference;

(5) generous international support for relief, rehabilitation, and humanitarian assistance for Lebanon, particularly for those Lebanese citizens who have suffered from the terrorism and violence of recent events;

(6) restoration of Lebanon’s sovereignty free from outside domination or occupation; and

(7) support for a free and open national election.

USE OF CHEMICAL AND TOXIN WEAPONS

Sec. 716. (a) The Congress condemns the use of, and the provision for use of, chemical agents and toxin weapons against the peoples of Laos, Kampuchea, or Afghanistan.

(b) It is the sense of the Congress that the President should, acting through the Permanent Representative of the United States to the United Nations and all other appropriate diplomatic agents, seek definite measures to bring to an end actions by any party or government in using, and providing for use, chemical agents or toxin weapons against the peoples of Laos, Kampuchea, and Afghanistan, in violation of the spirit and the provisions of—

(1) the Convention on the Prohibition of the Development, Production and Stockpiling of Bacteriological (Biological) and Toxin Weapons and on Their Destruction (done at Washington, London, and Moscow on April 10, 1972);\(^\text{15}\)

(2) the Protocol for the Prohibition of the Use in War of Asphyxiating, Poisonous or Other Gases, and of Bacteriological Methods of Warfare (signed at Geneva on June 17, 1925);\(^\text{15}\)

and

(3) customary international law.

(c) It is further the sense of Congress that the President should—

(1) allocate the highest possible priority to the development of further evidence clarifying the nature and origins of the chemical agents and toxin weapons being used against the peoples of Laos, Kampuchea, and Afghanistan; and

(2) vigorously seek a satisfactory explanation from the Government of the Soviet Union regarding the strong circumstantial and presumptive evidence of its role in the use, or provision for use, of such weapons.

(d) The Congress reiterates the concern expressed in House Resolution 644 (96th Congress), adopted by the House of Representatives on May 19, 1980, regarding the outbreak of pulmonary anthrax near Sverdlorsk on April 3, 1979, and expresses its disappointment that the Soviet Union has failed adequately to respond to requests for data explaining this incident as provided in the Convention on the Prohibition of the Development, Production and Stockpiling of Bacteriological (Biological) and Toxin Weapons and on their Destruction.

\(^\text{15}\)For text, see Legislation on Foreign Relations Through 1988, vol. V, sec. F.
(e) It is further the sense of Congress that the negotiation of a treaty prohibiting the development, production, and stockpiling of chemical weapons, with reliable verification provisions, should be given a high priority by the United States government and by all foreign governments.

FINANCIAL OBLIGATIONS 16 TO THE UNITED NATIONS

Sec. 717. (a) The Congress finds and declares that—
17 Sec. 701(1) of the FRIENDSHIP Act (Public Law 103–199; 103 Stat. 2317) struck out "OF THE SOVIET UNION" from the section heading.
(1) the financing of the United Nations is the collective responsibility of all member nations;
17 Sec. 701(2) of the FRIENDSHIP Act (Public Law 103–199; 103 Stat. 2317) inserted "and" at the end of paragraph (2), replaced "; and" at the end of para. (3) with a period, and struck out para. (4), which had read as follows:
(2) the International Court of Justice has determined that the expenses of the United Nations incurred in its peacekeeping operations are properly included as a part of the regular expenses of the United Nations; and
17 Sec. 701(3) of the FRIENDSHIP Act (Public Law 103–199; 103 Stat. 2317) struck out "a diplomatic initiative to obtain payment by the Government of the Union of Soviet Socialist Republics of all its outstanding financial obligations to the United Nations, including its" and inserted in lieu thereof "appropriate diplomatic initiatives to ensure that members of the United Nations make payments of all their outstanding financial obligations to the United Nations, including their".
(3) peacekeeping operations are vital to the mission of the United Nations and must be adequately financed if such operations are to continue.

(b) It is the sense of the Congress that the President, acting through the Permanent Representative of the United States to the United Nations, should undertake appropriate diplomatic initiatives to ensure that members of the United Nations make payments of all their outstanding financial obligations to the United Nations, including their assessments with respect to the peacekeeping operations of the United Nations.

CONDEMNATION OF LIBYA FOR ITS SUPPORT OF INTERNATIONAL TERRORIST MOVEMENTS

Sec. 718. (a) The Congress condemns the Libyan Government for its support of international terrorist movements, its efforts to obstruct positive movement toward the peaceful resolution of problems in the Middle East region, and its actions to destabilize and control governments of neighboring states in Africa.

(b) The Congress believes that the President should conduct an immediate review of concrete steps the United States could take, individually and in concert with its allies, to bring economic and political pressure on Libya to cease such activities, and should submit a report on that review to the Congress within one hundred and eighty days after the date of enactment of this Act. Such a review should include the possibility of tariffs on or prohibitions against the import of crude oil from Libya.
Section 719. (a) It is the sense of the Congress that the spread of international terrorism poses a grave and growing danger for world peace and for the national security of the United States. As a part of its vigorous opposition to the activities of international terrorist leaders and the increase of international terrorism, the United States should take all steps necessary to ensure that no United States citizen is acting in the service of terrorism or of the proponents of terrorism.

(b) Not later than six months after the enactment of this Act, the President shall submit to the Speaker of the House of Representatives and the chairman of the Committee on Foreign Relations of the Senate a report which includes—

(1) a description of all legislation, currently in force, and of all administrative remedies, presently available, which can be employed to prevent the involvement, service, or participation by United States citizens in activities in support of international terrorism or terrorist leaders;

(2) an assessment of the adequacy of such legislation and remedies, and of the enforcement resources available to carry out such measures, to prevent the involvement, service, or participation by United States citizens in activities in support of international terrorism or terrorist leaders; and

(3) a description of available legislative and administrative alternatives, together with an assessment of their potential impact and effectiveness, which could be enacted or employed to put an end to the participation of United States citizens in activities in support of international terrorism or terrorist leaders.

Section 720. (a) In considering whether to provide assistance, make sales, extend credits, or guarantee loans under the provisions of the Foreign Assistance Act of 1961, as amended, or the Arms Export Control Act, to any country represented at the Meeting of Ministers of Foreign Affairs and Heads of Delegations of the Non-Aligned Countries to the 36th General Session of the General Assembly of the United Nations on September 25 and 28, 1981, the President shall take into account whether such country has dissociated itself from the communique issued following the meeting.

(b) Within thirty days after the date of enactment of this section, the President shall submit a report to the Speaker of the House of Representatives and the Committee on Foreign Relations of the Senate on the countries which have dissociated themselves from the nonaligned countries communique and on their methods of dissociation.
Sec. 720. (a)(1) It is the sense of the Congress that up to $15,000,000 of the funds available for the fiscal year 1982 to carry out chapter 1 of part I of the Foreign Assistance Act of 1961 should be made available for development assistance for Haiti, subject to the limitation in subsection (b) of this section.

(2) To the maximum extent practicable, assistance for Haiti for the fiscal year 1982 under chapter 1 of part I of the Foreign Assistance Act of 1961 should be provided through private and voluntary organizations.

(b) Funds available for the fiscal year 1982 to carry out chapter 1 of part I or chapter 2 or chapter 5 of part II of the Foreign Assistance Act of 1961 may be expended for Haiti, and credits and guarantees extended for the fiscal year 1982 under the Arms Export Control Act may be approved for use for Haiti, only if the President determines that the Government of Haiti—

(1) is cooperating with the United States in halting illegal emigration from Haiti;

(2) is not aiding, abetting, or otherwise supporting illegal emigration from Haiti;

(3) has provided assurances that it will cooperate fully in implementing United States development assistance programs in Haiti (including programs for prior fiscal years); and

(4) is not engaged in a consistent pattern of gross violations of internationally recognized human rights.

(c) Six months after the date of enactment of this Act, the President shall prepare and transmit to the Congress a report on the extent to which the actions of the Government of Haiti are consistent with paragraphs (1), (2), (3), and (4) of subsection (b) of this section.

