

BIS Licensing Data Report Breakdown for PRC Companies on the Entity List

Date Range of License Decisions: January 3rd, 2022 – March 31st, 2022

| Aggregate Approvals and Denials of Controlled vs. Uncontrolled Technologies | | | |
|--|-------------------|----------------------------------|-----------------------|
| | Controlled | Uncontrolled (EAR99 ONLY) | Total Licenses |
| Count | 152 | 90 | 242 |
| Number Approved | 115 | 77 | 192 |
| Number Denied | 15* | 4 | 19 |
| Number RWA | 22 | 9 | 31 |

*Of the 15 controlled licenses denied – 9 included EAR99 technologies

RWA stands for Returned Without Action. The BIS may return an export license application to the applicant for one of the following reasons: (a) The applicant has requested the application be returned; (b) A License Exception applies; (c) The items are not under Department of Commerce jurisdiction; (d) Required documentation has not been submitted with the application; or (e) The applicant cannot be reached after several attempts to request additional information necessary for processing of the application.

| Total Dollar Value by Licensing Decision | | | | |
|---|---------------------|--------------------|------------------|----------------------------|
| | Approved | Denied | RWA | Total Licenses |
| Number | 192 | 19 | 31 | 242 |
| Percent of Total | 79% | 8% | 13% | — |
| Total Value | \$23,267,906,969.17 | \$5,093,718,732.00 | \$955,562,595.00 | \$29,317,188,296.17 |
