Effects of the Afghanistan Withdrawal:

Post 1:

The Biden-Harris admin's disastrous withdrawal from Afghanistan was a strategic failure that surrendered the country to the Taliban, stranded American citizens, and left 13 U.S. servicemembers dead.

Post 2:

Afghanistan is now a terrorist safe haven. Al-Qaeda and ISIS-K are on the rise. Because of this administration's failures, the threat of a terrorist attack against the U.S. is greater than ever.

Post 3:

On President Biden and Vice President Harris' watch:

- ✗ 13 U.S. servicemembers were killed at Abbey Gate
- ✗ Afghanistan was surrendered to Taliban terrorists
- ✗ American citizens were stranded and our Afghan allies were left to be hunted by the Taliban

Tweet 4:

President Biden's failed foreign policy started with the deadly Afghanistan withdrawal. His weakness on the world stage led to Putin's invasion of Ukraine, Iran attacking Israel, and an increasingly aggressive CCP. It is time for U.S. leadership to promote peace through strength.

Kamala Harris Owns the Afghanistan Withdrawal:

Post 5:

Kamala Harris was the last person in the room when President Biden made the decision to withdraw from Afghanistan.

Post 6:

Despite VP Harris' claims of championing women's rights, she abandoned Afghan women allowing them to live in the shadows under the yoke of Taliban rule.

Three years later, girls can't pursue an education. Women can't show their faces publicly. Women and girls are being erased.

Tweet 7:

Kamala Harris felt “comfortable” with President Biden’s decision to leave Afghanistan.

She owes answers to our Gold Star families, servicemembers, and the American public about her role in withdrawal. It is time for her to take accountability for the chaos that followed.

Holding the Biden-Harris administration accountable:**Tweet 8:**

The Biden-Harris admin's deadly Afghanistan withdrawal damaged American credibility, emboldened our adversaries, and allowed the Taliban to transform Afghanistan into a terrorist safe haven.

@HouseForeignGOP's report holds the administration accountable for its actions.

Tweet 9:

The Biden-Harris admin owes our Gold Star families, veterans, & the American public answers on their deadly withdrawal from Afghanistan.

@HouseForeignGOP's report exposes the admin's failures. One thing is clear: @POTUS and @VP cannot sweep this disaster under the rug anymore.

Post 10:

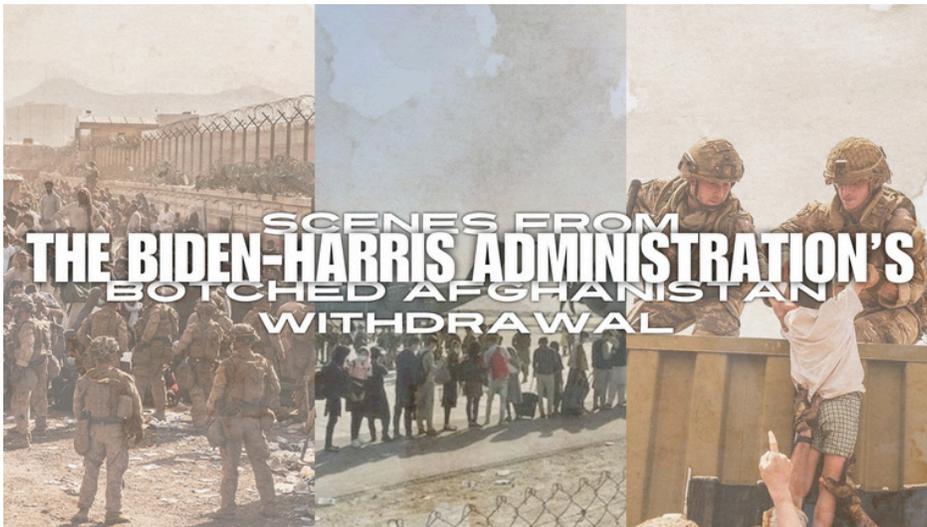

President Biden was always committed to withdrawing from Afghanistan regardless of the costs or conditions on the ground.

@HouseForeignGOP's report holds the admin accountable — so our Gold Star families, veterans, and the American public finally get the answers they deserve.

The Biden-Harris administration’s total disregard for the Trump administration-negotiated, conditions-based Doha Agreement:**Post 11:**

The Trump admin negotiated the Doha agreement based on conditions on the ground. Senior Defense and State Department officials warned President Biden and VP Harris that those conditions weren’t being met.

President Biden decided to withdraw from Afghanistan anyway.

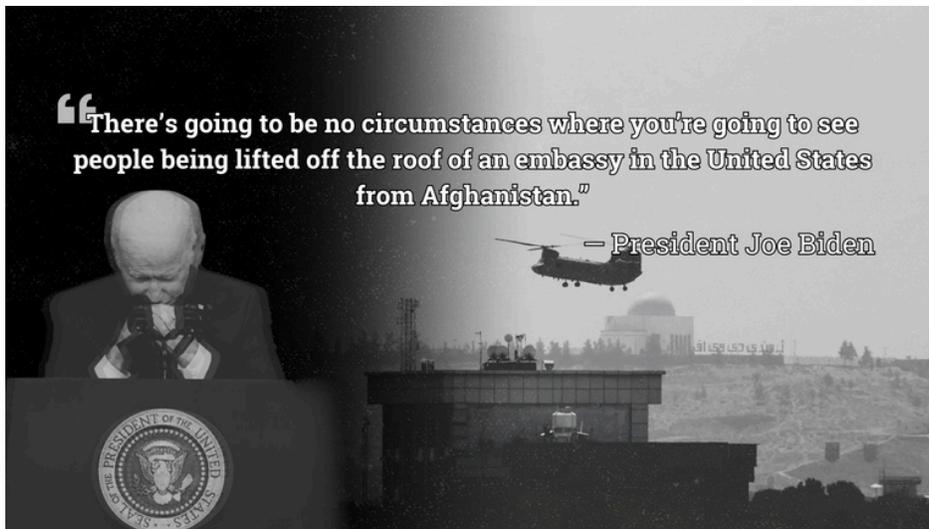

WHAT JOE BIDEN & KAMALA HARRIS THINK "SUCCESS" LOOKS LIKE

“There’s going to be no circumstances where you’re going to see people being lifted off the roof of an embassy in the United States from Afghanistan.”