(d) Notwithstanding the limitations of section 660 of the Foreign Assistance Act of 1961, funds made available under such Act for the fiscal year 1982 and for the fiscal year 1983 may be used for programs with Haiti to assist in halting significant illegal emigration from Haiti to the United States.

Sec. 722. (a) It is the sense of Congress that at a time when major retrenchments and reappraisals are being made in domestic programs, it is also logical that, while maintaining past international commitments, the magnitude and direction of future foreign assistance programs should also be reviewed. As part of such a review process, the President is requested to provide a comprehensive report to the Congress on his approach to foreign assistance. Such report shall include an analysis and recommendations on the following issues:

(1) the relationship between foreign assistance and defense expenditures as means of conducting foreign policy;

(2) the appropriate mix between military and economic assistance;

(3) the strengths and weaknesses, and appropriate mix, of bilateral and multilateral assistance programs;
(4) the relevance of the basic human needs approach to current aid policy;
(5) the performance of other aid donors, and the benefits they derive from their programs;
(6) criteria for determining the appropriate size and composition of country programs;
(7) the appropriateness of the current mix of grants and loans, and the possibility of combining them with new or existing guarantee, insurance, and export credit programs;
(8) specific means to more actively engage the private sector in assistance programs; and
(9) the usefulness of current functional categories in constructing the development assistance budget.

(b) The Congress requests that the President provide to the Congress a preliminary report by March 31, 1982, and a final report by June 30, 1982, with respect to the issues referred to in subsection (a).

EXTERNAL DEBT BURDENS OF EGYPT, ISRAEL, AND TURKEY

Sec. 723. The Congress finds that the Governments of Egypt, Israel, and Turkey each have an enormous external debt burden which may be made more difficult by virtue of financing provided for those governments under various United States assistance programs. In order to assist the Congress in examining United States assistance for these countries, the President shall report to the Speaker of the House of Representatives and to the chairman of the Committee on Foreign Relations of the Senate, not later than one hundred and twenty days after the date of enactment of this Act and not later than one year after the date of enactment of this Act, regarding economic conditions prevailing in Egypt, Israel, and Turkey which may affect their respective ability to meet their international debt obligations and to stabilize their economies. These reports shall also analyze the impact on Egypt's economy of Arab sanctions against Egypt.

NICARAGUA

Sec. 724. (a) In furnishing assistance under this Act to the Government of Nicaragua, the President shall take into account the extent to which that Government has engaged in violations of internationally recognized human rights (including the right to organize and operate labor unions free from political oppression, the right to freedom of the press, and the right to freedom of religion) and shall encourage the Government of Nicaragua to respect those rights.

(b) In furnishing assistance under this Act to the Government of Nicaragua, the President shall take into account the extent to which that Government has fulfilled its pledge of July 1979 to the member states of the Organization of American States—

(1) to establish full respect for human rights in Nicaragua in accordance with the United Nations Universal Declaration of
the Rights and Duties of Man and the Charter on Human Rights of the Organization of American States;

(2) to allow the free movement in Nicaragua of the Inter-American Commission on Human Rights; and

(3) to establish the framework for free and democratic elections so that the people of Nicaragua may elect their representatives to city councils, to constitutional assembly, and to Nicaragua's highest-ranking authorities, with such framework to include, but not be limited to, the full and complete opportunity for political activity of the Nicaraguan people.

(c) Assistance to the Government of Nicaragua under this Act shall be terminated if the President determines and reports to the Congress that the Government of Nicaragua cooperates with or harbors any international terrorist organization or is aiding, abetting, or supporting acts of violence or terrorism in other countries, or that Soviet, Cuban, or other foreign combat military forces are stationed or situated within the borders of Nicaragua and the presence of such forces constitutes a threat to the national security of the United States or to any Latin American ally of the United States.

(d) Any agreement between the United States and the Government of Nicaragua regarding the use of funds appropriated to carry out this Act, which are to be made available in the form of loans, shall specifically require that to the maximum extent possible such loan funds, and any local currency generated in conjunction therewith, shall be used for assistance to the private sector. Local currency loan programs in Nicaragua shall be monitored and audited in accordance with section 624(g) of the Foreign Assistance Act of 1961.

(e) For each six-month period in which any funds are expended under this Act for Nicaragua, the President shall submit to the Speaker of the House of Representatives, and the chairman of the Committee on Foreign Relations of the Senate, a report accounting fully and in itemized detail for the amounts obligated and actually expended in Nicaragua.

Sec. 725.20 Assistance and Sales for Argentina. * * * [Repealed—1989]

REPEAL OF LIMITATIONS ON ASSISTANCE, SALES, AND SALES CREDITS FOR CHILE

Sec. 726. (a) Section 406 of the International Security Assistance and Arms Export Control Act of 1976 (22 U.S.C. 2370 note) is repealed.

(b)21 Notwithstanding any other provision of law—

Sec. 727. (a) It is the sense of the Congress that assistance furnished to the Government of El Salvador, both economic and military, should be used to encourage—

(1) no assistance may be furnished under chapter 2, 4, 5, or 6 of part II of the Foreign Assistance Act of 1961 to Chile;
(2) no sale of defense articles or services may be made under the Arms Export Control Act to Chile;
(3) no credits (including participation in credits) may be extended and no loan may be guaranteed under the Arms Export Control Act with respect to Chile; and
(4) no export licenses may be issued under section 38 of the Arms Export Control Act to or for the Government of Chile;

unless and until the President submits to the Speaker of the House of Representatives and the chairman of the Committee on Foreign Relations of the Senate a detailed report certifying—

(A) that the Government of Chile has made significant progress in complying with internationally recognized principles of human rights;
(B) that the provision of such assistance, articles or services is in the national interest of the United States; and
(C) that the Government of Chile is not aiding or abetting international terrorism and has taken appropriate steps to cooperate to bring to justice by all legal means available in the United States or Chile those indicted by a United States grand jury in connection with the murders of Orlando Letelier and Ronni Moffitt.

(c) The prohibition contained in subsection (b) does not prohibit the sale, or the licensing for export, of cartridge actuated devices, propellant actuated devices, components, parts, tools, technical manuals, time compliance to technical orders (TCTOs), or TCTO retrofits for aircraft of the F–5E/F, A/T–37, or C–130E/H type owned by the Chilean Air Force, so long as the items are provided only for purposes of enhancing the safety of the aircraft crew.

ASSISTANCE FOR EL SALVADOR

Sec. 727. (a) It is the sense of the Congress that assistance furnished to the Government of El Salvador, both economic and military, should be used to encourage—

CHILE

Sec. 544. (a) Funds appropriated by this Act under the heading 'Economic Support Fund' may be used under the authority of section 534(b) (4) and (6) of the Foreign Assistance Act of 1961 to support the efforts of private groups and individuals seeking to develop a national consensus on the importance of an independent judiciary and the administration of justice generally in a democratic society. Assistance may be provided under this section without regard to the requirements of section 726(b) of the International Security and Development Cooperation Act of 1981. In Public Notice 1333 of September 30, 1990, the Secretary of State certified that "(A) the Government of Chile has made significant progress in complying with internationally recognized principles of human rights; (B) the provision of such assistance, articles or services is in the national interest of the United States; and (C) that the Government of Chile is not aiding or abetting international terrorism and has taken appropriate steps to cooperate to bring to justice by all legal means available in the United States or Chile those indicted by a United States grand jury in connection with the murders of Orlando Letelier and Ronni Moffitt." (56 F.R. 4886; February 6, 1991). See also 22 CFR Part 126, International Traffic in Arms Regulations, and amendments to same, effective October 29, 1991 (56 F.R. 55630; October 29, 1991).

Sec. 544(b) of the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 1991 (Public Law 101–513; 104 Stat. 2019), struck out "and technical manuals for aircraft of the F–5E/F, A/T–37 type which were sold to the Chilean Air Force by the United States before January 1, 1976," and inserted in lieu thereof text beginning at "components, parts, tools, * * *".
(1) full observance of internationally recognized human rights in accordance with sections 116 and 502B of the Foreign Assistance Act of 1961;
(2) full respect for all other fundamental human rights, including the right of freedom of speech and of the press, the right to organize and operate free labor unions, and the right to freedom of religion;
(3) continued progress in implementing essential economic and political reforms, including land reform and support for the private sector;
(4) a complete and timely investigation of the deaths of all United States citizens killed in El Salvador since October 1979;
(5) an end to extremist violence and the establishment of a unified command and control of all government security forces in this effort;
(6) free, fair, and open elections at the earliest date; and
(7) increased professional capability of the Salvadoran Armed Forces in order to establish a peaceful and secure environment in which economic development and reform and the democratic processes can be fully implemented, thereby permitting a phased withdrawal of United States military training and advisory personnel at the earliest possible date.

(b) It is the sense of the Congress that the United States economic assistance to El Salvador should put emphasis on revitalizing the private sector and supporting the free market system. The Congress recognizes that the lack of foreign exchange to buy imported raw materials and intermediate goods is a major impediment to the ability of the Salvadoran economy to provide jobs. The Congress also recognizes that the funds budgeted for economic assistance are only a fraction of the foreign exchange needed, and United States economic aid should be used, wherever possible, to stimulate private sector lending. Therefore, the Congress urges the President to set aside a portion of the economic support funds to provide guarantees to private United States banks willing to give credits to the Salvadoran private sector.

RESTRICTIONS ON MILITARY ASSISTANCE AND SALES TO EL SALVADOR

Sec. 728. (a)(1) The Congress finds that peaceful and democratic development in Central America is in the interest of the United States and of the community of American States generally, that the recent civil strife in El Salvador has caused great human suffering and disruption to the economy of that country, and that substantial assistance to El Salvador is necessary to help alleviate that suffering and to promote economic recovery within a peaceful and democratic process. Moreover, the Congress recognizes that the efforts of the Government of El Salvador to achieve these goals are affected by the activities of forces beyond its control.
(2) Taking note of the substantial progress made by the Government of El Salvador in land and banking reforms, the Congress declares it should be the policy of the United States to encourage and support the Government of El Salvador in the implementation of these reforms.
(3) The United States also welcomes the continuing efforts of President Duarte and his supporters in the Government of El Salvador to establish greater control over the activities of members of the armed forces and government security forces. The Congress finds that it is in the interest of the United States to cooperate with the Duarte government in putting an end to violence in El Salvador by extremist elements among both the insurgents and the security forces, and in establishing a unified command and control of all government forces.

(4) The United States supports the holding of free, fair, and open elections in El Salvador at the earliest date. The Congress notes the progress being made by the Duarte government in this area, as evidenced by the appointment of an electoral commission.

(b) In fiscal years 1982 and 1983, funds may be obligated for assistance for El Salvador under chapter 2 or 5 of part II of the Foreign Assistance Act of 1961, letters of offer may be issued and credits and guarantees may be extended for El Salvador under the Arms Export Control Act, and members of the Armed Forces may be assigned or detailed to El Salvador to carry out functions under the Foreign Assistance Act of 1961 or the Arms Export Control Act, only if not later than thirty days after the date of enactment of this Act and every one hundred and eighty days thereafter, the President makes a certification in accordance with subsection (d).

(c) If the President does not make such a certification at any of the specified times then the President shall immediately—

(1) suspend all expenditures of funds and other deliveries of assistance for El Salvador which were obligated under chapters 2 and 5 of part II of the Foreign Assistance Act of 1961 after the date of enactment of this Act;

(2) withhold all approvals for use of credits and guarantees for El Salvador which were extended under the Arms Export Control Act after the date of enactment of this Act;

(3) suspend all deliveries of defense articles, defense services, and design and construction services to El Salvador which were sold under the Arms Export Control Act after the date of enactment of this Act; and

(4) order the prompt withdrawal from El Salvador of all members of the Armed Forces performing defense services, conducting international military education and training activities, or performing management functions under section 515 of the Foreign Assistance Act of 1961.

Any suspension of assistance pursuant to paragraphs (1) through (4) of this subsection shall remain in effect during fiscal year 1982 and during fiscal year 1983 until such time as the President makes a certification in accordance with subsection (d).

(d) The certification required by subsection (b) is a certification by the President to the Speaker of the House of Representatives and to the chairman of the Committee on Foreign Relations of the Senate of a determination that the Government of El Salvador—

(1) is making a concerted and significant effort to comply with internationally recognized human rights;

(2) is achieving substantial control over all elements of its own armed forces, so as to bring to an end the indiscriminate torture and murder of Salvadoran citizens by these forces:
(3) is making continued progress in implementing essential economic and political reforms, including the land reform program;

(4) is committed to the holding of free elections at an early date and to that end has demonstrated its good faith efforts to begin discussions with all major political factions in El Salvador which have declared their willingness to find and implement an equitable political solution to the conflict, with such solution to involve a commitment to—

(A) a renouncement of further military or paramilitary activity; and

(B) the electoral process with internationally recognized observers.

Each such certification shall discuss fully and completely the justification for making each of the determinations required by paragraphs (1) through (4).

(e) On making the first certification under subsection (b) of this section, the President shall also certify to the Speaker of the House of Representatives and the chairman of the Committee on Foreign Relations of the Senate that he has determined that the Government of El Salvador has made good faith efforts both to investigate the murders of the six United States citizens in El Salvador in December 1980 and January 1981 and to bring to justice those responsible for those murders. The second certification required under this section may be made only if it includes a determination by the President that the Government of El Salvador (1) has made good faith efforts since the first such certification was made to investigate the murders of those six United States citizens and to bring to justice those responsible for those murders, and (2) has taken all reasonable steps to investigate the disappearance of journalist John Sullivan in El Salvador in January 1981. The fourth certification required under this section may be made only if it includes a determination by the President that, since the third such certification was made, the Government of El Salvador (1) has made good faith efforts both to investigate the murders of the seven United States citizens in El Salvador in December 1980 and January 1981 and to bring to justice all those responsible for those murders, and (2) has taken all reasonable steps to investigate the killing of Michael Kline in El Salvador in October 1982.

REPORTING REQUIREMENT RELATING TO EL SALVADOR

Sec. 729. (a) Not later than ninety days after the date of enactment of this section, the President shall prepare and transmit to the Speaker of the House of Representatives and to the chairman of the Committee on Foreign Relations of the Senate a report setting forth—

(1) the viewpoints of all major parties to the conflict in El Salvador and of the influential actors in the Salvadoran polit-
ial system regarding the potential for and interest in negotiations, elections, and a settlement of the conflict; and

(2) the views of democratic Latin American nations, Canada, the Organization of American States, and European allies of the United States regarding a negotiated settlement to such conflict.

(b) It is the sense of the Congress that the President shall, as soon as possible, send a special envoy or use other appropriate means to consult with and gather information from appropriate representatives of the parties to the Salvadoran conflict, democratic governments of Latin America, Canada, and European allies of the United States regarding the attainment of a negotiated settlement in El Salvador.

RESTRICTIONS ON AID TO EL SALVADOR

Sec. 730. None of the funds authorized to be appropriated by this Act may be made available for the provision of assistance to El Salvador for the purpose of planning for compensation, or for the purpose of compensation, for the confiscation, nationalization, acquisition, or expropriation of any agricultural or banking enterprise, or of the properties or stock shares which may be pertaining thereto.

EL SALVADORAN REFUGEES

Sec. 731. ---

2 Sec. 108, which had required two reports from the President on which defense articles and defense services, if any, should be removed from the U.S. Munitions List and whether sec. 620B of the Foreign Assistance Act of 1961 (blocking aid and arms sales to Argentina) should be amended was repealed by sec. 734(a)(2) of the International Security and Development Cooperation Act of 1981 (Public Law 97–113; 95 Stat. 1560). These reports were submitted to Congress by the President on May 12, 1981.
3 Sec. 109, which had required the President to report to Congress 30 days prior to leasing defense property to a foreign government for a period of more than 6 months, was repealed by sec. 109(d)(1) of the International Security and Development Cooperation Act of 1981 (Public Law 97–113; 95 Stat. 1560). These amendments are to be effective and executed only after the Director of the Office of Management and Budget transmits to Congress a certification that responsibilities delegated to the Director, primarily that of administering and winding-up any outstanding obligations of the Inter-American Foundation, have been fully discharged. That certification and subsequent administration have not yet been executed. TITLE VII—MISCELLANEOUS PROVISIONS

INTERAGENCY GROUP ON HUMAN RIGHTS AND FOREIGN ASSISTANCE

Sec. 710. It is the sense of the Congress that—

1) the Interagency Group on Human Rights and Foreign Assistance has been an effective mechanism for coordinating and implementing United States human rights policies;
2) the President should consider establishing the Interagency Group on a more permanent basis;
3) the Interagency Group should examine proposals for not only economic assistance but also for security assistance; and
4) the President should report his recommendations for strengthening the Interagency Group to the Congress no later than July 1, 1981.

24Title II of the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 1990 (Public Law 101–167; 103 Stat. 1209) repealed sec. 511 (22 U.S.C. 290h–9). Section 511 formerly read as follows:

"The authority of the Foundation to make grants, loans, and loan guarantees and otherwise to carry out the purposes of this title shall expire on September 30, 1990, except that this section shall not preclude the Foundation from acquiring obligations prior to that date which mature subsequent to that date or from assuming liability prior to that date as a guarantor of obligations which mature subsequent to that date or from continuing as a body corporate and exercising any of its powers subsequent to that date for purposes of the orderly liquidation of its activities."

25Sec. 603, which had required a report from the Director of the Peace Corps on a plan for more effective utilization of returned Peace Corps volunteers, was repealed by sec. 734(a)(2) of the International Security and Development Cooperation Act of 1981 (Public Law 97–113; 95 Stat. 1560). The Director submitted this report to Congress on January 15, 1981.
Sec. 711. (a) It is the sense of the Congress that all parties to the Arab-Israeli conflict need to reaffirm their unequivocal commitment to the peace process in order to achieve further progress toward a comprehensive settlement, to reinforce the principles of the Camp David accords, and to take actions to encourage parties not currently involved in the peace process to become active participants in peace efforts.

(b) It is further the sense of the Congress that to further these goals (1) all parties to the conflict should accept Israel’s unequivocal right to exist within secure and recognized borders; (2) the Governments of Israel and Egypt should maintain and strengthen their commitment to the process of normalization of relations and continue actions to support that commitment; (3) the Governments of Israel and Egypt should reaffirm their commitment to United Nations Resolution 242 and its applicability, in all its aspects, to territories under negotiations; and (4) the governments of countries in the Middle East should assure that their policies and actions are consistent with the objectives of achieving peace and of involving other parties in the peace process.

ASSISTANCE FOR JORDAN

Sec. 712. It is the sense of the Congress that for Jordan to receive any funds authorized to be appropriated by this Act, it should be judged by the President that Jordan is acting in good faith to achieve peace in the Middle East and that the expenditure of such funds for Jordan will serve to further peace in the Middle East.

Sec. 714. * * * [Repealed—1981]

CUBAN REFUGEES

Sec. 715. (a) The Congress finds that—

(1) the flow of refugees for political, economic, or other compelling reasons is a growing and world-wide phenomenon;

(2) the United States represents freedom of thought and action and economic opportunity and has historically played a major role in providing a home to the refugees of the world;

(3) an orderly and lawful refugee process is necessary for the furtherance of United States domestic well-being;

(4) continuation of the traditional compassionate and humanitarian policy of the United States regarding entry to its shores...
of refugees and other victims of oppression is threatened by the precipitate influx of large numbers of Cubans fleeing their country;

(5) the United States has sought to negotiate with the Government of Cuba to establish a lawful, safe, and orderly process by which Cubans may be allowed to leave their country; and

(6) the Cuban refugee crisis is a problem of international concern and other nations should contribute to its resolution.

(b)(1) The Congress urges the President to take the necessary steps to encourage and secure greater international cooperation with respect to the large number of Cuban natives who have recently fled or are attempting to flee Cuba. Such steps should include seeking the agreement of other countries to admit some of those persons into their respective countries and to contribute funds and other assistance for the resettlement of those persons.

(2) In order to encourage countries throughout the world which are recipients of United States bilateral and multilateral assistance to permit and to help finance the resettlement of Cuban and other refugees within their borders, the President shall, to the maximum extent feasible, attempt to channel such assistance to countries which have demonstrated a willingness to provide assistance to Cuban and other refugees.

(c) It is the sense of the Congress that, in carrying out subsection (b)(1), the President should seek the discussion, in an appropriate international forum such as the United Nations or the Organization of American States, of the situation involving the flight of large numbers of Cuban natives from Cuba, of the resettlement of Cuban refugees, and of means by which a more orderly process may be established to handle future crises of a similar nature.

INCARCERATION AND DEPORTATION OF CERTAIN CUBANS

Sec. 716. The Congress finds that the United States Government has already incarcerated recently arrived Cubans who are admitted criminals, are security threats, or have incited civil disturbances in Federal processing facilities. The Congress urges the Executive branch, consistent with United States law, to seek the deportation of such individuals.

PROHIBITION ON ASSISTANCE TO THE GOVERNMENTS OF CUBA, VIETNAM, AND CAMBODIA

Sec. 717. None of the funds authorized to be appropriated by this Act may be used to provide assistance to the Governments of Cuba, Vietnam, or Cambodia. Nothing in this section shall be construed to prohibit food assistance or humanitarian assistance which is distributed directly to the people of Cambodia.

COOPERATION OF OTHER GOVERNMENTS IN THE BOYCOTT OF THE 1980 SUMMER OLYMPIC GAMES IN MOSCOW

Sec. 718. In determining the levels of assistance to be provided to a foreign government with funds authorized to be appropriated.
by this Act, the President shall take into account the position of that government with respect to the United States proposed boycott of the 1980 summer Olympic games in Moscow.

ELECTIONS IN UGANDA

Sec. 719. The President shall encourage the holding of free, open elections in Uganda and shall, in considering assistance for Uganda with funds authorized to be appropriated by this Act, take into account whether such elections are held.

30Sec. 720, which had required a report from the President every 60 days during fiscal year 1981 (if Zimbabwe received assistance under this Act) regarding the internal situation in Zimbabwe, was repealed by sec. 734(a)(2) of the International Security and Development Cooperation Act of 1981 (Public Law 97–113; 95 Stat. 1560).

31Sec. 721, which had prohibited the use of assistance for El Salvador during fiscal year 1981 for the purpose of planning for compensation, or for the purpose of compensation, for the confiscation, nationalization, acquisition, or expropriation of any agricultural or banking enterprise, or of the properties or stock shares which may be pertaining thereto, was repealed by sec. 734(a)(2) of the International Security and Development Cooperation Act of 1981 (Public Law 97–113; 95 Stat. 1560).

4 22 U.S.C. 3502.

(c) For purposes of carrying out the functions of the Institute, the President may utilize, in addition to authorities conferred by this title, such authority contained in the Foreign Assistance Act of 1961, the Foreign Service Act of 1980,\footnote{This reference to the Foreign Service Act of 1980 was inserted in lieu of a reference to the Foreign Service Act of 1946 by sec. 2206(11) of Public Law 96–465 (94 Stat. 2162).} title V of the Foreign Relations Authorization Act, Fiscal Year 1979, and title IV of the International Development and Food Assistance Act of 1978, as the President deems necessary.

Sec. 410. It is the sense of the Congress that the situation in Lebanon, a nation traditionally friendly to the United States, poses a danger to peace in the Middle East. The Congress deplores the armed civil strife and continuing erosion of national institutions which threaten to destroy the political and economic fabric of Lebanon with such tragic impact on all its people. The Congress views with grave concern any outside efforts to exploit the current strife with the purpose of transforming Lebanon into a radical state in confrontation with Israel. The Congress requests that the President use his good offices to secure an end to the civil strife and national discord in Lebanon and to preserve the traditional friendly attitude of Lebanon toward the United States.

**Policy on Assistance to Africa**

**Sec. 50.**

(a)(1) Congress finds that the Government of Portugal’s recognition of the right to independence of the African territories of Angola, Mozambique, and Guinea-Bissau marks a significant advance toward the goal of self-determination for all the peoples of Africa, without which peace on the continent is not secure.

(2) Congress finds that progress toward independence for the Portuguese African territories will have a significant impact on the international organizations and the community of nations.

(3) Congress commends the Portuguese Government’s initiatives on these fronts as evidence of a reaffirmation of that Government’s support for her obligations under both the United Nations Charter and the North Atlantic Treaty Organizations.

(b) Therefore, Congress calls upon the President and the Secretary of State to take the following actions designed to make clear United States support for a peaceful and orderly transition to independence in the Portuguese African territories:

(1) An official statement should be issued of United States support for the independence of Angola, Mozambique, and Guinea-Bissau, and of our desire to have good relations with the future governments of the countries.

(2) It should be made clear to the Government of Portugal that we view the efforts toward a peaceful and just settlement of the conflict in the African territories as consistent with Portugal’s obligations under the North Atlantic Treaty Organization partnership.

(3) The United States should encourage United Nations support for a peaceful transition to independence, negotiated settlement of all differences, and the protection of human rights of all citizens of the three territories.

(4) The United States should open a dialog with potential leaders of Angola, Mozambique, and Guinea-Bissau and assure them of our commitment to their genuine political and economic independence.

(5) The economic development needs of the three territories will be immense when independence is achieved. Therefore, it is urged that the United States Agency for International Development devote attention to assessing the economic situation in Angola, Mozambique, and Guinea-Bissau and be ready to cooperate with the future governments in providing the kind of assistance that will help make their independence viable. In addition, the United States Government should take the initia-

tive among other donors, both bilateral and multilateral, in seeking significant contribution of development assistance for the three territories.

CONVENTIONAL ARMS TRADE

Sec. 51.14 (a) It is the sense of the Congress that the recent growth in international transfers of conventional arms to developing nations—

(1) is a cause for grave concern for the United States and other nations in that in particular areas of the world it increases the danger of potential violence among nations, and diverts scarce world resources from more peaceful uses; and

(2) could be controlled progressively through negotiations and agreements among supplier and recipient nations.

(b) Therefore, the President is urged to propose to the Geneva Conference of the Committee on Disarmament that it consider as a high priority agenda item discussions among participating nations of that Conference for the purposes of—

(1) agreeing to workable limitations on conventional arms transfers; and

(2) establishing a mechanism through which such limitations could be effectively monitored.

However, such agreement may only be concluded after it has been approved by the United States Secretary of State.

(b) The instrument transmitted by the President to the Caribbean Development Bank under subsection (a) shall state that the United States shall not assume any financial or other responsibility for the performance of any obligation incurred by the Commonwealth of Puerto Rico pursuant to such agreement of accession or pursuant to any other aspect of its membership or participation in such Bank.

15 Sec. 734(a)(8) of the International Security and Development Cooperation Act of 1981 (Public Law 97-118; 95 Stat. 1560) struck out subsec. (c), which had required a report from the President on steps he has taken to carry out this section. The President submitted this report on June 30, 1975.

POLICY WITH RESPECT TO COUNTRIES MOST SERIOUSLY AFFECTED BY FOOD SHORTAGES

Sec. 55. (a) The United Nations has designated thirty-two countries as "Most Seriously Affected" by the current economic crisis. These are countries without the internal food production capability or the foreign exchange availability to secure food to meet their immediate food requirements. The Congress calls upon the President and Secretary of State to take the following actions designed to mobilize appropriate resources to meet the food emergency:

(1) Review and make appropriate adjustments in the level of programming of our food and fertilizer assistance programs with the aim of increasing to the maximum extent feasible the volume of food and fertilizer available to those countries most seriously affected by current food shortages.

(2) Call upon all traditional and potential new donors of food, fertilizer, or the means financing these commodities to immediately increase their participation in efforts to address the emergency food needs of the developing world.

(3) Make available to these most seriously affected countries the maximum feasible volume of food commodities, with appropriate regard to the current domestic price and supply situations.

(4) Maintain regular and full consultation with the appropriate committees of the Congress and report to the Congress and the Nation on steps which are being taken to help meet this food emergency. In accordance with this provision, the President shall report to the Congress on a global assessment of food needs for fiscal year 1975, specifying expected food grain deficits and currently planned programming of food assistance, and steps which are being taken to encourage other countries to increase their participation in food assistance or the financing of food assistance. Such report should reach the Congress promptly and should be supplemented quarterly for the remainder of fiscal year 1975.

(5) The Congress directs that during the fiscal year ending June 30, 1975, not more than 30 percent of concessional food aid should be allocated to countries other than those which are most seriously affected by current food shortages, unless the President demonstrates to the appropriate Committees of the Congress that use of such food assistance is solely for humanitarian food purposes.

(6) The Congress calls upon the President to proceed with the implementation of resolutions and recommendations adopted by the World Food Conference. The Congress believes that it is incumbent upon the United States to take a leading role.

in assisting in the development of a viable and coherent world food policy which would begin the task of alleviating widespread hunger and suffering prevalent in famine-stricken nations. The President shall report to the Congress within 120 days of enactment of this Act on the implementation of the resolutions and the extent to which the United States is participating in the implementation of resolutions adopted at the World Food Conference.

It is further the sense of the Congress that the President shall promptly enter into negotiations with each such country to help effectuate the payment of such principal and interest, or to effectuate the transfer by such country to the United States of goods, services, concessions, or actions beneficial to the United States, in lieu of the payment of such principal and interest.

PRISONERS OF WAR AND INDIVIDUALS MISSING IN ACTION

Sec. 34. (a) The Congress declares that—

1. The families of those one thousand three hundred individuals missing in action during the Indochina conflict have suffered extraordinary torment in ascertaining the full and complete information about their loved ones who are formally classified as missing in action;

2. United States involvement in the Indochina conflict has come to a negotiated end with the signing of the Vietnam Agreement in Paris on January 27, 1973, and section 307 of the Second Supplemental Appropriations Act, 1973, requires that "None of the funds herein appropriated under this Act may be expended to support directly or indirectly combat activities in or over Cambodia, Laos, North Vietnam and South Vietnam or off the shores of Cambodia, Laos, North Vietnam and South Vietnam by United States forces, and after August 15, 1973, no other funds heretofore appropriated under any other Act may be expended for such purpose."

3. The question of the return of prisoners of war and accounting for individuals missing in action and dead in Laos is covered by article 18 of the Protocol signed by representatives of the Lao Patriotic Front (Pathet Lao) and the Royal Laotian Government in Vientiane on September 14, 1973 (which implements article 5 of the Agreement signed by the Pathet Lao and that government in Vientiane on February 21, 1973, requiring the release of all prisoners "regardless of nationality" captured and held in Laos), and paragraph C of such article 18 provides that, within "15 to 30 days" from the date of the signing of the Protocol, each side is to report the number of those prisoners and individuals still held, with an indication of their nationality and status, together with a list of names and any who died in captivity; and

In FY 2003, “the government of” was added before “any country which is in default”. Beginning in fiscal year 1990, a proviso was enacted to exempt certain countries from application of the section for narcotics-related funding (sec. 518 of the Foreign Assistance Appropriations Act, 1990). Colombia, Bolivia, and Peru were cited in that section, but were omitted the following year. Reference to Nicaragua was added in the Foreign Assistance Appropriations Act, 1991. Liberia was added in the Foreign Assistance Appropriations Act, 1998. Brazil was added in the Foreign Assistance Appropriations Act, 1999. (8) The amount of payments made by customers of Mexican petroleum companies that have been deposited in the account at the Federal Reserve Bank of New York established to ensure repayment of any payment by the United States Government, including the Board of Governors of the Federal Reserve System, in connection with any guarantee issued to, or any swap with, the Government of Mexico.

(9) Any setoff by the Federal Reserve Bank of New York against funds in the account described in paragraph (8).

(c)(1) In furtherance of the policies contained in section 533(a) of Public Law 101–513 and section 1308 of the International Development and Finance Act of 1989 (Public Law 101–240), and as a basis for measuring more effectively progress by the MDBs toward improved environmental performance, the Secretary of the Treasury shall instruct the United States Executive Directors of the MDBs to encourage each MDB, at a minimum, to meet the benchmarks established in paragraph (2) in the areas of sustainable energy development, forest conservation, forced displacement of populations, and environmental impact assessment. On March 1, 1993 and March 1, 1994, the Secretary of the Treasury shall submit a report to the Congress describing in detail the progress being made by the MDBs in meeting these benchmarks.

(2) For the purposes of paragraph (1), benchmarks are as follows:

(A) In the area of sustainable energy development—

(i) all loans in the energy sector should be based on, or support development of, “least-cost” integrated resource plans. Such plans shall include analyses of possible end-use energy efficiency measures and nonconventional renewable energy options, and such plans shall reflect the quantifiable environmental costs of proposed energy developments;

(ii) a substantial portion of loans and grants in the energy, industry, and transportation sectors shall be devoted to end-use energy efficiency improvements and nonconventional renewable energy development; and

(iii) all organizational units within the MDBs should create staff positions in a management role in end-use efficiency and renewable energy, which positions shall be staffed by individuals with professional experience in program design and management and educational degrees in relevant technical disciplines.

(B) In the area of forest conservation—

(i) forestry loans should not support commercial logging in relatively undisturbed primary forests, nor should loans result in any significant loss of tropical forests;

(ii) forestry loans should not be disbursed until legal, economic, land tenure, and other policy conditions needed to ensure sustainability are in place;

(iii) loans should not support mineral, petroleum, or other industrial development in, or construction or upgrading of roads through, relatively undisturbed primary forests unless adequate safeguards and monitoring systems, developed in consultation with local populations, are already in place to prevent degradation of the surrounding forests;

(iv) loans should be consistent with and support the needs and rights of indigenous peoples and other long-term forest inhabitants and should not be made to countries which have shown an unwillingness to resolve fairly the territorial claims of such people; and

(v) support for protection of biological diversity, in close consultation with local communities, should be increased to account for a larger proportion of MDB lending.
(C) In the area of forced displacement of populations— 
   (i) the World Bank, Inter-American Development Bank, 
       and Asian Development Bank should maintain a listing, 
       available to the Secretary of the Treasury, of all ongoing 
       projects involving forced displacement of populations, in- 
       cluding the number of people displaced and a report on the 
       status of the implementation of their resettlement policy 
       guidelines for each such project, and obtain agreements 
       with borrowers to ensure that all ongoing projects involv- 
       ing forced displacement will be in full compliance with 
       their resettlement policy guidelines by mid-1993; and 
   (ii) the African Development Bank should adopt and im- 
       plement policy guidelines on forced displacement similar to 
       such guidelines of the other MDBs. 

(D) In the area of procedures for environmental impact as- 
essment (EIA)— 
   (i) each MDB should require that draft and final EIA re- 
       ports be made available to the public in borrowing and 
       donor countries and that the public be offered timely op- 
       portunities for comment on the EIA process, including ini- 
       tial scoping sessions, review of EIA categories assigned to 
       individual projects, and opportunities to comment on draft 
       and final EIA reports; 
   (ii) each MDB should apply EIA requirements to all sec- 
       tor loans and develop and apply the methodology for envi- 
       ronmental assessment of structural adjustment loans; 
   (iii) each MDB should require that the EIA process in- 
       clude analyses of the potential impacts of proposed projects 
       on the global environment; and 
   (iv) each MDB should require the head of the appro- 
       priate environmental unit, rather than project officers, de- 
       termine the appropriate type of environmental analysis re- 
       quired under the bank’s EIA procedures.

(g) Funds appropriated by this Act or any subsequent Act for the 
Development Assistance Fund and the Development Fund for Afri- 
can may be used for expenses (including related support costs) relat- 
ing to the environment and energy sectors, of individuals detailed

Sec. 534. (a) TROPICAL FORESTRY ASSISTANCE.—(1) In order to achieve the maximum impact from activities relating to tropical forestry, the Agency for International Development shall focus tropical forestry assistance programs on the key middle- and low-income developing countries (hereinafter “key countries”) which are projected to contribute large amounts of greenhouse gases related to global warming as a result of industrialization and the burning of fossil fuels, and destruction of tropical forests.

(2) Funds appropriated to carry out the provisions of sections 103 and 106 of the Foreign Assistance Act of 1961, as amended, may be used by the Agency for International Development, notwithstanding any other provision of law, for the purpose of supporting tropical forestry programs aimed at reducing emissions of greenhouse gases with regard to the key countries in which deforestation makes a significant contribution to global warming, except that such assistance shall be subject to sections 116, 502B, and 620A of the Foreign Assistance Act of 1961.

(3) In providing assistance relating to tropical forests, the Administrator of that Agency shall, to the extent feasible and appropriate, assist countries in developing a systematic analysis of the appropriate use of their total tropical forest resources, with the goal of developing a national program for sustainable forestry.

(b) ENERGY ASSISTANCE.—(1) In order to achieve the maximum impact from activities relating to energy, the Agency for International Development shall focus energy assistance activities on the key countries, where assistance would have the greatest impact on reducing emissions from greenhouse gases. Such assistance
shall be focused on improved energy efficiency, increased use of renewable energy resources and national energy plans (such as least-cost energy plans) which include investment in end-use efficiency and renewable energy resources.

(2) Funds appropriated to carry out the provisions of sections 103 and 106 of the Foreign Assistance Act of 1961, as amended, may be used by the Agency for International Development, notwithstanding any other provision of law, for the purpose of supporting energy programs aimed at reducing emissions of greenhouse gases related to global warming with regard to the key countries, except that such assistance shall be subject to sections 116, 502B, and 620A of the Foreign Assistance Act of 1961.

(3) It is the sense of the Congress that the Agency for International Development should increase its efforts in the fields of energy efficiency, renewable energy, and energy planning. Such increase should take place with respect to key countries and countries with large Economic Support Fund project assistance. Such efforts should include—

(A) an increase in the number of Agency for International Development staff with energy expertise, including staff with expertise in renewable energy technologies and end-use efficiency;

(B) assistance to develop analyses of energy-sector actions that could minimize emissions of greenhouse gases at least cost, while at the same time meeting basic economic and social development needs. Such assistance should include country-specific analyses which compare the economic and environmental costs of actions to promote energy efficiency and non-conventional renewable energy with the economic and environmental costs of investments to provide additional conventional energy supplies;

(C) assistance to develop energy-sector plans that employ end-use analysis and other techniques to identify the most cost-effective actions to minimize increased reliance on fossil fuels, ensuring to the maximum extent feasible that non-governmental organizations and academic institutions are involved in this planning;

(D) insuring that AID energy assistance—including support for private-sector initiatives—is consistent with the analyses and plans described in subparagraphs (B) and (C) above, and that environmental impacts (including that on global warming) and alternatives have been fully analyzed;

(E) assistance to improve efficiency in the production, transmission, distribution, and use of energy. Such assistance should focus on the development of institutions to (i) promote energy efficiency in all sectors of energy production and use, (ii) provide training and technical assistance to help energy producers and users identify cost-effective actions to improve energy efficiency, (iii) finance specific investments in energy efficiency in all sectors of energy production and use, and (iv) improve local capabilities in the research, development, and sale of energy efficient technologies;

(F) assistance in exploiting nonconventional renewable energy resources, including wind, solar, small-hydro, geothermal,
and advanced biomass systems. This assistance should also promote efficient use of traditional biomass fuels through improved fuelwood management and improved methods of charcoal production;

(G) expanding efforts to meet the energy needs of the rural poor through the methods described in subparagraphs (E) and (F). Specifically these efforts should promote improved efficiency in the use of biomass fuels for household energy, improved systems of fuelwood management, and the development of the nonconventional renewable energy systems described in subparagraph (F);

(H) encouraging host countries to sponsor meetings with officials from the United States utility sector who are leaders in energy efficiency and other United States experts to discuss the application of least-cost planning techniques;

(I) developing a cadre of United States experts from industry, academia, nonprofit organizations, and government agencies capable of providing technical assistance to developing countries concerning energy policy and planning, energy efficiency and renewable energy resources;

(J) in cooperation with the Department of Energy, the Environmental Protection Agency, the World Bank, and the Development Assistance Committee of the OECD, supporting research concerning the ways developing nations can meet their energy needs while minimizing global warming and how to meet those needs; and

(K) strengthening the Agency for International Development's partnership with the Department of Energy in order to ensure that the Agency's energy efforts take full advantage of United States expertise and technology.

(c) REPORTS AND AUTHORITIES.—(1) The Agency for International Development, in consultation with the Environmental Protection Agency (EPA), the Department of State, and other appropriate agencies, shall submit to Congress no later than April 15, 1990, a report which (1) examines the potential contributions of developing countries to future global emissions of greenhouse gases under different economic growth scenarios, (2) estimates the relative contributions of those countries to global greenhouse gas emissions, and (3) identifies specific key countries which stand to contribute significantly to global greenhouse gas emissions, and in which actions to promote energy efficiency, reliance on renewable energy resources, and conservation of forest resources could significantly reduce emissions of greenhouse gases. This report should utilize existing data, including the models and methodologies already developed by the EPA for their report to Congress on policy options for stabilizing global climate.

(2) Of the funds appropriated to carry out the provisions of sections 103 and 106 of the Foreign Assistance Act of 1961, as amended, the Agency for International Development may use such amounts as may be necessary to reimburse United States Government agencies, agencies of State governments, and institutions of higher learning for the full costs of employees detailed or assigned to the Agency for International Development for the purpose of carrying out activities relating to forestry and energy programs aimed
at reducing emissions of greenhouse gases related to global warming. Personnel who are detailed or assigned for the purposes of this section shall not be included within any personnel ceiling applicable to any United States Government agency during the period of detail or assignment.

(d) Export-Import Bank.—(1) Of the financing provided by the Export-Import Bank that is utilized for the support of exports for the energy sector, the Bank shall seek to provide not less than 5 per centum of such financing for renewable energy projects.

(2) The Export-Import Bank shall take all appropriate steps to finance information exchanges and training whose purpose is to help link United States producers in the renewable energy sector with assistance programs and potential foreign customers.

(3) Beginning on April 15, 1990, the Chairman of the Export-Import Bank shall submit an annual report to the Committees on Appropriations on the Bank’s implementation of this subsection.

*NARCOTICS CONTROL PROGRAM*

Sec. 569. * * *

(d)(1) If any funds made available for any fiscal year for security assistance are not used for assistance for the country for which those funds were allocated because of any provision of law requiring the withholding of assistance for countries that have not taken adequate steps to halt illicit drug production of trafficking, the President shall use those funds for additional assistance for those countries which have met their illicit drug eradication targets or have otherwise taken significant steps to halt illicit drug production or trafficking, as follows:

(A) Those funds may be transferred to and consolidated with the funds made available to carry out section 481 of the Foreign Assistance Act of 1961 in order to provide additional narcotics control assistance for those countries. Funds transferred under this paragraph may only be used to provide increased funds for activities previously justified to the Congress. Transfers may be made under this paragraph without regard to the 20-percent increase limitation contained in section 610 of the Foreign Assistance Act.

(B) Any such funds not used under subparagraph (A) shall be reprogrammed within the account for which they were appropriated (subject to the regular reprogramming procedures of the Committees on Appropriations) in order to provide additional security assistance for those countries.

(2) As used in this section, the term “security assistance” means economic support fund assistance, foreign military financing, and international military education and training.

v. Title 31, United States Code—Valid Obligations

§1108. Preparation and submission of appropriations requests to the President

(a) In this section (except subsections (b)(1) and (e)), “agency” means a department, agency, or instrumentality of the United States Government.

(b)(1) The head of each agency shall prepare and submit to the President each appropriation request for the agency. The request shall be prepared and submitted in the form prescribed by the President under this chapter and by the date established by the President. When the head of an agency does not submit a request by that date, the President shall prepare the request for the agency to be included in the budget or changes in the budget or as deficiency and supplemental appropriations. The President may change agency appropriation requests. Agency appropriation requests shall be developed from cost-based budgets in the way and at times prescribed by the President. The head of the agency shall use the cost-based budget to administer the agency and to divide appropriations or amounts.

(2) An officer or employee of an agency in the executive branch may submit to the President or Congress a request for legislation authorizing deficiency or supplemental appropriations for the agency only with the approval of the head of the agency.

(c) The head of an agency shall include with an appropriation request submitted to the President a report that the statement of obligations submitted with the requests contains obligations consistent with section 1501 of this title. The head of the agency shall support the report with a certification of the consistency and shall support the certification with records showing that the amounts have been obligated. The head of the agency shall designate officials to make the certifications, and those officials may not delegate the duty to make the certifications. The certifications and records shall be kept in the agency—

(1) in a form that makes audits and reconciliations easy; and

(2) for a period necessary to carry out audits and reconciliations.

(d) To the extent practicable, the head of an agency shall—

(1) provide information supporting the agency’s budget request for its missions by function and subfunction (including the mission of each organizational unit of the agency); and

(2) relate the agency’s programs to its missions.
(e) Except as provided in subsection (f) of this section, an officer or employee of an agency (as defined in section 1101 of this title) may submit to Congress or a committee of Congress an appropriations estimate or request, a request for an increase in that estimate or requests, or a recommendation on meeting the financial needs of the Government only when requested by either House of Congress.

(f) The Interstate Commerce Commission shall submit to Congress copies of budget estimates, requests, and information (including personnel needs), legislative recommendations, prepared testimony for congressional hearings, and comments on legislation at the same time they are sent to the President or the Office of Management and Budget. An officer of an agency may not impose conditions on or impair communication by the Commission with Congress, or a committee or member of Congress, about the information.

(g) Amounts available under law are available for field examinations of appropriation estimates. The use of the amounts is subject only to regulations prescribed by the appropriate standing committees of Congress.

CHAPTER 15—APPROPRIATION ACCOUNTING

SUBCHAPTER I—GENERAL

§ 1501. Documentary evidence requirement for Government obligations

(a) An amount shall be recorded as an obligation of the United States Government only when supported by documentary evidence of—

(1) a binding agreement between an agency and another person (including an agency) that is—

(A) in writing, in a way and form, and for a purpose authorized by law; and

(B) executed before the end of the period of availability for obligation of the appropriation or fund used for specific goods to be delivered, real property to be bought or leased, or work or service to be provided;

(2) a loan agreement showing the amount and terms of repayment;

(3) an order required by law to be placed with an agency;

(4) an order issued under a law authorizing purchases without advertising—

(A) when necessary because of a public exigency;

(B) for perishable subsistence supplies; or

(C) within specific monetary limits;

(5) a grant or subsidy payable—

(A) from appropriations made for payment of, or contributions to, amounts required to be paid in specific amounts fixed by law or under formulas prescribed by law;

(B) under an agreement authorized by law; or

(C) under plans approved consistent with and authorized by law;
(6) a liability that may result from pending litigation; 
(7) employment or services of persons or expenses of travel under law; 
(8) services provided by public utilities; or 
(9) other legal liability of the Government against an available appropriation or fund.

(b) A statement of obligations provided to Congress or a committee of Congress by an agency shall include only those amounts that are obligations consistent with subsection (a) of this section.

§ 1502. Balances available

(a) The balance of an appropriation or fund limited for obligation to a definite period is available only for payment of expense properly incurred during the period of availability or to compete contracts properly made with that period of availability and obligated consistent with section 1501 of this title. However, the appropriation or fund is not available for expenditure for a period beyond the period otherwise authorized by law.

(b) A provision of law requiring that the balance of an appropriation or fund be returned to the general fund of the Treasury at the end of a definite period does not affect the status of lawsuits or rights of action involving the right to an amount payable from the balance.

SUBCHAPTER IV—CLOSING ACCOUNTS

§ 1551. Definitions; applicability of subchapter

(a) In this subchapter—

(1) An obligated balance of an appropriation account as of the end of a fiscal year is the amount of unliquidated obligations applicable to the appropriation less amounts collectible as repayments to the appropriation.

(2) An unobligated balance is the difference between the obligated balance and the total unexpended balance.

(3) A fixed appropriation account is an appropriation account available for obligation for a definite period.

(b) The limitations on the availability for expenditure prescribed in this subchapter apply to all appropriations unless specifically otherwise authorized by a law that specifically—

(1) identifies the appropriate account for which the availability for expenditure is to be extended;

(2) provides that such account shall be available for recording, adjusting, and liquidating obligations properly chargeable to that account; and

(3) extends the availability for expenditure of the obligated balances.

---

2Sec. 1054(e)(2) of the National Defense Authorization Act for Fiscal Year 1993 (Public Law 102–484; 106 Stat. 2503) restated the section catchline. It formerly read "Definitions and applications".
(c) This subchapter does not apply to—

(1) appropriations for the District of Columbia government; or

(2) appropriations to be disbursed by the Secretary of the Senate or the Chief Administrative Officer of the House of Representatives.

§ 1552. Procedure for appropriation accounts available for definite periods

(a) On September 30th of the 5th fiscal year after the period of availability for obligation of a fixed appropriation account ends, the account shall be closed and any remaining balance (whether obligated or unobligated) in the account shall be canceled and thereafter shall not be available for obligation or expenditure for any purpose.

(b) Collections authorized or required to be credited to an appropriation account, but not received before closing of the account under subsection (a) or under section 1555 of this title shall be deposited in the Treasury as miscellaneous receipts.

§ 1553. Availability of appropriation accounts to pay obligations

(a) After the end of the period of availability for obligation of a fixed appropriation account and before the closing of that account under section 1552(a) of this title, the account shall retain its fiscal-year identity and remain available for recording, adjusting, and liquidating obligations properly chargeable to that account.

(b)(1) Subject to the provisions of paragraph (2), after the closing of an account under section 1552(a) or 1555 of this title, obligations and adjustments to obligations that would have been properly

chargeable to that account, both as to purpose and in amount, before closing and that are not otherwise chargeable to any current appropriation account of the agency may be charged to any current appropriation account of the agency available for the same purpose.

(2) The total amount of charges to an account under paragraph (1) may not exceed an amount equal to 1 percent of the total appropriations for that account.

(c)(1) In the case of a fixed appropriation account with respect to which the period of availability for obligation has ended, if an obligation of funds from that account to provide funds for a program, project, or activity to cover amounts required for contract changes would cause the total amount of obligations from that appropriation during a fiscal year for contract changes for that program, project, or activity to exceed $4,000,000, the obligation may only be made if the obligation is approved by the head of the agency (or an officer of the agency within the Office of the head of the agency to whom the head of the agency has delegated the authority to approve such an obligation).

(2) In the case of a fixed appropriation account with respect to which the period of availability for obligation has ended, if an obligation of funds from that account to provide funds for a program, project, or activity to cover amounts required for contract changes would cause the total amount obligated from that appropriation during a fiscal year for that program, project, or activity to exceed $25,000,000, the obligation may not be made until—

(A) the head of the agency submits to the appropriate authorizing committees of Congress and the Committees on Appropriations of the Senate and the House of Representatives a notice in writing of the intent to obligate such funds, together with a description of the legal basis for the proposed obligation and the policy reasons for the proposed obligation; and

(B) a period of 30 days has elapsed after the notice is submitted.

(3) In this subsection, the term 'contract change' means a change to a contract under which the contractor is required to perform additional work. Such term does not include adjustments to pay claims or increases under an escalation clause.

(d)(1) Obligations under this section may be paid without prior action of the Comptroller General.

(2) This subchapter does not—

(A) relieve the Comptroller General of the duty to make decisions requested under law; or

(B) affect the authority of the Comptroller General to settle claims and accounts.

§ 1554. Audit, control, and reporting

(a) Any audit requirement, limitation on obligations, or reporting requirement that is applicable to an appropriation account shall remain applicable to that account after the end of the period of availability for obligation of that account.

(b)(1) After the close of each fiscal year, the head of each agency shall submit to the President and the Secretary of the Treasury a report regarding the unliquidated obligations, unobligated balances, canceled balances, and adjustments made to appropriation
accounts of that agency during the completed fiscal year. The report shall be submitted no later than 15 days after the date on which the President's budget for the next fiscal year is submitted to Congress under section 1105 of this title.

(2) Each report required by this subsection shall—
(A) provide a description, with reference to the fiscal year of appropriations, of the amount in each account, its source, and an itemization of the appropriations accounts;
(B) describe all current and expired appropriations accounts;
(C) describe any payments made under section 1553 of this title;
(D) describe any adjustment of obligations during that fiscal year pursuant to section 1553 of this title;
(E) contain a certification by the head of the agency that the obligated balances in each appropriation account of the agency reflect proper existing obligations and that expenditures from the account since the preceding review were supported by a proper obligation of funds and otherwise were proper;
(F) describe all balances canceled under sections 1552 and 1555 of this title.

(3) The head of each Federal agency shall provide a copy of each such report to the Speaker of the House of Representatives and the Committee on Appropriations, the Committee on Governmental Affairs, and other appropriate oversight and authorizing committees of the Senate.

(c) [Repealed—1991]

§ 1555. Closing of appropriation accounts available for indefinite periods

An appropriation account available for obligation for an indefinite period shall be closed, and any remaining balance (whether obligated or unobligated) in that account shall be canceled and thereafter shall not be available for obligation or expenditure for any purpose, if—

(1) the head of the agency concerned or the President determines that the purposes for which the appropriation was made have been carried out; and

(2) no disbursement has been made against the appropriation for two consecutive fiscal years.

(a) Temporary Requirement for OMB Report.—At the same time that the President submits to Congress the budget for each of fiscal years 1993, 1994, 1995, and 1996 under section 1105 of title 31, United States Codes, the Director of the Office of Management and Budget shall submit to Congress a report regarding the effect on the Federal Deficit of payments and adjustments made with respect to sections 1552 and 1553 of this title for the fiscal year in which such budget is submitted. The report shall include separate estimates for the accounts of each agency.
§ 1556. Comptroller General: reports on appropriation accounts

(a) In carrying out audit responsibilities, the Comptroller General shall report on operations under this subchapter to—
   (1) the head of the agency concerned;
   (2) the Secretary of the Treasury; and
   (3) the President.

(b) A report under this section shall include an appraisal of unpaid obligations under fixed appropriation accounts for which the period of availability for obligation has ended.

§ 1557. Authority for exemptions in appropriation laws

A provision of an appropriation law may exempt an appropriation from the provisions of this subchapter and fix the period for which the appropriation remains available for expenditure.

§ 1558. Availability of funds following resolution of a protest

(a) Notwithstanding section 1552 of this title or any other provision of law, funds available to an agency for obligation for a contract at the time a protest is filed in connection with a solicitation for, proposed award of, or award of such contract shall remain available for obligation for 90 working days after the date on which the final ruling is made on the protest. A ruling is considered final on the date on which the time allowed for filing an appeal or request for reconsideration has expired, or the date on which a decision is rendered on such an appeal or request, whichever is later.

(b) Subsection (a) applies with respect to any protest filed under subchapter V of chapter 35 of this title or under section 111(f) of the Federal Property and Administrative Services Act of 1949 (40 U.S.C. 759(f)).

USE OF THE INDEX

The index is organized by subject matter only. Each subject entry also includes the legal citation indicating the document to which it refers. These legal citations were not chosen on the basis of standard legal citation form, but rather for the amount of information they provided and for convenience in producing a computer-printed index.

Page references, wherever possible, indicate the exact page on which mention of the entry is made. Entries of a more general nature that refer to a large section or to an entire document are listed with the page on which the reference begins.
